MINUTES

of the

FORTY-FIRST ANNUAL SESSION

of the

PIEDMONT BAPTIST ASSOCIATION

Held With

The Baptist Church, Franklinville, N. C.

October 24-25, 1934

1. The Association was opened with a devotional service led by Rev. J. M. Hilliard.

2. Rev. H. M. Stroup, pastor of the Franklinville Baptist Church, gave a hearty welcome to the messengers. The response was given by Rev. J. H. Saunders.

3. A roll of the churches was called and messengers from forty-two churches responded to the roll call. The Association then proceeded to the election of officers for the ensuing year, which resulted as follows: Clarence A. Smith, Moderator; Rev. J. M. Hilliard, Vice-Moderator; O. E. Lee, Clerk and Treasurer.

4. The Moderator appointed the following committee on program: Dr. H. T. Stevens, H. M. Stroup, T. W. Fogleman.

5. The report on Religious Literature was read by J. Ben Eller. On motion to adopt the report, the subject was discussed by N. H. Shepherd, J. M. Hilliard, Dr. A. B. Conrad. The report was adopted.

RELIGIOUS LITERATURE

One of our greatest needs as Baptists is a keener conscience with respect to reading our Baptist papers and magazines. In the social, financial, educational, political and other realms, the literature which treats of the needs and methods in those realms in considered indispensable. Why then should it be necessary to convince Christian people of the value and necessity of constructive Religious Literature?

Religious papers are not an end in themselves. They are a means to an end. They serve our churches, our denominations and our homes. They inspire, inform and indoctrinate. They are unifying and informing forces. They inspire to greater service and greater sacrifice. It is generally true that as the circulation of Baptist papers declines contributions to Missions and Benevolences decline. Is there not a significant connection here?

In our homes religious literature renders a large service. Many influences are at work to undermine and corrupt our homes. Automobiles invite us to spend much time away from them. Moving pictures lure many to gaze upon scenes unfit for youth or age. Daily newspapers full of trash and slush and stores of crime feed the minds of many. Smutty, suggestive, and salacious magazines hold sway with many others. We might well pause and ask what kind of mental diet is being served to our children. A father said, "I have five reasons for taking our Baptist paper." When asked to give them, he pointed to five lovely children. How we do need wholesome, uplifting Christian literature in our homes!

We urgently recommend then that we give a larger place to this kind of reading matter. Of course no book, magazine nor paper can compare with the Bible. This heads the list. Next in order we commend the Biblical Recorder. Founded in 1833 it has rendered a century of conspicuous service. Its greatest opportunity is before it. The Biblical Recorder should be in every Baptist home.

There are other periodicals which we heartily urge our people to read. Home and Foreign Fields, Royal Service, The Window, and World Comrades are all worthy of a much larger circulation. Furthermore, we think, no Baptist Sunday School should be without Charity and Children, and the Kind Word series of our Sunday School Board.

Respectfully submitted,

J. BEN ELLER.

6. The report on Foreign Missions was written by Dr. J. Clyde Turner. In his absence on account of being out of the State, the report was read by the Clerk. Upon motion to adopt the report a Missionary address was delivered by Dr. Charles A. Leonard, missionary to China. The report was adopted.

REPORT ON FOREIGN MISSIONS

For the first time in several years we are able to make a more encouraging report concerning our Foreign Mission work.

Increased Gifts

For the past year the gifts to Foreign Missions by Southern Baptists have been steadily increasing. For the first eight months of this calendar year the receipts of the Foreign Mission Board have been $146,000 more than for the same period last year. Several factors have entered into this increase. Our regular gifts to the Cooperative Program have been larger, the special offering of the women was more, the Hundred Thousand Club has contributed nearly $50,000 and a larger number of churches are undertaking the support of a missionary in addition to their regular gifts. This increase in receipts has enabled the Board to pay more than $100,000 on its indebtedness, thus decreasing the debt to less than a million dollars.

New Missionaries

These increased receipts have made it possible for the Board to send out a number of new missionaries. At the meeting of the Southern Baptist Convention in May, fifteen new missionaries, who had been appointed by the Board, were publicly dedicated to the service. All of them have since gone to their respective fields. At the meeting of the Board last week several more new missionaries were appointed.

Great Opportunities

From the fourteen countries in which Southern Baptists are working there come tidings of growing interest on the part of the people. Multitudes are seeking salvation, and native Christians are assuming a larger share of responsibility in the work. Great revivals with Pentecostal power have swept over northern China, bringing many into the kingdom and leading Christians into a deeper experience of grace. Dr. Maddry, our Secretary, has recently returned from a visit to our European fields, and he brings news of a white harvest. The people are hungry for the gospel. In South America and in Africa multitudes are turning to Christ. The door of opportunity is open to Southern Baptists.

New Books

The Foreign Mission Board is offering three new books on our Foreign Mission work: "WHERE IS HE?" by Mrs. R. K. Redwine, written with special reference to the Christmas Season; "AT THE GATE OF ASIA," by Mrs. J. S. Farmer, the first and only book on our Mission work in Japan; "JAPANESE BOYS AND GIRLS," by Miss Inabelle Coleman, a booklet prepared as a guide for junior teachers. You will notice that all three of these books were written by North Carolinians. In addition to these books there are many splendid tracts which may be had free by writing to the Board for them.

Our Missionaries

We cannot close without saying a word about the self-sacrificing spirit of our missionaries. They have assumed the extra burdens which have been laid upon them without complaint. They have given of their meagre salaries to make up in part for our decreased gifts. When at home on furlough they have given freely of their time and strength in behalf of the cause which is so dear to their hearts. We honor them for their work's sake, and pledge to them our hearty support.

J. CLYDE TURNER.

7. Following the singing of a hymn, Rev. Wilson Woodcock preached the Introductory Sermon. The text was Deut. 8:18, subject, "Establishing the Covenant." The sermon was an inspiration to all.

8. The Moderator appointed the following Committee on Committees: Hoyle Love, Dr. H. T. Stevens, T. W. Fogleman.

Rev. H. M. Stroup made an announcement about plans for the dinner.

The morning session was closed with prayer.

Wednesday Afternoon Session

9. The afternoon session was opened with a devotional service led by Rev. Jennings Johnson.

10. The report on Denominational Program was read by J. L. Coley. Upon motion to adopt the report the discussion of the subject was deferred until after the verbal reports from the churches were made, on account of the speaker being delayed.

11. Interesting verbal reports were made by representatives of the churches. Many interesting facts about the work were presented. The period was in charge of Dr. H. T. Stevens.

12. The report on State Missions was read by J. S. Hopkins. Upon motion to adopt the report the subjects of Denominational Program and State Missions were discussed by M. A. Huggins, Corresponding Secretary of the Baptist State Convention. The reports were adopted.

DENOMINATIONAL PROGRAM

The changing years do not bring any changes in the great program of our Lord. The churches are face to face with the greatest opportunity of all time. The prince of darkness has not slackened his pace a bit. He is rapidly whipping things in shape for the enthronement of the man of sin.

The year 1934 has seen a great pick-up in the economic world, and it ought to witness a forward move on the part of the forces of Christianity. The Baptists of North Corlina and the whole Southland were never better prepared for a united forward move for Christ than now. Think of the training and instruction that we have received. Jesus said, "That servant who knew his Lord's will, and did it not, shall be beaten with many stripes."

The time of the annual every member canvass is close at hand. It is earnestly hoped that each church in the Piedmont Association will put on a thorough canvass this year. Churches that put on a canvass show the best record each year. All funds contributed through the Cooperative Program are divided on a sixty-forty basis. Sixty per cent. is kept in our own state, and forty per cent. is sent for South-wide and world-wide objects.

Respectfully submitted,
J. L. COLEY.

REPORT ON STATE MISSIONS

Within the last twenty-five years the work of State Missions has enlarged so that it now embraces many of the most vital interests of our denominational life. But even today, in most cases, if not all, the aid given each cause is not at all commensurate with the needs. During the years State Missions has majored in helping weak churches and struggling churches, and today Christ's cause is reaping benefits because of those investments. Among the churches aided in the early days we find many of our strongest churches today. A continuous evangelistic program for North Carolina was the aim of our fathers in State Missions, and our rapid growth has been due in a large measure to this aggressive soul-winning effort.

Our present State Mission program includes the following activities: Helping weak churches and struggling churches to maintain pastors, and some churches are being aided with their building programs, supporting the Sunday School and Baptist Training Union departments of our State Convention, aiding one student secretary, Miss Cleo Mitchell, who endeavors to give spiritual guidance to the Baptist students at the State colleges located at Greensboro, Cullowhee and Boone, helping brother W. W. Williams to continue his ministry to sick soldiers at Oteen, and supporting three missionaries to the Indians in North Carolina.

At present we are greatly in need of reinforcing and enlarging the work being done by the State Mission Board in all its endeavors, and there are other needy fields within our State that the Board has thus far been unable to enter. Secretary M. A. Huggins says that at least 200 churches in addition to those being helped are in real need of aid from the State Board to enable them to have the needed pastoral care. And it is impossible to estimate the lasting good that would be accomplished by appropriating a few thousand dollars each year to aid strugling churches with their building programs. Work among our Baptist students is also greatly in need of reinforcements. And work among the Negro churches, which was started a few years ago and was dropped, surely ought to be taken up again. It has often been said that State Missions is the seed corn, and to strengthen State Missions now would, in the future, add inestimable strength to our world-wide mission program.

Respectfully submitted,

J. S. HOPKINS.

13. Report on the Orphanage was read by A. Lincoln Fulk. Upon motion to adopt the report the subject was discussed by R. D. Covington, Treasurer of the Mills Home. The report was adopted.

REPORT ON ORPHANAGE

Baptists of the State have approached in spirit and in deed the true definition of religion as expressed by the apostle James when he said, "Pure religion and undefiled before God and the Father is this, To visit the fatherless and widows in their affliction, and to keep himself unspotted from the world." Under date of January 1, 1934, Baptists of the State were providing care for 491 children at the Thomasville home and 136 at the Kennedy Home. These dependent children are not only being provided with the necessities of life, but are being trained religiously and secularly to the end that they may not only become self-supporting, but that they may make a worthy contribution to society and the Master's Kingdom. Not only are the wholly dependent being "visited" in our support of the Orphanage, but Baptists are "visiting" widows and orphans in the form of Mother's Aid. January 1, 1934, there were 172 children under supervision of this department of orphanage work. It is realized that no orphanage, however efficient, can take the place of a Mother's influence and training; therefore, it is earnestly hoped that more funds may be available for expansion of this phase of our work.

In view of the increased cost of living and the growing number of applications for admission to the orphanage, it is earnestly urged that every Sunday School in this Association set a definite amount to be given to the orphanage each first Sunday and the amount raised without fail. "To keep unspotted from the world," it is further suggested that the pastors of the various churches be as much concerned about this matter as they are about their salaries; that superintendents set apart the first Sunday of each month to make an offering for The Mills Home, and that the membership keep "unspotted" by responding liberally and cheerfully to these appeals.

Respectfully sumbitted,
A LINCOLN FULK.

SECOND DAY

Thursday Morning Session

18. The morning session was opened with a devotional service led by J. O. Reynolds.

19. On account of the pastors and messengers from the churches in Raldolph County having a separate meeting in the afternoon, and because two of the pastors from Randolph County were to read reports during the afternoon, the periods for the discussion of Christian Education and Obituaries were exchanged with the period for the discussion of Home Missions.

20. The report on Woman's Work was read by Mrs. C. E. Siceloff. Upon motion to adopt Mrs. C. L. Steidley delivered an address. The report was adopted.

REPORT ON WOMAN'S WORK

The Lord giveth the word: the women that published the tidings are a great host. Psalm 68:11. Truly the Christian women of our Southland are a great host and our opportunities to publish the tidings are almost unlimited as we meet those in our midst who know not the Lord as Saviour. We rejoice that the women of the Association are a part of this great host and are helping spread the good news to those in the homeland and in the distant lands.

In our theme for the year, "Prayer in the Progress of Christianity," we have been led to see that prayer has played a most important part in every advancement of the kingdom. As we have prayed we have become more and more interested in telling others of His wonderous love and more liberal in giving of our means that others may go to those who have never had the opportunity to hear of our Lord and Master.

Our annual W. M. U. meeting held in April with the Asheboro Street Church was largely attended. Our hearts were stirred as we listened to the reports and future plans for our Associational and State leaders. We were cheered by the good news of many turning to Jesus as our missionaries told of their work in other lands. Surely this was the most spiritual and inspiring meeting in the history of the woman's work.

Years ago our women in the Association, meeting with the men, had only a small part in the work, but as the woman's work grew in interest we found it necessary to have our meeting at another time. For some years the women and the young people have had their meetings together, but last year the program seemed too full for a one-day session, so this year our Young People had their meeting at a separate time and place from the women. In June they had an all-day meeting with the Young People of the First Baptist Church, High Point. The program was entirely in their charge and one felt the earnestness of those taking part on the program. This meeting was well attended, nearly two hundred being present.

We now have 35 W. M. S.'s and 88 Young People's Organizations, a total of 113, with 19 new societies.

While we failey to make our apportionment of $20,197.45, the offering for all objects was $17,429.40. This gift led the State, with the W. M. S. of the First Church, Greensboro, leading the churches with a gift of $7,573.08, with the Young People $8,649.20. The First Church, High Point, supports Miss Alda Grayson in China while the W. M. S. of the First Church, Greensboro, pays most of the salary of Dr. and Mrs. Carey Newton.

Our mission study report was an exceedingly good one, the Association receiving the Mission Study Banner in our Divisional Meeting.

The Personal Service reports showed an increased interest in the welfare of the helpless and needy in our midst.

As we look back over the year's work our hopes are renewed and we press forward in the work of helping spread the good tidings to every land.

MRS. C. E. SICELOFF.

21. The report on Ministerial Relief and Annuity was read by H. M. Stroup. Upon motion to adopt the subject was discussed by Wilson Woodcock and J. M. Hilliard. The report was adopted.

REPORT ON RELIEF AND ANNUITY

"4. The Relief and Annuity Board:

(a) "This Board was organized for the purpose of providing relief (Note the word RELIEF) for retired and aged ministers who have no other means of support. It is aiding about 1,500 each year at present. Often it aids also widows of deceased ministers. The money for this purpose comes from the Co-operative Program and from interest on invested funds.

(b) "It also has an Annuity Plan. This Plan provides that the churches set aside a small amount each year, and that the pastors do likewise. Thus a fund is provided whereby a pastor at age 65 may retire and have an income which will provide at least the minimum necessities of life.

(c) "Recently all the benefits of this Board have been extended to all the Missionaries and already twenty-one have been retired from active service.

(d) "Dr. T. J. Watts, Dallas, Texas, is Secretary of this Board."

—Secretary M. A. Huggins, in "Baptist Work"

H. M. STROUP.

22. The report on the Hospital was read by T. L. Sasser. Upon motion to adopt the subject was discussed by Smith Hagaman and S. F. Morton. The report was adopted.

REPORT ON HOSPITALS

There are two hospitals which share in the gifts of the churches of this Association. One is the Southern Baptist Hospital in New Orleans, La. The report made to the Convention last May shows that 5,981 patients were treated during the year, 634 of whom were given free treatment. The operating cost of this hospital was $26,311.01. All operating expenses were paid, all interest on the bonded debt, and $26,800 was paid on the principal during the year. An addition of $11,674.60 was made to the net worth of the property. The institution is from year to year paying off its debt and is a real missionary asset to Southern Baptists and the Kingdom.

The other hospital is North Carolina Baptist Hospitals, Inc., located in Winston-Salem. During the first half of 1934, 1,472 patients were treated there. Of these 981 were full pay, 355 part pay and 136 free patients. The cost of free service for the year was $14,676.00. Mother's Day Offerings from 1,269 churches provided $13,057.97 toward this expense. The difference of $1,618.03 adds to the liabilities against the income which is not adequate to pay operating expenses of the Hospital and reduce the bonded debt rapidly enough. It must as soon as possible have a larger financial support and this must come from an increased moral support of the churches of the State.

Respectfully sumbitted,
T. L. SASSER.

23. The report on Christian Education was presented by W. Wilbur Hutchins. Upon motion to adopt the report the subject was discussed by W. Wilbur Hutchins. The report was adopted.

CHRISTIAN EDUCATION

Education is one of the most talked of things in America today. Every year thousands of our youth are marshalled upon the campuses of the nation for the first time; and every year thousands of college and university graduates are pouring back into the warp and woof of the fabric of this nation's life. A prominent educator said sometime ago that Christian Education was the hope of the world in many respects. Some of us quite readily agree with him. It ought to be a well accepted fact that Christianity cannot be the religion it claims to be without being vitally interested in the well-rounded education of the youth of the land. That, of course, implies a deeper sense of responsibility for the progress of Christian Education than some of us may have realized before.

The Baptists of North Carolina have made progress in the past years in the realm of Christian Education. There are, at this time, three senior colleges of the Baptist denomination, Wake Forest, Meredith at Raleigh, and Chowan at Murfreesboro. In addition, there are outstanding junior colleges. Mars Hill and Campbell are familiar names to loyal Baptists of the State. They are sending into the class rooms of the senior colleges many outstanding students; and the senior colleges are sending yearly out into the many realms of State and national life men and women who have been touched by the Spirit of Christ.

With these facts in mind, let us resolve that our devotion to the cause of educated Christian youth shall not become as a torch that flickers. State Schools do not attempt to teach religion. Denominaional schools must teach it, and Baptist people must continue to place representatives of the Christ within reach of the youth who attend non-denominational schools.

Today, as never before, we need men and women who have been TRAINED, and trained SPIRITUALLY as well as mentally, physically and socially. Christian Education alone will meet these needs.

Today, the Church is in dire need of a leadership that has been educated in a Christian way. This nation stands in need of more leaders who have not sacrificed righteousness for popularity. Surely the answer to these problems is found in the erection and support, by Christian people, of colleges and universities within whose walls the Spirit of Christ may be found and fostered.

W. WILBUR HUTCHINS.

24. The report on Obituaries was presented by J. C. Edwards. Upon motion to adopt the report remarks were made by J. M. Hilliard. The report was adopted.

REPORT ON OBITUARIES

The Death Messenger has taken from us a great many of our noble brethren and sisters, but we trust they have gone to be with Him whom they loved and served. "I go to prepare a place for you. And if I go and prepare a place for you, I will come again and receive you unto myself, that where I am there ye may be also."

Heaven is a place—a prepared place for a prepared people. There is a time in the history of every person when there comes a change that cannot be averted. That change means parting of the way in which they have been traveling. We trust that when our brethren and sisters came to the parting of the way they could say: "I know whom I have believed, and am persuaded that He is able to keep that which I have committed unto Him against that day."

"And I said unto him, Sir, thou knowest. And he said to me: These are they which came out of great tribulation, and have washed their robes, and made them white in the blood of the Lamb."

Afternoon Session

27. The afternoon session was opened with a devotional service led by H. O. Miller.

28. The report on Social Service was presented by C. N. Royal. Upon motion to adopt the report the subject was discussed by C. N .Royal, J. M. Hilliard, H. O. Miller, A. L. Fulk, Dr. A. B. Conrad, Wilson Woodcock. The report was adopted.

SOCIAL SERVICE

Social Service is laboring together with God for the uplift of humanity. In doing this Christians glorify Him. Never in our nation and even in our communities has the challenge sounded more loudly. We rejoice that there has been an improvement in the economic situation but we lament that this is not true of the social and moral realm. Our people have never passed through a greater testing of moral standards and convictions than in the past twelve months.

There is a persistent effort to repeal or weaken all Sunday laws. The proper observance of the Christian Sabbath as a day of rest and worship is fundamental in Christian teaching and life.

The repeal of the Eighteenth Amendment is the greatest backward step in economic sanity and moral welfare legislation ever taken by a great people. While our own State does not by law permit the manufacture and sale of liquor it would be impossible for us to forecast or imagine the evils that will result from the present situation. Drunkenness is everywhere increasing and court dockets are jammed with the ripening fruits of reckless sowing. "You can repeal prohibition but you cannot repeal the nature of alcohol; you cannot repeal its deadening effect upon the brain; its paralyzing power over the nerves. You cannot repeal the beggary and want which always follow in the wake of alcoholic drinks."

There has never been in the history of our nation such an ignoble surrender to an evil group or such a betrayal of the rights of the people as when our lawmakers, both National and State, surrendered to the German brewers and re-established the sale of beer.

At the present time conditions are chaotic but there is already manifest almost everywhere a very strong reaction against the present order. Multitudes of men who joined the parade for repeal are frankly admitting their error and deploring the existing conditions.

Co-incident with increased drinking we meet the serious problem of increased motor car accidents. Licensed alcoholic beverages cannot by any process of reasoning be made to fit into our high-speed motorized civilization.

Other evils are like sores on our social life. Lynching, one of the most barbarous and brutal forms of all lawlessness and crime, has increased in our nation over two hundred per cent. in the past year.

There is an ever increasing ratio of divorces. There must be instilled a deeper realization of the sanctity of marriage and of the home. Our young people must be saved from the far-reaching influence of this evil.

A potent factor in shaping the minds of our youth is the moving picture show. Indecent pictures are a menace to mental and moral life. Christian people must refuse to see or allow their children to see harmful pictures.

From Sunday School, pulpit, and home, Christians must carry on the fight against social evils. We must support for public office men who stand against wrong and who stand for and represent the best Christian and American ideals. "Righteousness exalteth a nation but sin is a reproach to any people."

Respectfully sumbitted,

C. N. ROYAL.

29. The report on Home Missions was presented by Dr. A. B. Conrad. Upon motion to adopt the report the subject was discussed by Dr. A. B. Conrad, H. O. Miller, and Wilson Woodcock.

HOME MISSIONS

The work of the Home Mission Board is one of the most important parts of our denominational work. Its success guarantees the success of all our enterprises in Kingdom building and its failure spells defeat for all that we have undertaken in world-wide evangelization.

In its sphere which includes all our Southern Convention territory, Cuba, Porto Rico and the Panama Canal Zone, it has since its organization in 1845 carried on magnificently and has a glorious record. The Home fires have been kept burning brightly and thus the light has gone round the world.

According to reports sent out from headquarters in Atlanta, it has employed during this period, of itself and in cooperation with State Boards or other organizations, a force sufficient to equal the working of 40,862 missionaries working for one year. They have baptized 785,135 persons, organized 8.570 churches. These 785,135 baptisms are equal to one out of every five of our present total constituency and the 8.570 churches organized are equal to one out of every three of our total number of churches. This is a glorious record, but it by no means represents the greatness of the Board's accomplishment. More than making so great a number of converts and establishing so many churches, it has helped in the development and progress of State organizations, its missionaries on the frontiers have kept pace with the growing population and more than any other agency has made our beloved church the dominant one numerically at least in all this vast territory of our Southern Convention. It has helped to support many thousands of pastors on fields where they could not have stayed without this aid and has given more than a million dollars to help build churches in strategic places.

The glory of its work is revealed in the particular classes to which it has especially ministered and without whose ministry they would have been practically without the gospel. Among foreigners of whom there are more than five million, among the Negroes with more than ten million, among the Indians of whom there are fourteen different tribes, among deaf mutes of whom there are more than forty-five thousand, among Mountain people with more than eight million, and among Seamen, Jews and in rescue missions it has carried on gloriously and trophies of redeemed ones are among all these classes.

During the stressful years of depression through which we have passed and are passing, for we have not yet emerged, the Board has had to carry on in the face of greatly reduced income but it has balanced its budget each year, lived within its income and paid last year $61,346 on its debts and reported more baptisms than in several years.

It has now in the field two hundred and two missionaries and received last year $245,452 for its work. According to the report given at the last session of the Convention in Fort Worth, Texas, the Board was forced to ask its creditors for an adjustment of its debts, which was agreed upon by those creditors, on this basis: a five year extension of the principal was made and it is also allowed to pay on notes at banks and retire bonds at any time without premium. This puts the debts in such shape that they can be handled and at the same time guarantees to the Board an operating budget while paying these debts.

It must be apparent to every Baptist that the work of the Home Mission Board is of most vital importance; if it is not adequately supported, then all our work in Kingdom building must dwindle and will ultimately fail.

The field is large and what has been done, glorious as it is, is only a beginning. Large areas have not been covered in any adequate way. Some sections have not been touched at all. The field is white to the harvest. More workers are needed and all our people ought to awake to a keener sense of responsibility and be aroused to larger giving, more prayer, and the imperative need of more workers, for today, with all these needy, unsaved multitudes, with all the perils of stark materialism, increase in crime, poverty, millions unemployed, strikes, Communism, rampant infidelity and giddy worldliness, the only way out, the only way to peace and order is not by New Deals, N. R. A.'s or any social or political manipulation, but by the gospel of Christ—it alone is the power of God unto personal, social, political, commercial, national and world salvation. And the Home Mission Board is the one agency above all others here in the Homeland, so far as our denomination is responsible, that is organized, equipped and able to cope with all these evil forces and bring in a better order and make Christ King.

, A. B. CONRAD.

3. A roll of the churches was called and the messengers from thirty-three churches responded to the roll call. The Association then proceeded to the election of officers for the ensuing year, which resulted as follows: Clarence A. Smith, Moderator; Rev. J. M. Hilliard, Vice-Moderator; O. E. Lee, Clerk and Treasurer.

4. The Report on Religious Literature was read by C. N. Royal. On motion to adopt the report, the subject was discussed by B. K. Mason. The report was adopted.

RELIGIOUS LITERATURE

The Bible is man's greatest treasure. As we commemorate this year the four hundredth anniversary of the printed English Bible let us seek to give and to lead others to give more earnest attention to the reading and the study of the Holy Scriptures.

By placing our denominational papers in our homes along with the Bible we give Christ first place in our reading. Jesus said to His disciples "Go ye into all the world," "Ye shall be My witnesses," "Lift up your eyes and look on the fields." Why? To see the prevailing conditions and to understand the needs so that they might go about His work intelligently..

For more than a century North Carolina Baptists have had the Biblical Recorder to serve our denomination. This worthy periodical tells us each week of the organized efforts of God's people to bring this world to the feet of Jesus. It records the missionary, educational, and benevolent enterprises of the denomination at home and abroad. It gives the most effective methods for every department of church work. The Home Circle seeks to instill high ideals and to be of real help in the development of Christian character. All of this can be ours for less than four cents a week.

But how are we to go forward with the Lord's work when we have only one out of twelve North Carolina Baptists who has the chance to see the Biblical Recorder? Let us urge more subscribers to our State paper and let us also urge more readers.

There are a number of magazines which are issued by the Baptist Sunday School Board at Nashville, Tennessee: "Home and Foreign Fields," "The Sunday School Builder," "The Young People and Adult's Magazine," and "The Baptist Training Union Magazine."

The Woman's Missionary Union, Auxiliary to the Southern Baptist Convention, at Birmingham, Alabama, publishes "Royal Service," "The Window," and "World Comrades."

We must strive to counteract the flood of evil and worthless literature which is apparently increasing. Our young people are going to read something and I believe God holds us responsible for what we select for them for almost every kind of worldly reading matter is before them on the news stands of today. Do we love our young people enough to place choice Christian literature before them which will not poison their minds but which will instead build character and mold strong minds for the glory of God? Youth never needed the stabilizing, purifying influence of religious literature so much as it does today.

We heartily recommend the Bible and our denominational papers to the homes and hearts of our brethren.

Respectfully submitted,

C. N. ROYAL

5. The following visitors were recognized: Hoyt Blackwell, O. P. Dix, H. M. Stroup, and Miss Alda Grayson.

6. The Report on Foreign Missions was read by J. Ben Eller. On motion to adopt the report the subject was discussed by J. Ben Eller, and Miss Alda Grayson, Missionary in China. The report was adopted.

REPORT ON FOREIGN MISSIONS

On August 4, 1845 our Foreign Mission Board appointed its first missionaries. During the intervening ninety years there have been many encouragements and many discouragements, but the leading of the Holy Spirit has ever been manifest. We come this year with another heartening report.

A word concerning the Lottie Moon offerings of our W. M. U. is timely. These Christmas offerings have seemingly stopped the disastrous retreat of our Foreign Mission work. The objective of offering last year was $150,000.00, but final reports show that it went far beyond the $200,000.00 mark.

Increased income from the Co-Operative Program along with the Lottie Moon offering has enabled the Board to appoint several much needed missionaries. The daily press of recent date carries the announcement of the appointment of thirty. Some of these are replacements; some are returning to former tasks; others are going out for the first time.

The 100,000 club, the sale of mission property, and increased income from our churchces have enabled the Board to largely reduce its indebtedness. The Board at its annual meeting declared a continued policy of economy and debt reduction. At that time it adopted a $659,927.74 budget for the year, including specially supported missionaries.

The leading Mission Study Books for 1935-'36 deal with our work in South America. Four books are heartily commended. They are: "Share with Neighbor America,' "Christ In Silver Lands," "Guitars and Water Jars," and "The Sugar Loaf."

From the region beyond come reports from our 388 missionaries showing a net gain in membership during the year of 21,733 souls. These reports also show that the 204,894 Baptists in these lands gave to the Master's work last year $370,075.66. "The Spirit Of Power" which gives detailed report of our work abroad will be sent free to anyone upon request.

10. The Report on Denominational Program was read by T. L. Sasser. The Report on State Missions was presented by Jennings Johnson. Upon motion to adopt the subjects were discussed by T. L. Sasser, Jennings Johnson, and B. E. Morris, President of the N. C. Baptist State Mission Board. The report was adopted .

DENOMINATIONAL PROGRAM

The Denominational Program is the co-operative plan of the churches to go into all the world preaching the Gospel to every creature, baptizing and teaching them, in and by the empowering presence of the risen Christ.

There are six definite entities involved in the program: (1) The Holy Spirit; (2) The saved individual; (3) The local church; (4) The district Association; (5) The State Convention; and (6) The Southern Baptist Convention.

The Holy Spirit is the power, the intelligence, the inspiration, and the will to do. The saved individual is the essential person in whom the Holy Spirit abides, leading, empowering, restraining, constraining, inspiring and sending him forth into the harvest. The church is the organism composed of saved persons who walk together in Christian love, helping one another in spiritual life, winning the people of the community to the Lord Jesus, and cooperating with other churches in world-wide missionary work. The fourth entity is the Association of the churches who join hands and local fields, filling in the open places and coming together for fellowship, counsel and inspiration. The State Convention is composed of the messengers of the churches, whose function is to promote missions, Christian education, and social service. The Southern Baptist Convention is composed also of the messengers from local churches and is designed to carry on home and foreign missions.

Through these organizations redeemed men empowered by the Holy Spirit follow Jesus as he leads in a world-redemption program. For the sake of efficiency and practical effort we divide missions into State, Home and Foreign. To support and complement these we have Christian education, hospitals, ministerial relief and orphanages.

The purpose of this report and the consideration of the point involved is to coordinate and make efficient our organized activities in preaching the Gospel, the power of God unto salvation, to every creature everywhere.

In other years we have followed the God of this world into the bondage of financial debt. We have now, under the leadership of our Lord crossed the Red Sea. The first and immediate item of our denominational program is to gather our people together from our wilderness wanderings and cross the Jordan by paying off all our financial obligations. We will then lengthen the cords and strengthen the stakes for all missions and their supporting causes as we continue to enlist, evangelize, and enlarge.

Respectfully submitted,

T. L. SASSER

STATE MISSION REPORT

Christ taught His disciples that they were to go to the end of the earth carrying the Gospel, but they were to begin at home, and like the leaven work to the ends of the earth. Surely that must mean if we are to do an efficient work in all the world we must make strong the home base of our service. The strength of the Church and its activities at home will largely determine our power and efficiency at the front. As your committee sees it, that, is the specific task of the State Missions.

At present, we are undertaking seven particular tasks in North Caroina, under the head of State Missions. These are as follows:

1. Assisting Missionary Pastors who are carrying the Gospel to the poor. There are 130 churches now being helped. These churches could not have the Gospel preached to them if they were not so helped. Many such churches have developed into self-sustaining useful churches.

2. Churches are assisted in educational centers in order to care for our students who are away from our home church but cannot afford to be away from the preaching of the Gospel.

3. Through State Missions, a Sunday School, and a B. T. U. Department are maintained for the teaching and training of our people.

4. State Missions is, as far as possible, helping poor churches to pay for adequate buildings. Many churches could better serve if they had better plants in which to carry on their work, but are unable to have such plants.

5. For some years the sick veterans at Oteen Government hospital have been ministered to by Rev. Wayne Williams under auspecies of the State Mission Board.

6. The State Mission Board is trying at this time to give the Gospel to the Indians in Robeson and Swain Counties.

7. There was for some time a very limited work done among the negroes, then for a while it was discontinued. Since March of this year we are doing some work with them. At present there is one young negro pastor. He is doing a good work holding conferences with the pastors, and doing what other work he can.

In addition to this, the Board has added this year, one general missionary, M. O. Alexander. He spends his time in holding revivals, attending general meetings, helping churches in forming better fields, etc. There is a real need for three men in the State, one in each division, Eastern, Central and Western.

As a boy, I liked to tie a boat chain to something on land, and then get out and ride the length of the chain in Little Pee Dee River; that was before I could handle a boat. There was one thing I noticed my father was always interested in; that was how solid the object on the land was that the chain was fastened to. If we are to do a lasting work in all the world we must reinforce at home, by teaching studying, and practicing the plan as given in the Bible.

11. After announcments by C. N. Royal and G. H. Liner, the Committee on New Churches reported that the Bailey Memorial Baptist Church and the Webster Memorial Baptist Church, of Greensboro had asked to be received into the Association. Motion was passed that the churches be received.

12. The Report on the Orphanage was read by B. G. Whitley. Upon motion to adopt the subject was discussed by B. G. Whitley and J. A. McMillan. The report was adopted.

REPORT ON MILL'S HOME

The Mill's Home has closed its 50th year with 700 children. Of these, 155 are at the Kennedy Home. Through Mother's Aid, 189 were cared for.

The fiftieth annual report of the Home gives very encouraging progress of the various departments of "OUR ORPHANAGE." However, because of the great demand on the Home, we are in need of funds to enlarge our work. We are happy to report that wise efficient and consecrated men and women are at the head of each department.

The report shows the cost per month for each child cared for, to be $19.05. We woud also call your attention to the fact that the counties of Guilford and Rockingham furnish the Home with 59 children. The annual cost for caring for the children from the Piedmont Association is $13,487.40.

The monthly or once a month offering from our Sunday Schools and the Thanksgiving offerings are the only regular support of the Home. Out of nearly 2,500 Sunday schools, less than 1,000 send monthly offerings.

Because of the lack of funds, the Mother's Aid has been unable to carry on this worthy work as desired by the management.

Your committee would offer the following suggestions:

1. That the pastor of each church see that the once a month offering is sent the Home, or get a new Superintendent, or get out himself.

2. That the Treasurer of each church be instructed not to use the money for the Home for paying other bills.

3. That each pastor and Sunday school visit the Home.

4. That we send our prayers to the Lord and send more of our money to the Mills Home.

Respectfully submitted,

B. G. WHITLEY

16. The Report on Christian Education was read by A. Lincoln Fulk. Upon motion to adopt the subject was discussed by A. Lincoln Fulk. Dr. A. C. Reid, of Wake Forest College delivered an address on Christian Education. The report was adopted.

CHRISTIAN EDUCATION

Education is our modern shibboleth. More pupils are enrolled and more monies are being expended for the cause of education than ever before in our history. Going to college is no longer regarded as the exception, but as the rule. The question facing modern youth is not, "Should I go to College?" but, "Can I go?"

With over half of our Baptist students now enrolled in State schools, with the religious element largely eliminated from those schools, and with their increased allotment of funds and equipment, the situation facing the denominational schools is grave. J. M. Price, writing in "Home and Foreign Fields" for June, says that there are four tasks awaiting us today. First, that the number of Christian schools should be reduced to the minimum and their efficiency increased to the maximum. Second, that Christian training must be provided for our students enrolled in state schools. Third, that the religious education program of our churches be intensified, and fourth, that as far as possible, Christian teachers be secured in our public schools.

It is earnestly suggested that parents realize that education includes more than mere book-knowledge, and that the Christian school affords the education plus. Our ideas are learned largely from those with whom we associate, and if parents desire their children to be Christian in act and attitude, they must send them where they may be taught from a Christian viewpoint and where they may associate with personalities friendly to and discharged with the Spirit of Christ. If Christ would appear in the educated product, He must be given place in the educational process.

The Christian school must realize that its excuse for being is that it offers the education plus. Its program must include more than the three R's. It is to train the hand to serve, the head to think, and the heart to love. Christian Education must include the three H's. No educational institution can rise higher than the ideals of its faculty and student body. Thus the challenge is two-fold: First, that parents send material out of which character can be formed, and that our schools give back our boys and girls in whom has been instilled the spirit of the Master-Teacher himself.

With the complexity of our modern times, with the increase in invention, and with a greater scientific knowledge than ever before linked with spiritual maladjustments on every hand, the demand for Christian Education is only intensified. Mere education might place in man's hands powerful inventions of science, but Christian Education must direct the proper use of them. Our civilization may end itself by mis-use of powerful instruments unless we bring them under spiritual control. Science invents, Christ directs. Education is a means to an end; Christianity is that end realized. The need for an education that is Christian is great; Christian Education will meet the great need.

19. The Report on Woman's Work was read by Mrs. Nettie H. Hoge. Upon motion to adopt, the subject was discussed by Mrs. Hoge. The report was adopted.

REPORT OF WOMAN'S WORK

Someone has jokingly said, if you want to publish news, telephone, telegraph and tell a woman. We smile at the joke, but it ceases to be a joke when we remember it was to a woman Jesus first committed the message of His resurrection, and she was to tell the brethren. During the past centuries she has continued by word and deed to proclaim the Gospel in all lands. How much the growth of Christianity owes to the testimony of womanhood is only recorded in the book of rememberance.

To womanhood has been entrusted the mission of ministry beginning in the home and reaching out into all walks of life. Her place of influence and service in the church carries with it unknown possibilities. Part of the Woman's Missionary program is the enlistment into the service of the women and young people, and through prayer, tithing, studying and training, develop the spiritual life of our churches at home and support the mission work in all the fields.

The magnitude of the work accomplished in our South-wide work, of which we are a part can be partially estimated in the combined reports sent to our Southern Baptist Convention. Last year the Woman's Missionary Union reported 93,217 tithers; 31,248 mission study classes; $94,000 for Home Mission Thank Offering; $210,000 Lottie Moon Christmas Offering; with a total of $1,915,882.99 for all gifts to missions and benevolences. $181,423.96 of this was contributed by our North Carolina W. M. U. and $19,602.59 of the State's contribution was made by our Piedmont W. M. U. We are not satisfied with our progress, we do not wish to magnify our own achievements, but our aim is to assist and stimulate the work undertaken by our denomination, and we are dependent upon support and cooperation of our pastors which we most earnestly solicit.

We have 28 W. M. S.; and a large number of Young People's Auxiliaries.

Respectfully submitted,
NETTIE HATCHER HOGE, Supt.

20. A visitor, Mr. Campbell, President of Campbell College was recognized.

21. The Report on Ministerial Relief and Annuity was presented by Wilson Woodcock. Upon motion to adopt, the subject was discussed by Wilson Woodcock. The report was adopted.

REPORT ON RELIEF AND ANNUITY BOARD

To the Piedmont Baptist Association, October 24, 1935

"What will Baptists do about it?" Is the question asked by Secretary, T. J. Watts, of the Relief and Annuity Board.

The Federal Security Bill has been passed and all religious workers have been exempted from its obligations and excluded from its benefits. Since Baptists have been opposed to taxation for the support of ministers while in active service it is consistent to oppose the support of aged or disabled preachers with public money. Thus it is clearly seen that Baptists have a moral responsibility and obilgation to care for the old preachers.

If the Federal Security Bill had included religious institutions each church would have been required by law to pay a percentage of the pastor's salary into the Federal Treasury. Likewise the preacher would have been compelled to pay a percentage of his salary into th Federal Tresury. From this money a pension would have been paid the preacher in proportion to the salary he had been receiving. May we not urge that Baptist Churches, in their freedom to lay aside in the treasury of the Relief and Annuity Board a percentage of the pastor's salary, and that the preacher do likewise? Thus the preacher will be cared for in old age, in proportion to the salaries they have received while in active service.

Full information as to the various plans may be secured from Dr. T. J. Watts, Dallas, Texas.

The money that is contributed through the Co-Operative Program for Ministerial Relief is administered by this Board and amounted to two cents for each Southern Baptist for the entire year of 1934. Only the most destitute ministers have been helped and these have received less than $10.00 per month.

It is said that certain Indian tribes take their old people out in the wilderness and club them to death. We are more civilized. We just starve our old preachers. God forgive us and give us strength to do more for them.

Respectfully submitted,
WILSON WOODCOCK

22. The Report on Hospitals was read by Tom Bray. Upon motion to adopt, the subject was discussed by Smith Hagaman, Superintendent of our North Carolina Baptist Hospital. The report was adopted.

REPORT ON HOSPITALS

Two hospitals in the Southern Baptist Convention are sharing in the gifts of Southern Baptists. One is the Southern Baptist Hospital at New Orleans, La. and the other is our own North Carolina Baptist Hospital Inc, Winston Salem, N. C.

The Southern Baptist Hospital is located at New Orleans and Louis J. Bristow is Superintendent. This Hospital has 198 active beds and during the last year cared for 6,577 patients, giving them 44,218 days of service. Of them, 378 were given free treatment, and 1,811 part free service at a cost to the hospital of $33,684.82. This hospital reported all operating expenses paid. The Hospital is a Christian institution and seeks to magnify Christ.

This Hospital has no regular income with which to help the poor, but is dependent upon voluntary contributions from those who are of a benevolent spirit and who desire to minister to the needy. It has been and is a mighty factor in the Denominational life of New Orleans and all the section in which it is located.

During the year in the Southern Baptist Hospital blind eyes were opened, crippled limbs were made whole, crushed hearts were ministered to.

All of this was done in the Name of Him whose mission was and is Healing Humanity's Hurt." (For the year ending March 31, 1935).

Then we have our own State Hospital which is perhaps nearer our hearts because it is nearer our homes and we are permitted to share in it more vitally.

Since the opening of the Hospital May 28, 1923 to July 15, 1935, 29,000 patients have entered for treatment. In the first half of the year, 1935, 1,760 patients have been treated. At this rate, the Hospital will have 3,520 patients this year, or 31,260 patient days. Of this, 11,882 will be full pay, 9,704 part pay and 9,674 free.

The Hospital has had an average of 86 patients per day for the last six months and is now averaging 300 per month. Almost one-half of patient days are service, or free days.

The Woman's Missionary Union of the State, in addition to their cash contributions, have sent to the Hospital during the first six months of this year 3,635 articles of linen, consisting of sheets, spreads, pillow cases, towels, etc. These are much needed and much appreciated.

Mother's Day (the second Sunday in May) has been designated by the denomination as "Hospital Day." They are trying to carry on the same program that Jesus gave so much of His life to—relieving suffering humanity. What part have you had in it? What part will you have in it?

REPORT ON HOME MISSIONS

The Home Mission Board has a large field of service. Its program includes evangelistic and educational work among the foreigners, the Indians, the Negroes, the deaf, and the Jews. It operates a hospital at El Paso, Texas, for tubercular patients. In addition to its work within the bounds of the Southern Baptist Convention, the Board conducts our mission work in Cuba and Panama. The last report of the Board includes the following summary:

"The Board has in all departments and fields of its work more than 200 missionaries. It is maintaining more than 400 mission stations and preaching places; operating in whole or in part five good-will centers, two rescue missions, and a Seamon's Institute; has fifteen schools operated by missionaries in Panama, Cuba and the homeland, and is furnishing the property of eight mountain schools free of charge to local boards of trustees for the operation of schools in the mountains; it is operating the Southern Baptist Sanitarium in El Paso, Texas, which has, since October, 1930, paid its operating expenses, and has a building and loan department with $1,176,000 loaned to churches."

The work of the past year has been marked by many encouraging features. The evangelistic fires have burned brightly, as evidenced by nearly two thousand conversions. The financial receipts have shown a marked increase over the previous year, and a substantial amount has been paid on the debt. The affairs of the Board are being efficiently and economically administered. There are still many difficulties to be faced, and many obstacles to be overcome, but the future of the work of the Board is encouraging.

Respectfully submitted,
J. CLYDE TURNER

Upon motion the time for discussion was extended ten minutes. Upon motion an offering was taken for the N. C. United Dry Forces which amounted to $14.55. The report was adopted.

REPORT ON SOCIAL SERVICE

Social service cannot take the place of personal evangelism, but aims to correct the evils in the social order and promote conditions favorable to right living.

Its purpose is to cause the mind of Chist to be applied in all human relationships.

In this day standards of morals are very much lowered.

Gambling is on the increase being legalized in several states.

Sunday is being used more and more as a day of sport.

Sunday baseball, golf, moving pictures, riding and beach revelry are becoming more popular.

Sexual laxity and the divorce evils are growing at a rapid rate; and a divorce is almost as easily gotten as a license to get married.

As we face the liquor question we are overwhelmed in shame, men, women, boys and girls are seen in a drunken condition.

As we look in upon the screen we find many pictures presenting the worst forms of vice, fostering disrespect for law, sacredness of the home and tending to destroy virtue. We are told that there are more men under arms now than at the beginning of the World War. Nationalism, fear, suspicion and race hatred urge preparation.

27. The Report on Baptist Training Union was presented by Walter Crissman. Upon motion to adopt, the subject was discussed by H. O. Miller. The report was adopted.

REPORT OF BAPTIST TRAINING UNION

It has been very difficult to determine the progress, if any, in the Baptist Training Union of this Association training the past year since the Asheboro district has withdrawn. We have not been able to really get organized and under way during the past year. The President of the B. T. U. of the Association was elected in his absence a year ago last April and again this past April. He has made the best of the situation without being present at the past two Associational meetings of the Baptist Training Union. At the First Baptist Church in High Point this past April, the Associational Convention was attended by three hundred fifty-three young people who registered. Sixteen churches were represented and a very interesting program was rendered, the leading speakers being Rev. Coy Muckle, Miss Winnie Rickett, and Rev. C. N. Royal. No increase in the number of Unions and the enrollment was reported. We feel sure that there was some slight increase in the number of Unions and a more definite check on this is planned for this year.

Respectfully submitted,
WALTER CRISSMAN

28. The Report on Sunday Schools was read by Dr. A. B. Conrad. Upon motion to adopt, the subject was

discussed by Dr. Conrad, F. L. Paschal, and J. Ben Eller. The report was adopted.

SUNDAY SCHOOL REPORT

According to the last annual of our State Convention there are in North Carolina 2,384 Baptist Sunday Schools with a membership of 384,647. These figures show a gain of 39 schools and 4,115 members over the previous year. In the Piedmont Association we have 53 Sunday Schools with an enrollment of 15,404, each church in the Association having a school regularly maintained. During the past year a few schools have been organized. All this is encouraging and shows substantial progress.

The Sunday School is the Churches' chief agency for propagating its work—it is its chief feeder. When we remember that a very large percentage of those who unite with the church on profession of faith come through the Sunday School, and also that a great number of those enrolled in our schools receive no definite religious instruction at home or anywhere outside of the Sunday School, the importance of this part of our work can hardly be over emphasized. All of our churches ought to put a stronger emphasis on and persue with renewed zeal all that relates to our Sunday School work. Many of our strongest and best churches came into being through the organization of a Sunday School. This year several new churches have been admitted into our Association which had their beginning in a Sunday School in some growing or needy section, the work carried on by devoted souls for a time—and then a church.

Three things ought to receive greater attention in our Sunday School work. First, we need a better trained teaching force, and in all our Sunday Schools there ought to be a regularly maintained Teacher Training Class. The teacher, first of all, needs to be taught. Much that goes on in the name of teaching is slipshod and ineffective. Pastors, Superintendents and all officers ought to insist on all who assay to teach that they shall prepare themselves by every possible means for their great and important task.

We need also to get over to all our teachers the need of a deep sense of responsibility. From superintendents and heads of departments comes the lament that the chief problem is to get efficient teachers, who feel their responsibility and are faithful and regular in attendance. For the flimsiest reasons, many leave their classes without teachers, go away on pleasure bent or for some other reason, and soon the class disintergrates and many are lost to the school and the church.

And a third matter of major importance is emphasis on evangelism. The chief object is not to teach simply but to win to Christ. Numbers, organizations, diplomas, awards all fade into insignificance before this. One thing to be guarded against is that in the multiplying of organizations and seeking awards and carrying out convention programs we shall lose sight of and side track from this great objective.

Baptists have a great task. God has given us favor with the masses. We reach more people than any other religious body in North Carolina and we need eyes to see, and wills to do our divinely appointed task. We can do this only as we plan wisely, study diligently, pray fervently, work interestingly, and have a growing sense of the greatness and importance of our task.

29. The Report on Obituaries was presented by E. A. Long. The report was adopted. The subject was discussed by A. Lincoln Fulk, and J. M. Hilliard. Motion was passed that the minutes this year be dedicated to the memory of Thomas Carrick.

REPORT ON OBITUARIES

During the past year many of our brethren and sisters in the Lord have passed to their reward. While we miss their presence and their service in the Master's Kingdom we bow humbly and submissively to the Father's will; looking forward with great anticipation to the time when we will all be re-united in that upper and better home, which Christ has gone to prepare for all those who love and serve him.

And while we wait for his coming for us, may we not be slothful in business, but fervent in spirit serving the Lord. Like the five wise virgins who had their lamps trimmed, full of oil, and ready to go at the shout of the coming of the Bridegroom.

Respectfully submitted
E. A. LONG

MINUTES

OF THE

FORTY-THIRD ANNUAL SESSION

OF THE

PIEDMONT BAPTIST ASSOCIATION

HELD WITH

CALVARY BAPTIST CHURCH

NEAR REIDSVILLE, N. C.

OCTOBER 21-22, 1936

Wednesday Morning Session

1. The Association was opened with singing "We are Marching to Zion" led by Genter Stephens. Rev. J. S. Farmer led in prayer.

2. Rev. Jas. C. Gillespie and Rev. D. W. Overbey spoke words of weclome· The response was given by Rev. A. Lincoln Fulk.

3. A roll of the churches was called and messengers from thirty-three churches responded to the roll call. The Association then proceeded to the election of officers for the ensuing year, which resulted as follows: Clarence A. Smith, Moderator; Rev. J. M. Hilliard, Vice Moderator; O. E. Lee, Clerk and Treasurer.

4. The Committee on Program reported that Mr. Harry B. Caldwell, who had written the report on Sunday School work could not be present on Thursday, and that in the absence of Rev. T. L. Sasser, who was absent on account of sickness in his home, that the report on Sunday Schools be considered during thirty minutes of the time assigned to the consideration of Foreign Missions. The report was adopted.

5. The report on Religious Literature was presented by Jas· C. Gillespie. Upon motion to adopt the subject was discussed by Jas. C. Gillespie, J. S. Farmer, J. M. Hilliard. The report was adopted.

REPORT ON RELIGIOUS LITERATURE

In Proverbs 29:18 we have, "Where there is no vision the people perish." Primarily this vision comes from God through the Word. How very important, then, that we should be daily students of God's

Word illuminated by the Holy Spirit! But in a secondary sense vision becomes practical through information. How can people know practically their obligations if they do not know the fields to be occupied and the work to be done on these fields? On the otherhand it is very evident that those who have the true vision in their hearts from God will be ready to do, at least much of what they see to be their duty, when this is practically revealed to them. It generally follows that as the circulation of our Baptist papers declines, contributions to Missions and Benovolences, and also general denominational and Christian work, declines in about like proportions.

Then again as a great factor in the development of Christian character, religious literature renders a large service, among which our own denominational papers stand among the highest.

We urgently recommend a larger place in our homes especially for the Bibical Recorder, Home and Foreign Fields, Royal Service, and Charity and Children.

Respectfully Submitted,
JAS. C. GILLESPIE.

6. The following visitors were recognized: Dr. Walter N. Johnson, A. V. West, Rev. and Mrs. O. P. Dix, Rev. and Mrs. L. R. O'Brian, Mrs. Geo. D. Vick, N. A. Thompson, E. X. Heatherly.

7. The report on Foreign Missions was read by the clerk in the absence of T. L. Sasser. Upon motion to adopt the subject was discussed by Dr. Walter N. Johnson at the request of the Association. The report was adopted.

REPORT ON FOREIGN MISSIONS

The number of baptisms for the last ten years on our foreign fields have been as follows: 1927, 12085; 1928, 12542; 1929, 12264; 1930, 13250; 1931, 14415; 1932, 16568; 1933, 17284; 1934, 15969; 1935, 17794; 1936, 13982. Although there has been a decline in the number of baptisms this year splendid general progress has been made.

Viewed in the large there are four definite and immediate foreign mission needs. 1. To pay off the debt. 2. To adquately support the missionaries we have. 3. To send out additional missionaries. 4. To repair the foreign properties now in a run-down condition.

The hope of reaching these objectives lies in the possibility of increased receipts from the Co-operative Program, the Hundred Thousand Club, The Wade Bryant Plan, The Lottie Moon Christmas Offering, and special gifts. The Lottie Moon offerings went still further beyond anticipations last December than formerly, but the Co-operative Program receipts have declined rather than increased this year over last. This is a cause of serious concern.

The Board is committed to the policy of paying the debt which now stands at $444,000.00 by the end of 1938 at the same time keeping the amount of expenditures safely within the amount of receipts.

A vigorous publicity program is being carried on by the use of denominational periodicals, and the constituency of prospective missionaries and supporters in the churches of the Convention is being enlisted and developed by means of mission study courses. The Foreign Missions Week at Ridgecrest is growing in popularity and spiritual power. Added to the text books used heretofore new ones are being published and studied. Stewardship schools in the churches are beginning to bear fruit to a decidedly noticeable degree.

The cause of foreign missions is still the major interest of informed, consecrated Southern Baptists.

Respectfully Submitted,
T. L. SASSER.

8. The report on Sunday Schools was presented by Harry B. Caldwell. Upon motion to adopt the subject was discussed by Harry B. Caldwell. The report was adopted.

SUNDAY SCHOOL REPORT

The importance of the Sunday School as an agency for Soul winning, Enlistment, Education and Fellowship has steadily grown. Originally the Sunday School was an agency to encourage Bible Study and a majority of the members came from the Church. Today we look upon the Sunday School as an agency for reaching the lost and enlisting members for service. The Sunday School has made steady progress where leaders have recognized the many opportunities for religious services afforded. Success always depends upon consecrated leadership responsive to the Will of God and ready to make any necessary sacrifice in reaching people.

We have made progress during the past year. Many schools have made a net gain in enrollment, fellowship meetings have been held, Souls have been won for Christ and members have been enlisted for service. We now have 41 schools in this Association with approximately 14,000 members enrolled and an average Sunday attendance of about 7,000. According to figures given out by our Sunday School Board, approximately half of the people who reside in the area represented by this Association are not affiliated with any Sunday School. The tragedy of this is that two few of us take this matter seriously. We try to attend Sunday School ourselves and feel little concern for the absence of the other fellow. I would impress you with the fact that Jesus holds us accountable for Souls. When you and I stand before the great Judge glad for our own Salvation and He inquires about those not enlisted in His work, what reply can we make? Have we really done our best? We are His Witnesses, His servants, and if we fail to carry out His program we can expect little reward.

Realizing the responsibility that is ours I wish to make a few suggestions for the consideration of our Sunday Schools and for the Associational Leaders.

1. The Sunday School should do the following things;

(a). Each school should be graded according to the plans outlined by the Sunday School Board in-so-far as it is possible. This classification system creates favorable conditions for effective teaching and the proper spirit of fellowship.

(b). Check rooms and equipment and improve for maximum results. A poorly equipped room hinders the work of the class.

(c). Each member should radiate a friendly spirit. Greet one another with a smile and extend a hearty welcome to all visitors and new members.

(d). Plan suitable outside social activities. This builds class spirit and membership interest.

(e). Make a survey of the community to determine un-enlisted individuals. You will be surprised to find many of your neighbors outside of the work of the church.

(f). See that all unenlisted individuals are invited regularly to attend your services. Don't give up just because the party fails to respond to the first invitation.

(g). Teachers and class officers should always be on time and well prepared to carry out their duties. The success of the school depends upon the whole-hearted co-operation of all.

(h). Lead all members into the work of the Church.

(i). Encourage all members to meet requirements of our Six Point Record System. This will help build a well rounded Christian Life.

(j). Strive to make your school Standard. Do this to improve the effectiveness of your work.

(k). Have business meetings at least quarterly and oftener if possible. Business leaders meet regularly to check their work and plan for the future. It is essential in the work of the Sunday School.

(l). Conduct a training school for teachers and officers. About one-fourth of our teachers have received a Diploma. Teachers are required to prepare for work in our public schools. How much more important that those entrusted with Souls should be properly trained.

(m). Participate in the Associational meetings.

(n). Make your reports to the Association regularly, correctly, promptly and cheerfully.

2. The Associational Leaders should do the following;

(a). Hold quarterly meetings and conduct well planned discussions on current Sunday School problems. A program of work for the entire Association should be planned at the beginning of each year.

(b). District Superintendents and officers should conduct monthly meetings.

(c). The executive committee of the Association, which is the Superintendent of each Department, should meet quarterly and check the entire program.

(d). Training courses should be encouraged and teachers provided.

(e). Every school should be encouraged by visitation and cooperation.

(f). New schools should be established where conditions are favorable. We must reach the lost and enlist Christians for service.

Let us treasure the lessons we have learned from the past, plan wisely for the future and strive to make our work os harmoniously beautiful as are the works of nature's God.

Respectfully Submitted,
HARRY B. CALDWELL.

9. The following new pastors were presented by J. M. Hilliard: J. N. Bowman, Jones E. Kirk, and A. A. Walker. Genter Stephens was recognized.

10. The Moderator appointed the following committee on committees, Dr. A. B. Conrad, Dr. J. Clyde Turner, N. F. Britt.

11. Announcements were made by Jas. C. Gillespie.

12. Following the reading of the scripture, singing a hymn, and prayer by B. G. Whitley, Rev. J. Ben Eller, preached the Introductory Sermon. The text was John 14:16; Acts 1:8, subject "Following the Leading of the Holy Spirit". The sermon was deeply spiritual.

The morning session closed with prayer.

Wednesday Afternoon Session

13. The session was opened with a devotional service led by Genter Stephens and Henry E. Love.

14. The report on Denominational Program was read by Dr. A. B. Conrad, and the report on State Missions was read by J. Ben Eller. Upon motion to adopt, the subjects were discussed by M. A. Huggins. The reports were adopted.

DENOMINATIONAL PROGRAM

The Denominational Program is the plan adopted by Southern Baptists to fulfill Christ's last and great command to evangelize the world.

It relates to all local, adjacent and far removed enterprize. It is the natural fruitage of the best thought, the earnest prayers, and the growing experience of the churches through the years of our history.

It is approved by Associations, State Conventions and the Southern Baptist Convention as the best plan yet devised for the support and furtherance of all the causes embraced in our general work.

Six commendary things may be said about it. First—It is personal. It reaches out and lays urgent hands on every Baptist, calling each one to share in the support of every enterprise which Baptists believe have a place in the great program of Jesus and hence are incumbent on and make imperative demand for support from each disciple.

Second—It is unifying. It crystalizes the many phases of our denominational work into one great cause, and emphasizes the importance of each. In the past some of our causes received emphasis, not too much, but often to the neglect of others that are vitally important and an essential part of the program of Jesus. But in this plan every phase of our work is recognized, receives it's proper hearing and fair share of financial support. It prevents overlapping. We major in missions, city, State, Home, Foreign and rightly so, for to that end was the church conceived in the mind of God. But in this Co-operative Program we recognize and foster as contributing and necessary agencies to the great end of a missioned world. Christian Education, the care of orphans, the ministry of healing and provision and comfort for God's aged and out-worn servants.

As has been well said, it operates on the principle of "Each for all, all for each and all for Christ."

Third—It is Democratic and that is Baptistic. A Baptist church is the purest form of Democracy in the world, and that principle of soul liberty, of spiritual self expression, for which some of our forbears suffered and died, stands out in our Denominational Program. While appeal is made to every member to support the whole program on the ground that Foreign Misions and Christian Education, Home Missions and the care of orphans are so inter-related that they cannot be fairly separated, yet if one becomes obsessed with a hobby for some particular cause, he can give or designate his gifts to that cause in full assurance that all he gives will go to that object.

Fourth—It is Discriminating and wisely so. Some of our causes are larger than others, the expense in carrying them forward is much greater than others so there must be a fair, equitable distribution of all funds among those causes. To this end sixty per cent at the present of the total remains in our State and is divided among these objects.

State Missions 13 percent—Christian Education 42 percent—Baptist Hospital 4 percent—Ministerial Education 1 percent. The Mills Home is not listed. It is not in this Co-operative Program but is well cared for by monthly offerings from Sunday Schools, a Thanksgiving offering, and special gifts from the churches.

The other 40 percent goes to our general Southwide work and is divided as follows—Foreign Missions 20 percent, Home Missions 9.4 percent, Aged Ministers Relief 2.8 percent, Education 6.8 percent, Hospital at New Orleans 1 percent. That seems to be as wise a distribution of all funds as can be arrived at under existing circumstances

Fifth—It is Assuring. That is it gives to every part of our work a sense of security. Leaders in the various organizations know that what ever amount may be raised by the Denomination they will get their fair share. Income does not depend on fervid appeals, nor does the man who is more adept at opening tear ducts on stated occasions get the lion's share as was often the case under the old plan. Bad weather or an announcement that some Superintendent or Secretary was coming to make an appeal for Missions or what not that kept some of the Saints at home with a sudden attack of Morbus Sabbaticus, as an epidemic or some unforseen event does not affect the amount of money received, but steadily under this plan the stream flows--not in the tide it ought, but it flows, and there is in the hearts of those who bear the burden of these various causes a good degree of assurance.

Sixth—It is Spiritual, because it is scriptural. There is nothing haphazard about it. It is done decently and in order. Increasingly our people are coming to realize that they are helping to carry on the program of Christ. They are not giving to a campaign, or an orphanage, or hospital, or Board or a school or what have you, but to Christ and to all the causes that lay hard on His heart—and they are helping to win to His redeeming love and sacrifice the world for which He died.

STATE MISSION REPORT 1936

Dr. Livingstone Johnson used to speak of State Missions as "Baptist Seed Corn" and "Denominational Fertilizer." His prophetic insight has proved true. Many of our strong and passionately Missionary Churches of today were aided by our State Mission Board of yesterday.

For one hundred years the objective of State Missions was to win the people of North Carolina to Christ and to the fellowship of our Baptist churches. In more recent years we have been stressing also the training and developing of those coming into our Churches.

At present our State Mission program embraces a number of activities. 160 missionary pastors are receiving assistance while two full-time general missionaries are supported. Efficient Sunday-School and B. T. U. departments are maintained. A timely ministry is still carried on at Oteen. Among the Indians of the State the Board continues a helpful Gospel work while it is now co-operating with our colored brethren in supporting a worker. We are, furthermore, maintaining a limited Student Work among our Young People away from home and the home church in College.

Some few churches are receiving aid in building adequate buildings. The large part of this service is rendered in educational centers where the problem is acute. Our own Association is now sharing this blessing. Forest Avenue is being assisted over a period of four years to the amount of $20,000.00 For this timely and worthy assistance we wish to make grateful acknowledgement.

State Missions has a vital place in our united program. Foreign Missions, Home Missions, and all our benevolent works suffer when State Missions suffers. Let us maintain an aggressive State Mission Program as all other interests are so dependent upon this base of supplies.

15. The report on the Orphanage was read by A. A. Walker. Upon motion to adopt the subject was discussed by A. A. Walker and I. G. Greer. The report was adopted.

ORPHANAGE REPORT

No religion is so kindly disposed to children as Christianity and we rejoice that Jesus said "Whoso receives one such little child in my name receives me." We have therefore actually been a host to the Friend of Children while for the past 51 years we have been welcoming some 4,000 orphans into our arms at Thomasville, for surely it has been done in His name.

Counting the some 140 children on the Mother's Aid, the 135 at the Kennedy Home, and the 455 at Thomasville we have 730 children looking to us to administer the daily bread our heavenly Father has promised them. To provide this bread at Thomasville alone costs us $450 a day or about $22.50 per child per month. For the Associational year ending September 30, 1936, the Piedmont Association has contributed toward this cause the sum of $6,914.39. This is a bare increase over the previous year of $5.68. Our report last year showed that about 16 per cent. of all our convention gifts went to the Orphanage. Our report this year will show a smaller per cent if we have made anything like a substantial increase in our convention gifts. Only two of our churches failed to contribute anything at all for the past twelve months. Of the remaining 39 there are 17 that made a remittance once each month, and 11 others that made regular monthly remittances consecutively for one quarter or more. We have 22 schools taking the Charity and Children, our orphanage paper, for which they have paid the sum of $717.23. No Sunday School should be without this paper.

Let us work and pray that every church in this Association shall make an offering and remit it once each month of the new Associational year; that the orphanage paper be more liberally subscribed to and read; and that the Holy Spirit of God shall continue to guide and bless our orphanage and its administration.

Thursday Morning Session

24. 9:45—A devotional service was led by Genter Stephens.

25. Upon motion the report on Home Missions was considered in the place of Hospitals in order to give Mr. Smith Hagaman, Superintendent of the Hospital a larger hearing. The report on Home Missions was presented by Jones E. Kirk. Upon motion the subject was discussed by Jones E. Kirk. The report was adopted.

REPORT ON HOME MISSIONS

The fundamental purpose in missions is the proclamation of the saving grace of our Lord and Saviour Jesus Christ to every creature in all the world. The cause of Missions is the very heart of our denominational program. Our interest in missions is the supreme test of our love and loyalty to Jesus as Saviour and Lord. Our missionary vision and our investments in missions determine our progress as individual christians and as a denomination.

The point of approach to this world-task, for Southern Baptist, is to evangelize the homeland. This is the hope of the world's evangelization. If we fail here missions in far away fields will fail for lack of support. Home Missions are essential to World Missions, Acts 1:8.

Our Home Mission task is greater today than ever. 22 Millions of people in the homeland are waiting for the Word of Life. Our brother in black, 10,000,000 of them, are looking to us for help; 5,000,000 foreigners in our midst are a challenge to our passion for the lost; in Oklahoma and New Mexico 200,000 Indians will never have a chance if we do not send the Gospel to them; the 225,000 Spanish-speaking people in New Mexico will never know about Christ as a personal Saviour unless someone goes to them with the Gospel; 8000,000 Mexicans this side the border are crying out for the light; the great Acadian section in French Louisiana with its more than 600,000 souls should know about the Saviour. The opportunities and responsibilities are great.

The Board, during the year, appointed 27 new missionaries, making a total of 283 missionaries working in 894 mission churches and stations. There were over 4,000 conversions and baptisms, 18 new churches were organized and 62 mission stations opened.

In Cuba, the missionaries made 31,855 visits, held 2,802 prayer meetings, and conducted 4,987 preaching services. In the homeland 5,563 individuals were reached by personal evangelism. Of these, 587 were Italians, 1,610 Indians, 1,974 Mexicans, and nearly 1,000 were Negroes. Moreover, 9,326 Bibles and Gospels were distributed.

For lack of space we can but mention the benovolent work being done by the Board such as that of our Sanatorium at El Paso, the orphanage for Mexican children at Bastrop, Texas, the free clinic for poor children in Cuba, and almost innumerable other services, the spiritual ministries back of which Miss Kelly suggests, "Cannot be estimated until the Judgment Day."

In 1936 the Board received from all sources $416,576.85. This was $82,880.82 more than was received in 1934. The budget for 1936 is $150,000.00 for mission work, and $194,896.67 for interest and principal on debts. For over two years the Board has operated within the budget and without borrowing money.

Dr. Lawrence says, "The Home Mission Board was never more conscious of its Stewardship and never more determined to meet that stewardship than it is right now." He believes that the paramount issue before Southern Baptist is whether the homeland is to be made Christian, or is it to become pagan and go the way of all nations that forget God. The Board is set for the saving of the homeland. Shall we fail our Lord in this Glorious task?

26. The report on Woman's Work was presented by Mrs. A. Lee Gibson and was discussed by Mrs. C. N. Royal, Dr. A. B. Conrad, J. Ben Eller, and J. M. Hilliard. The report was adopted.

WOMEN'S WORK IN THE PIEDMONT ASSOCIATON

In our missionary endeavors our women of the Piedmont Association work according to the programs adopted by the State and Southern Conventions. The fundamental principles of our order are:

1. Prayer. In our group meetings we learn to pray individually and unitedly. We look at ourselves, and at the fields; and recognize needs. We come together with God's people, in God's name, in the interest of God's Kingdom. So we feel His presence, His love, His attention; and find it easy to approach Him through the prayer channel.

2. Enlistment. Having experienced the joy of togetherness with His believers and with Him, and seeing how we may become "Laborers together with Him," we seek to enlist others, and lead them to know the joy of understanding, of fellowship, of service.

3. Study. We seek to know the missionary message of the Bible. Through our periodicals, State papers, and wonderful study books we see the fields, come to know the workers, their stations, and the various needs and problems.

4. Personal Service. We help actively in Evangelistic work in our churches, and endeavor individually in all personal service activities to win souls to Christ. We manifest Christian fellowship and good will through visits, flowers, letters, lunches, cottage prayer meetings, mission Sunday Schools, and Mission Study classes for remote sections, for the negroes, and for the deaf and blind.

5 Tithes and Offerings. We cannot accept the tithe as the minimum basis of contributing, and encourage special offerings as a means of spiritual growth. To this end we faithfully continue the custom of our Women's Missionary Union through the years of its history, in connection with our three sessions of prayer: the Lottie Moon Christmas Offering for Foreign Missions, the Annie W. Armstrong Offering for Home Missions, and the Special State Mission Offering.

We plan according to our State policy contributions to our co-operative program, the W. M. U. Training School at Louisville, Ky., our Margaret Fund Students, together with expenses of sending delegates to our Junior State meetings. We have a vital part in supporting orphanages, Hospitals, field workers, and mission schools through showers and boxes of supplies.

6. Missionary Education of the Young People. Through Sunbeam Bands, Girls Auxiliaries, Royal Ambassadors, and Young Women's Auxiliaries we give all ages of young people programs and study courses that are informing and challenging. We make possible summer Camp Conferences, State, District, and Association rallies for their inspiration and spiritual growth.

We do all this because, having experienced salvation through grace we have a story to tell to the nations of a Christ who will save to the uttermost all who will call upon Him. This Christ will make new creatures of all who will trust Him. His Gospel will substitute the law of love for the law of hate, and will give to individuals and nations the Golden Rule for a Creed.

MRS. A. LEE GIBSON

27. The report on Hospitals was presented by J. N. Bowman. Upon motion to adopt the subject was discussed by J. N. Bowman and Smith Hagaman. The report was adopted.

REPORT ON HOSPITAL

The North Carolina Baptist Hospital, Inc., located at Winston-Salem, North Carolina, is owned and controlled by the Baptist Denomination and hence, it is state-wide in its service.

Since the Hospital was opened in 1923 a little more than 33,000 patients have entered for treatment. We shall have this year about 4,000 patients; of this number almost one-half will be part-pay and free patients. Hospital had a little more than 14,000 free days last year; this year, as we are now running we shall have a little more than that number. We have at the present rates 19,932 part-pay and free days, or 1,458 free and part-pay patients. This with our present capacity, cannot be increased as we are running as full as possible.

We received from the Duke Endowment last year a little more than $14,000.00. Apart from this, we are dependent upon the Churches and Sunday Schools, through their Mother's Day offerings, for the hospitilization of this vast number of free and part-pay patients.

It cost $3.87 per day to care for patients in the hospital.

The different organizations of our women are rendering an exceedingly valuable service for the Hospital by furnishing linen, such as sheets, pillow cases, tray covers, towels, etc., these are always needed and gratefully received. Hospital will gladly furnish a list, giving the specifications of linens used in the hospital.

We have a fine staff of sixty-six doctors and surgeons; also a school in which nurses are trained with the Christian idea of service. They are trying to carry on the same program that Jesus gave so much of his life to relieving suffering humanity.

> But by chance some pastors of certain Churches in the state convention passed by on Mother's day, he saw many suffering in the Hospital but passed by on the other side and his whole church followed him in like manner the Superintendent of the Sunday School and the members, when they saw the sick they passed by on the other side also. But certain pastors with their people journey that way last Mother's Day, stopped and looked upon the sick and the suffering and had compassion on them. These pastors took an offering which the people gladly made and gave it to Smith Hagaman the keeper of the house where the sick people lay and said unto him, take care of them and when we come back next Mother's Day we will repay thee. Jesus ask which of these proved neighborly to them that were sick?—and he said the churches that showed mercy unto them, and Jesus said unto them go and do thou like-wise.

28. The report on Christian Education was presented by Dr. J. Clyde Turner. Upon motion to adopt the subject was discussed by Dr. B. Y. Tyner from Meredith College. The report was adopted.

CHRISTIAN EDUCATION

When the North Carolina Baptist State Convention was organized in 1830, it had a two-fold purpose, Christian Education and Missionary Endeavor. In accord with this purpose Wake Forest Institute, now Wake Forest College, was founded in 1834. For 102 years this institution has trained young men for Christian citizenship and Kingdom work. In the course of the years other institutions have risen to join hands with Wake Forest. In 1846 Chowan College was chartered and has rendered fine service in the education of young women, especially in the eastern part of the state. 1856 Mars Hill opened its doors to both boys and girls. 1887 came Buies' Creek, now Campbell College. In 1899 Meredith College opened for the education of young women. Other schools, such as Wingate College and Boiling Springs, though not a part of our North Carolina system, have rendered fine service. During the past year more than 2500 young men and women were enrolled in these schools. Of that number 163 were studying for the ministry, and many others for definite Christian work.

In addition to these schools located within the state, we have four south-wide institutions for the training of ministers and Christian workers, the Southern Baptist Theological Seminary at Louisville, Ky., the Southwestern Seminary at Fort Worth, Texas, the Baptist Bible Institute at New Orleans, and the Training School for young women at Louisville. During the past year there were more than 1100 students in these institutions.

Never has there been a greater need for Christian Education than now. The work of the Kingdom demands trained men and women as never before. The problems that confront our country call for Christian leadership. Our Christian schools must furnish the greater part of these leaders and workers.

There are two things which we must do concerning our Christian schools. First, we must insist that they be **Christian,** creating a Christian atmosphere, holding up Christian ideals, and doing definite Christian service. There is no place for schools that are only nominally Christian. Second, we must give them better financial support. They cannot continue to exist and serve under present conditions.

REPORT ON MINISTERIAL RELIEF AND ANNUITY

The work of the Relief and Annuity Board of the Southern Baptist Convention located at Dallas, Texas, should find a large place in the thought and concern of every Baptist in the South. They should make it a matter of prayer, of study, and of co-operative effort.

The Board continually faces the great task laid upon it by the the Southern Baptist Convention and by the various States of providing for their ministers who have grown old in the service of Christ, and for the widows ministers who have gone to their Heavenly home.

As to our State, the figures do not tell a pleasant story; for while we have eighteen more on the list of beneficiaries than we had two years ago, this has been made possible by reducing existing allocations so that the average monthly allocations of $6.65 at that time have now fallen to $4.75 for men and a few cents less for women. The figures also tell us that in spite of improved conditions, North Carolina Baptists contributed to the Board last year nearly one fourth less than the year before, and only four-fifths as much as they received from the Board. The amount contributed to this cause by Southern Baptist per capita was less for the year than the price of a two cent stamp. Surely this does not reflect the heart interest of our people. It is not believed that it was intended that the faithful men of God should spend their last days depending upon the mere pittance that is now given them. They gave away every opportunity for earthly gain that we might learn the Story; having learned at their feet let us not forget them. We should not let one of them look to us with pleading eyes and be turned away.

"Let him that it taught in the word communicate unto him that teacheth in all good things." Gal. 6:6.

The Relief and Annuity Board is now asking that a special "Fellowship Offering" be taken by each church at least once a year in conection with the observance of the Lord's Supper.

The Service Annuity is the major plan of the Board for preventing old age dependency. In co-operation with the Foreign Mission Board its benefits have been extended to all missionaries. A similar arrangement has been effected with our orphanages for the relief of their retired workers.

No denominational worker is elegible to enter the Federal Old Age Security Plan. All full-time church or denominational employees are eligible to participate in the Age Security Plan of the Annuity Board. It would seem that our ministers, churches, denominational boards, institutions and agencies whose employees are to a man excluded from participation in the Federal Plan would now be alert to lay hold on a plan through which old age protection can be had by these legions of employees.

Would God that more of our ministers would bring the causes of Ministerial Relief and Annuity squarely and feelingly to the minds and hearts of their church members. We need to create a denominational conscience on this subject.

"Now at this time your abundance may be a supply for their want that their abundance also may be a supply for your want; that there may be equality.' II Cor. 8:14.

33. The report on Social Service was presented by Hughey O. Miller. Upon motion to adopt the subject was discussed by Hughey O. Miller. The report was adopted.

SOCIAL SERVICE REPORT

Social service is laboring together with God for the uplift of humanity. It cannot take the place of personal evangelism, but aims to correct the evils in the social order and promote conditions favorable to right living. We rejoice that there has been an improvement in the economic situation, but lament the fact that this is not true of the social and moral realm. There is an alarming disrespect for the Sabbath. Business and pleasure centers stand with outstretched arms to welcome an ungrateful, careless Sabbath day desecrating public. The standards of morals are dropping lower daily. Sexual laxity and the divorce are growing at a desperately rapid rate. It is almost as easy to secure a divorce today as it was to secure marriage license a few years ago. The home life is being broken down until the once boasted American home is in the minority. This machine age presents a perplexing problem. As we think of the liquor question we are overwhelmed, as the liquor forces constantly wrap the chains of bondage about us. The number of excessive drinkers among our men, women, boys and girls is increasing at an alarming rapid rate. There is a growing disrespect for law, sacredness of the home and tending to destroy virtue. There are more men under arms today than at any time in the world. The world is seething with hatred and suspicion.

HUGHEY O. MILLER.

Robbins was read by the Clerk. The report of the Associational B. T. U. President, Walter Crissman was read by C. N. Royal. The report was adopted.

REPORT OF BAPTIST TRAINING UNION

The writer, who was appointed to report on the Baptist Training Union of this Association for the past year, regrets very much that he is unable to submit a complete report at this time. Due to the absence of final figures there can be no actual comparison showing the gain or loss in number of unions, in total enrollment, and in other essential points. The writer is informed, however, that there has been a slight decrease in number of Unions and in total enrollment during the past year; but this should not be discouraging at this time, since a number of Unions in various churches were undergoing a reorganization—weeding out the inactive members and consolidating Unions in the separate churches, in order that B. T. U. work might be done among the Young People. We are hoping that during the next year we will be able to see the effects of this re-organization work, to the extent that, at the next Associational meting, a more favorable report may be submitted.

Respectfully Submitted,
J. W. ROBBINS

REPORT OF BAPTIST TRAINING UNION

During the past year, we feel that Baptist Training Union of this Association has made some progress. The number of general organizations has been increased from fourteen to twenty, which is a sure sign that the training union is becoming a real and vital part and necessary department of the churches. The number of Unions in each church has not increased a great deal during the year, but we feel that the quality of training being done is much improved. Study courses have been conducted in practically every church where Baptists Training Unions are in operation.

It is the plan of the Executive Committee of the Piedmont Associational Baptist Training Union to make a special effort during the months of November and December, this year, and January, February and March of next year, to get Baptist Training Unions organized in those churches not now having a Union.

The annual convention of the Associational Baptist Training Union was held last April at the First Baptist Church at Reidsville N. C. We are encouraged with the work and believe that the work will continue to show improvement during the coming year.

Respectfully Submitted,
WALTER E. CRISSMAN.

35., Motion was passed giving F. L. Paschall, Associational Sunday School Superintendent five to ten minutes to make an announcement of plans for the year.

36. The report on Obituaries was presented by John U. Garner. The report was adopted. J. M. Hilliard requests prayer for Mr. Moore. This to be included in the closing prayer.

REPORT ON OBITUARIES

The Death Angel, during the past year, has taken from us many of our brethren and sisters, but we trust they have gone to be with Him whom they loved and served. While we miss their presence and service, we bow submissively to the Father's will, recognizing that His will is always best, always right, and always safe.

We memorialize our dead, those who have given us our ideals and standards of living. The greatest memorial that we can give them is in upholding those standards and ideals. When we fail to uphold them, our memorials are hypocritical.

Let us uphold their standards, let us attain to their ideals; let us memorialize our dead.

Respectfully Submitted,
JOHN U. GARNER

The 1937 Minutes Are A Memorial To
CLARENCE A. SMITH
Moderator From 1921 To 1936

Appreciation

WHEREAS, Brother Clarence A. Smith has served the Piedmont Association for sixteen years as the Moderator but now feels because of the state of his health that it is best for him to relinguish this work,

Therefore, this Association in annual session in the Eller Memorial Baptist Church, Greensboro, desires to make this public record:

First—It expresses to Mr. Smith its admiration of his fine Christian character and social qualities that have endeared him to all as friend and brother.

Second—It voices its appreciation of his excellence as presiding officer and unfailing courtesy in the conduct of all our gatherings.

Third—This body is especially grateful for the earnest zeal, the contribution of much of his time, his frequent visits, for the inspiring advice to the smaller churches, his fatherly help to our young ministers and workers and his unfailing efforts to further every interest that has to do with our common cause.

Fourth—As he retires from this place of leadership, this body assures him of its abiding affection and continued prayers for the full recovery of his health, the full enjoyment of all the rewards that follow faithful service and that all his days may be crowned with happiness and peace.

Proceedings

of the

FORTY-FOURTH ANNUAL SESSION

of the

PIEDMONT BAPTIST ASSOCIATION

Held With The

Eller Memorial Baptist Church

Greensboro, N. C.

October 20, 21, 1937

WEDNESDAY MORNING SESSION

1. The Association was opened with a devotional service led by Rev. J. Ben Eller.

2. The Moderator stated that he would be out of the Association for several months and thought it would be well to appoint a nominating committee to nominate officers for the ensuing year. The following committee was appointed: Wilson Woodcock, T. L. Sasser and J. N. Bowman.

3. H. M. Angel spoke words of welcome. The response was given by Mr. Grover H. Jones, of High Point.

4. A roll of the churches was called and messengers from thirty-eight churches responded to the roll call.

5. The Moderator appoints the following committees:

Committee on Committees—J. Ben Eller and Mrs. Nettie Hoge.

Committee on Program—Hughey O. Miller, D. W. Overbey, and J. H. Saunders.

6. The following visitors were recognized: Tom Bray, E. C. Roach, A. D. Kenette, A. G. Carter, T. H. Biles, T. L. Helms, H. H. Biles, C. W. Hilliard, Mr. Terrell.

7. The Nominating Committee makes the following report:

Moderator—J. Ben Eller.
Vice-Moderator—Dr. J. T. J. Battle
Clerk and Treasurer—O. E. Lee.

Brother Eller stated that he would not have much time to give to the work. After this statement from Brother Eller, Grover H. Jones was nominated. The election resulted as follows: Moderator, Grover H. Jones, Vice-Moderator, Dr. J. T. J. Battle; Clerk and Treasurer O. E. Lee.

8. The report on Religious Literature was presented by D. W. Overbey. Upon motion to adopt the report the subject was discussed by R. F. Terrell, representative of the Biblical Recorder. Brother Terrell stated that he would be glad to have words of appreciation for the services of Brother Clarence A. Smith who had served as Moderator of the Association for the past sixteen years and also words of appreciation for the services of J. M. Hilliard who had served as Vice-Moderator for many years printed in the Biblical Recorder. Motion was passed that the Nominating Committee be asked to prepare words of appreciation for the services of the retiring officers to be sent to the Biblical Recorder.

The report was adopted.

BIBLICAL RECORDER

For a hundred and two years the BIBLICAL RECORDER has sought to serve the Baptists of North Carolina and the world. It seeks in a constructive way to comply with the command of the Master to carry the Gospel to every part of the world. Page five is set aside in almost every issue for this particular work. The sixty-eight Baptists who compose the stockholders in the Biblical Recorder Publishing Company are lending every effort to make The Recorder of interest to our people and to instruct them concerning our Baptist work. For a number of years they received no dividend, but they have received, in later years, six percent on their investment. But for the other interests of the Biblical Recorder Publishing Company, publication of the Biblical Recorder would have been suspended ten years ago; but the income from rent on the building and other sources have been taken to pay the deficit on publishing the paper. The Christian culture of our future Baptist homes depends, in no small degree, upon the contribution the Biblical Recorder makes to that end.

People are largely influenced by what they read. The Biblical Recorder seeks to bring our people weekly a summary of our Baptist news, local and general. It seeks to give a Christian and Baptist interpretation to the events of the day. It seeks to record achievements of our schools, churches, Sunday Schools, B.T.U.'s, W.M.U.'s, and laymen's work. It carries news from our missionaries at home and abroad, and informs the reader of what is being accomplished thru his contributions.

The Home Circle offers help for the development of the spiritual and intellectual needs in every young church member. It seeks to inculcate high ideals in our young people and to be of real help in the development of Christian character. All this means much good for the future generations. Never before was there a time when our boys and girls had greater need for wholesome literature which will instill high ideals, create a desire for pure living, and stimulate them to render unselfish service. The Biblical Recorder seeks to lend aid at this particular point.

The price is $2.00 per year, or a six months' subscription may be taken for $1.00. It is very desirable that the circulation be increased from 13,450 to 25,000 as a minimum. More than three hundred of our churches have the Recorder in the budget, sending the paper to ten per cent, or more, of the church membership.

Respectfully submitted,
D. W. OVERBEY

9. The Committee on Program reported that Dr. J. Clyde Turner could not be present today and that he would make his report on Foreign Missions at 2:25 P. M. tomorrow, and that Wilson Woodcock would make the report on State Missions this morning.

10. The report on Home Missions was presented by Wilson Woodcock. Upon motion to adopt the report the subject was discussed by Wilson Woodcock. The report was adopted.

REPORT ON HOME MISSIONS

The Home Mission Board is lifting up Christ in the homeland among the Indians, the foreigners, the Negroes, the under-privileged in the cities and congested industrial sections, and in Cuba and Panama. In all the departments of work, including the field force, the

Sanatorium, the rescue missions, the goodwill centers, and schools, the Board has 327 missionaries working in 850 mission stations. During the past convention year we have placed in the field 35 missionaries and have opened 36 new mission stations. This enlargement of our work was made possible by the receipts from the Bottoms Trust and unsolicited designations.

The Board has adjusted its budget so as to operate on a cash basis. For the past three and a half years no money has been borrowed for current work.

During the past year $108,313.88 was paid on the principal of the old debt. The Board rejoices that its percentage in the Hundred Thousand Club has been increased. It hopes that added emphasis will be given the Hundred Thousand Club and that a larger amount will be raised each year until all the debts of the agencies of the Southern Baptist Convention have been paid.

Respectfully submitted.

AFTERNOON SESSION

16. The question of a memorial at the grave of Shubal Stearns was presented by H. M. Stroup, of the Randolph Baptist Association. The Moderator was instructed last year to confer with the Moderators of the Randolph Baptist Association and the Sandy Creek Association. The following Committee was appointed to cooperate with the other Associations in arranging for the memorial: Grover H. Jones, Dr. J. Clyde Turner, J. Ben Eller.

17. The report on Denominational Program was presented by Grover H. Jones. Upon motion to adopt the report the subject was discussed by Grover H. Jones.

DENOMINATIONAL PROGRAM

The Scriptures make it clear that Jesus came to earth to mediate and interpret God to man and to announce His program to evangelize the world. As evidence of this fact, we have His own words when He said: "As my Father has sent me, even so send I you." "Make disciples of all the nations...baptize...teach, and, lo, I am with you alway, even unto the end of the world." And one who reads the Book of Acts will be convinced that the apostles and early disciples conceived of their task as carrying on the work which Jesus had begun.

Moreover, from a careful reading of the Scriptures, it will be seen that Christ's program included preaching, teaching, healing and ministering to need; that His program was world-wide in scope and that His field of service was humanity.

As Baptists we have adopted what we call our Cooperative Program through which we are undertaking to carry out the fourfold mission of Jesus through State Missions, Home Missions, and Foreign Missions; through Sunday Schools, Christian Colleges and Seminaries; through hospitals; through orphanages and old ministers' relief.

As to content our Cooperative Program is the program of Jesus, begun by Him and committed to us. As to means and methods it is the product of Baptist intelligence. Where two or more individuals, or churches try to work together, a plan of action is necessary. Means and methods must be found; and for this purpose Christian stewards use their God-given intelligence.

It is gratifying to report that the denominational program as a plan by which and through which we must work to the best advantage of all our denominational objects grows in favor. We believe this plan will continue to grow in favor with our people if our Pastors and church leaders take a little more time to explain it definitely to them. May we become more mindful of the fact that we shall have a part in carrying the gospel to the uttermost part of the world in proportion to the measure in which we let our beneficience flow through our Cooperative Program.

20. The report on State Missions was presented by N. F. Britt. Upon motion to adopt the report, the subject was discussed by M. A. Huggins, General Secretary of the Baptist State Convention. The report is adopted.

STATE MISSIONS

For more than a century the objective of State Missions has been to win the people to Christ and then to the fellowship of our Baptist churches. During more recent years it has sought through establishing Sunday School and B.T.U. Departments to teach and train those who come into the churches for active fellowship and cooperative promotion of Kingdom service.

Many needy and strategic churches have received pastoral and church building assistance which has enabled them to develop strong mission programs and return such investment one hundred fold. Yet, the task is merely begun. A distressing number of worthy pastors must find work to do with their hands in order to support a family of normal Christian size and neglect their visitations while possibly a greater number are well paid for actual service rendered. Yes, we have many weak churches deserving state aid and a few unprepared pastors who need to adapt themselves to cooperative extension and church efficiency.

Rev. and Mrs. M. C. Lunsford, whom our Board has had with our Indians of Robeson County for several years continue to do a great work there.

Our Convention is helping the Negroes pay the salary of Rev. W. C. Somerville, who is achieving notable success with the quarter million North Carolina Negro Baptist. Mr. Clanton has recently been assigned to their Sunday School work.

The increasing number of students in state and denominational institutions demand far more service than our one efficient student secretary, Miss Cleo Mitchell, can hope to render.

For some years our Board has sponsored a splendid work with the sick veterans of Oteen.

We now have two general missionaries to serve the whole state which reveals a self-evident need.

The great Christian general of China has won the admiration of the civilized world with his resistance to Japan's invasion but the unexpected spirit of the people behind the lines has made it possible. We, too, must sustain State Missions if the true spirit of Home and Foreign Missions is to survive.

21. The report on Social Service was presented by Dr. A. B. Conrad. Upon motion to adopt the report, Dr. Conrad presented Mr. H. L. Koontz, who addressed the Association on the Prohibition Question. Remarks were made by J. M. Hilliard. The report is adopted.

REPORT ON SOCIAL SERVICE

Social service is a part of the program of the church as taught by Christ and enjoined by the writers of the New Testament. It is the gospel at work in human relations.

While the first duty of the church is the winning of men to personal faith in Christ as Savior, yet the Gospel has its social aspects; it is designed to change society as a whole and that by relentless war on every form of evil. It must "render unto Caesar the things that are Caesar's" if it be true to its mission. The church is responsible for conditions that injure and ruin men until it has done its utmost to destroy those conditions, on the level of Christ's teaching and practice there is no middle ground. Men must vote as well as pray. So evil in any form that entrenches itself in domestic, social, commercial or political life is an open challenge to the church to make open and violent attack upon it. The church must save society or lose itself.

Perilous times are upon us. Radical changes have taken place in the various social relations. Society is in a ferment. Sacred and unalienable rights are threatened, holy institutions are imperiled, free government is being undermined and it is not too much to say that liberty as we cherish it is in the balance.

A brief survey will show how true this is. There is a growing disregard for law and the sacredness of human life. Law is openly flouted, the spirit of anarchy stalks abroad. According to government reports our nation has an annual fifteen billion dollar crime bill. There is a death by murder or manslaughter every forty minutes, a larceny every fifty-four minutes, a burglary every two minutes, a car theft every minute and a half, and felonious assault every twelve minutes. The crime wave is apalling. Morals are degenerating; old restraints are thrown off. A subtle philosophy of life termed "self-expression" runs a strong deep current in much of the current literature and is taught in many of our schools. It has gripped the masses. Translated into simple speech it means "live your own life in your own way—do as you please". As a consequence there is alarming increase of vicious habits, sexual laxity, and spread of private disease that can only mean physical deterioration and race suicide in the end.

The foundations of the home are being undermined by many currents of evil, chief among which is the breaking down of parental authority. In multitudes of homes children are a law unto themselves. Hence our courts and prisons are crowded with youths—boys and girls of teen age. Divorce is on the increase, the sanctity of the marriage relation has lost its significance. For trivial reasons men and women break this sacred relation and go their ways and try other experiments. The first institution God set up for man was the home. He bound man and woman by bonds that may be broken for only one cause. A nation can never rise above the home life of its people or long survive the breaking down of its sanctity.

The Christian Sabbath, God's appointment for rest and worship, has largely lost its significance in the life of the world. With multitudes it has gone into discard; it has no significance other than a day for amusements: movies, ball games, golf links, joy rides, travel, feasting, sprees, and general abandon. "All the nations that forget God shall be cast into Hell," the hell of anarchy.

War between capital and labor goes violently on. Strikes, riots, usurpation of property rights, bloodshed are on every side. Events have recently transpired in this conflict that strike at the very foundations of government and all good order in society.

The clamor and tumult and carnage of war are heard and seen round the world—war of aggression inspired by greed for land and lust for gold. Swiftly there is going on reversion to the law of the jungle, of tooth and fang, that might makes right. Thor is in the saddle, booted and spurred for conquest. The spirit of war sweeping like a whirlpool threatens to draw all nations into its vortex. Most of the nations are armed camps and digging in for the day of battle. Most of the statesmen have the jitters dreading what may happen at sunrise.

And the liquor business, what shall be said of that mother of iniquities and prolific breeder of woe, sorrow and despair. The repeal of prohibition was a costly and fearful mistake. Not one of the promises of repeal has been kept. Not one of the prophesies has been fulfilled, but iniquity after iniquity has grown and flourished; the consumption of liquor has greatly increased. Bootlegging is a more flourishing and profitable enterprise than ever before. The saloon is here, only under another name. Women are openly drinking. In one great metropolitan city drunken women increased seventy-five per cent in three months. Inmates of Keely institutes have increased fifty-five per cent. Highways have become shambles and death holds tryst at every crossroads largely because of drunken drivers; automobile accidents pile up. In a neighboring city, $508,260.00 went over the counter of its liquor store in one year; $2,614.00 each day, and doubtless the major portion of that amount was spent by those who could ill afford to use it thus, and sorrowing and suffering, want and woe came to many.

What shall we say more? Surely it is a sad picture and there is a sore need for social service. The church is challenged to face these problems and under God to solve them. No other institution will do it or can do it. The church must awake, gird on its armor, and go forth to battle with these evils. With a new zeal, a holy enthusiasm, a better faith and surer confidence in its great Captain, Christ, it must fight to the death these evils in society that destroy both the souls and bodies of men in hell.

A. B. CONRAD

22. The report on the Orphanage was presented by E. A. Long. Upon motion to adopt the report the subject was discussed by J. A. McMillan. The report is adopted.

REPORT ON MILLS HOME

On November 11, 1885, the first child was received into our Baptist Orphanage, at Thomasville. Since the beginning, the work has gone steadily forward under the direction of consecrated and wise leadership. And above all, our Heavenly Father has placed His stamp of approval upon the work.

"By adopting and pursuing a wise financial policy the Orphanage has accumulated assets worth more than a million dollars and has rendered aid to more than 4,000 needy children."

The present policy of the Orphanage is that no child be received without careful investigation on the part of the Orphanage. The Orphanage is constantly being confronted with two embarrassments: First, it is impossible to make room for all who apply for admission; and, Second, it is equally impossible for the authorities to investigate all applications as fast as they would like to. For these reasons those making application should be patient with the Orphanage officials.

One of the outstanding problems of the Orphanage is the financial side. Its chief support comes thru once-a-month offerings from the Sunday Schools and the annual Thanksgiving Offering. Therefore we feel that the matter of our once-a-month offering of our Sunday Schools should be kept before our people each month.

In order that our people be better informed as to the work of our Orphanage it would be well for each Sunday School, that has not already done so, to have a goodly supply of "Charity and Children" on hand. This important organ of the Orphanage is full of wholesome reading as well as information about the Home. The circulation of this paper is now 27,870.

We have many things to be thankful for as we sum up the work of the past year, and rejoice that marked progress has been made in the work. May we face the New Year with renewed faith, zeal and courage, "Looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross despising the shame, and is set down at the right hand of the throne of God."

28. The report on the Baptist Training Union was presented by Miss Elizabeth Campbell. The report is adopted.

REPORT ON BAPTIST TRAINING UNION

During the past year our Baptist Training Union has made considerable progress. There has been two complete new organizations set up of four Unions each, adding about 51 new members. Our B.T.U. Association is next to the highest in seals and diplomas awarded for study courses in this State. We are very proud of the fact that this has been achieved.

There has been much extension work done by different churches which has been appreciated by the smaller churches that have benefitted by this work.

The fellowship enjoyed by the three districts is great. Early last spring a banquet was held at the Masonic Temple, Greensboro, for the Training Union members. There were about 300 present. Then, on August 14, 1937, the unions of this Association enjoyed a watermelon feast at the Battleground Country Park, Greensboro.

The annual Convention of the Associational B.T.U. was held last April at the First Baptist Church, Greensboro, N. C. We had several prominent speakers, one being our own State Secretary, Mr. Nathan C. Brooks.

The quarterly meetings of the Piedmont B.T.U. since that time have been very interesting and beneficial.

Never has there been a greater need for Christian Education than now. The work of our Lord demands trained boys and girls, men and women more than ever before. Our B.T.U.'s must furnish the greater part of the leaders and workers of tomorrow. We beg you pastors to cooperate with the work of the Baptist Training

Union in order that we may make more progress in training young people for tomorrow's leadership. **We are depending on you.**

REPORT ON WOMAN'S WORK

The Woman's Missionary Union, Auxiliary to the Piedmont Association, offers the following report as their contribution in service and money to the year's achievements in Kingdom service.

This report is always made with conflicting emotions—a feeling of gratitude and appreciation for the year's attainments in Kingdom service, mingled with a regret for neglected opportunities and possibilities for greater service. With Paul—"We thank God and take courage", forgetting those things which are behind and reaching forth unto those things which are before, we press toward the mark for the prize for the high calling of God in Christ Jesus.

The calendar year gave to the Union twenty-nine Women's missionary societies and seventy-five auxiliaries. With the addition of six new organizations for the second quarter, it now has one hundred and ten active organizations—the largest number in its history.

This leaves eleven out of the forty churches of our Association without any missionary organizations. These eleven offer a field for enlistment and service to the other twenty-nine—and appeals to their pastors for interest and co-operation in perfecting the organizaion of their women is a work of such great importance.

The gifts of the Piedmont W.M.U. for 1936 amount to $20,537.39. This is $389.00 over the apportionment.

The separate, all-day meeting of the Young People has become an established and an outstanding part of our work.

The organization of a City Y.W.A. in Greensboro is the second organization of its kind in the State.

While the union, as a whole, does excellent work, it is a source of regret that so few attained the Standard of Excellence last year.

The United seasons of prayer, the organized personal service, mission study, enlistment, sacrificial giving and training of the young people are propelling forces in the local churches, which reaches to the uttermost parts of the earth and of which no record can be made or reported.

32. The report on Hospital Work was presented by A. A. Walker. Upon motion to adopt the report the subject was discussed by A. A. Walker, Grover H. Jones and Smith A. Hagaman, Superintendent of the Hospital.

The report was adopted.

THE REPORT ON THE HOSPITAL

For fourteen years the Baptists of this state have assumed the responsibility of ministering to the sick through the medium of a hospital. Not once, when it was possible, have we passed by on the other side closing the doors of our compassion upon the sick. Nearly 40,000 times we have opened the doors of our hospital to the afflicted. In every instance we promised all the help it was humanly possible for us to give, even if it meant our coming this way again to pay an unsettled account. Thousands of these accounts have been paid in full at our own expense while a larger number have been supplemented so that all these patients have been dismissed with unburdened, gratefully free, hearts and the benedictions of our Heavenly Father.

Through the North Carolina Baptist Hospital, Inc., at Winston-Salem, we are reaching hundreds of thousands of people, touching them through the patients they send us, the nurses we train for them, and the donors whose hearts and interests have become a part of their gifts. Our receipts through the Cooperative Program are used to retire the building debt. Charity patients are utterly dependent upon our Mother's Day offerings. Also contributions of towels, sheets, pillow cases, tray covers, etc (according to specifications sent upon request) are a substantial help in this peculiarly Christian endeavor. May we season our gifts with fervent prayers and so cultivate the spirit of the Great Physician that more and more we shall become ministers of mercy to all those who groan under the burden of disease and affliction.

REPORT ON CHRISTIAN EDUCATION

The Southern Baptist Convention has two theological seminaries, one Bible institute, and the Woman's Missionary Union, auxiliary to the Convention, has one missionary training school. These are designed and maintained to train leaders for the churches of the Convention and missionaries for the fields at home and abroad. In addition to these four there should be mentioned here the educational institution established and maintained by the Home Mission Board in this country, in Cuba and in Panama, and those by the Foreign Mission Board in foreign lands.

The Southern Baptist Education Commission is the particular agency by which the Convention does its work in the field of what is usually called Christian Education. This Commission studies and interprets the educational activities of the denomination and reports them to the Convention.

The other Baptist schools, colleges and universities not specifically referred to already, which are also of special interest to this

Association, are owned and controlled by the State Convention, district associations, individual Baptists, or groups of individual Baptists. The Commission's 1937 report shows that there are now sixty-five of these institutions training Southern Baptist students.

The 1936 North Carolina Baptist Annual indicates that five of these colleges are under the definite control of the State Convention. They are as follows: Wake Forest, Meredith, Chowan, Mars Hill and Campbell. They have the first and most direct claim upon our financial support, co-operative interest and patronage. The trained leadership and constituency of this Association and its affiliated churches are the products of these North Carolina Baptist, and Southern Baptist, institutions, or similar schools.

We cannot reasonably hope to compete favorably with State schools in financial support and physical equipment, but by great sacrificial giving we must have the best that we can. We can sustain a high standard of scholarship. As touching Christian life and spiritual development we must far excel state schools or we shall nullify the only reason for having strictly denominational or so-called Christian educational institutions. As the churches support our colleges and seminaries, in that degree we shall increase in spiritual power. If we neglect them the churches will all but, if not entirely, perish. A spiritually trained leadership and constituency is imperative. Under the leadership of the Holy Spirit the churches through the proper agencies must train their own.

34. The report on Foreign Missions was presented by Dr. J. Clyde Turner. Upon motion to adopt the report the subject was discussed by Dr. Turner. The report is adopted.

REPORT ON FOREIGN MISSIONS

For ninety-two years Southern Baptists have been engaged in organized Foreign Mission work. It was started in 1845 with the appointment of four missionaries to work in China. Today we have 415 missionaries working in sixteen countries. Our missionaries have followed the example of Jesus in His three-fold ministry of preaching, teaching and healing. On our Foreign Mission fields we have 1715 churches, with a membership of 203,674. More than half of these churches are self-supporting. There are 347 schools and 36 hospitals.

During the past year there have been many evidences of divine favor on the work. The goodly number of 14,882 have been baptized on a profession of faith. For the first time in several years the total receipts of the Foreign Mission Board passed the million dollar mark. The debt, which a few years ago was more than a million dollars, has been reduced to something like $350,000.

In some of the countries the work has been greatly hindered by war and the unfriendly attitude of the governments. For more than a year the work in Spain has been disrupted by civil war. In China, many of our missionaries have been compelled to leave their posts. In Italy and Mexico the hostile attitude of the governments has made mission work difficult. In Roumania, the hand of persecution is being felt. South America is perhaps our most promising mission field today.

The world is still lost. After all the years of Christian history more than half of the people of the world have never heard the name of Jesus. Many of our churches have no part in the world-wide task which our Savior committed to us. During the past year there were more than 6,000 churches within the bounds of the Southern Baptist Convention which made no contribution towards sending the gospel throughout the world. More than 500 of these are in North Carolina, and five or six of them are in this Association. Surely we need to get in earnest about this holy task which the Master has intrusted to us.

SUNDAY SCHOOL REPORT

Teaching, preaching, healing; these three services constituted the main ministry of Jesus. And should one examine the records, he would find Jesus in the role of teacher more than any other. The Gospel must make its appeal to the heart by way of the mind. Thus today our teaching and training programs should stand out in bold relief in the work of the churches. Jesus recognized and we realize that taught people are won people. Nearly all our baptisms for the past year and other years have come through the Sunday School and a great majority of those who join our churches first join our Sunday Schools. But the work of the Sunday School should not stop here. Its task is not only to win souls to Christ but to save lives for Christ. Thus the work of the School is not ended when a person Joins the church. To win to Christ and to build up in Christ are the two main objectives of our Schools. Let us see how we are meeting these two objectives:

The BAPTIST ANNUAL for 1936 shows that we have in the State 2,451 churches with a reported membership of 465,698 members, and that we have 2,437 Sunday Schools with a membership of 391,194. Thus we have more than fourteen churches without Sunday Schools and nearly 75,000 less enrolled in Sunday School than we have members of our churches. Should we make a study of the average attendance in the Schools compared to the enrollment we should find that we are doing little better than 50 per cent in efficiency in attendance.

Therefore, we present a comparative report showing our accomplishments as compared to our responsibilities. According to reports we are just about half-way doing our work as Sunday Schools. Last year our Association reported a membership of 14,616, with an average attendance of 6,947, or much less than half of our enrollment. Subtracting those enrolled in the Home Departments, our average attendance would still be less than half our enrollment. It would seem that our primary problem is not enrollment but enlistment in regular attendance; we do not need to get names to report but pupils to teach. We need to promote regular attendance in our schools.

The report shows that our Association has 13,958 church members with about half that number in Sunday School. How can we hope to reach the outside with a large number of unenlisted church members? Our greatest and most immediate field for Sunday School enlargement lies within the membership of our churches.

There was not a school in the entire Association that was standard last year. Our record system should serve the pupil and our emphasis should be as such. Out of 42 churches, only six held Daily Vacation Bible Schools. Out of 953 teachers and officers, 192 hold study course diplomas.

There were 273 baptisms from the schools last year. If we credit all of these to the efforts of teachers and officers, we shall find that it took nearly four to lead one soul to Christ. Can each teacher and officer do less than lead one soul to Christ in an entire year?

Records of our Association reveal as an average the following astounding summaries:

1. That we have two members enrolled for each regular attendant.
2. That we have one church member unenrolled for each one enrolled.
3. That we have two possibilities for each one enrolled in our schools, or four for each regular attendant.
4. Therefore, we should multiply our present efforts by two.

In the light of the foregoing facts and realizing that a mere insistence on the record systems will not suffice, we feel led to make the following suggestions for our work next year:

1. An enrollment equal to the church membership.
2. An average attendance of 75 per cent of the enrollment.
3. Improved teaching and planned programs that will inspire regular attendance.
4. The enlistment of more church members in the school.
5. At least two study courses annually, one for the teachers and one for officers.
6. That we promote at least 12 D.V.B.S. in our churches.
7. That our schools be definitely evangelistic; that Christ be presented as Lord, Savior, and Keeper in every lesson.
8. That we do not merely "adopt" this report but that we DO something about it.

Respectfully submitted,

A. LINCOLN FULK

38. The report on Minister's Relief and Annuity was presented by J. C. Gillespie. Upon motion to adopt the report the subject is discussed by J. C. Gillespie. The report is adopted.

REPORT ON MINISTERIAL RELIEF AND ANNUITY

The primary interest of the Relief and Annuity Board is in the ministry of the Southern Baptist Convention, and among the services which it seeks to render is that of getting our people to a proper evaluation of this ministry. Ministers are given to help all of us to grow up in Christ. But this service is not limited to ministers alone but is extended to churches as well. The time has come when no church can have the proper respect of the community in which a minister serves, who, when retired, is dependent on the generosity of friends, or public charity. This neccessary provision may be made through the "Age Security Plan" of the Relief and Annuity Board.

And again the service of this Board has been extended to all Boards and institutions within the bounds of the Southern Baptist Convention, for the employees of our Mission Boards, of our Orphanages, of our Hospitals, and of our schools, colleges, and seminaries, all of which are excluded from participation in the government plan. And it will be the part of wisdom for all above mentioned boards, institutions, and agencies of the Convention to utilize the services of the Relief and Annuity Board rather than to apply to commercial companies; because this Board is operated in a purely benevolent way, and performs its services without pecuniary reward. And further, retirement and disability annuities can be obtained through this Board than can be obtained elsewhere for the same amount of money.

We should greatly appreciate the efforts made by the Relief and Annuity Board in their efforts to provide relief for these servants of the Lord, and we recommend that we stand loyally and practically by them in their great work.

Respectfully submitted,
JAS. C. GILLESPIE

Bray was read by the Clerk in the absence of Brother Bray. The report was adopted.

REPORT ON OBITUARIES

Jesus said, "Verily verily, I say unto you; except a corn of wheat fall into the ground and die, it abideth alone." Death to the Christian is a call to come home. This call has been answered by many of our beloved brethren and sisters in the Lord since our last Association met a year ago. Many more will pass on to be with Jesus before this body shall meet again. "Therefore, be ye also ready: for in such an hour as ye think not the Son of Man cometh."

Respectfully submitted,
TOM W. BRAY

FORTY-FIFTH ANNUAL SESSION
of the
PIEDMONT BAPTIST ASSOCIATION
Held With the
HILLIARD MEMORIAL BAPTIST CHURCH
High Point, N. C.

October 19, 20, 1938

WEDNESDAY MORNING SESSION

1. The Association was opened with a devotional service led by Rev. J. H. Saunders.

2. Rev. Hughey O. Miller spoke words of welcome. Rev. A. Lincoln Fulk responded with words of appreciation for the hearty welcome given.

3. A roll of the churches was called and messengers from 37 churches responded to the roll call.

4. The Moderator appoints the following committees:

Committee on present program: F. L. Paschal, C. N. Royal, J. C. Gillespie.

Committee on Committees: T. L. Sasser, C. E. Parker, A. Lincoln Fulk.

Nominating Committee: Wilson Woodcock, J. Ben Eller, J. N. Bowman.

5. The Report on Religious Literature was presented by J. H. Saunders. Upon motion to adopt the report the subject was discussed by R. F. Terrell, representative of the Biblical Recorder, Dr. J. C. Turner, and J. M. Hilliard. Bro. Terrell requested that a committee be appointed to report the meeting to the Recorder, and to represent the Recorder during the session. Also that a representative be appointed to represent the Record-

er during the year. The following were appointed on the committee: A. Lincoln Fulk, O. E. Lee, and J. H. Saunders. The report was adopted.

Religious Literature

In Hosea 4:6 we read "My people are destroyed because of the lack of knowledge." This does not mean that they need knowledge about life in general, but knowledge about God. This could not have been more true then, than it is now. Our generation is probably educated as well as any people have ever been, on things in general. But our ignorance concerning the Bible and the christian faith is appalling. Where ever we are succeeding in getting the truth on the minds of the people there is an immediate turning to God on the part of many. If we succeed in having the great Southwide revival now being advocated by our denominational leaders, the reading of God's word and other Christian literature is going to play a great part in bringing it about.

We recognize that it is largely the minister's responsibility to lead the people into this reading. Therefore, we recommend more expository preaching, and a constant and varied appeal to our people to read God's word. Those who read the Bible will naturally read some Christian literature. The Biblical Recorder and Charity and Children can hardly be excelled in this field. Therefore, we heartily recommend them to our people. We urge a continued effort to put the Recorder in the homes which can afford it and a liberal distribution of Charity and Children by our Sunday Schools to those unable to pay for a paper.

Respectfully submitted.
J. H. Saunders

RECOMMENDATION:—That the Piedmont Association approve the club plan of subscribing to the Biblical Recorder and that the moderator appoint an association representative to contact pastors, S. S. superintendents and W. M. S. presidents for making effective this plan in the churches of our association.

6. The nominating committee makes the following report:
Moderator—Grover H. Jones
Vice-Moderator—T. L. Sasser
Clerk and Treasurer—O. E. Lee.

The report was approved and the officers elected.

7. The report on Foreign Missions was presented by J. Ben Eller. Upon motion to adopt the report the subject was discussed by Rev. Henry C. K. Djang from China who is doing post-

graduate work at the University of North Carolina. This was a splendid spiritual message. The report was adopted.

Report On Foreign Missions

In ninety three years of service our Foreign Mission Board has not faced more uncertain times. Wars and rumors of war are the order of the day. Nations are in commotion. We know not what a day will bring forth. But in our fear we turn to our Lord who still guides in the affairs of men and nations.

Some of our mission fields are facing trying ordeals. In Spain and China the work is greatly hindered by war. In Central, Interior, and North China Missions most of our property is in the hands of Japanese military authorities. Many of our missionaries have had miraculous escapes but the Lord has enabled them to render great service to a suffering people. When the war is over the problem of building and repairing will be acute.

However, we have much to encourage us. Our Foreign Mission Board has 422 missionaries working in sixteen nations. We have in these fields 1,802 churches and 2,798 out-stations. Our church membership on Foreign fields is 208,794. Last year 14,027 baptisms were reported. Furthermore, we now have 26,799 students enrolled in our schools and seminaries, while during the past year our hospitals treated 88,599 patients.

The loyalty of our women is cause for special gratitude. The goal of the Lottie Moon offering for the past year was $190,000.00. The goal was surpassed by $100,000.00. This generous and unselfish gift has been a great blessing in a time of great need.

The Board would call attention to the annual Foreign Mission Conference held in August at Ridgecrest. This Conference is growing in power and far reaching influence and we urge our people to attend it where it is possible.

A mission magazine, "The Commission", is now being published by our Foreign Mission Board. After Jan. 1, 1939, it will be issued monthly. We commend "The Commission" and also our mission study books to our churches.

Respectfully submitted,
J. Ben Eller.

8. After prayer by J. S. Hopkins, the Introductory sermon is preached by Dr. A. B. Conrad. The text was Rev. 19:10. Subject: "The Testimony of Jesus is the Spirit of Prophecy." The sermon was a great spiritual message, inspiring and helpful.

After singing "There Is A Fountain Filled With Blood," the session was closed with prayer by H. M. Stroup.

AFTERNOON SESSION

1:30. The devotional service was led by H. R. Starling.

9. The visitors from the Liberty and Sandy Creek Associations were recognized.

Henry Love made announcement about the evening session.

10. The report on the Denominational Program was presented by T. L. Sasser. The report on State Missions was presented by Frank L. Paschal. Upon motion to adopt the reports the subjects were discussed by Rev. Arthur Gillespie, Missionary to China, and W. Perry Crouch, Secretary of Christian Education for the State Mission Board. The reports were adopted.

Denominational Program

The program of Jesus is our denominational program. It is the program of a New Testament Church whose members "engage to promote its prosperity and spirituality, to sustain its worship, ordinances, discipline and doctrines, to contribute cheerfully and regularly to the support of the ministry, the expense of the church, the relief of the poor and the spread of the gospel through all nations".

Section One of the Constitution of the Baptist State Convention of North Carolina states: "The object of the Convention shall be to promote Missions, Education, Social Service, the distribution and study of the Bible and sound religious literature; and to co-operate with the Southern Baptist Convention in its work." The State Convention was organized in Greenville, North Carolina in 1830.

"The messengers from missionary societies, churches and other religious bodies of the Baptist denomination in various parts of the United States, met in Augusta, Georgia, May 8, 1845, for the purpose of carrying into effect the benevolent intention of our constituents by organizing a plan for eliciting, combining, and directing the energies of the denomination for the propagation of the gospel."

These three quotations set out our denominational program. The annual report on this program is confined to the particular activities of the churches, conventions and their agencies that are in immediate process and early contemplation.

We are constantly engaged in sustaining and expanding the work of the churches at home and abroad, endeavoring to preach the gospel to all people everywhere. To support and to make effective this primary enterprise we have auxiliary institutions. They are schools, colleges, seminaries, hospitals and orphanages. These institutions give expressive demonstration of our spiritual life.

Immediately following the world war twenty years ago we made concerted effort to buy up a large opportunity. We are yet paying large sums on the obligations inevitably incurred in that advance step. The money has been coming, and must still come, from the treasuries of the churches and from individual givers. For these twenty years we have been working under what we now call the Co-operative Program. In it we seek to "elicit, combine, and direct the energies of the denomination for the propagation of the gospel."

Designated gifts by individuals to denominational objects are used as the giver directs. Designated gifts by churches are used as the church directs. Undesignated gifts are used according to the schedule fixed and published from year to year by the General Board of the State Convention. The Convention instructs the Board to make equitable division of receipts with the Southern Baptist Convention with an equal division as the ideal. As to the division of that part which is retained for State Convention objects the Board is instructed to safe-guard the debts of the Convention, reducing them all possible and at the same time keep the work of Convention institutions advancing as rapidly as reasonably possible.

As to the division of that part which the Southern Baptist Convention receives it is divided according to a schedule fixed by the Executive Committee and approved by the Convention. Next year Southern Baptist Undesignated Funds are to be used as follows:

Foreign Mission Board	50%
Home Mission Board	23 1-3
Relief and Annuity Board	7
Education Board	3 1-3
Southern Baptist Theological Seminary	4 1-5
Southwestern Baptist Theological Seminary	4 1-5
Baptist Bible Institute	4 1-5
W. M. U. Training School	0 8-15
American Baptist Theological Seminary	1
New Orleans Baptist Hospital	2 1-5
	100%

Five years ago it had become very apparent that the funds of the Co-operative Program would not retire Southern Baptist Debts unless the funds were very materially augmented. The Hundred Thousand Club was therefore turned to as an expedient to reduce the principal of the debts. The overhead expenses of the Club are born by the Sunday School Board and the whole dollar goes to reduce the debt proper, the interest on the debts must still come from the Co-operative Program funds. However, interest as well as principal is being materially reduced. In 1933 Southern Baptist Convention debts were $5,880,351.63. May 1, 1938 they had been reduced to $3,465, 274.06.

By mutual agreement of our State Convention and the Southern Baptist Convention the funds given by North Carolina Baptists to the Hundred Thousand Club are divided equally between the two conventions so that our State debts might also be reduced by this method.

Both the Co-operative Program and the Hundred Thousand Club must have our very vigorous support to reduce our debts and expand our work.

The Southern Baptist Convention this year instituted a southwide evangelistic work for the year 1939. It is earnestly expected that a mighty impetus will be given to soul-winning preaching throughout the land, that all the churches will give emphasis to this objective, throwing ourselves into work and prayer with such spiritual zeal as we have never done before. Plans are in the making to reach remote places as well as strategic centers. Southern Baptists, North Carolina Baptists, Piedmont Baptists are called to the high privileges of soul winning. This is the primary meaning of "eliciting, combining and directing the energies of the denomination for the propagation of the gospel". It is the principal item of the denominational program.

Respectfully submitted,
T. L. Sasser.

Report On State Missions.

For more than one hundred years it has been the objective of the Baptists of North Carolina through State Missions to win the people of our great State to Christ, and in the more recent years we have sought to provide proper facilities for the training and development of those who have been won. We now realize that it is possible for people to gain membership in our churches without ever having been converted—that is genuinely, and we consider this a very serious problem, but we are convinced that it is just as serious to take in genuinely converted new members, and give them no training or responsibilities except that which, by chance may happen to fall to their lot.

To properly administer teaching and training so essential in the State Mission Program, we depend particularly upon our Sunday Schools and Baptist Training Unions, both of which do so much to keep alive the scared fires and the spirit of evangelism, missions, and training, without which our work would soon become stale and lacking in the desirable results necessary for the growth of Chris's Kingdom here. It is equally true that "Woe be unto us" if we fail to continue our militant program of winning the lost to Christ, or fail to train and use them after they have been won.

Our State Mission Board, under the stellar leadership of M. A. Huggins, is doing a great work, and richly deserves the cooperation of every Baptist in North Carolina.

Briefly stated, the work done by the Board in the State is as follows:

(a) Pastoral assistance to Churches which are unable to properly support their pastors, which in many cases is helping many local units to get on their feet, and thereafter go forward and build up their home base and help others to build up in strength where no further financial assistance is required.

(b) The splendid assistance given to the Sunday Schools and Baptist Training Unions.

(c) Aid in building Churches in strategic centers.

(d) Carrying the gospel to the Indians in Robeson County under the leadership of Rev. and Mrs. M. C. Lunsford.

(e) Cooperation with and encouragement to our Negro brethren.

(f) Work among the students in the colleges of our State is a very essential part of the program. Miss Cleo Mitchell is doing work of this type here in Greensboro at the Womans College which is of incalculable value.

(g) We are also ministering to those sick in body and mind, and soul at Oteen Hospital, North Carolina Sanitorium at Black Mountain; our State Sanitorium in Moore County, and in our Hospital in Winston-Salem.

(h) We are also happy that we have the services of M. O. Alexander and J. C. Pipes who are doing notable missionary work in building up our denomination by holding revivals, attending general meetings, formation of fields, and performing other miscellaneous tasks.

Furthermore, we present the following resolution, and urge its adoption:

Whereas, a major emphasis of the Southern Baptist Convention and of our State Mission Program during 1939 is to be on evangelism,

BE IT RESOLVED

First:—That a committee on evangelism be instructed to make a survey of the evangelistic needs of this associational area, and inaugurate a well defined program of evangelism.

Second:—That more prayer and effort be made for winning the lost; that at least one evangelistic meeting be urged for every church; that evangelistic preaching be promoted over radio, in school buildings, tents, harbors, and in every advantageous way in unchurched communities; that emphasis be placed on development of personal soul-winners; that stress be given to establishing family altars; and that there be an adequate program of conservation of the results of evangelism through enlistment, training, indoctrination, and stewardship.

Third:—That this committee plan an associational rally during 1939, for prayer, preaching, and promotion of the objectives mentioned above.

Respectfully submitted,
Frank L. Paschal

11. The report on Home Missions prepared by J. E. Kirk was read by the clerk in the absence of Brother Kirk. Upon motion to adopt the report the subject of Evangelism and the Southwide Revival for 1939 was discussed by Dr. J. Clyde Turner. The report was adopted.

Report On Home Missions

"And I, if I be lifted up from the earth, will draw all men unto me," (John 12:32).

The primary purpose of missions is to lift Christ up and to proclaim His saving grace to every creature in all the world. Missions is the very heart of the gospel, and of our denominational program. The supreme test of our love and loyalty to Jesus is our missionary interest and our investment in world-wide missions. This determines our spiritual progress as an individual and as a denomination.

The approach to this world-task is through our efforts to evangelize the homeland. This is our surest hope of the world's evangelization. (Acts 1:8). The Home Mission Board, which has functioned so effectively at this task for 93 years, deserves a conspicuous place in the thoughts, the prayers, and the support of every loyal Baptist in our association.

Very few people understand the magnitude and the importance of our Home mission work. It may be realized somewhat by a consideration of the vast number of people in our midst who are unevangelized. They are divided as follows: Native of native white parentage 30,000,000. Foreign and alien people, aggregating approximately 6,100,000, divided as follows: 5,000,000 foreign-born, 600,000 French-speaking Americans, 500,000 Spanish-speaking Americans, 200,000 American Indians, and 11,000,000 Negroes. In Cuba 2,500,000 and in the Canal Zone 50,000.

During 1937 the Board employed 23 new missionaries, built 22 mission chapels and pastor's homes, over 100 new mission stations opened, and more than 5,000 professed faith in Christ. The Board has 332 missionaries working in 886 mission stations. Also, it revived the department of Evangelism with Dr. Rowland Q. Leavell as superintendent.

Continued progress, both in increased receipts and payment on the debt, is shown in the Board's financial report as follows: "Received from all sources $508,454.67, an increase of $64,999.40, and paid $145,560.37 on principal of the debt. This was the largest amount paid in any year since 1929.

This is the fifth year the Board has operated without borrowing for current work, staying within its budget. The Board's fixed policy is that no new missionaries are appointed until the money for salaries is in hand or in sight.

Respectfully submitted,
Jones E. Kirk.

12. The report on the Orphanage written by John U. Garner was read by the clerk in the absence of Brother Garner. The report was adopted.

Report On Orphanage

No denominational institution in North Carolina has had such wonderful growth as our Baptist Orphanage. From "Facts About the Baptist Orphanage of North Carolina" we quote;

"The purpose of the Baptist Orphanage of North Carolina as provided in the charter, section four, is to prepare poor and promising orphans for the duties and responsibilities of life. The orphanage therefore, is not an institution for the feeble minded neither is it a reformatory. In functions in the field where it can be of the greatest service."

Therefore every Baptist in North Carolina must admit that our Orphanage is an institution that is performing a work that is both basic and fundamental. Through our Orphanage we are giving boys and girls who have been robbed of their birthright a chance in life.

There were 688 children cared for last year by our Orphanage, Mills and Kennedy Home. "The expense bill averages $452.14 per day". The annual cost per child is about $300.00. This is the amount of financial interest per child that about 500,000 Baptist in North Carolina demonstrate for our orphanage children each year.

The annual Report for the 1937 term gives names of 43 from Guilford county in our orphanage. We have more than any county in North Carolina. The minutes of our association for 1937 show we gave $8,050.75, by this we lacked some over $5,000 taking care of the children from Guilford county alone last year.

"To North Carolina Baptists the Thanksgiving season and orphan child are inseparable. The orphanage is a channel through which men and women who want to do something in the name of Jesus may enrich their spiritual lives. What shall the harvest be? You have the answer."

Since November 11, 1885 when the first child was received, God has stamped His approval upon the work. Out of the large family in the two homes only one child has died in over six years. God is in this work, are you? If so let us place greater emphasis upon the monthly offerings in our Churches. Let us make preparation now for a larger Thanksgiving offering.

Let us give these our orphan children a chance, for "we are laborers together with God."

Respectfully submitted,
John U. Garner

B. T. U. Report of Secretary to Association.

Report Of B. T. U.

The main object this year of the Piedmont B. T. U. was study courses to be held in each District. This having been accomplished, we, as B. T. U. members, feel as if we have really made a step forward in promoting the work of training young and old. There have been more study courses given in our Piedmont Association B. T. U. than any in the state for the 1937-1938 church year.

Our annual conference was held in the Green St. Baptist Church, High Point, April 23 and 24, 1938. At that time we heard from such splendid speakers as Rev. Wilbur Hutchins, of Durham, Rev. J. A. Neilson of Mills Home and Dr. J. Clyde Turner, Pastor, First Baptist Church, Greensboro.

In June at our Associational meeting we had as our speaker Rev. Gillespie, missionary to China, and in September at our second quarterly meeting we enjoyed a debate on the subject "Resolved that the

B. T. U. should receive as much emphasis in the local church as the Sunday School."

We would like to report at this time six new adult unions in our Association. Our adult work is being stressed greatly throughout the three districts. I believe if we get the adults in B. T. U. we will have the Juniors, Intermediates, and Seniors. We have one entire new organization, that of Latham Park. Some splendid work is being done in that church as well as some others I might mention.

We, as B. T. U. members, pledge ourselves to better service in the coming year and need the prayers of each member of the Piedmont Baptist Association.

Respectfully submitted,

THURSDAY MORNING

19. 9:45—The devotional service was led by A. A. Walker.

20. The report on Woman's Work was presented by Mrs. Nettie H. Hoge. Upon motion to adopt the report the subject is discussed by Mrs. J. Clyde Turner, State W. M. U. President. The report was adopted.

Report Of Woman's Work

"Behold how great a matter a little fire kindleth."

Fifty years ago in the basement of a Methodist Church in Richmond, a small band of women (30 in all) in fear and timidity and with little encouragement from the men, organized the woman's Missionary Union, Auxiliary to the Southern Baptist Convention. With the courage of their faith they were to "expect great things from God and attempt great things for God." The watchword chosen was "Let us consider one another to provoke unto love and good works". Their motto "Go Forward" was their marching orders. Miss Annie Armstrong read a paper—"The Special Obligation of Women to Spread the Gospel." As we review this Jubilee Year, the fruits of these fifty years, we marvel at the assumed responsibility of this obligation and the high standards maintained, as the Union has gone forward in every field of service.

Its work of ministry, enlistment and training the young has been a benediction to the home, churches and its influence has gone out to the uttermost parts of the earth. Schools and hospitals have been built and equipped and maintained; missionaries sent out and salaries paid thousands of members from the Training School, Missionary Unions organized in Foreign lands and thousands have been brought to saving knowledge of Christ.

As a mighty river gathers force as it flows toward the sea, so the Missionary Union during the passing years has accumulated an ever widening field in Kingdom service and is now a mighty force in the church of Christ.

It numbers 34,594 societies and its gifts through these fifty years amounts to $53,232,555.00. The total gifts for 1937 alone was $2,357,000.00.

The W. M. U. of North Carolina has ever made a noble contribution in unexcelled leadership and gifts. The beloved, Miss Fannie Heck, not only led the women of North Carolina, but served three terms as President of the Southern Woman's Missionary Union. Mrs. Wesley Jones, Mrs. Clyde Turner and others have been foremost in leadership.

The Piedmont W. M. U. has long led the State in gifts. Last year $24,116.85 was contributed by the 105 societies of the Association. Eleven out of the forty-one churches in the Association have no organizations.

The trumpet was chosen as the symbol of the Jubilee. Its high notes have ever called the people to action. Its Jubilee call continues "Go forward to meet the special obligation of women to spread the Gospel" and "Expect great things from God and attempt great things for God."

Respectfully submitted,
Mrs. Nettie Hoge, Supt.

21. The report on Hospitals was presented by C. E. Parker. Upon motion to adopt the report the subject was discussed by Smith Hagaman, Superintendent of the Baptist Hospital. The report was adopted

Report On Baptist Hospital

It seems almost superfluous to read a report on the Baptist Hospital in Piedmont North Carolina where so much of its effective work is being done, but for the benefit of those who have not seen much of the Hospital's results, we wish to record a few startling facts about its ministry.

In fifteen years, forty-odd thousand patients have received treatment at the Hospital. An average of fifteen hundred annually of these have been part or no-pay patients. The annual estimate cost of the charity patients for hospitalization, medical and free surgical treatment, is a hundred and ninety thousand dollars. This charity work is provided for by North Carolina Baptists through our Mother's Day offerings. There is a dollar a day provided by the Duke Foundation Fund, but this is only about one-fourth of the cost of a charity patient.

Due to the service that our Hospital has rendered to North Carolina, the applications for treatment are far greater than its capacity. There is constantly a group of patients waiting for entrance into the Hospital, many of them seriously ill. The Hospital Staff seeks to accommodate every patient who comes and if possible turns away none, but the scarcity of space almost demands that some be turned away.

The challenge to North Carolina Baptists is to rise up in response through a program to double the capacity of our Hospital in order that everyone who comes might find a bed waiting.

Therefore, this committee wishes to recommend to this Association that it go on record as pledging its whole-hearted support to this great cause.

Respectfully submitted,
Charles E. Parker.

22. The report of the Committee on New Churches was presented and adopted as follows:

Report of Committee On Reception of Churches

Application for membership in our association has come from two churches, Antioch and Pisgah. Neither church submitted to your committee the Church Covenant and Articles of Faith adopted, nor reported any offering to any couse of our denominational program during the past associational year.

Therefore, your committee would first assure these churches of our earnest desire to see them fully cooperate with all our work. We would commend their zeal for the Lord and their desire to be a member of our association.

Your committee would recommend, first, that the matter of receiving these churches be held in abeyance for the present; and second, that the Church Advisory Committee of this association be requested to investigate the Church Covenants and Articles of Faith adopted by these Churches and their attitude toward orderly worship and our denominational program; and third, that this committee be given authority to act for the Association.

Fraternally submitted,
J. Ben Eller,
A. B. Conrad,
J. C. Gillespie.

23. The report on Christian Education was presented by A. C. Lovelace. Upon motion to adopt the report the subject was discussed by A. C. Lovelace and J. M. Hayes. The report was adopted.

Christian Education

In the minutes of this association for the year 1936, Dr. J. Clyde Turner gave a brief history of our Christian colleges and other institutions. I wish you would read that report again in order that it may serve as a foundation for the present report.

May we now look back of these institutions to another phase of Christian Education. I refer to the influence of the home and the church. Most students will become Christians before they enter college. All should be won to Christ before the college age. This is a responsibility and obligation of the home and the church. Then Christian Education should and will start long before students enter college. This training should be such that these students will be able to stand firm in the faith during college days.

It is my sincere belief that the home and the church, in a large measure, have failed in Christian Education. Our church leaders are largely responsible for this deplorable condition. To remedy this situation, we need more dependable fathers and mothers; we need preachers who will stand for the right rather than cater to certain so-called influential members. We need teachers who will not only teach the truth but who will practice the same every day.

The standard back home will have to be raised higher before we may expect our colleges to do their best. The late Dr. W. L. Poteat, some years ago, told the following story:

A certain young man from our own state came to Wake Forest College. He registered as a ministerial student. He spent his four years and graduated in due form. On his way home he stole a horse and ran away from the state. Dr. Poteat said the boy was not a minister when he came to college and he was not one when he went away, for, said he: "We do not make preachers at Wake Forest; we help those who are already preachers." The same might be said about Christian Education. Let us raise the standard in our local communities and churches and then we may rightly expect a higher standard in our colleges. For our leaders, O Lord, give us both MORE MEN and MORE MAN!

A. C. Lovelace.

24. Following the singing of "Trust and Obey" the report on Social Service was presented by Wilson Woodcock. Upon motion to adopt the report the subject was discussed by Wilson Woodcock. The report was adopted.

Social Service

The basis of all Social Service as it is interpreted by the Social Service Commission of the Southern Baptist Convention may be found in Romans 14:17, "For the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost." This and many other teachings of God's Word present the fundamental principles by which we seek to understand and purify all social relations.

Dr. E. Y. Mullins says "The teachings of the Gospel of Christ deal directly or indirectly with all the social institutions of men."

The divorce evil is distinctly anti-Christian since Christ recognized only one ground for divorce. (Matt. 5:32.)

While modern economic problems were not discussed in their technical aspects by any of the writers of the New Testament it is evident that all forms of social wrong and injustice are opposed to the ends of the Gospel and the kingdom of God. The spirit of brotherhood, in which every right enjoyed entails a corresponding obligation, is the central truth in God's teaching concerning human relationships.

Class consciousness as indicated by the terms, labor and capital is unchristian. When all men, whether they be employers or employees, are brothers in Christ, and walk together in righteousness then, and only then will labor troubles cease.

Race consciousness, or persecutions because of race, will find no commendation from our Lord Jesus Christ. Our particular racial problem concerns the Negroes. Eight of them were lynched last year. White landlords charge them exorbitant rent for disease breeding hovels. Wages paid them are so low as to be a contributing factor to disease and crime. And these spectres are no respecters of racial or community lines.

Nationalism, or any narrow form of patriotism, violates the principles of Christian brotherhood. There are four powerful nations of the world which are openly preaching this anti-Christian doctrine. Other nations are practicing the doctrine without so openly declaring it. Hence there are wars and rumors of wars. All nations live in fear of invasion by an enemy. Nations impoverish themselves in buying war material and maintaining armies and navies. And they that live by the sword shall die by the sword.

As never before, religious liberty as guaranteed by our national constitution is threatened. "The National Advisory Committee on Education has just recently recommended that large federal appropriations be made to education, with specific provisions that a good portion of the funds may be used for sectarian institutions." This is a quotation from the report of the Social Service Commission to the Southern Baptist Convention in May, 1938. This opens the way for governmental control of sectarian institutions of all kinds. The government at present exercises such control in the resettlement projects.

When the government controls religious institutions, then the religious body which has the most votes will govern all other religious bodies. Therefore, let us keep religion free in the United States, by keeping the Church and the State separate.

Our most immediate social problem is that dealing with the liquor traffic, with its attendant evils, vice and gambling.

We recommend: That total abstinence be taught from our pulpits, and in all church organizations,

That we do not support any candidate for office who favors the legal sale of any alcoholic beverages.

That our churches be urged to give more liberal support to the prohibition agencies in our state and nation.

Respectfully submitted,
Wilson Woodcock.

THURSDAY AFTERNOON

27. 1:30—The devotional service was led by Rev. E. F. Mumford.

28. The report on Sunday Schools was presented by A. A. Walker. Upon motion to adopt the report the subject was discussed by A. A. Walker and Frank L. Paschal. The report was adopted.

Sunday School Report

In this association the work of the Sunday School as well as that of the Woman's Missionary Union and the Training Union has assumed such proportions as to necessitate a separate associational organization. For some time the Sunday School Association has been meeting on Fifth Sunday afternoons with a rather poor attendance. The last meeting was held on the Friday evening before Fifth Sunday and with such signal success that it was voted to hold all regular meetings on the Friday evening before each Fifth Sunday. To our regret we are not reaching the goals of a Standard Sunday School Association. This is due in part to the fact that we have not even one Standard Sunday School in the Association, and also to the possibility that we have not yet become associationally minded enough to make the sacrifices necessary to reach an associational standard.

The statistical table will show our enrollment, average attendance, Vacation Bible schools, baptisms, and other such achievements. In this report we would emphasize two urgent needs and one golden opportunity. First, we need to make the local school a truly Bible teaching agency. This necessitates a well prepared lesson on the part of both the teacher and the pupil, with an enthusiasm that exceeds that of the week-day school. Second, we need each school cooperating with every other school in making possible an ideal, healthy, happy and zealous Sunday School Association. This will require attendance from each school, complete reports, and an effort born of zeal, prayer and vision. Third, surely every church will use the opportunity her school offers in the great cause of evangelism. Here at hand is a faculty of talent, influence and consecration. Let each teacher be a soul winner. Let every Christian work through the Sunday School organization. When we come to teach the Word as Philip taught it to the Eunuch some one will say "see, here is water; what doth hinder me to be baptized?"

Respectfully submitted,
A. A. Walker.

29. The report on Minister's Relief and Annuity was presented by A. Lincoln Fulk. Upon motion to adopt the report the subject was discussed by Walter Crissman and J. M. Hilliard. The report is adopted.

Report on Ministerial Relief and Annuity

One of the most appealing and most neglected phases of our organized work is that of relief for old and disabled ministers of the Cross of Christ. Because we do not wish to forget these needy Soldiers of the Cross and have them become objects of charity, the Relief and Annuity Board was organized in 1918. The aim of this Board has been to be able to give security to our worthy veterans of the Gospel; this has been realized in part in direct relief and in annuities.

The work of the Board, therefore, is two fold. First, to give direct relief to ministers and their widows as the funds will permit, and, secondly, to furnish the annuity plan for churches and ministers who are willing to cooperate to assure the minister an income at retirement age. However, only eighteen churches in the state have enlisted with their pastors under this plan. In most cases the salaries of the pastors have been too low to permit them to enter such plan; therefore, Secretary Huggins is working on a plan whereby the Mission Board will become one of the contracting parties to the plan and thus lessen the cost to both pastor and church.

Irregardless of the plan adopted, Southern Baptists need to become conscious of their responsibility to aged ministers. As a class, ministers are not rich, but receive salaries too small to permit adequate provision for old age or loss of health; it is not suggested that these brethren be made rich, but that they be released from anxiety concerning their support in old age.

This is a time when the nation is pension-conscious. But let us keep in mind that the minister is not included in any of the legislative plans now before congress. He is still the responsibility of those to whom he has given his years of service. Shall the government, corporations, and business concerns in general be more conscious of their responsibility to those who give years of service than are the churches themselves? Should the minister continue to feel that the business world offers more old-age security than does the church? Should the government have to step in and take care of neglected preachers who have been forsaken by those to whom they have given their lives? Let each church in the Association either increase its gifts to Ministerial Relief or cooperate in the annuity plan whereby the security of the old servant of God may be assured. The minister is worthy of his hire and of his keep.

Respectfully submitted,
A. Lincoln Fulk.

30. The following recommendation presented by J. Ben Eller was approved:

"I move that the Piedmont Baptist Association commend to our General Board and to our North Carolina Baptist State Convention a favorable consideration of some plan of cooperation with our Ministers' Relief and Annuity Board similar to that now followed in South Carolina; and that our Clerk be requested to send a copy of this motion to Brother M. A. Huggins.

31. The Verbal Report Hour was in charge of Harvey L. Paschal. Representatives from eighteen Churches reported.

32. The report on Obituaries was presented by C. D. Barton. The report was adopted.

Report on Obituaries

Jesus left to His Bride, the Church the ordinance of the Lord's Supper lest She forget Him and His death and His suffering, and His coming again. So it is fitting that we should not forget those who have toiled and sacrificed and suffered that the cause of Christ should thus far be advanced. May we take up the torch of faith flung to us by their failing hands, and bear it high in loving memory of their devotion to Him who shall come again to receive His Bride.

May He find us watching, for in such an hour as we think not He cometh.

Respectfully submitted,
C. D. Barton.

Report of Resolutions Committee

Whereas the Piedmont Association meeting with the Hilliard Memorial church, October 19, 20, 1938, has experienced one of the finest sessions in its history, be it therefore resolved:

First, that we express our appreciations to the hostess church and her pastor, H. O. Miller ,and all the Baptist churches in High Point that assisted her, for every effort on their part to entertain the association in the gracious way they have.

Second, that we acknowledge the charitable, untiring and wise efforts of our Moderator, Grover H. Jones, who has personally visited the majority of the churches in our association during the past year and made possible in many other ways the success of this meeting; and to our Clerk, O. E. Lee, qualified with an experience and concern peculiar to no other, who so gladly has made himself available to every demand that has arisen throughout the year.

Third, that we heartily commend the work of the Woman's Missionary Union, the Sunday School, and especially that of the Young People as demonstrated in the Wednesday evening program of this meeting. We urge all our young people to lay their various talents upon the altar of service.

Fourth, that we acknowledge our debt of gratitude to God for all the spiritual contributions made in this meeting through every person taking part on the program.

W. M. U. ANNUAL REPORT

Theme: Entrusted Tasks—John 14:15

The Woman's Missionary Union of the Piedmont Baptist Association held its regular annual session with the Reidsville church April 28, 1938, the Supt. Mrs. Nettie H. Hoge, presiding.

After the devotional period order of business was taken up. The minutes of last meeting were omitted. Leaders of the three districts brought reports showing much interest and activity, Miss Ruth Scott brought a report from the young people's work, Mrs. J. J. Andoe spoke on Mission Study, and Mrs. C. N. Royal, Stewardship Chairman, gave her report.

Two committees were appointed by the chair and asked to report at the afternoon session. Nominating Committee—Mrs. J. S. Moore, Mrs. Morrison, Mrs. H. M. Fitts, Mrs. H. L. Koontz. Committee on Time and Place and Resolutions—Mrs. O. J. Howard, Mrs. F. L. Conrad, Mrs. J. H. Saunders.

After the singing of hymn "To The Work," Mrs. J. Clyde Turner was asked to take the chair while the Supt. made her report and gave her message. Mrs. Hoge's theme was "Our Entrusted Task." She expressed gratitude to God for blessings on the year's work; paid tribute to the Pioneers and spoke of larger plans for the new year. Enlistment and development of those enlisted were stressed, and the value of having goals for each organization in the churches was emphasized. Mrs. Hoge stated her belief that the most vital task before the church today is the homeland. Preserving our entrusted heritage and propagation of our Christian ideals and principles. She spoke of the evil forces at work in our country to tear down what we have wrought and urged that the situation not be accepted passively, but that Christ's followers be alert to the dangers on every hand.

Dr. J. Clyde Turner was next presented and brought a message on "Soul Winning." The importance of winning people to Christ, the cry of a lost world and the command of Christ were the three points stressed. "I think we are making a failure if we fail in this supreme task of winning souls to Christ," was Dr. Turner's concluding thought.

The meeting then adjourned and the ladies of the hostess church graciously served lunch to the assembly.

The meeting was called to order at 1:45 for the afternoon session. Devotional period was led by Miss Thelma Patrick, who stressed individual responsibility in winning souls to Christ.

Mrs. L. M. Gideon, Chairman of Personal Service, was called on for her report. She emphasized work among the Jews and Negroes, and gave her report in the form of a reading entitled "The Heavenly Guest."

Reports of committees was next asked for, and Mrs. J. S. Moore, Chairman of the Nominating Committee offered the following names for election: Supt., Mrs. Nettie H. Hoge; Leaders of Districts: Reidsville, Mrs. T. L. Sasser; High Point, Mrs. H. A. Knight; Greensboro, Mrs. O. J. Howard; secretary, Mrs. A. Andrews; treasurer, Mrs. C. E. Siceloff; Leader of Young People, Miss Ruth Scott; Stewardship Chairman, Mrs. C. N. Royal; Personal Service Chairman, Mrs. L. M. Gideon; Mission Study, Mrs. J. J. Andoe.

Mrs. O. J. Howard, Chairman on Resolutions and Time and Place, submitted resolutions and reported time for next meeting last Thursday in April, 1939.

Mrs. J. Clyde Turner presided over a memorial service, the Union standing for a brief time in memory of those who had died since last meeting. Mrs. Turner read a beautiful tribute to Mrs. N. R. White, a beloved member of the Reidsville church, who had served long and faithfully. Mrs. H. E. Armstrong sang "Those Golden Bells." After the singing of hymn "How Firm A Foundation" a Golden Jubilee Pageant was given under the direction of Miss Netta Liles, assisted by members of the First Church, Greensboro.

The meeting then adjourned.

MRS. CHAS. A. TUCKER, Secretary Pro-tem.

J. M. HILLIARD

To whom this Volume of the Minutes is Dedicated by order of the Association.

Reverend Joseph Marcellus Hilliard, born in Wake County near Raleigh, March 17, 1850. His parents were James Wilford and Harriet Broadwell Hilliard. He grew up in the Green Level neighborhood in the western part of Wake County. Baptized into the fellowship of Mount Pisgah Baptist Church by Rev. Patrick W. Doud, September, 1865.

Mr. Hilliard was educated at Yates Academy and Wake Forest College. He entered the ministry November 10, 1871. During his ministerial life he served as pastor 18 village, town and city churches.

Among these town and city churches are: West Raleigh, Raleigh; Cherry Street, Greensboro; and in High Point, Green Street, Southside, Mechanicsville, Hilliard Memorial. Other town churches include Thomasville, Ramseur, Summerville, Franklin, Swannanoa, Morrisville, and many other small village churches. Among the country churches in Wake County, he was pastor of Green Level, Mt. Moriah, Wakefield, Leesville, Forestville, Cross Roads and Bethany. In Davidson County the historic old Abbott's Creek Church, Liberty, and Reed's Cross Roads. In Durham County, Red Mountain, and Berry's Grove. In Buncombe County, Berea, Cave Creek, Beaver Dam, North Fork, and Mt. Carmel. In Macon County, Cowee and Mt. Hope. He also served other small Baptist Churches too numerous to mention.

Mr. Hilliard was married three times. He first married Mary Colon Hinton, October 24, 1879. To this union were born two daughters and two sons. The daughters who are now living in High Point are Mrs. C. E. Siceloff and Mrs. Bascom Hoskins. The sons, Jim and Eugene, died several years ago. The second marriage was to Tranquilla Johnson, September 25, 1900. The third marriage was to Mrs. Elizabeth R. Knight, December, 1906. To this union was born one daughter, Ruth Hilliard.

He baptized more than a thousand in the above churches, and built more than ten houses of worship.

He was Moderator of the Piedmont Association for seven or eight years, worked with the State Mission Board for about 50 years, and was once Vice-President of this board. He was elected Secretary and Treasurer of the Mills Home, Thomasville, North Carolina, in 1891. He was also, while working with the late lamented J. H. Mills, pastor of the Orphanage Church.

Although eighty-nine years of age he was interested and active in the Lord's work until he passed to his Heavenly Home, April 1, 1939. Two weeks before his death he preached at the Green Street Baptist Church, and the Sunday before his home going he attended Sunday School and Worship Service at the First Baptist Church in High Point. His daughter said of him — "He was far too feeble to get out, but his greatest joy was preaching God's Word and going to His house."

4. Message of Moderator

MESSAGE OF MODERATOR

Moderator Grover H. Jones delivered a brief message to the Association. His message, in part, is as follows:

"The supreme business of God in this age is the gathering of the church. Christ positively identifies Himself with the church. Indeed, He gave up His life that He might found the church. The Apostle Paul sacrificed himself in his endeavors to build up the church. He was willing to do anything, dare anything, endure anything if only he might honor and magnify Christ by establishing churches to embody the teaching, philosophy, Spirit and mission of Jesus.

"America was founded upon New Testament principles, and our civilization in America is held together by principles, by convictions and conceptions of duty regarding the family, the state and nation. As Baptists we believe that there can be no true stability, no permanence in civilization apart from Christianity; that without God a nation is without the one force that insured integrity in office holders, law observance by the people and adequate standards and objectives for a great national life.

"We are living in a great age, a marvelous day. Today is a summing up of all the centuries. It is a storehouse into which the ages have poured their treasures. Into this day are packed all the success, all the achievement, and all the progress of the past. Surely Baptists have the opportunity of aspiring to a grander destiny than has opened before any other denomination."

In concluding his message the Moderator suggested that the following should characterize the members of our churches during this associational year:

1. A deeper, richer experience in our prayer life.
2. A more earnest and a more constant study of the Bible.
3. A more devoted loyalty to the church.
4. A more faithful stewardship.
5. A more earnest effort to make our churches more influential and effective in the communities in which they are located.
6. A more cooperative Spirit among the churches of our association.

5. The report on Religious Literature was presented by John U. Garner.

Upon motion to adopt the report the subject was discussed by Dr. John C. Slemp, and G. H. Jones.

The report was adopted.

REPORT ON RELIGIOUS LITERATURE

There is no book in all the world that can take the place of the Bible, God's Holy word. We would urge our Baptist people to spend much time in the reading of this great Book. It is here we find a solution to all our problems. Surely every Christian should read a part of God's word every day.

We could not confine our reading to the Bible alone but all of our Baptist periodicals. "Commission," "Home Missions," "Royal Service," "Charity and Children" and last but not least "Biblical Recorder."

The Biblical Recorder is our paper, owned now by North Carolina Baptists. It would be a new day in North Carolina if we could get every Baptist family taking and reading the Biblical Recorder.

Our Baptist people will do when they know what to do. They will gladly support our work when they understand our work. I am convinced that the best source of information we have in North Carolina is our own Baptist Paper.

We would urge that all Baptists who are not already reading our Baptist Papers, subscribe for them to-day, and especially the Biblical Recorder, our own denominational paper, and the bureau of information for our State.

Respectfully submitted,
John U. Garner

6. The report on Social Service was presented by C. N. Royal. Upon motion to adopt the report the subject was discussed by State Senator L. A. Martin of Lexington, Dr. M. A. Adams, and A. L. Fulk.

The report was adopted.

SOCIAL SERVICE

A great deal is said in the Bible about one's relation to another. It is also revealed in the Scriptures that no man liveth unto himself and no man dieth unto himself. We are taught by the greatest of all teachers that our neighbor is the person who needs help, whoever or wherever that person may be found.

True religion has to do with our relationship to God and man. Our relationship to God is not right until it is right toward mankind. So social service is of vital concern to our churches and to our Association. Our part as a group of united churches is to encourage and support all that is good with our influence, our money and our prayers. At the same time, we are to put up a solid front against all that is bad. There is much that is evil in the world today. If a person is inclined to be a pessimist and look on the dark side there is enough to encourage him in his belief. In fact, it would be hard for him to overstate his case.

As earnest Christians our Baptist people are interested in everything that affects human life and freedom and the on-going of the Kingdom of Christ. If we look into the internal affairs and relations, at the present time the picture is not at all bright or encouraging. We can only hope and pray, and this we must earnestly do, that behind the dim unknown God does, indeed, stand within the shadows keeping watch above his own, and out of this war and international confusion a gracious God may somehow bring peace and order, that the Gospel of Christ may have free course and may run and be glorified.

The liquor situation in North Carolina is the most confusing and difficult situation with which the people have ever been called upon to deal. In yesterday's Charlotte Observer we observed this heading" "Liquor sales in North Carolina higher for September." The State ABC Board reported today that liquor stores in 27 counties sold $610,629.55 worth of intoxicants during September, a gain of $6,451.15 over September, 1938. Sales for the first quarter of the fiscal year were $1,742,845.44. Durham County led in September sales with $88,755.55, and Wake was next, with $86,941.95. You can see that drinking in North Carolina is on the increase. We are to carry forward in a ceaseless and persistent manner the work of informing and educating all of our people, old and young, concerning the evil and havoc of intoxicating liquors, and that we do not support any candidate for office who favors the legal sale of any alcoholic beverages.

It is impossible to include all the vices that are affecting the public morals of this day in one brief report. There is an ever increasing ratio of divorce. It is easier to get a divorce now than it is to get license to get married. There must be instilled a deeper realization of the sanctity of marriage and of the home. Moral standards are lowered today. Gambling is on the increase. The Lord's Day is being used more and more as a day of sport. Sunday baseball, golf, moving pictures, and other forms of Sabbath desecration are becoming more popular.

We must do all within our power to raise the moral and Spiritual life of our day and generation. Righteousness exalteth a nation but sin is a reproach to any people.

Respectfully submitted,
C. N. Royal

7. After singing "Love Divine" Chas. E. Parker led in prayer.

The Introductory sermon was preached by Dr. J. Clyde Turner..

The Scripture was Phil. 2:5-11; subject "Magnifying Jesus As Savior and Lord." The sermon was deeply spiritual and an inspiration to all.

8. The following visitors were recognized: J. S. Hopkins, L. A. Nall, C. E. Baker, Wilbur Hutchins, R. H. Weaver, S. T. Morris, Dr. J. C. Slemp.

9. Rev. T. L. Sasser speaks words of welcome. The response is made by Rev. A. A. Walker.

The session is adjourned with prayer by J. S. Hopkins.

11. Announcement is made by S. T. Morris relative to radio temperance programs to be given over a net-work including Charlotte, Salisbury, Winston-Salem and Raleigh.

12. Motion is passed asking the Church Advisory Committee to act as the Committee on New Churches this year and next year.

13. The following reports were presented and upon motion to adopt the reports the subjects were discussed by Rev. W. Perry Crouch, Secretary of Christian Education for the Baptist State Convention, and Rev. A. R. Gallimore, Missionary to China.

The reports were adopted.

STATE MISSIONS

1. We are aiding about 160 churches in helping to pay a part of the pastor's salary. So far as we can see, if this aid should be withdrawn, many if not all, of these churches would hardly be able to continue their work.

2. As rapidly as we can we are aiding churches here and there in small amounts to enable them to provide better buildings and a little Sunday School equipment. But we have on hand applications for some $40,000 from needy and strategic places that we cannot meet at all for lack of funds.

3. We are carrying on the Sunday School, B. T. U. and B. S. U. departments of our work; and you know these agencies are trying to lead in the teaching and training of our people in the churches and provide a normal religious life for the Baptist students while they are away from home.

4. We are providing for missionaries, on part time basis, whose business it is to visit the sick in the state tuberculosis sanitoriums and in the school for wayward girls near Aberdeen.

5. We are providing also, through Mr. and Mrs. Lunsford, a ministry to the Indians in Robeson County.

6. We are providing for a Pastor's School at Meredith and at Mars Hill; and these we know are providing a great blessing to the pastors who attend.

7. We are aiding the Negroes in North Carolina, and the progress they have made since we undertook this work some years ago is wellnigh marvelous.

8. State Missions make it possible for the Board to keep Mr. Alexander and Mr. Pipes on the field as general missionaries, who all during the year seek to aid the pastors in vitalizing the churches.

9. We mention also the task of ministering to the prisoners, not because we have done anything about it but because for three years we have wanted to and could not because of lack of funds. Here, in our opinion, is a golden opportunity which we are neglecting. A great offering for State Missions would help us to undertake this task next year.

10. We recommend that each church plan for an annual special offering to State Missions over and above the percentage from the unified budget or the amount subscribed at the beginning of the year.

And that this special offering be fostered by the Sunday School, the B. T. U. and in the regular church services as well as in the W. M. S.

REPORT ON HOME MISSIONS

"Beginning at Jerusalem."

Jesus taught that religion begins at home and so does our missionary task. Only for convenience and identification do we divide our mission work and label it as city, state, home, and foreign. In the sight of God there is in reality no such division, for a soul out of Christ is lost whether it be next door or on the remotest isle of the sea, and all souls are equally precious in the sight of God. Thus our missionary task begins wherever there is one lost soul. Therefore, we do not to leave the homeland to find a great field of human need. Millions here in the homeland are without Christ and thousands have never even heard the Gospel. These are cut off by social, economic, racial, and language barriers from the services of our churches. We have a great and inviting challenge for missionary service to the five million foreign born, six hundred thousand French-speaking Americans, one half million Spanish-speaking Americans, two hundred thousand Indians, eleven million negroes, and the mountain peoples in our midst; and the two and one half million Cubans and fifty thousand residents of the Canal Zone. These are crying "come over next door and help us."

For ninety-four years the Home Mission Board has been carrying the light of the Gospel to many of these millions of our neighbors. This Board has experienced the joy of seeing thousands find the Christ, and in its program of evangelism under the leadership of Dr. Roland Q. Leavell has not only seen many new converts in Christ but has also been instrumental in reclaiming and reenlisting many of the wandering Christians within our own southern churches. While we usually think of the Home Mission task as restricted to this continent, it is, in reality, state, national, and foreign in its reaches. In reaching the foreigner in our midst, Home Missions has very often sent back to their native lands Christians to do a work that no other missionary could do.

The Cooperative Program is the chief source of financial support for the Home Mission task. Dr. J. E. Dillard says, "Without Home Missions the Cooperative Program would fall to pieces. If you should cut out Home Missions from the Program it would bleed to death." Home Missions is necessary to the success of Foreign Missions. If we do not win the homeland, we cannot win foreign lands. Thus our mission program is inseparably linked with our whole mission task. Home Missions is the center from which all our missionary activity radiates. Christ commands each one of us to be a missionary, and we can do so by beginning at our very doors. "The light that shines fartherest, shines brightest at home."

REPORT ON FOREIGN MISSIONS

Ninety-four years ago the Foreign Mission Board of the Southern Baptist Convention was organized. The achievements of these years have been glorious and their story reads like a romance. The present world situation, with many lands rent and torn by the ravages of war, and civilization itself threatened by the terrible conditions that prevail, give a gloomy outlook. These are perilous times and no one can tell what a day may bring forth. So our Foreign Mission Board is facing one of the most, if not the most, distressing period of its history.

But in such a dark hour there are many things to encourage and give hope and cause rejoicing.

The last report of the Board reveals these interesting facts. There are 437 missionaries in active service, or fifteen more than last year. There are also 64 on pension, several of whom are still on the fields and helping to carry on the work.

There are 1794 churches, 1,053 of these are self supporting, there are also 3,046 out-stations,—on the various fields, there are 959 ordained natives and 1990 unordained natives who are actively engaged in the work.

During the year there have been 16,207 Baptisms and the churches have a total membership of 214,975—with 1,497 houses of worship, 2,457 Sunday Schools with 107,005 scholars enrolled—there are 1,397 womens societies with a membership of 31,373 members. There are also 1,473 Young Peoples societies—with 34,733 members who are being trained for service. The total native contributions for the year amount to $394,439.—When we think of all this and the terrible conditions under which much of this work has been carried on we have great reason to thank God and take courage.

In China, Japan, Spain and the nations of Europe the work is greatly hindered by war and the hostile attitude of the governments. Our missionaries are facing great perils—much of our missionary property has been destroyed or is in the hands of the enemies of Christianity, but the sacrifices the missionaries and native workers and members of the churches are making, their steadfast devotion and loyalty make one of the most glorious pages in our missionary history.

The most distressing feature of the whole situation is the attitude of multitudes of our American Christians and very many of our churches. They seemingly have no concern for a lost world and feel no responsibility as to that last word of Jesus, "Go ye into all the world and preach the Gospel to every creature." If our home churches would become alert and enlisted and give themselves to prayer and provide the means—which is their God given duty and responsibility—then in spite of wars and hostile governments, and all the base forms of heathenism there would be glorious victories and the lands now in the darkness and shadow of death would arise and shine in the radiant light of a serving gospel. Christianity is the only hope—It is Christ in every land or chaos in all the world.

The W. M. U. is carrying on a persistent work of study and training and generous giving. In most of our churches and more than any other organization they are "keeping the home fires burning."

We would command a wider distribution of missionary literature and urge that "The Commission" our fine Foreign Missionary Magazine be put as far as possible in the homes of all our people. At such a time as this our people need the information it carries month by month—information begets interest and interest stirs to action.

The cause of Foreign Missions is the greatest obligation of Southern Baptists.

A. B. Conrad

THE CHALLENGE OF OUR CO-OPERATIVE PROGRAM

Born in the heart of God, cooperation in service has continued down through the Ages and will continue because of its Divine origin. In this Divine Cooperation we see God the Father, God the Son, and God the Holy Spirit. God the Father—Law, God the Son—Love, God the Holy Spirit—Comforter. Each of these Divine Attributes has his own Dispensation but works together to one end—the salvation of man.

Man being created in the image of God caught something of his Spirit and therefore has worked together consciously or unconsciously throughout the centuries carrying on the progress of this world. A part of the cooperation of man has been to build communities, towns, cities, states, nations and empires together. Men have suffered, sacrificed and died together for worthy causes. And one might go on pointing out concrete examples of this cooperation without end, but neither time or space will permit.

At different periods in history Christianity has shown its strength and made its greatest strides through cooperation. Perhaps our own Denomination made its most forward step in the work of Luther Rice in the early part of the Nineteenth Century. At that time, our State Conventions, General Associations, and local Associations were organized. Our Baptist Colleges, Denominational Papers, Bibles and pamphlet societies were brought into existence. In addition to this, a great missionary consciousness stirred the whole world and in particular the South-land.

Catching up the loose threads from there, our Denomination has gone forward in a great Denominational Program. The missionary Spirit that was born then grew in momentum until we built our Foreign Mission Board in Richmond, and hundreds of missionaries are preaching the Gospel of the Lord Jesus Christ in all parts of the world. We have added to that, our Seminaries where men and women are trained for the purpose of preaching the Gospel at both home and abroad. We are likewise sending missionaries to the Jews, Italians, Chinese and Japanese, Indians, and Negroes here in our Homeland. Here within our own State, we are sending missionaries to some of the remote sections where preaching could not be heard otherwise. We have a great system of Christian education in the Sunday School, Training Union and Educational Department of our State Convention.

The effort is being put forth to preach the Gospel to the Indians within our own borders, to help with the Negro work and to do part-time work at the State prisons and Tubercular Sanitariums. Then, in our own State and throughout the entire Southern Baptist Convention, the Gospel of caring for orphan children and ministering to the sick is being effectively done.

I am sure we have mentioned only in part the work of our Denominational Program, very likely leaving out one of our most active services. However, there must be a word said about how all of this is done. When we give a dollar to benevolent causes, our State keeps sixty per cent of that for work done in our own Convention. The other forty per cent is sent directly to the Executive Committee of the Southern Baptist Convention where it is apportioned out to the various causes.

There is a deep and abiding conviction among all of us that the division of this dollar should be fifty-fifty and we pray for the day when it shall be divided that way. But at present, there are pressing needs at home and we must take care of the home base in defense of the battle line.

Would you say the ministries enumerated in this report are worthy to challenge us? If this program is not a challenge, then spiritually our consciences are void and without feeling.

Respectfully submitted,
Charles E. Parker

REPORT ON MINISTERIAL RELIEF AND ANNUITY

After a number of years in which some efforts have been made to awaken a conscience and concern on the subject of worthy ministerial relief and annuities for our Southern Baptist ministry, we have at last made a real beginning.

A plan is now operating in many states including our own which is meeting with the approval of most of our churches and ministers. This is a group plan and therefore makes a strong appeal to our benevolent nature. It not only provides adequate provisions for our old age and for any total disability which might come to us, but also makes possible more funds for the help of our old preachers who have finished their work and are now on someone's charity.

This plan is flexible enough for us to pay from two to four per cent of our salary with our church or churches paying the same proportion and the convention paying twenty-five per cent of the amount the pastor pays.

This contract will then pay us twenty-five per cent of our salary if we become totally disabled anytime after eighteen months of participation. And fifty per cent of our previous salary any time we retire after reaching the age of sixty-five, if this is after 1953 and a smaller proportion if before.

Now that the Federal government has put into effect a similar plan in which all public employees are forced to participate, it should be easy for our churches to appreciate this plan and enter heartily into it.

In the past year our Annuity board has paid out in relief to ministers and their widows more than ninety thousand dollars. In Annuity benefits $233,748. It now stands ready to serve all of our ministers and churches.

Let us urge every church in the Piedmont association with her pastor to enter the plan before the end of this month in order that they may enjoy the full benefits of the plan. Because each pastor who enters after the first of November will have his benefits reduced in proportion to the time he delays.

Respectfully submitted,
J.H.Saunders

REPORT ON SUNDAY SCHOOLS

Time marches on and our Sunday Schools are still growing and making the advancement of Christ's Kingdom on earth by teaching as the real objective of the work.

In our churches special efforts were made in Evangelistic work for 1939. We find that they have been very successful according to information furnished us, and our Sunday School leaders, teachers and officers have co-operated by making special efforts to bring the unsaved to know Jesus as Saviour and Lord. and to quicken the consciences of the rank and file, to exercise their faith and love by bringing the millions of starving, helpless, unsaved peoples to the Saviour.

Still we have just begun to find ourselves in this service. The success of the special program of Evangelism should encourage those who have met with success, to try to attain to greater heights, and to those of us who have not plunged ourselves into the work unreservedly to be aroused and inspired by the achievements of others and put ourselves wholly into the leading of His Spirit for service to win the lost to Him who gave his Life that all might have the Abundant Life.

In our Sunday School Associational work for this year, we have had quarterly meetings which have been well attended by those churches participating and we feel that a great deal of lasting good has been accomplished. Good programs have been rendered and we are grateful for the loyalty of so many who have contributed to the success of these meetings and for the good accomplished by work in the individual Sunday Schools. Our hope is that we can have more to attend these helpful meetings.

For the ensuing year we make the following recommendations:

1. That we continue with fervor and enthusiasm our program of Evangelism. An enlargement program including census taking, visitation day and special Evangelistic efforts in the classes are effective methods in accomplishing results.

2. That we continue to have Vacation Bible Schools, if possible, in every church of the Association.

3. That we have as our aim and objective at least one training course taught in every Sunday School.

4. The organization of new Sunday Schools in unchurched communities and assistance to our recently organized Sunday Schools.

5. That in all things we depend on Christ's leadership and magnify His Name for all victories won.

Frank L. Paschal

22. The report on Hospitals is made by D. W. Overbey. Upon motion to adopt the report the Hospital work is discussed by Smith Hagaman, Superintendent of our Baptist Hospital.

The report is adopted.

BAPTIST HOSPITAL REPORT

The Baptist Denomination owns and operates 20 hospitals in 14 Southern States. These have a total bed capacity of 3,000. About 100,000 patients were treated in this last year.

Our own Baptist Hospital, located in Winston-Salem, received its first patients May 28, 1923. Since that date 44,635 patients have been treated (July 14, 1939). A little more than 4,000 were treated last year. This number will not be increased this year as we have gone the limit. A little more than one-third of these were service patients, that is, they paid little or nothing.

About 90 per cent of these came from outside Winston-Salem.

It is always interesting to note the large number of mothers who have families of children at home. More than 1,000 of these were this year blessed to return to their more than 3,000 children.

The hospital treated last year about 100 preachers, missionaries and ministerial students. Almost all of these were free service.

The hospital with its fine staff of 72 doctors and four internes rendered during last year $196,177.00 of free service. We have 42 specialists on our free service staff.

The hospital has a staff of 82 nurses—51 are students in training. The Nurses Training School can accept only 16 in its September Class. They have already been selected from a little more than 500 applicants.

It is interesting to note that these patients come from almost every county in the state. A fair idea can be obtained any day by a check up of any of the large wards. A few days ago it was demonstrated that the seven patients in a ward were an average of 102 miles from home.

It is little less than a tragedy that during the past year the hospital has been compelled to turn away more than 2,000 patients for lack of room. During the year, it is estimated that 1,000 patients in Winston-Salem, who could pay their bills, were turned away in order that the hospital might take those who could not pay a hospital bill.

Plans are going forward to immediately add 100 more bed space to the hospital, giving the hospital a bed capacity of 212. This will enable the hospital to treat 8,000 patients each year. This ought not to be a difficult task for a denomination comprising a membership of almost a half million—One half the entire membership of all denominations of our state. For the expense of caring for these multitudes of sick who cannot pay, we must look largely to the Mother's Day offering and free donations of the hospital linen by the W. M. U. and other organizations.

Respectfully submitted,

D. W. Overbey

23. The report of the Orphanage is presented by H. R. Starling.

Upon motion to adopt the report the subject is discussed by J. A. McMillan.

The report is adopted.

REPORT ON MILLS HOME

The Baptist Orphanage at Thomasville, N. C., was founded in 1885. The following men have served as Superintendent of the Mills Home: J. H. Mills, 1885-1889; J. B. Boone, 1895-1905; M. L. Kesler, 1905-1932; I. G. Greer, 1932—began his service and is faithfully doing his best to serve in the greatest possible way.

The first child was received for care in the home on November 11, 1885. Mills Home had a small beginning compared with the home today. For at the present there come to the home about one hundred applications each month from worthy children who so badly need Mills Home care. However our Orphanage is not able to take in but a small part of these applicants because there is no room for so many children there.

The purpose of our Orphanage is to prepare orphan boys and girls for the duties and responsibilities of life in a world of opportunity. As a result every possible effort is put forth to provide the best conditions for these boys and girls to prepare physically, mentally and spiritually for places of noble service to humanity.

It is the duty of North Carolina Baptists to make possible for our Orphan children a condition in which they may prepare for leadership tomorrow. At the present the conditions are not what they ought to be if we are able to meet the needs of the advancing demands. The public demands more of her leaders today than was demanded twenty years ago. Therefore if we fail to make more provisions whereby the increasing demands may be met, then we are consenting for our children to take some secondary place in life.

Perhaps the greatest way that we can help in our Orphan work is to increase the monthly offering taken for the Orphanage in our Sunday Schools. For it is upon these offerings and the Thanksgiving offering that the greater part of the work depends.

Let me commend to you the "Charity and Children as possibly the best means through which you may learn each week the work that is going on in our Orphanage System. Have this paper come to your Sunday School each week, for it will help you and through it you will help the Orphanage.

"Do unto others as you would have them do to you" is still a golden rule to live by.

Respectfully submitted,
H. R. Starling

REPORT OF COMMITTEE ON RESOLUTIONS

Whereas the Piedmont Baptist Association meeting with the First Baptist Church Reidsville, October 18-19, 1939, has engaged in one of its finest sessions, be resolved:

First, that we express our gratitude to this church and her

Pastor, Rev. T. L. Sasser, and all the Baptist Churches in the Reidsville group for their cooperation in every effort to entertain the Association in this gracious way.

Second, that we express our appreciation of the untiring and wise efforts of our most efficient moderator—Grover H. Jones, who has shown a deep interest in all our churches, and to our clerk, O. E. Lee, qualified with both experience and concern.

Third, that we commend the work of the W. M. U., the Sunday Schools, and the young people's work, calling special attention to the fine program given by our Training Union under the direction of J. Carl Bell last evening. Surely it calls out the best there is in our young people. We urge all our young people to use their talents for the Master.

Fourth, that we acknowledge our debt of gratitude to God for all the information and inspiration brought to us in these meetings.

26. The report of the Church Advisory Committee is presented and adopted.

Two new churches have made application for admission into the association, the Tabernacle Church, Greensboro, N. C., and the Pleasant Grove six miles south of Greensboro.

Representatives of these churches appeared before your committee and gave satisfactory evidence that the churches were duly organized and functioning as Baptist churches. Your committee recommends that they be received into the association. However, we make two suggestions to the Tabernacle Church. First, that they give earnest and prayerful consideration to the selection of a site further removed from Florida Street Church. Second, that they select another name for the church since there is already one church in the association bearing the name Tabernacle.

REPORT ON WOMAN'S WORK PIEDMONT W. M. U.

The greatest commendation that could be bestowed was given to Mary by Christ. Constrained by her love for Christ, she poured her greatest treasure upon his head and feet. In answer to her critics, Christ said, "She hath done what she could."

The Woman's Missionary Union in its fifty years of loving service has not attained all it desired, nor probably all that was expected of it, possibilities unattained, yet with its marvelous growth, surely Christ says, "Well done good and faithful servant." —"She hath done what she could."

Steadfastly, persistently has the Union followed its first Motto, "Go Forward" in magnifying Christ through enlistment and service at home, and in all the world, until it has grown in numbers and objectives and has become a part of the Church as a praying, educating, studying and giving force in Kingdom work.

Its great strength is in its Union—united in purpose, methods. plans and interest that are carried out co-operatively in churches, associations, states and southwide work.

Never has its first purpose been changed, that of being an "Auxiliary to the Southern Baptist Convention, in stimulating the Missionary Spirit and grace of giving among women and children of the churches and aiding in collecting funds for Missionary purposes to be disbursed by the Boards of the Southern Baptist Convention."—In this has the Union magnified Christ and grown in the knowledge of the world's needs, and made great contributions to meet these needs through service, money, time and talent.

In the Piedmont Association the W. M. U. has become an inseparable part of its work. There are 112 organizations, 81 of which are for the Young People. An offering of $24,790.11 was made last year to the cooperative program, $3,513.39 of this amount was given by the Young People.

The far reaching influence, through service for good cannot be reported in figures. A working force in the churches, Laborers together with God, around the world through prayer, gifts and service is the task of the Woman's Missionary Union in Magnifying Christ.

Respectfully submitted,
(Mrs.) Nettie Hatcher Hoge

31. The report on Christian Education was made by Hughey O. Miller, and upon motion to adopt the report J. M. Hayes, Representative of Meredith College was presented and discussed the subject.

The report was adopted.

REPORT ON CHRISTIAN SCHOOLS

It is heartening to know that the enrollment in our Christian Schools is increasing year by year throughout the south land. The report of the Education Commission to the Southern Baptist Convention last May show an enrollment in our schools and Seminaries of 33,795, a gain of 7,422 in the last four years.

Many of our schools are placing greater emphasis upon religious training and its correlation with liberal and practical application, than in many years. This emphasis is rightly placed for today, perhaps as never before, we need men and women trained, and trained Spiritually as well as mentally and socially. Christian Education of the right sort will meet this need.

The work of the Kingdom demands trained men and women. The problems that confront our country call for Christian leadership Our Christian Schools must furnish the greater part of these leaders and workers.

There is no place for schools that are only nominally Christian. If we hope to make Democracy safe for the world. we must develop a citizenry who will not sacrifice righteousness for popularity, but will rise up in defense of the principles of Jesus Christ. Surely our hope in attaining these ideals is within our schools and Seminaries under the direction of God fearing, Spirit filled servants of the King of Kings and Lord of Lords.

Hughey O. Miller

OBITUARY

It is appointed unto men once to die, and only once, if they are the redeemed of the Lord. Blessed are the dead who die in the Lord. We yield most high praise and hearty thanks to our heavenly Father for the wonderful grace and virtue declared in all His saints who this year have gone on before us, who have been the chosen vessels of His grace, who have been examples of steadfastness in faith and of obedience to His holy commands. Like a refreshing shadow in the heat of the day, we pause in the memory of these deceased to, lift our eyes to a far country from whose bourn a Traveler shall return when we shall enter with them into the joys of our Lord.

DR. J. T. J. BATTLE

To Whom This Volume of the Minutes is Dedicated by Order of the Association

Doctor John Thomas Johnson Battle, born in Wake Forest, N. C., April 14, 1859, died in Greensboro, N. C., September 29, 1940. He was the son of John Applewhite and Anne Capell Battle. He received his M. A. from Wake Forest College and his M. D. from the College of Physicians and Surgeons in Baltimore, Maryland.

In 1896 he married Miss Dora L. Burns of Wadesboro, N. C., who died February 14, 1936. They had no children.

He moved to Greensboro, N. C., in 1898 to practice medicine and in 1901 was made Medical Director of the Security Life and Annuity Co., a forerunner of the Jefferson Standard Life Insurance Co. of which he was medical director at the time of his death.

He united with the First Baptist Church on coming to Greensboro and moved to Forest Avenue Baptist Church in 1907 soon after that church was organized.

He was regular attendant of all the services of the church, giving at least one-fifth of his income to the Kingdom work, and holding some office in the church at all times. He was particularly interested in young people. There are more than forty young people of record whom he sent through college either by direct gift or by loans. How many more no one knows.

Through his gifts of time, energy, money and thought to church, community and school he lives on in the lives he influenced.

Proceedings

of the

FORTY-SEVENTH ANNUAL SESSION

of the

Piedmont Baptist Associaton

Held With the

FLORIDA STREET BAPTIST CHURCH

Greensboro, N. C.

OCTOBER 23-24, 1940

WEDNESDAY MORNING SESSION — 10:00 A. M.

1. The Association opened with a song service led by Rev. J. C. Shore, and a devotional service led by Rev. Wilson W. Woodcock. Rev. J. H. Saunders speaks words of welcome.

2. A roll of the churches was called and messengers from forty-two churches responded to the roll call.

3. The report of the Moderator was made as follows:

REPORT OF MODERATOR

In my report to the last association, I suggested a few things that I though should characterize us during the associational year which has just come to a close. The things suggested were:

1. A deeper, richer experience in our prayer life.
2. A more earnest and a more constant study of the Bible.
3. A more devoted loyalty to the church.
4. A more faithful stewardship.
5. A more earnest effort to make our churches more influential and effective in the communities in which they are located.
6. A more cooperative spirit among the churches of our association.

It has been a joy to me to work with our churches the past year. I think there is a finer spirit of cooperation among the churches of our association now than at any time since I have been serving as Moderator. The churches of the association have been exceedingly kind to me.

In the brief time allotted to me I desire to report the following:

1. During the associational year just closed, I visited and spoke in twenty-seven of the churches in the association. All of these visits have been made at the invitation of the pastors of the churches visited. I am glad to report that I have been able to visit every church to which I have been invited during the year. In addition to visiting twenty-seven of our churches that are members of the association, I also visited the Fairmont Baptist Church, just west of High Point, Temple Baptist Church, about a mile and a half east of High Point and Pine Grove Baptist Church, about 4 or 5 miles east of High Point. I understand that at least two of these churches will make application at this session for membership in the association.

2. As I have visited the churches, I have emphasized the need for closer cooperation among the churches of the association, of the state and Southland. You will listen, I am sure, to the report of the clerk at 3:15 this afternoon when he brings his report furnishing us figures that we may compare what we have done during the year just closed with the previous year with respect to practically all phases of our work.

3. Shall we not set as a goal for this year:

(a) A more devoted loyalty to our association, our state convention, southern convention and to Christ.

(b) Every church in the association contributing to our denominational program.

(c) Every church duly represented at the next association.

Respectfully submitted,

G. H. JONES, Moderator.

REPORT ON BAPTIST HOSPITAL

The program of Jesus includes caring for the sick. The Baptists of North Carolina provide for this part of the Master's Program in the hospital at Winston-Salem. It was instituted in 1923. The present capacity, with 108 beds, is entirely inadequate to the ever growing demands made upon it. New buildings are now in the process of construction which when completed will comfortably house 300 beds and provide place for consultation, examination, operations, etc., as needed. This, we are told, will increase the overhead expense some fifteen percent, as against approximately a two-hundred per cent increase in beds. This means that we can care for about 10,000 patients annually, where in the past we have been able to care for little more than 4,000, at a reduced expense per patient per day. The Bowman Gray School of Medicine of Wake Forest College is also in construction on these grounds and in conjunction with the hospital buildings. Together these buildings will present an elaborate display of architectural beauty and be a veritable haven of relief to the physically distressed. Beginning the first of October, Rev. C. E. Parker, retiring pastor of the Eller Memorial Church of this association became pastor of our hospital. He will be director of religious activities for the medical school, will visit the patients, will instruct both nurses and medical students in Bible study—in short he will have spiritual oversight of these two institutions. He also will serve the hospital and denomination in general where this institution is concerned. Let it be remembered that what we do to aid those unable to pay is provided by our Mother's Day offerings. What we give through the Co-operative Program is applied to the liquidation of bonds and cannot be used for operating expenses. Let us make worthy and very liberal Mother's Day offerings.

Respectfully submitted,
A. A. WALKER.

6. The report on Religious literature was prepared by A. Lincoln Fulk. In his absence the report was read by J. S. Hopkins. Upon motion to adopt the report the subject was discussed by J. Ben Eller, Wilson W. Woodcock, C. E. Parker, David Morgan, representative of the Biblical Recorder, T. L. Sasser and Dr. J. Clyde Turner. The report was adopted.

REPORT ON RELIGIOUS LITERATURE

If Tennyson is right when he makes Ulysses to say, "I am a part of all that I have met," then all literature is of spiritual significance. Whether it be called "religious" or "secular" that reading done by man will have its inevitable spiritual results. For this reason then we ought to give heed to Paul's advice to young Timothy "to give attention to reading." Since our people cannot, and should not, read everything that is printed, then intelligent choices should be encouraged.

It goes without saying that the peer of all literature is the Bible. Widespread ignorance of God's Word and its teachings should cause every lover of the Bible grave concern. Recent surveys conducted in various schools reveal that many of our high school pupils do not even know the names of many prominent Bible characters and therefore have not experienced the great moral teachings to be deducted from their lives. Let us encourage the reading of the Bible in the home, the church, and the schools and insist on making it the center of all our reading habits.

With an unread Bible it is easy to understand why our people, by and large, are not reading religious magazines and periodicals. The fact that the people do not have a taste or a desire for religious reading should give Christian workers grave concern. This lack of taste indicates two possibilities: First, that our people may not be Christian enough to have an abiding interest in the Christian press; and, Second, that the Christian press is not meeting the literary and spiritual needs of modern Christians. However, when Christians manifest a deeper interest in public affairs as related to the teachings and spirit of Christ and manifest such interest by giving a greater support to Christian periodicals, there will be a corresponding increase in the influence and value of those periodicals to the individual Christian. Constant effort is being made to increase the value of our religious papers to our Baptist constituency and that value is increased largely in proportion to the increased circulation of our papers.

It is suggested, therefore, that we redouble our efforts to increase the circulation of our religious periodicals in general, and our state paper in particular, and that we encourage our people constantly to read good literature; and that we call our people back to a daily and systematic reading of the Bible. It is further suggested that we re-assert our unwavering conviction and belief in the freedom of the press with the consequent right of expression, under the rules of clean journalism, for each individual Baptist; and that we give our mental, moral, and financial support to the newest of our institutions, THE BIBLICAL RECORDER. Also THE COMMISSION and HOME MISSIONS.

Respectfully submitted,
A. LINCOLN FULK.

STATE MISSION REPORT

Let us look at our State Mission task. There are 2,532 Baptist Churches in North Carolina with 506,370 members. This numbers nearly half the people who are members of any religious organization in the state. Of these members about one-fourth attend worship regularly. Nearly one-half never attend any service of the church to which they belong. One-fourth of the members bear all the burden of the leadership and of financing the Kingdom. It takes twenty-three of us to win one soul to Christ each year including all the efforts of the preachers. Enlistment of the members is one of the great tasks of the churches ond of State Missions.

Let us see again the communities needing Baptist Churches. We at once think of eastern North Carolina. These needs are kept constantly before us. But here in Piedmont North Carolina and even in the western part of the state are whole industrial communities numbering hundreds and thousands of souls without the privilege of a Baptist church in the midst. In some communities where there are hundreds of Baptist students in college there is no Baptist Church near enough to the college for the studentsto walk to worship. There are also rural communities where the people have to go to other denominations if they attend church at all. There are yet hundreds of needy places in North Carolina.

We have been told recently that North Carolina leads all the states in the union in homicides. In other crimes it ranks well up towards the top. Crime is on the increase. Lawlessness flourishes if not to say it is popular. Worldliness and sensuality is on the upgrade. These conditions open to every church and every Christian a wide field of missionary endeavor.

The State Mission Board is now attempting to do some missionary endeavor in the places here mentioned:

Taking care of headquarters in Raleigh.

Paying part of the salaries of pastors in many needy places where the churches themselves could not adequately support a pastor.

Sending two general missionaries up and down the state.

Making it possible for a Negro preacher to help the underprivileged Negro preachers and churches to do better work.

Providing spiritual ministration thru a pastor to those in institutions at Samarcand, State Sanatoriums, and Oteen.

Supervising Sunday School Work, the Training Union, and the Student Union.

Teaching and leading the Indians in their churches.

Building or helping to build churches in strategic places.

Under the leadership of the Holy Spirit we Baptists should rise to the occasion and minister in an adequate and worthy manner to the needs of the Kingdom of Christ within the bounds of our noble State. Under His banner we move on.

Respectfully submitted,
T. H. Biles

REPORT ON HOME MISSIONS

Home Missions is the very center of all our Missionary enterprise. For convenience we divide the great task of world evangelization into city, state, home and Foreign Missions- but all Missions are one, but it is true that the strategic point of approach to the great world task is the homeland, we must Christianize America or the forces of unrighteousness at home and abroad will heathenize us. The religion of Jesus must be triumphant at home before it can win any great victories abroad.

The great task of our Home Mission Board is to make America Christian. It is therefore preaching the Gospel among the Negroes, Indians, Foreigners- and in the congested areas and centers of our land and in Cuba and Panama.

The past year has been one of the best in the ninety-five years of the society's history. Our missionaries have been richly blessed on every field. There are 411 of them working in 863 Mission stations. During the past year 40 workers have been added to our Mission force. 93 new Mission stations have been opened and 14 pieces of property strategically located for our work have been acquired.

During the year our Missionaries have distributed 40,362 Bibles, testaments and portions of Scripture and 660,847 tracts. They have preached 34,008 sermons and led over 9000 to make profession of faith in Christ, and received into fellowship with the Church 4,672 persons.

The year has also been one of the best financially for many years for the Home Mission Board. The receipts were larger than the year before and marked progress has been in the payment of the debt. The Board received from all sources in 1939, $544,289.04 and the treasurer's report shows that $159,585.15 was paid on the principal of the debt, and a debt payment program has been mapped out which will liquidate all the debts of the Home Mission Board by 1945. provided the receipts per annum do not fall below that of the past year.

The various departments of the work of the Board are organized as follows:

Dr. J. W. Beagle is field secretary in the department of Missions in the homeland, and under him we have 269 Missionaries which is 17 more than last year.

In Cuba Dr. M. N. McCall is superintendent. New fields have been entered and many conversions reported and conditions generally are favorable for great advance.

Dr. Roland Q. Leavell, Supt. of Evangelism, has devoted much time to the organization and promotion of city-wide simultaneous evangelistic meetings and promoting such campaigns in Assciational areas. In many sections splendid results have followed these efforts.

There are more unsaved souls in the Southland today than there were when the Home Mission Board was organized in 1845. Our cities, many of them have large foreign population- our smaller churches with infrequent services are losing out, and with the increasing number and zeal of unscriptural sects, it is of the first importance that the spirit of evangelism must recapture the hearts of our people and the work of our Home Mission Society be carried on in urban and rural sections with utmost vigor.

During the past year a wonderful work has been going on among the Jews. The greatest ingathering of them that the society has ever witnessed. Rev. Jacob Gartenhouse, field secretary, reports great numbers of them turning to Christ.

The Board's cooperative work with Negroes, headed by Dr. Noble Y. Beall, has been outstanding. Several thousand were enrolled in all types of classes on and off the campuses in the work of 21 teacher Missionaries, and one of the chief accomplishments of these men has been in directing the student activities of more than 9000 students in the schools where they teach.

Attention should be called to the Home Mission Magazine. It should be in every Baptist home. All our people should know the facts as they are in our Southland, and there is no better medium for the dissemination of these facts than in this magazine of which 431,600 copies were circulated during the year. All our people should read this splendid magazine which is only 25c a year.

The task is great, and it issues a mighty challenge to the faith and loyalty of our people— in the Southland there are five million foreign born, 600 thousand French speaking Americans, 500 thousand Spanish speaking Americans, 200 thousand Indians, eleven million Negroes, and a great number of mountain people unevangelized, all these with the millions in Cuba and Panama and the Canal Zone issue a tremendous call. The Baptists are responsible for them and in all our churches special stress should be laid on the cooperative program which is the chief source of financial support, that the work and workers may be largely increased.

The field is white to the harvest and the need and call is for reapers.

19. Rev. Vickery Anderson of the Randolph Association was recognized.

20. After singing a hymn the afternoon session was closed with prayer by H. R. Starling.

NIGHT SESSION — 7:30 O'CLOCK

(The Night Session was held with the College Park Baptist Church)

21. The devotional service was in charge of Mrs. Joe Kirkman.

22. The Training Union report was presented by Mrs. J. Carl Bell. The report was adopted.

REPORT OF BAPTIST TRAINING UNION

During the year ending in September, 1940, the work of the Baptist Training Union in the Association has gone forward under the direction of J. Carl Bell. In accordance with the action taken by the Training Union, the quarterly meetings in 1940 have been held on Friday evenings instead of Sunday afternoons and meetings were held on January 12th, June 7th, and September 6th.

The Annual Associational Banquet was held on March 15th in Greensboro. At this time the associational elimination in the Training Union contests was held. These winners were representatives in the Regional contests, where they won first places throughout and went on to Ridgecrest to compete in the State contests. Two Juniors were winners in the State Memory Work Drill.

The Twentieth Annual Session of the Training Union was held at the First Baptist Church in Greensboro on April 21st and 22nd. Included in the goals presented at the Saturday evening session were these:

> That a spirit of revival be prayed for throughout our churches.
>
> That our God might call at least one ideal preacher out of the Association within the year.
>
> An increased attendance in the Training Union this year of 25 percent, and number of Unions of 20 percent,
>
> 500 registered delegates present at the 1941 Associational Convention of the Training Union.

A new plan of meeting for the 1941 Convention was adopted. This plan is that the annual benquet and associational convention be combined, having an afternoon meeting for conferences, contests, etc., and climaxing the meeting with the banquet in the evening with an outstanding speaker. This action was taken due to the increased number of meetings throughout the Church program.

A plan was also adopted to award banners in efficiency and attendance at each quarterly meeting and a committee was appointed to secure the necessary banners.

Some progress has already been made toward increased attendance in the Training Union and the number of Unions as some extension work has already been done and new Unions organized.

The amount of $50.00 appropriated by the Piedmont Association for the Training work during this past year has been a great help in the furtherance of this cause. Training Course books have been purchased for the Director to use in conducting Training Courses in the smaller churches and new banners purchased for the purpose of stimulating interest in the quarterly meetings.

The cooperation in its work of each Church of the Piedmont Association is earnestly requested and will be sincerely appreciated by the Training Union.

Respectfully submitted,
Julia M. Liles, Secretary.

26. Rev. J. S. Hopkins delivered a splendid message on the subject "Loyalty to the Church".

The night session was closed with prayer.

THURSDAY MORNING SESSION — 9:45

27. The song and praise service was in charge of J. S. Hopkins.

28. The report of the Ministers' Relief and Retirement Plan was read by Hughey O. Miller. Upon motion to adopt the report the subject was discussed by Hughey O. Miller, Wilson W. Woodcock, J. Ben Eller, T. L. Sasser and Mr. __. __. Copple. The report was adopted.

MINISTERS' RELIEF AND RETIREMENT PLAN

For a number of years a strong effort has been made to awaken a deep concern for the relief of worthy faithful ministers. The progress has been slow, but has gained momentum with each succeeding year.

The Annuity Board fosters eleven different plans, but it appears that the Ministers' and Workers' Retirement Plan, which has been in force for a year is being received by pastors and churches very graciously.

We have now about 350 members representing approximately 650 churches. Instead of 25 per cent, at least half of our churches ought to be enlisted before the close of another year.

It is a fact deserving special emphasis that although nearly four million dollars have been paid out to beneficiaries since 1918 the reserves are now nearly five million dollars, which indicates a steady growth.

There are nearly four thousand members in the Retirement Plan in the Southern Baptist Convention. The total paid out from the several plans of the Annuity during 1939 to beneficiaries amounted to $253,794.94.

Under the Retirement Plan the pastor and church may pay cooperatively 2 3-4 per cent of salary, to which the State Mission Board adds $18 annually. For those reaching the age of retirement in 1941, operation on a 4-4 basis as of January 1, 1940, would be entitled to 25 per cent of salary, with $600.00 maximum. Those reaching retirement age later will be entitled to an additional 1 per cent per year up until 1961, at which time the beneficiary will be entitled to 50 per cent, provided, however, that he served in churches affiliated with the Southern Baptist Convention for thirty-three and a third years, with a maximum of $2000.00.

The task before us is to enlist all the churches and pastors in this worthy program, to the end that the dread of inevitable old age and infirmity may be lessened, and the churches appreciate more fully the inestimable value of these saints of God.

HUGHEY O. MILLER.

29. The report on Sunday Schools was presented by F. L. Paschal. Upon motion to adopt the report the subject was discussed by A. A. Walker, O. E. Lee, F. L. Paschal, and Grady Burgiss. The report was adopted.

REPORT ON SUNDAY SCHOOLS

"I was glad when they said unto me, "Let us go into the House of the Lord'." This kind of spirit should possess us about the wonderful possibilities which we have in the teaching part of the Kingdom work.

It is amazing to observe the illiteracy of so many of our church members today in reference to the teachings of the Holy Bible. Many of them know nothing about whether Paul's letter to the Ephesians is in the Old or New Testament. Many could not name the four Gospels, nor could they call by name more than two of the twelve disciples. So few of our leaders know enough about the scripture to be able to discuss them intelligently or as well as they could the events discussed in the newspapers of today. The reason for this plight is that we do not have more than approximately 75 per cent of our members actively enrolled in Sunday Schools. In most instances, less than one-half of those who go attend regularly and only a few of those who attend regularly prepare their lessons. In most of our schools, only a half hour is actually used for class discussion.

Then what is the solution of our problem of Religious Education? Certainly we should not say that we might as well stop, for although we admit that we are not doing well enough, to stop trying would be failure within itself. We should strive to make progress as we have done for many years past, and because our progress is slow it should not dampen our ardor and enthusiasm, rather it should constitute a challenge to the best that is within us.

Our study of the need for better religious training and education in our Sunday Schools causes us to make these general, practical suggestions and urge that our churches make a determined effort to carry them out.

(1) Select consistent Christian teachers and officers and always operate our schools under church control.

(2) Organize new classes and thereby provide opportunities for greater student participation in the classes.

(3) Have regular training classes and officers' and teachers' clinics.

(4) Make room for expansion.

(5) Keep departments well organized and cooperating with each other.

(6) Attend associational meetings which provide fellowship, new ideas and inspiration.

(7) Enlist the unenlisted and have a constant program for the enrollment of new members.

(8) Win the unsaved and always serve those who may have physical or spiritual needs.

Respectfully submitted,
FRANK L. PASCHAL.

ognized: R. E. Adams, J. A. McMillan and A. A. Lockee.

31. The report on W. M. U. Work was presented by Mrs. Nettie H. Hoge. Upon motion to adopt the report the work was discussed by Mrs. H. A. Knight. The report was adopted.

REPORT OF WOMAN'S WORK

The organized Woman's Work in our denomination needs no recommendation other than its past achievements. "Her own works praise her in the gates."

It covers all fields of Kingdom service. In enlistment it includes all ages from Sunbeams to old age, and has grown in numbers of organizations to 39,720.

The objectives of these organizations are Mission Study, Personal Service, Prayer and Stewardship.

To realize the strength in unity, there was reported last year 46.465 classes for the study of the Gospel need of the world and how to meet this need; 67,000 days and seasons of prayer for the spread of the gospel at home and abroad; 20,011 societies engaged in organized personal service in "going about doing good," visiting the sick and distressed, and ministering and providing for the needy. Stewardship reports 141,129 tithers.

Besides literature to meet various needs, Royal Service, the W. M. U. magazine with its programs and information has reached the enormous circulation of 99,000.

The gifts of the South wide Union last year amounted to over one million. The Christmas offering alone was over $330,000, $100,000 of which paid the salary of 125 Foreign Missionaries.

In our Association we have 122 of these organizations, 33 of our churches co-operating in all W. M. U. programs. Pleasant Grove, Lebanon and Fairview have recently been added. Thirteen churches have no organizations. The offering last year was $24,218.79. There are 10,740 churches with no organizations in our Southern Baptist Convention.

The past achievements are but the foundation for the future.

REPORT ON FOREIGN MISSIONS

At the meeting of the Southern Baptist Convention last June the Foreign Mission Board completed ninety-five years of service. It began its work with four missionaries; it now has more than 450 on the field. It started its work in one country, China; it now has missionaries in sixteen countries. The receipts of the Board the first year were $11,689.05; last year the receipts amounted to $1,149,-251.87. This is more than the Board received during the first thirty-five years of its work. In the beginning there were no churches on the foreign fields; now there are 1,803 churches, with a total membership of 236,265. Last year 18,606 were received on a profession of faith. Thirty years ago all the churches on the foreign fields did not have that many members.

At the present time the work of our Board is facing many difficulties and obstacles. The wars that are in progress have greatly retarded the work in China, Japan, and the European countries, and give promise of even greater hindrances. Much of our mission property has been destroyed and the members of the churches have been scattered. There is still a debt of more than $200,000 resting on the Board. Interest in the work has lagged on the part of some in the homeland.

But there are many encouraging features. The people in the war-torn countries, especially China, are turning to the Lord in large numbers. Never has the gospel been so enthusiastically received as it is now. The debt is being gradually reduced, and plans are on foot to wipe it out entirely within the next few years. The annual receipts of the Board are increasing year by year. Last year the Board received $268,678.16 more than it received seven years ago.

The Board publishes a monthly missionary magazine, The Commission, which brings missionary news from all over the world. There are now 16,131 paid-up subscribers to this publication. The price is fifty cents a year.

The Board now has a graded series of mission study books covering the fields in which Southern Baptists are at work. These books not only provide splendid mission study courses for all ages, but will give to the church a good foreign mission library.

Respectfully submitted,
J. CLYDE TURNER.

The morning session closed with prayer by Wilson W. Woodcock.

THURSDAY AFTERNOON SESSION—1:30 O'CLOCK

37. The devotional service was conducted by D. W. Overby.

38. The report on Social Service was presented by Wilson W. Woodcock. Upon motion to adopt the report the subject was discussed by Dr. O. T. Binkley of Wake Forest College. The report was adopted.

REPORT ON SOCIAL SERVICE

Report to the Piedmont Association meeting in Greensboro, N. C., with the Florida Street Church, October 23, 1940. "But wilt thou know, O vain man, that faith without works is dead?" James 2:20.

Southern Baptists have been saying for generations: "Yes, we know that." And they have been appointing commissions to study the best methods of combating drunkenness and gambling and vice, which lead to poverty and destruction.

Their pastors have been taught in the seminaries that the moral ideal has two aspects. The ethical ideal which has to do with the acceptance of Christ as Saviour and Lord, and the growth in grace which should follow.

The social ideal which leads Dr. E. Y. Mullins to write: "There can be no question that Christianity contemplates the purification of all social relations."

We have fought and are continuing to fight for the abolition of the liquor traffic. We are giving increasing attention to race relations. Lynching of Negroes has almost disappeared from the Southland.

There are many other social relationships which demand the attention of Baptists. Shall we follow the leadership of those who do not know Christ? Or shall we study such questions in the light of God's word and under the guidance of the Holy Spirit? Can the Gospel of Christ be spread through the world by war? If Christ were in the world today in His human body would He defend His gospel by force of arms?

The monastic system arose when men thought it was necessary to turn a deaf ear to the social problems of the world. They separated themselves from the world that they might live holy lives.

In this world of tragedy we are tempted today to shut ourselves away from the facts and dwell in sweet contemplation of the love of God and our own security.

Let us awake out of sleep and seek the New Testament answer to the ills of the world.

Respectfully submitted,
WILSON WOODCOCK.

39. The report on Christian Education was presented by W. I. Johnson. Upon motion to adopt the report the subject was discussed by Dr. O. T. Binkley, F. L. Paschal, J. Ben Eller.

The congregation stood with bowed heads for a brief period in memory of Dr. J. T. J. Battle, who passed on to the Heavenly Home a few weeks ago, and who, in his will, left a large sum of money to Wake Forest College and Meredith College. The Baptist Orphanage of N. C. was also remembered in the will. The report was adopted.

REPORT ON CHRISTIAN EDUCATION

Christian education has its origin in Christ and its beginning in the home. Many homes fail to realize these facts and thus neglect the greatest opportunity offered to establish the fundamentals of true Christian education. More Christian homes are needed and more thought should be given to the basic principals that are firmly established in the early years of each life.

Our Baptist schools have rendered an unestimable service in training and guidance of youth for every walk of life. Their service and influence speak out through the lives of their illustrious sons and daughters. These institutions should have our continual support and patronage, not only by our organizations but by every Baptist in North Carolina.

Often our Baptist schools have done for our boys and girls what our homes and churches have failed to do, but may we look back of these to another phase of Christian education that is more important. I refer to the church. The church has a greater responsibility and obligation than the higher institutions of learning. The church touches more lives than any other organization in the world. It should grasp every opportunity to win and to train these people Most of our churches have organizations and programs to train its people, but I am conscious of the fact that we are not making the most of the opportunity. A little here and a little there in our programs and we say the task is done. We need to realize that Christian education is a continual process from birth to death of each life. It is THE basic principal, THE controlling factor, and THE only channel through which Christ and Christianity will ever reach all the world. Without Christ there is no life and without life there is no channel for Christ to be manifested and glorified. The word educate comes from two Latin words: e, which means out, and ducere, which means lead. Thus we have the true meaning of the word, which is: "lead out." Christian education means Christ let out through the channels of one's life. Thus we have the whole Baptist program as a result of Christian education. I commend unto you a greater program in our churches and a loyal support for the maintenance of all its institutions.

Respectfully submitted,
W. I. JOHNSON.

40. Motion was passed that our Associational Minutes this year be dedicated in honor of Dr. J. T. J. Battle.

41. The report on the Orphanage was presented by J. Ben Eller. Upon motion to adopt the report the subject was discussed by J. Ben Eller and J. A. McMillan, Editor of Charity and Children. The report was adopted.

REPORT OF BAPTIST ORPHANAGE

James defined "Pure religion and undefiled" as this: "To visit the fatherless and the widows in their affliction and keep himself unspotted from the world." Jesus associated Himself with the unfortunate ones of this world. As we minister to them, He said we minister to Him. Hear His word: "I was an hungered and ye gave me meat; I was thirsty and ye gave me drink; I was a stranger and ye took me in; naked and ye clothed me; I was sick and ye visited me."

Last year North Carolina Baptists fed, clothed, and furnished educational and religious opportunities for 648 children. That was "pure and undefiled religion." That was ministering unto Jesus.

The annual report of our Baptist Orphanage is very encouraging. Health conditions for the year have been good. Schools have done splendid work and have been well attended. Spiritual conditions have been excellent. That is attested by the fact that every member of the graduating class was a Christian. Worthy gifts and bequests continue to come to the institution.

Three things we would urge upon our churches. First, be sure that you send a worthy offering to the orphanage at least once a month. Second, plan for a great love offering for Thanksgiving. And, Third, secure a large number of subscriptions for Charity and Children.

Respectfully submitted,
J. BEN ELLER.

42. The report on Obituaries was presented by L. C. Chandler. The messengers stood and Wilson W. Woodcock led in prayer.

REPORT ON OBITUARIES

Again we bow ourselves before the unerring will of God, who has called home from our fellowship a number of His redeemed whose names will appear in the minutes. Some of these were church officers and leaders and each of them rendered a distinct service in his own God-endowed manner. Precious memories and a sense of great loss overflood our hearts in this moment in which we now pause to pay tribute to our honored dead. Surely the influence of the faithful servants of God hovers over us as a benediction to urge us on to greater heights of achievement in the cause of Christ.

Respectfully submitted,
L. C. CHANDLER.

44. A special offering was taken for the work of the United Dry Forces of North Carolina. The offering amounted

to $9.56.

45. Following the singing of "I Love to Tell the Story" the report on the Denominational Program was presented by T. L. Sasser. Upon motion to adopt the report the subject was discussed by T. L. Sasser. The report was adopted.

REPORT ON DENOMINATIONAL PROGRAM

Our denominational program has its foundation in the New Testament. The members of our churches "engage to promote the prosperity and spirituality" of the body, "to sustain its worship, ordinances, discipline, and doctrine, and to spread the gospel through all nations."

The object of the North Carolina Baptist State Convention is to "promote Missions, Education, Social Service, the distribution and study of the Bible and sound religious literature, and to co-operate with the Southern Baptist Convention in its work of 'eliciting, combining, and directing the energies of the denomination for the propagating of the Gospel.' " These conventions give expression to our corporate spiritual life.

We are constantly engaged in sustaining and expanding the work of the churches at home and abroad, endeavoring to preach the gospel to all people everywhere. To support and make effective this primary enterprise we have auxiliary institutions. They are schools, colleges, seminaries, hospitals, and orphanages.

Twenty years ago we made concerted effort to buy up a large opportunity. We greatly expanded our program. We are yet paying large sums on the obligations incurred in the advance steps we made then. The one source of our income is still the self-sacrificing giving on the part of the people "of like precious faith." For these twenty years the plan of finance which we call the co-operative program has afforded the churches and individuals the opportunity and the facilities to give systematically and proportionately to the whole work of Southern Baptists as well as to the conventions of their respective States. Convention boards and committees expend the funds as designated by the givers. Undesignated funds are used according to schedules worked out, adopted and published by the conventions through their authorized agencies. The current division of undesignated offerings through the Co-operative Program is 60 per cent to the work of the State Convention and 40 per cent to the work of the Southern Baptist Convention. The money used for State Convention work is divided as follows:

State Missions	.23 1/3
Education—Debt Service	.65
Hospital	.06 2/3

Ministerial Education	.01 2/3
Retirement Fund	.03 1/3
	1.00

The money used for Southern Baptist Convention work is divided as follows:

Foreign Missions	.50
Home Missions	.23 1/3
Relief and Annuity	.10 1/3
Southern Baptist Seminary	.04 1/5
Southwestern Baptist Seminary	.04 1/5
Baptist Bible Institute	.04 1/5
W. M. U. Training School	.00 8/15
American Baptist Seminary	.01
New Orleans Baptist Hospital	.02 1/5
	1.00

Seven years ago it had become very apparent that the gifts to the co-operative program would not retire Southern Baptist Convention debts unless the funds were materially increased. The Hundred Thousand Club was organized to help pay off the principal, which was $5,880,251.63 in 1933. The club members have given to May 1, 1940, a total of $1,157,295.72. The co-operative program proper has continued to pay and reduce the interest on the debt as well as materially reduce the principal and it is hoped that the Southern Baptist Convention will be debt-free in 1945.

By mutual agreement of our State Convention and the Southern Baptist Convention the funds given by North Carolina Baptists to the Hundred Thousand Club are divided equally between the two conventions so that our State debts are also reduced by this method.

Both the Co-operative Program and the Hundred Thousand Club must have our very vigorous support to reduce our debts and expand our work.

Respectfully submitted,
T. L. SASSER.

46. After singing "Take My Life and Let It Be" the session was closed by Dr. O. T. Binkley.

MODERATOR'S REPORT

The last day of September brought to a close another year in our Association.

At the outset I desire to express my appreciation for the fine spirit of cooperation among the Churches of our Association. From the Churches and organizations in the Churches I received numerous invitations and I am glad to report that I was able to accept all of these invitations, with the exception of one.

A few days ago I received a letter from the Department of Evangelism of the Southern Baptist Convention urging me to emphasize at this session of the Association the importance of the most spiritual, far-reaching and Christ-centered crusade in soul-winning for the next associational year. I have acceded to this request and shall spend the time allotted to me on this program in discussing the matter of evangelism.

World affairs today illustrate the perpetual battle between mankind's spiritual interest and selfish advantage. This present war is an acute expression of the eternal strife between the higher and the lower natures of men. All life is a continuous struggle between good and evil, light and darkness, the higher and the lower.

The salvation of souls, the advancement of the Kingdom; and the life of our Baptist denomination depends on sane, scriptural, spiritual soul-searching evangelism.

Dr. Roland Q. Leavell, superintendent of the Department of Evangelism of our Southern Convention points out that in 1940 we let the war, the draft, the defense program and the election crowd out the most important thing and that Southern Baptists fell back in soul-winning in the year 1940. In this connection Dr. Leavell suggested the following:

1.—Adopt a resolution which plans a program that will cover fifty-two weeks.
2.—Plan to reach unchurched areas, new communities, underprivileged areas, camps, prisons, etc.
3.—Promote Andrew Soul-Winning Clubs in each Church.
4.—Plan an evangelistic rally or preacher's school of evangelism during the winter or spring months.
5.—Aid and encourage pastorless Churches, weak Churches and any Churches that have not been baptizing any new converts.

As you know we have in our Association a Committee on Evangelism and during the sessions of the Association that Committee will submit its recommendations with respect to ways and means for making effective soul-winning in the Association.

Respectfully submitted,
G. H. JONES, Moderator.

6. The report on the work of the Woman's Missionary Union was presented by Mrs. Nettie H. Hoge. Upon motion to adopt the report the work was discussed by Mrs. Hoge. The report was adopted.

REPORT OF WOMAN'S MISSIONARY UNION

The Psalmist prayed with an unselfish purpose, "God be merciful unto us and bless us, and cause His face to shine upon us—

that thy way may be known upon the earth and thy salvation among all nations".

This has been chosen as the watch word of the Woman's Missionary Union for 1941, and expresses the incentive for this splendid organization which has grown in numbers, gifts and influence during the past 53 years, until it has become the greatest enlistment force for missions in our denomination. It's enlistment includes women and young people of all ages.

It's influence has gone out into all the world.

It's gifts have built and equipped schools, hospitals and Churches, kept missionaries on the field, both home and abroad; trained workers in its training school and developed members in the local Churches.

The Union is an auxiliary to all South-wide objects, with it's missionary literature, mission study classes, seasons of prayer, gifts and training the young people in carrying out the great commission.

It numbers around one million members and, it's gifts are counted in the millions.

The Union has never made a debt, but has been a generous contributor to the debts of the denomination.

In response to the slogan adopted at the Baltimore Convention "A Debtless Denomination by 1945", the Union, in it's annual session adopted the following motion.

"That in view of the proposed effort of the Southern Baptist Convention for a debtless denomination by 1945, which necessitates the raising of approximately three million dollars, Woman's Missionary Union, auxiliary to the Southern Baptist Convention, undertake, as it's objective toward the clearance of all debts on southwide causes by 1945, the sum of one million dollars."

Plans have been formed for enlisting, through the One Hundred Thousand Club, the Baptist women of the South in this undertaking.

In the 51 Churches of the Piedmont Association, 14 have no missionary organization. Many of these are small country Churches, with a scattered membership and few leaders.

These have recent organizations: Fairgrove, Buchanan, Bailey Memorial, Reedy Fork and Jessup Grove.

$25,180.53 was last year's gift from Piedmont W. M. U.

Respectfully submitted,
NETTIE H. HOGE,
Superintendent.

7. The report on Home Missions was made by Dr. A. B. Conrad. Upon motion to adopt the report the subject was discussed by Dr. Conrad. The Report was adopted.

REPORT ON HOME MISSIONS

The past year has been one of the most notable in the history of our Home Mission Society, in all departments the work has been signally blessed.

Home Missions have a pecular relation to all forms of missions, city, state and foreign, and there is no place in all the world where there is greater need for evangelization than here in the homeland.

It has been well said that "as goes America so goes the world." If Christianty fails of conquest here and this land goes pagan, and there is a terrible drift in that direction, then there is little hope for the world.

Emerson said "Our whole history seems like the last effort of Divine Providence on behalf of the human race" and, if this nation loses its moral and spiritual integrity and is swallowed up in materialism then it is doomed. So making this land Christian is the great task of the Home Mission Society.

More than fifty per cent of the population of our convention territory has no affiliation with the Church, that majority must be won to Christ or there will be moral and spiritual collapse, that is inevitable;a nation cannot exist for long half Christian and half pagan.

So to the end of saving America the Home Mission Society sets itself. Statistics do not and cannot tell all that has been accomplished, they cannot reveal the moral and spiritual forces unloosed—the hearts touched and lives changed. But this summary is illuminating as to the greatness of the work done. There have been during the year 391 Missionaries, 915 mission stations, 71 new stations opened, 31,403 sermons preached, 5,375 professions of faith, 77,440 souls dealt with in personal work, 4,443 Bibles and 724,505 tracts distributed and $560,168.00 raised from all sources. Heaven alone can reveal the results of all this. It is a matter of rejoicing that during the year $181,130.00 have been paid on the debt that has been such a burden and hindrance to the work, and a debt paying program projected which it is believed will liquidate the whole debt by 1945. The whole debt has been refinanced during the year at a lower rate of interest, which will mean a saving of about $9,000 a year.

This brief report does not admit of any any special mention of our work in Cuba or among the foreign speaking people within our borders, or among the Negroes, Mexicans, Indians, Jews, deaf and in the Rescue Missions and Good Will Centers—but in all fields blessed results have been achieved.

In the Department of Evangelism, under the direction of Dr. Roland Leavell there have been glorious victories in soul winning, full reports of the number saved are not available but a vast number have been won to Christ and doubtless the Southern Baptist Convention has gone over the mark of five million members.

The world situation and impending wars has made national defense imperative, multitudes of young men are being enlisted and trained, so it has come to pass that our Army, Navy, Marine and CCC camps are among our greatest mission fields, and at a meeting of the Administrative Committee of the Southern Baptist Convention held in Nashville, Tenn., in April last, this all important work was assigned to the Home Mission Society.

The Church is challenged today as never before. The calls from every side are great. It is Christ or chaos now, Christianity or back to paganism and in the great fight for all the precious rights and interests that are ours—and for the overthrow of evil and the establishment of righteousness and justice in all the world. The Home Mission Society is doing its full part and is one of the chief agencies.

Respectfully submitted,
A. B. CONRAD.

WEDNESDAY AFTERNOON SESSION—1:30 P. M.

14. The devotional service is led by J. H. Saunders.

15. The report on Foreign Missions is presented by J. Ben Eller. Upon motion to adopt the report the subject is discussed by Brother Eller. The report is adopted.

REPORT ON FOREIGN MISSIONS

The assurance of Jesus: "Lo I am with you always, even unto the end of the world" is being verified in these days of world upheaval. Despite war, faminine, and earthquake our Foreign Mission Board has had one of the best years of its long history.

Through 457 missionaries and 3,000 native workers the Board has been teaching, preaching and healing. During the year 18,542 people were baptised, 35,291 students were taught, and 136,994 patients received treatment.

The financial reports are encouraging. Members of our Foreign Mission Churches gave during the year $379,896.00. The indebtedness of the Board is now $205,000.00, having been reduced $40,000.00 during the year. Our women have had a vital part in making this possible. Their Lottie Moon offering this last year amounted to $363,743.30 enabling the Board to meet many emergency calls.

In Europe and the Near East a state of uncertainty exists. War, earthquake, and famine have taken an awful toll. Our missionaries have stayed with their work on these fields as long as possible but in most places they have been removed or withdrawn for the present.

In Africa unprecedented opportunities are knocking at our doors. The work in Nigeria, for instance, has expanded to such an extent that it has overflowed into neighboring colonies. From the "outside" areas there come insistent calls for help and leadership.

It is generally conceded that there are no more fruitful fields anywhere than in South America. The Lord is greatly blessing our work there. Recently Dr. S. L. Watson wrote: "As a field of missionary opportunity Brazil is unsurpassed. Even the much talked of nationalism is no hindrance as compared with the unlimited, outstretched rich harvest fields." Then he added: "The workers are committed heart and soul to the mammoth task of national evangelization."

The Orient presents a picture of mixed colors. There is much to sadden and discourage; there is much to gladden and encourage. In Japan the doors seem to be closing. Of all our missionaries only Dr. Maxfield Garrott remains. We must wait for light and leading there. China has suffered much from war, desolation and famine. In recent months the Board has been compelled to remove many missionaries, but the ones that remain are being greatly blessed by the Lord. Never have their services been more appreciated, more fruitful. Dr. M. T. Rankin writes: "If I could tell all that I have seen I question whether my report would be believed. I have never had more opportunities for preaching the gospel of Christ, and I have never spoken to larger groups of people who have heard the word so eagerly".

We would urge our people to take a greater interest in Foreign Missions. Let us give more, let us pray more. Mission Schools and and Mission Classes should be conducted in all our Churches, while our Mission journal, *The Commission,* should be in every home.

Respectfully submitted,
J. BEN ELLER.

16. The clerk presented a digest of the forty-nine church letters received showing that the membership in the churches and the organizations about the same as last year. The Training Unions made some gains in membership. There was a decrease of about eighty in the number of baptisms during the year. There was a gain of about $41,000.00 in contributions to local work and a gain of about $5,700.00 in contributions to benevolences. Thirty-four churches had an increase in their contributions to Benevolences. There was a gain of about $300.00 in the contributions to the Orphanage.

17. The report of the Auditing Committee was presented and adopted as follows:

REPORT OF AUDITING COMMITTEE

We the undersigned committee appointed to audit the books of Brother O. E. Lee, treasurer, are glad to report we found same correct and very neatly kept, and recommend his report be accepted with thanks for his accuracy, and work of love.

Respectfully submitted,
R. B. CULLER,
J. S. MOORE,
WILLIAM CUMMINGS.

18. The report on Denominational Program was presented

by J. S. Hopkins. Upon motion to adopt the report the subject was discussed by J. S. Hopkins:

REPORT ON DENOMINATIONAL PROGRAM

Our denominational program is what we are doing to carry out the great commission in all the work of all our Churches at home and "unto the uttermost parts of the earth". But this report, I take it, is to set forth our efforts in Kingdom finance which program we call the "Co-operative Program".

The Co-operative Program is simply a systematic plan of work developed by Southern Baptists in recent years for promoting and supporting in a more effective way all the causes fostered by them. This program continues to grow in favor with our people, and should have the hearty support of all our Churches because:

1.—It is scriptural. It's aim is to carry out the Great Commission, and this is done on a voluntary co-operative basis.

2.—This program is concrete. All the causes in it are concrete, and they consist of the work our Lord has assigned to us. We do not give to the program but through it to the causes of Christ.

3.—The program is equitable. The funds are distributed to the causes according to their relative needs—all are benefitted alike or all suffer in the same proportion. The state conventions determine the ratio of division between state and southwide causes. The states determine the percentage of distribution to state causes; and the Southern Baptist Convention determines the distribution to southwide causes. In our state at present sixty percent of each dollar is used for state causes and forty percent for southwide causes.

Our state's distributable dollar is divided as follows: State Missions, 23 1-3 percent; education and debt service, 65 percent; hospital, 6 2-3 per cent; ministerial education, 1 2-3 percent; retirement fund, 3 1-3 percent; total, 100 percent.

The distributable southwide dollar is divided thus: Foreign Missions, 50 percent; Home Missions, 23 1-3 percent; Relief and Annuity Board, 10 1-3 percent; Southern Seminary 4 1-5 percent; Southwestern Seminary, 4 1-5 percent; Baptist Bible Institute, 4 1-5 percent; New Orleans Hospital, 2 1-5 percent; Woman's Missionary Union, 8-15 percent; American Seminary, 1 percent; total, 100 percent.

4.—The Co-operative Program is Baptistic. It recognizes the right and independence of every Church and person. No coercion is suggested or implied. It presents a fair, scriptural plan of voluntary co-operation in carrying out the command of our Lord. It enables every Church, large or small, every person rich or poor to have a part in all the co-operative work of his denomination in all the world.

5.—This program is economical and business-like. Instead of promoting each cause separately and by direct appeal to Churches and individuals, it seeks to promote all together and proportionally. The pastor is expected to represent and present all the causes. This does away with extra appeals, employees, and expense, and does not interfere with the regular work and program of the Church as this is in itself a most vital part of the whole Church program.

In order to keep faith with the commands of our Lord and to promote His work through the Co-operative Program the following recommendations are made:

1.—That the fires of evangelism be kept burning brightly all the year.

2.—That we stress continuously Christian stewardship with the tithe as the minimum standard of Christian giving.

3.—That the Every Member Canvass be put on in every Church during November and December unless for special reason some other period seems better.

4.—That each Church help in the realization of "a debtless denomination by 1945" either by providing for it in the budget or by a special effort in January and February.

5.—That all denominational funds be remitted promptly and properly marked each month to the state secretary-treasurer.

Respectfully submitted,
JULIAN S. HOPKINS.

19. The report on State Missions was made by E. M. Smith. Upon motion to adopt the report the subject was discussed by Dr. Louis Gaines, President of the Baptist State Mission Board, and Pastor of the First Baptist Church, Lexington, N. C. Following the discussion of State Missions, Dr. Gaines presented Dr. Theo. F. Adams, Pastor of the First Baptist Church, Richmond, Va., and member of the Foreign Mission Board, who was assisting Dr. Gaines in evangelistic services. Dr. Adams discussed our foreign mission work. The report was adopted.

STATE MISSION REPORT

The Baptist State Convention has always been interested in helping the Churches to provide a ministry to the lost people in North Carolina. This ministry has been greatly effective. The task, however is far from complete. There are perhaps a million people in North Carolina who do not recognize Christ at all. In keeping with this great need State Missions has reached out her hands.

At present the salaries of about 160 pastors are paid in part from our State Mission fund. These pastors serve in strategic places where they preach the gospel to the poor.

Recently the Board has adopted the policy of buying, or helping to buy, choice lots in growing sections where Churches may be properly located.

We are promoting the Sunday School, B. T. U. and B. S. U. departments of our work. These agencies are undertaking to teach and train the people in our Churches and colleges.

For several years Mr. M. O. Alexander and Mr. J. C. Pipes have been giving the major portion of their time to the development of all the Churches they can reach through the teaching of stewardship and through emphasis on missions.

We are also providing through Mr. and Mrs. Lunsford a ministry to the Indians in Robeson County. Indirectly we are giving aid to our Negro brethren in the state.

Schools are being provided for the pastors, one at Meredith College and the other at Mars Hill. This endeavor has proved a distinct blessing not only to the pastors but to the Churches.

We are providing a ministry to the sick, the veterans' hospital at Oteen and Western North Carolina Sanatorium at Black Mountain. At present Rev. and Mrs. E. M. Harris provide a ministry for the sick at the State Sanatorium near Aberdeen. It might be stated also that Mr. and Mrs. Harris are doing a great work among the wayward girls at Samarcand.

At this time the Board is faced with a two-fold problem that has been brought about as a result of the times in which we live. There are now about 100,000 men in camp in North Carolina. They must receive spiritual aid from the Baptists of the state. Also in these areas there has been a great increase in population. Church buildings and pastors are needed for these areas. State Missions is facing thse problems now. Today, the men of Macedonia are standing and saying, "Come over into Macedonia and help us". And Macedonia is not as far away as it was when Paul heard the cry. Jesus said, "Lift up your eyes and look on the fields; for they are white already unto harvest."

Respectfully submitted,
ERNEST M. SMITH.

20. The Committee to nominate officers made the following report which was adopted.

REPORT OF COMMITTEE TO NOMINATE OFFICERS

The recommendation is adopted. The moderator gives the right hand of fellowship to the messengers of the church.

22. The afternoon session is closed with prayer.

WEDNESDAY NIGHT SESSION—7:30 O'CLOCK

23. A service of songs was directed by the Orchestra from the Asheboro Street Baptist Church.

24. The Training Union report and the report of the Training Union Treasurer were presented by Miss Julia Liles, Secretary-Treasurer. The reports are adopted.

REPORT OF BAPTIST TRAINING UNION

Under the direction of Mr. J. Carl Bell, the Training Union work of the Association has been carried on in a commendable manner.

Quarterly meetings were held on January 17, March 15, June 6 and September 12. The programs of these meetings were made up of devotionals, special music, inspirational addresses and conferences with the exception of the March meeting.

The meeting on March 15 was the highlight of the year. The annual Associational Training Union Convention was held in the afternoon at the First Baptist Church, Greensboro, and was followed by a banquet at the Masonic Temple in Greensboro. During the afternoon session the nominating committee brought a recommendation that the present officers be re-elected to serve until the annual Associational Convention in October of the present year, and that new officers be elected during the Training Union session of the Convention in order that terms of future officers might run from October to October in line with other Associational officers and most Church officers. This recommendation was accepted. The Associational elimination of the annual Training Union contests was held during the afternoon. The three entrants in the Junior Memory

Work Drill won out and went on to win state honors. The Intermediate who won in the Piedmont Association also went on to win out in the state, and the Better Speakers Contest also competed in the state finals. The creditable showing which all entrants in the contests made was very gratifying. The attendance at the banquet session was three hundred which was the largest yet attending one of these meetings. Both fellowship and inspiration were in evidence throughout the evening.

A great deal of work has been done by the director, with many others assisting him, to conduct and promote Training Union Study Courses in the Churches of the Association.

Training Unions have been organized in eight Churches during the year, but twenty Churches in the Association are still without a Training Union. This fact should be a challenge to a greater work during the coming year.

Respectfully submitted,
JULIA M. LILES,
Secretary.

MORNING SESSION—9:45 O'CLOCK

30. The devotional service was led by C. R. Pearce.

31. The report on Social Service was presented by J. H. Saunders. Upon motion to adopt the report the subject was discussed by J. H. Saunders, V. H. Harrell, Field Representative of the United Dry Forces of N. C.; A. L. Fulk, Dr. A. B. Conrad, James E. Wiggs, Wilson Woodcock, J. Ben Eller. The report was adopted.

REPORT ON SOCIAL SERVICE

It is obvious that the time has come for the Church to do one of two things, with regards to our ideals and standards. We should either retreat to some new position where we wish to wrestle for a while or enter a counter offensive and seek to regain the place of influence and power the Church once possessed.

I understand the assigned subject of Social Service to refer to the Church's responsibility to society. Therefore, we can only mention a few of the things which are covered by this subject.

Our first responsibility is to set a standard of living which will be an encouragement to righteous living and a rebuke to all unrighteousness. Our next obligation is to firmly condemn all forms of sin so as to create a consciousness on the part of the world concerning its character. We are further to use our influence to abolish all forms of commercialized evil.

We have been so lax concerning these things and so afraid of offending, that the world has lost respect for our wishes. An example of this was seen in Greensboro recently when ninety per cent of the ministers came out publicly against Sunday movies and the next day the city authorities met and opened the city to Sunday movies.

The moving picture industry has spent much money and effort to destroy our Sunday laws. The bulk of her pictures have glorified crime and lust. The result of her work is being seen in the increase of crime and immorality in our nation. Our Churches do not have soul winners among those of her members who practice attending this institution.

Gambling is becoming a fad with the American people and needs to be singled out for more attention. Bank night at the movies together with the lotteries operated in most pool rooms are helping to popularize this evil. A Gallup poll report on gambling given in the Greensboro Daily News Oct. 4, 1941, reveals that 54% of the adults in our country gambled in the last year. The most startling part of the report was that 24% of these gambled on Church raffles.

Divorces continue to wreck one out of each five or six homes in our country. So far the only Church to firmly oppose this evil and check its progress among its constituency is the Catholic Church. This should be a rebuke and a stimulus to us.

This is an hour when every sermon should have a word in it about racial hatred. All the news agencies of our time are spreading the propaganda which calls for a fear and hatred of the German people.

We never had a greater opportunity to help men physically than today. Millions are facing starvation in Europe and the Orient. Our missionaries are in a position to distribute all the food and medicine we make available. Therefore, we should curtail unnecessary expenditures and give more than ever to feed starving men, women, and children.

I recommend that we take a new stand against all forms of sin. A concerted effort on the part of all of our Churches will make a worthy impression on the cities and counties in which we live and enable us to enter the position of power and influence which we should hold.

Society is listening for an authoritative voice. Let the Church speak.

Respectfully submitted,
J. HARVEY SAUNDERS.

32. Upon the recommendation of the Church Advisory Committee the Association voted to receive the Jewel Baptist Church, which is located near High Point, into the Association. The Moderator gives the hand of fellowshp to the messengers of the church.

33. The report on Religious Literature prepared by Dr. J. Clyde Turner was read by the clerk. Dr. Turner was unable to attend. Upon motion to adopt the report the subject was discussed by R. H. Satterfield, Circulation Manager for the Biblical Recorder. The report was adopted.

RELIGIOUS LITERATURE

We are living in a day when literature is abundant. Never in the history of the world have there been so many books, magazines and papers published as there are today. Some of them are good, some are indifferent, some are bad.

We speak of religious literature in contrast with secular literature. Religious literature is literature which is inspired by religion, and has a religious appeal. But not all religious literature is good, because not all religions are good. There are as many kinds of religious literature as there are religions. Some of the most deadly poisons of the mind and soul are to be found in some of the so-called religious literature. We, of course, are interested in Christian literature, literature that has the Christian appeal. Every home ought to have that kind of literature.

In this report, we are especially concerned about the literature which our denomination is producing. Apart from the many books and tracts which are being published, we have literature representing every phase of our denominational work. From the Sunday School Board there comes the literature which we use in the Sunday School and Training Union. The Foreign Mission Board publishes *The Commission,* a monthly magazine which carries information and inspiration concerning our foreign mission work. The price is only fifty cents a year. The Home Mission Board issues a monthly publication called *Southern Baptist Home Missions,* which tells of the work being done by the Home Mission Board. The subscription price of this magazine is only twenty-five cents. The Woman's Missionary Union publishes monthly magazines for the various missionary organizations.

In North Carolina, we have two publications—*Charity and Children* and *The Biblical Recorder. Charity and Children* is published by Mills Home, and has a field of its own. *The Biblical Recorder,* owned and controlled by the Baptist State Convention, is the one organ of North Carolina Baptists. *The Recorder* has had a long and honorable history. Its publication was begun in 1833, three years after the State Convention was organized. In the 108 years of its history, it has had only twelve editors. It was owned and published by private interests until three years ago, when it was purchased by the convention. Dr. John C. Slemp, who has been editor and business manager for the past two years, has offered his resignation to become effective November 15.

As the organ of the Convention, the *Biblical Recorder* has wielded a wide influence. It has been the medium through which information concerning the work of the Kingdom has gone out to the people. It has been a leading factor in helping to mold the policies of the convention and promote its interests. It comes weekly with its message of information and inspiration for all the family. The price in single subscriptions is $2.00 per year. In clubs of at least five per cent of the Church membership the price is only $1.50 per year. Churches in increasing numbers are putting *The Recorder* in the Church budget and sending it to every family in the Church.

Respectfully submitted,
J. CLYDE TURNER.

34. The report on Sunday Schools was made by A. A. Walker. Upon motion to adopt the report the subject was discussed by A. A. Walker and J. S. Hopkins. The report was adopted.

SUNDAY SCHOOL REPORT

The statistical tables carry a report both full and concise on all the main phases of our church work and deserve more attention than they usually get. Figures fail to report some things, however. Bible teaching can not be measured in figures and so it is that the best report on Sunday School work can not be reported either verbally or in figures.

We do well, perhaps, to observe some of our weak points for the purpose of correction. There is a vast throng that the Sunday School is not reaching and perhaps some fifty per cent of those reached are barely touched. The opportunity to really study the Bible is lightly regarded by many and wholly neglected by more.

There is the distressing tendency to substitute Sunday School for worship. These and many other defects and temptations give us reason to be ever on our guard. We rejoice, however, that there is a growing interest in the work of Sunday School. For a long time this Association has had a school for every church in her membership. This is indicative of the value we attach to this praiseworthy work. Each of these schools seem to be particularly concerned about increased enrollment and attendance. The place of teacher training is more generally recognized. The departments of Cradle Roll, Extension, and Vacation Bible School are gaining more recognition and reaching more people. It is very significant that nearly all our conversions are Sunday School pupils.

For some time we have had a Sunday School Associational organization which has functioned reasonably well. Two meetings are scheduled each quarter for each of the three districts of the association with one general meeting quarterly. Under the leadership of Associate Superintendent Rev. Mr. J. S. Hopkins, assisted by the district Associational committee on evangelism, one of these quarterly meetings was turned into an Evangelistic Rally held in the Greensboro First church. By many this was regarded the best attended and most promising service ever held in the association. This organization has not been able to do its best work in many instances because of insufficient information and the lack of sustained attendance upon its regular meetings. It is to be hoped that each school will adopt and use faithfully the six-point-record-system, or a system its equal, and that monthly reports be made as requested according to these records. The program committee using these records as indices can provide programs that will more nearly meet the most pressing needs before us. Then it is to be hoped that each school will enthusiastically attend these programs, sharing, studying, and praying together until there shall arise in our midst a Sunday School consciousness that will make us all measure up to the standard God has set for us to reach.

Respectfully submitted,
A. A. WALKER.

35. The report on the Ministers Relief and Retirement Plan was presented by A. L. Fulk. The report was adopted.

REPORT ON MINISTERS' RELIEF AND RETIREMENT PLAN

The Relief and Annuity Board, now in its twenty-fourth year, is an agency responsible for investing funds for the care of retired ministers, their wives, missionaries, and other servants of the denomination. During the year of 1941 this board will disburse benefits of over a half million dollars. There has been a steady increase in the membership of the several plans under which the Board operates. The last reports show a total membership of 6,680. However, this is but a small percentage of the pastors in the Southern Convention who some day will become disabled and who will have to look to others for security in old age. The Board operates under twelve different plans which are designed to meet the needs of any and all our Christian workers.

The major plan now being administered is known as the Convention Ministers Retirement Plan. It is a state unit plan adopted by all the states in the Southern Convention. In this state the plan operates as follows: The Church contributes 4% and the minister 4% of his monthly salary to which the State Mission Board adds $18.00 annually. The benefits of this operation are to be 50% of the average salary received by the minister during the last 25 years of service if such plan has been in operation for as much as 12 years. $2,000 per annum is the maximum benefit available regardless of salary. The plan also carries a disability benefit providing a maximum of $500 per annum according to the salary received.

Every pastor and Church should at once begin to cooperate with this plan. Delay means decreased benefits. While the Churches who pay larger salaries have been among the first to enter the plan, it is to be regretted that many of the Churches who pay their ministers a small salary seemingly have not been interested. The lower the salary given the minister, the more incumbent it is for that Church to help provide for his security in old age. If the Churches who have been the recipients of their labors do not provide for their ministers, who else will do it?

A. LINCOLN FULK.

37. The report on Christian Education was made by Wilson Woodcock. Upon motion to adopt the report the subject was discussed, after singing "Draw Me Nearer," by Dr. Carlyle Campbell, President of Meredith College. The report was adopted.

REPORT ON CHRISTIAN EDUCATION

"Baptists have now in the South five types of schools: Theological seminaries, three in number, for the education of the Christian ministry; one training school for women who are being educated for definite Christian service in the homeland and, for the foreign fields; 26 colleges and universities; 24 junior colleges; and 11 academies, making a total of 65 schools." This factual statement is from the report of the Education Commission of the Southern Baptist Convention, May 1941.

It is reported that indebtedness has been decreased and endowments have been increased. New buildings have been erected and new departmnts have been inaugurated. The beginnings of Christian Education among Baptist was to train preachers. Now it is more inclusive. Our colleges have instituted pre-medical, predental and pre-engineering courses, and entire medical courses are offered by some of our Baptist schools.

Our North Carolina Baptist colleges are: Wake Forest, Meredith, Chowan, Mars Hill, Campbell, Wingate and Boiling Springs. The observation of an annual Christian Education Day is suggested when the pastor will preach upon the subject, or that a suitable program be presented.

In each Church the high school seniors should be informed concerning the advantages of our Baptist schools.

Endowments, the erection of new buildings and the remodelling of old buildings call for our utmost financial support.

Our Baptist leadership comes from Baptist schools or from state schools under the influence of the local Churches and the organized Baptist student work. Therefore let us give our influence and our money to the ample support of these agencies.

Respectfully submitted,
WILSON WOODCOCK.

REPORT ON N. C. BAPTIST ORPHANAGE

Surely one of the institutions closest to the hearts of the people of this Association, is the North Carolina Baptist Orphanage. For the past fifty-six years it has stood rendering for us the good service which we so desire to see accomplished and yet are unable to render for ourselves. During those years our Orphanage has given aid to nearly five thousand children. It has not only provided these unfortunate children a place to rest their weary heads, but has done a commendable job in preparing them for the duties and responsibilities of life. This is verified best by the fact that so many of the boys and girls dismissed from the Orphanage have become leaders of the communities in which they took up their abode, whether at home or abroad. Who can tell what would have been the fate of these five thousand lives and souls, without the sheltering influence of this Christian institution?

Since the Orphanage is almost entirely dependent upon the Churches and Sunday School for its support, we appeal to the delegates gathered here to see to it that their people are given the opportunity to share the blessing of this good work through the following channels:

1.—Let the Sunday School offering once a month be sent to the Orphanage.

2.—Collect a truck load of fruits, farm products and canned goods occasionally and send it to the children.

3.—Prove your gratitude to God by sending a real Thanksgiving offering in November.

4.—Be sure a club of the *Charity and Children* comes to your Church every Sunday and appoint someone to be responsible for its distribution. Reports show that the 1-3 of our people who read the *Charity and Children* give 2-3 of the total contributions to the Orphanage.

The eyes of both the officials and the children are looking to us in faith and confidence. Let us match their trust with gifts worthy of our Master's name.

Respectfully submitted,
J. C. SHORE.

42. The report on Obituaries was made by Huber Dixon. The congregation stands as Brother Dixon leads in prayer. The report was adopted.

It is with profound reverence that we pause to pay our respects to those, who, though they have departed, still live in the hearts and lives of many. No eulogy of human origin is adequate to express our gratitude and respect for their influence which is still existent in the work of this Association. As always, we must go to God's Word to find expression to the deepest thoughts and emotions of our hearts. We see John yonder on the Isle of Patmos, surrounded by the heavenly glory, receiving a divine message. Let the heavenly messenger bespeak the profound thoughts and feelings of our hearts. "Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors; and their works do follow them."

Respectfully submitted,
J. HUBER DIXON.

43. The report on the Hospital was presented by B. C. Lambe. Upon motion to adopt the report the work of the Hospital was discussed by Mr. Smith Hagaman, Superintendent of the Hospital. The report was adopted.

REPORT ON BAPTIST HOSPITAL

The Baptist Hospital is just now completing additions to its plant that increase its bed capacity from 108 to 300. This will enable the hospital to treat 10,000 patients each year. Of this number, we may expect 3.300 of them to be service patients; that is, not able to pay a hospital bill. 3,300 will be mothers who have waiting for their return home 10,000 children. If the present rate is maintained, 200 will be preachers for whom no charge has been made for the last two years or more.

The hospital has a staff of 100 doctors: these are all specialists in the many fields of medicine and surgery.

The hospital runs a well-equipped standard Training School for Nurses. These are taken from as nearly every section of the state as possible. A class of about 50 will be taken each year, making a school of 150.

The Medical Building of the Bowman Gray School of Wake Forest College is now completed and the school opened the first of September of this year. While the Medical School and th Hospital will be closely related and mutually helpful in every department, they will remain separate institutions, controlled by separate Boards of Directors and supported from different sources.

Everything contributed to the hospital goes to the support of the hospital exclusively. The Mother's Day Offering by the churches is used entirely for the service of patients not financially able to pay for treatment.

The spiritual side of the hospital's service is stressed always. The Hospital has a fulltime pastor supplied by the generous donation of Mr. C. M. Scott of High Point. This pastor, Rev. Charles E. Parker, in addition to his many activities with the patients and their families and friends, teaches a course in Bible in the Nurses Training School.

The various organizations of our women and young people are rendering a vast service to the hospital in supplying linens of all kinds—such as sheets, pillow cases, towels, washcloths, etc.

Our vastly enlarged program, of course, will require increased support.

Respectfully submitted,
B. C. LAMB.

44. The report of the Committee on Evangelism was made by J. S. Hopkins. Upon motion to adopt the report the subject was discussed by J. S. Hopkins. The report was adopted.

REPORT ON EVANGELISM

Early last spring your committee set out to encourage all the Churches of the Association in evangelism and soul-winning. Several hundred letters were mailed to pastors, Sunday School superintendents, Training Union directors, and W. M. S. presidents. An evangelistic rally was held in each of the districts of the Association. The first with North Main Street Church in High Point, the second with Magnolia Street Church in Greensboro, and the third with Penn Memorial Church in Reidsville. Following these an associational-wide rally was held in Greensboro. Large crowds attended all of these rallies and great interest in evangelism was manifested in each of the meetings. We are sure that these meetings were worthwhile and helpful, and we feel that a greater Associational program of evangelism should be undertaken in 1942. With this in mind we submit the following resolution:

WHEREAS: The salvation of souls, the advancement of the Kingdom, and the life of our Baptist denomination depends on sane, scriptural, spiritual, soul-searching evangelism, and

WHEREAS: Southern Baptists baptized only 245,500 in 1940, falling below the 269,155 of 1939, thus decreasing 8% in one year, and

WHERAS: Our own state, North Carolina, baptized 21,893 in 1940, a loss of 3,674 as compared with 1939 and a ratio of only one baptism for every 24 members, thus showing a 14% decrease in one year, and a 6% greater loss than that shown by all Southern Baptists in the same period ,and

WHEREAS: Our own Association baptized 804 in 1940, a loss of 171 as compared with 1939, and 714 in 1940, a loss of 90 as compared with 1940, thus showing a decrease of 27% in a period of two years,

BE IT RESOLVED:

FIRST: That we follow Dr. Roland Q. Leavell's suggestion in electing an evangelistic committee, as of last year, composed of a chairman, a publicity man, a survey or census man, one to promote soul winning study courses and Andrew soul-winning clubs, and one to promote out-of-the-church evangelism such as missions, radio, school house or arbor meetings, street preaching, working in camps, and the like, and,

SECOND: That we endeavor to win and baptize a minimum of one for every ten members, and,

THIRD: That our evangelistic program include the following for every Church:

(1) A revival meeting
(2) Report baptisms
(3) A census or survey
(4) One or more Andrew Soul-winning Clubs
(5) A soul-winning study course
(6) Evangelistic efforts through the S. S., B. T. U., W. M. U., and Brotherhood, and,

FOURTH: That our Association hold an evangelistic rally early next spring, the program for such meetings or meetings to be set up by the evangelistic committee.

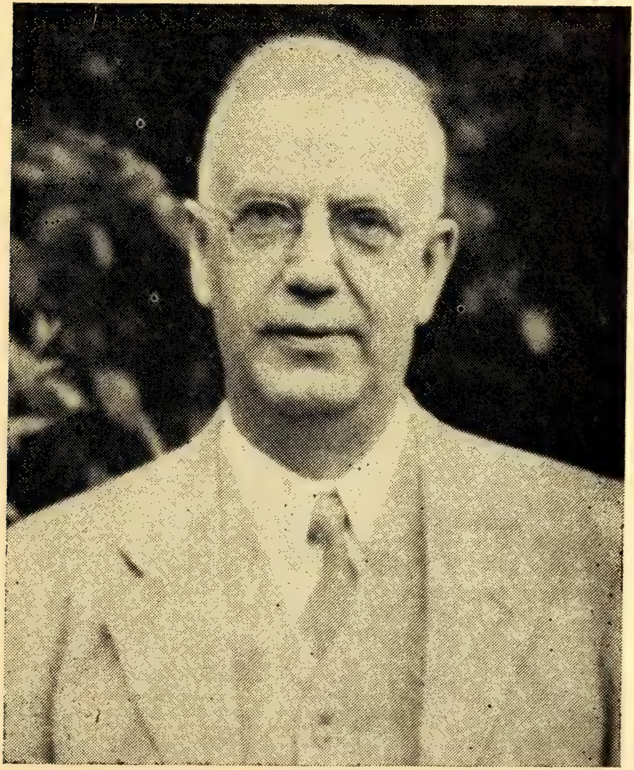
MR. ORA E. LEE

to Whom This Volume of the Minutes is Dedicated by Order of the Association

Mr. Ora E. Lee was born at Alexandria, Indiana, April 12th, 1886. In his early manhood, he moved to Charleston, West Virginia, where he held a position with a manufacturing firm. When the United States entered the World War, in 1917, Mr. Lee went to San Antonio, Texas, to serve in the army Y. M. C. A. At the close of the war, he entered the Southwestern Seminary at Fort Worth, Texas, to take a course in Religious Education.

Immediately after his graduation at the Seminary Mr. Lee was married to Miss Ethel Sowell, who had also been a student in the institution, and came with his bride to Greensboro, North Carolina, to accept the position of Educational Director in the First Baptist Church. For twenty years he served in this capacity giving himself to his work with a holy enthusiasm. Under his wise and consecrated leadership, the Sunday School grew from a rather small group to the largest in the city, and one of the largest in the state.



In 1928 Mr. Lee was elected Clerk and Treasurer of the Piedmont Association, a position he held until his death, December 31st, 1941. He also served for several years as Superintendent of the Piedmont Baptist Sunday School Association, and took an active part in the work of the Training Union.

Mr. Lee was a man of highest ideals and unblemished character. His one passion was to serve his divine Master. Up to the very day of his death, he gave himself without reservation to the work that was dear to his heart. He is survived by his wife, who is now Church Hostess of the First Baptist Church, and four children—Earl David, Jennie Rebecca, Page, and Johnnie.

PROCEEDINGS

of the

FORTY-NINTH ANNUAL SESSION

of the

PIEDMONT BAPTIST ASSOCIATION

Held With the

FIRST BAPTIST CHURCH

Greensboro, N. C.

October 21, 1942

WEDNESDAY MORNING SESSION—9:30 A. M.

1. The Association opened with singing "Standing On The Promises of God" and "Draw Me Nearer," led by C. S. Hodge. The devotional period was in charge of Rev. J. T. Swinson, pastor of the Mount Zion Baptist Church. Words of welcome were spoken by Dr. J. Clyde Turner, pastor of the host church.

2. In the absence of Grover H. Jones, the Moderator, who was in Washington, D. C., the sessions were presided over by Rev. T. L. Sasser, vice-Moderator.

3. A roll of the churches was called and messengers from 43 churches responded to the call.

4. A motion was made and carried that those present constitute the body of the Association.

5. The vice-Moderator appoints the following members on the Commttee on Committees: J. S. Hopkins, R. R. Saunders, and H. R. Starling.

6. The Program was presented and adopted.

7. The report on State Missions was presented by Rev. J. C. Shore, of Reidsville. Upon motion to adopt the report the work was discussed by Rev. M. O. Alexander. The report was adopted.

State Missions

By State Missions we mean the program of work carried on under the supervision of our State Mission Secretary, for the purpose of winning to Christ and enlisting in Christian Service the people within our State. Last year there was made available for this program from the Co-operative Program, Regular Designations, interest from Invested Funds, Baptist Book Store, Sunday School Board, and other sources a total of $99,255.03. These funds were expended in carrying on the following phases of the work:

1. General Missionaries $5,667.

The three Missionaries are Rev. M. O. Alexander, Rev. J. C. Pipes, and Rev. Douglas M. Branch. Their activities consist of preaching, teaching, and promoting all phases of Baptist work in as many churches and associations as is possible.

2. Associational Missionaries $2,000.

In co-operation with four associations, the State Mission Board is helping to supply the following associational missionaries: Miss Ruth Keller in the Caldwell, Miss Ellen Daniel in the Surry, Miss Madge Daniel in the Haywood, and Rev. Tom S. Lawrence in the Pilot Mountain.

3. Missionary Pastors $24,583.

Through State Missions our Convention gives aid to churches in needy and strategic locations, making it possible for pastors to live and labor on many fields which would otherwise be neglected. One hundred sixty pastors are now receiving part of their salary from these funds. The average assistance given is about twenty-five dollars per month.

4. Aid on Lots and Buildings $15,543.

In years past the State Mission Board has done much to encourage and support the construction of houses of worship through the state. Some of these are at Chapel Hill, Boone, Cullowhee, Greensboro, Raleigh, Murfreesboro and Wingate, and were designed to provide a place of worship for students of educational institutions. Recently the Board has been buying, or helping to buy, choice lots in growing sections. Such purchases have been made in Durham, High Point and Kannapolis. This is proving to be a very valuable policy.

5. Christian Education in the Churches $34,234.

This item consists of the Sunday School, Training Union, and B. S. U. work.

6. Ministry to Other Races $3,324.

To encourage the work of the Negro Baptists the Board pays part of the salary of their Convention Secretary and the Secretary of Sunday School and B. T. U. Work. Help is also exended to workers among the Indians of Robeson County.

7. Ministering to the Sick $1,065.

Part-time chaplains are provided for veterans at Oteen and the Western North Carolina Sanatorium at Black Mountain, and Rev. and Mrs. E. M. Harris minister to the sick at the Sanatorium at Aberdeen.

8. Pastor Schools and Conferences $1,566.

The vision and outlook of scores of North Carolina pastors has been enlarged by the two Pastor Schools held each year, one at Mars Hill and the other at Meredith.

9. Work Around the Camps $18,000.

The newest and possibly the greatest opportunity facing our State Mission Board is the work in the defense areas of the state. There are perhaps two hundred thousand men in military camps in our state. The areas surrounding these camps have suddenly become filled with civilian population and the families of the army officers. As speedily as is possible lots are being purchased, buildings erected, and pastors provided for these areas.

10. Other State Mision Work $7,624.

This includes the cost of the Southern Baptist Radio Hour, Convention minutes, salaries, materials and postage, insurance and incidentals.

Seeing that the work of State Missions is so vital and the needs so great, let us meet the growing opportunities by increasing our offering to this cause.

8. The report on Christian Education was presented by Rev. H. O. Miller of High Point. Upon motion to adopt the report it was spoken to by Rev. J. B. Willis, of Hamlet. The report was adopted.

Christian Education

When we think of Christian Education we naturally associate the thought with our denominational Colleges, secondary schools and seminaries, for out of these have come a large percent of leadership in our churches and denominational life. These great institutions have trained and sent out multitudes of the finest Christian men and women to carry on the work of the Kingdom. But back of these great institutions is another phase of Christian Education that plays no small part in paving the way for the achievements of these institutions. I refer to the influence of the home and the church. Most students become Christians before they enter college. All of them should be won to Christ before they are old enough to enter college. This is a responsibility upon the home and the church. With the proper training in the home and in the church, the students will be able to stand firm in the faith during college days.

It is my sincere belief that the home and the church, in a large measure, have failed in Christian Education. To remedy this situation, we need more dependable Christian fathers and mothers. We need a church leadership concerned about high standards of Christian living, rather than a large number on the church roll. We need teachers who will not only teach the truth, but practice the same every day.

The standard set in the home and the church determines, largely, the quality of men and women turned out by our colleges, Seminaries and Training Schools. Let us raise the standard in our local communities and churches and then we may rightly expect a higher standard in our Colleges.

The depletion of our schools, brought about by the terrible conditions thrust upon us shall surely present a crisis in the field of Christian Education. May God give us grace to face it.

We recommend that the Association endorse the action of the Trustees of Wake Forest College in admitting women to the Junior and Senior years of that school.

Respectfully submitted,

Rev. Hughey O. Miller.

9. A motion was made by Rev. Wilson Woodcock that the Association approve the reception of girl students at Wake Forest College, and that this be an amendment to the report of Rev. H. O. Miller. The amendment was adopted. The report was adopted.

10. The report on the Hospital was made by Rev. H. R. Starling, of Greensboro. Upon motion to adopt the report it was spoken to by Rev. Chas. E. Parker, of Winston-Salem. The report was adopted.

The Baptist Hospital

The last three years have been eventful in the expansion of the hospital. Three years ago the hospital had a bed capacity of 100 and by overcrowding, we were caring for about 4,000 patients per year.

Today, we have a modernly constructed and equipped hospital with a bed capacity of almost 10,000 patients annually, and now are caring for about 650 patients per month. Owing to a shortage of nurses caused by war conditions, the hospital has been unable to open a few rooms.

We shall have this year not less than 2,500 service or free patients. This will represent, inculding hospital and medical service, about $250,000 in free service for this year.

The hospital has a staff of 26 internes and about 100 doctors practicing in the hospital. In addition, it has the free service of the entire staff of the Medical School whenever desired for consultation and diagnosis. Every department is thoroughly organized to give most efficient service possible.

The equipment, as well as the building, is entirely modern. The hospital recently added $20,000 worth of new instruments to the operating rooms and $44,000 worth of new X-Ray equipment, making an X-Ray department "None better in the South".

The hospital, in conjunction with the Medical School, has a floor-space of four acres and represents a value to the denomination of $2,000,000 with only a very small amount of indebtedness.

The purpose of the hospital shall remain as ever—to give hospital treatment to those who are unable to pay for same, educate nurses with Christian ideals, and at the same ime, maintain a standard of scientific efficiency "second to none in the country". It is the abiding purpose of the management that it shall be definitely a Christian Institution with all that it implies.

This greatly expanded service which is growing more and more into every section of the state, of course, requires an increased support. This, we are glad to report, is growing year by year. In addition to the Mother's Day offering by the churches and Sunday Schools, which has increased in the last few years from $11,500 to about $38,000 this year, the hospital linens contributed by the W. M. U.'s and other church agencies has increased year by year.

11. The report on the Orphanage was presented by Rev. E. M. Smith, of High Point. Upon motion to adopt the report it was spoken to by Dr. I. G Greer, of Thomasville, in a marvelous address. The report was adopted.

Orphanage Report

The children who compose the population of the Baptist Orphanage of North Carolina may be classified under three heads: full orphans, half orphans and victims of desertion and wrecked homes. These children are being cared for by three well recognized methods of child caring: Mother's Aid, Boarding Homes and the Orphanage proper.

The demands upon the Orphanage authorities have never been greater. They receive upon an average of 45 applications every month during the year. No matter how urgent the demands, however, the policy of the Orphanage is not to make special appeals. Special appeals for other causes may come and special appeals may go, but this constant stream of human need must go on day after day, and year after year until the purpose of Christ through His church has been fulfilled.

The past year was one of the best in the history of the Orphanage, but imperative needs continue to increase. The care of the orphan child was intrusted to us by Christ Himself. We cannot shun this Christian responsibility and claim to be practicing "pure religion". When appeals are made to the orphanage authorities they have nowhere to go other than individuals, Sunday schools and churches.

We suggest as a goal for the Association for next year: a monthly contribution from each church or Sunday school, gifts of produce in season, a real Thanksgiving offering in November and a club of Charity and Children in each Sunday school.

Respectfully submitted,

Ernest M. Smith.

12. The report on Christian Literature was made by Rev. J. Ben Eller, of Greensboro. Upon motion to adopt the report Dr. L. L. Carpenter, the new Editor of the Recorder, was introduced to the Association by Bro. Eller, who then spoke to the report. The report was adopted.

Christian Literature

The books, papers and magazines which we read greatly influence our lives. The forces of unrighteousness have recognized this truth and flooded our nation with unwholesome and hurtful literature. Many of us constantly lament this fact; but we do little about it. Surely we should frankly face the problem by placing the very best reading material in the hands of our people.

Certainly if we are to be intelligent and competent Christians we must read literature that will feed our souls and inform our minds. Our Baptist periodicals and papers are meant to do these things. To read them regularly will save us from much ignorance and strengthen us spiritually. Through them we may keep in touch with our great world-wide Baptist brotherhood. In them we get a glimpse of our workers and their work, and learn the possibilities and needs of our mission fields both at home and abroad. In short as we read them we become a living part of a great religious body striving to do the will of Christ.

We would then urge our people to give a larger place in their home to Christian literature. The Bible of course should come first. But we also commend our Baptist magazines and papers. "Home Missions", "The Commission", "Royal Service" and "Charity and Children" should come to our homes.

At this time, however, special attention should be given to the Biblical Recorder. After a long search Dr. L. L. Carpenter, a North Carolinian by birth and training, has been secured as editor. As pastor, teacher, and writer, he is well prepared for his task. Our leaders know him and trust him. Therefore, we heartily commend him to our Churches. "Forgetting those things which are behind, and reaching forth unto those things which are before" we should gladly rally to the Biblical Recorder in its present great opportunity for service.

Respectfully submitted.

J. Ben Eller.

15. Following a 10 minute relaxation period the hymn "Loyalty to Christ" was sung, then a trio from the Bessemer Baptist church sang "Holy Spirit From On High." Rev. H. O. Miller, of High Point, read the scripture, John 6:59-71, and led in prayer. Rev. A. A. Walker then delivered a most inspiring message, the Annual Sermon, from the topic "Loyalty to Christ." WEDNESDAY AFTERNOON SESSION

17. The session was opened by singing "How Firm A Foundation." The devotional period was led by Rev. I. B. Jackson, the new pastor of North Main St. Church, High Point.

18. The report on Home Missions was presented by Dr. J.

C. Gillespie, of Reidsville. Upon motion to adopt the report, he also spoke to the report. The report was adopted.

Report on Home Missions

If there was ever a period in the world history when we needed light—spiritual light—it is today. The world is in spiritual darkness, It seems to be moving backward toward the tyranny and oppression and slavery and paganism of the past ages.

Our task as a denomination in America is to prepare our Home-and spiritually to meet its obligations to the world with the gospel of Christ when peace may have been declared and order in the world established. **Whatever else we do, the evangelization of our** land and its mobilization for the world's evangelization must not be sidetracked. This is the task to which the Board has set itself and for this task it is girding its strength.

There are signs of progress. During the past year we have added 31 missionaries to our force, opened 64 mission stations, constituted 13 new churches; our missionaries have distributed 17,250 Bibles, Testaments and portions of Scripture; have given out more than 785,000 tracts; have preached approximately 35,000 sermons; have led more than 7,000 people to accept Christ and received into the fellowship of the churches 2,863 members.

We are today preaching the gospel to Indians, Mexicans, Spanish, Jews, Italian, French, Cubans,, Chinese, the underprivileged in the crowded industrial sections, in the slums of cities, in the neglected mountain areas, to the millions of negroes in the homeland and are carrying Christ to the camps in our service to and with the chaplains. We have begun a City Mission Department which we will enlarge, when our debts are paid, and have begun a work in the vitalization of the country church and are now working out a program which will, if carried into effect, re-establish the country church as a potent factor in our denominational life.

In addition to the enlarging of our mission work we are paying our debts. Last year the Board paid $355,000.00 on the principal of its debt, and at the present rate of debt payments and on the basis of receipts for the past year the Board expects to fully pay the balance of $495,000.00 due before the end of the calendar year of 1943.

CLASSIFICATION OF WORKERS: The ninety-seventh annual report of the Board, made to the annual meeting of the Southern Baptist Convention last spring, shows a total of 424 workers classified as to fields as follows: Spanish speaking, 127; French, 27; Italian, 11; Chinese, 7; Negro, 19; Indian, 74; Cuban, 95; Canal Zone, 6; Office and Field, 21; Miscellaneous, 37.

MAGAZINES AND BOOKS WIDELY USED. The Board's monthly magazine, "Southern Baptist Home Missions", had an average circulation during last year of 53,673, an average increase per month over the previous year of 1050. Income from magazine subscriptions and advertising and book sales netted a small profit to the Board above cost of publication of the magazine and some 60,000 mission study books. This profit was $1,085.40.

AN IMPERATIVE TASK. No country can be better than its citizens, and if Christianity is to become effective in changing national life, then it must root itself in the lives of the citizens who compose the nation. To embody these principles in law is not enough, for the law may not be obeyed. It is not legal, but moral rights that must be established. The main trouble now with the world is sin and selfishness rooted in individuals. These must be supplanted by love and kindness. Christ must become regnant in the life of the people.

When Christ reigns in the life of the people then will He rule in the social, economic, political and moral life of the world. Nothing else will save the world. It is Christ or chaos. We must Christianize the world or else the social order of the world will rot us in our own wickedness. As Christians we believe that the solution for the world's hurt is Christian religion.

Respectfully submitted,

J. C. Gillespie

19. The following visitors were recognized: Rev. A. R. Gallimore, Rev. L. A Nall, Rev. Mr. Beene.

20. The report on Foreign Missions was presented by Rev. J. S. Hopkins, of High Point. Upon motion to adopt the report it was spoken to by Rev. A. R. Gallimore, who had just returned from occupied China. The report was adopted.

Report on Foreign Missions

Our Foreign Mission Board, through its 464 missionaries and its thousands of native workers, has been engaged in a program of education, evangelism, and healing in Africa, Asia, Europe, South

America, and the Hawaiian Islands. During the current year mission work has been inaugurated in two fields, namely, Columbia and the Hawaiian Islands.

In 1933 the Board had an indebtedness of $1,110,000.00. The debt now stands at $90,000.00. That means that $115,000.00 has been given during the current year to debt reduction. It looks as if this burden of indebtedness will have been rolled away by the middle of 1943. The response to appeals arising out of the present emergence is most encouraging. Already more than $390,000.00 has been received. The Lottie Moon Christmas offering this year reached the unprecedented sum of $449,162.48.

THE COMMISSION has enjoyed phenomenal growth during the past year. Last year a circulation of 23,190 was reported while this year we can count a circulation of 39,313. Pastors and other religious leaders would confer a great benefit upon themselves and their people if they would make an effort to get this publication into every home. The price is only $ .50 per year.

AFRICA: Southern Baptists have the largest number of missionaries under appointment they have ever had in Africa—a total of sixty. From this field come glowing reports that both pagan and Mohammedans are finding and following the conquering Christ in this land of desperate darkness, and that the progress of our work has been impeded in no way by world conditions.

*EUROPE AND NEAR EAST*s Since total war enveloped Europe and threatened to lay waste the Near East, it has been necessary for all our American missionaries to withdraw from these areas. Our lone missionary remaining in Europe is Mrs. N. J. Bengtson of Barcelona.

THE ORIENT: Present world conditions have restricted our work in many parts of the Orient but Free China still opens to us one of the great opportunities of all time for mission work. Our mission secretary says that after the war there will be waiting for us in the Orient such an opportunity for preaching the gospel as Baptists have not known since Pentecost.

LATIN AMERICA: Every door swings wide for the entrance of the gospel in Latin America. Here our challenge is great to implement our "good neighbor policy" with the spiritual reality and the saving grace of the gospel of Christ.

Respectfully submitted,

Julian S. Hopkins

21. The report on Relief and Annuity was made by Rev. D. W. Overby, of Reidsville. Upon motion to adopt the report it was spoken to by Rev. M. O. Alexander, our General Missionary to Eastern N. C. The report was adopted.

Report on Relief and Annuity Board

The Relief and Annuity Board has entered upon the twenty-fifth year of its work. During the twenty-four years, which ended at the meeting of the Southern Baptist Convention last spring, the Board has made a great record of service and growth. Its assets grew from a little over $100,000 at the end of the first year's operation to approximately $5,500,000 by the close of 1941.

The Board is serving through its Relief Department and its several Annuity Plans more than 10,000 ministers, missionaries, denominational workers, and widows of ministers. Two thousand five hundred of these are already receiving benefits and 7,500 others are due to receive benefits in the years ahead.

A host of Southern Baptist pastors, with their churches, are participating in the Ministers' Retirement Plan. The number of preachers is rapidly approaching 6,000 and the number of churches approaching approximately 8,000.

Through other Annuity Plans of the Board, such as the (old) Annuity Fund, the Foreign Mission Board Pension Plan, the plan for Home Mission Board and the State Boards, together with the plans of the various agencies and Institutions of the Southern Baptist Convention, the employees are being protected against the vicissitudes of old age and permanent illness.

There are still scores and even hundreds of pastors in the Southern Baptist Convention, and in every state, who have not been awakened to their privileges and duty in connection with the Ministerial Relief Plan through which plan they have been urged to make provision for their old age or disability.

Young pastors should enroll promptly and he with the church or churches he serves should pay their dues regularly each month.

The unenlisted may receive full information as to enlistment by writing to

28. Dr. J. Clyde Turner, who had just returned from the Seminary at Louisville, spoke briefly on the work there. He said that more than 500 male students are now enrolled there, and that the ladies of the Training School are taking part of their classes on the campus of the Seminary.

29. The report on the Co-operative Program was presented by Rev. Wilson Woodcock. Upon motion to adopt the report it was spoken to by him. The report was adopted.

Report on Co-operative Program

During 1941 the gifts by Southern Baptists to the Co-operative Program were $1,318,572.77, which is an increase of $183,530.36 over the gifts of 1940. The total, including $672,106.21 designations and $261,143.63 for the Hundred Thousand Club was $2,251,822.61, or an increase over the total of 1940 of $265,105.34.

Fair dealing is one of the principles on which the Co-operative Program is based. The needs and possibilities of each agency of our Convention is carefully weighed and allotment made accordingly. This prevents the agency with the best field representative securing more funds in proportion to its needs than another agency without such effecive promotional activity.

Faithful giving is the success of the program. Week by week giving is more satisfactory and produces more funds than spasmodic offerings made under high pressure.

Steadfastness in giving is the Scriptural method. Therefore those who follow this method because of their conviction that it is God's will are the joyous givers. As a rule they are the effective members of the churches.

Fundamental principles underlie the Program. The unity of missions is kept in the forefront. There is one command to go into all the world. The divergence in emphasis arises simply from the fact of geography. We learn the importance of the whole mission program by becoming familiar with the needs of the various mission fields, State, Home and Foreign.

Therefore the special days for special offerings have their place in the Program and they should be supported.

Hnery Ward Beecher said "A church debt is the devil's salary." And Paul said "Owe no man anything, but to love one another." (Rom. 13:8) In 1933 Southern Baptists began to do something about the six million dollar debt. The various agencies began to set aside a percentage of their receipts from the Co-operative Program for debt retirement. In May of that year the Southern Baptist Convention inaugurated the Baptist Hundred Thousand Club. Since then the debt has been reduced to less than one and three quarter million dollars. For the entire time since 1933 North Carolina stands seventh in the list according to the amount of the gifts. But for the first four months of this year our state is third, only Georgia and Texas exceed us.

In the first eight months of this year, that is, from January 1, to September 1, the receipts for the Hundred Thousand Club were $259,914.86, which is $95,274.73 more than the same period last year. A new slogan is suggested, viz. "Debt-free in 1943—count on me."

Respectfully submitted,

Wilson Woodcock.

30. The report on Social Service was presented by Dr. J. Clyde Turner. Upon motion to adopt the report it was spoken to by him. The report was adopted.

REPORT ON SOCIAL SERVICE

In times of war, the enemies of righteousness become stronger and more threatening. The baser passions are unleashed, and greed, and hate and prejudice take control; profanity, and prostitution, and drunkenness abound; holy things are desecrated. In the many social evils that confront us, we can mention only a few.

Desecration of the Lord's Day

The Lord's Day has been captured by the spirit of secularism and worldliness. Under the plea of war emergency, it has been turned into a day of revelry. Many professing Christians have been caught in the tide and swept from their moral moorings. If the present tendency is not checked, it will not be long until Sunday will be little different from the other days of the week. Let that day be stript of its sacred character, and Christianity will be wounded in its very heart.

Economic Evils

The business and industrial life of the nations is permeated with the spirit of greed and covetousness. Class is arraigned against class in an economic warfare that grows more threatening with each passing year. Competition instead of cooperation marks the spirit of the times. Extreme wealth and extreme poverty dwell side by side. Never will these evils be corrected until men come to realize that "none of us liveth to himself," but everyone has a social responsibility.

Racial Prejudice

In a time when all the people of our country should stand together, there are those who fan the fires of racial prejudice, and seek to stir up racial misunderstanding. The word of God declares that "There can be neither Jew nor Greek, there can be neither bond nor free, there can be no male and female; for ye are all one in Christ Jesus." The proper relation between the races can exist only when injustices are removed and the spirit of love prevails. Just when the people of the south were rejoicing in the fact that lynchings had almost ceased within our borders, three Negroes, two of them fourteen-year old boys, were lynched by angry mobs in one of our southern states. Crime can never be blotted out by the commission of other crimes. Right relations between races can never be established by prejudice and injustice.

The Liquor Traffic

The legalized liquor traffic continues to hold a favored place in our land. The beer barons and liquor dealers are using the conditions accompanying war to enlarge their patronage and increase their sales. Drunken drivers are menacing the highways in ever-increasing numbers. Social gatherings are characterized by drunken revelry. Areas around army camps are still flooded with liquor and vice in spite of the repeated protests of the forces of righteousness. Now that the young men from eighteen to twenty years of age are to be called to the army, it is all the more necessary that such conditions should be corrected.

The Christian church cannot escape its responsibility. It must hold high the standard of righteousness in a time of moral decay. It must seek to abolish the social evils that threaten our country, and create conditions in which life can be lived at its fullest.

J. Clyde Turner

31. A motion was made that telegrams be sent from the Association to our Congressmen, Rep. Carl T. Durham, Senator Josiah W. Bailey and Senator Robert R. Report of Church Advisory Committee

On January 19, 1942, the Advisory Committee met for the purpose of considering the advisability of Brother C. R. Pierce, of the Rocky Knoll church being a candidate for the ministry. Bro. Pierce was approved.

On June 18, 1942, at 3:00 p.m., the Advisory Committee met for the purpose of hearing the request of Allie R. Snipes, of the First Baptist Church, High Point, that he be ordained to the ministry, he having been called as pastor of the Ossipee Baptist Church. Motion was made by Mrs. Nettie H. Hoge, and seconded by Rev. J. S. Hopkins, that he be approved. Motion carried.

On Sept. 15, the Advisory Committee met at the First Baptist Church at 3:20 p.m. for the purpose of considering the establishment of a new church on Battle Ground Road near the junction of the old Hillsdale Road. A motion made by J. Ben Eller was carried that Dr. J. Clyde Turner and Grady Burgiss be a committee to represent the Advisory Committee to the group already carrying on work in that locality, and hear their requests and work with them in fostering the work.

The Church Advisory Committee in session today has heard the requests of the Edgeville and Pilot View Baptist Churches, has approved their requests and recommended their reception into the Piedmont Baptist Association.

Respectfully submitted,

L. Grady Burgiss, Sect. of Com.

37. The Edgeville and Pilot View Baptist Churches were welcomed into the fellowship of the Piedmont Baptist Association as Rev. T. L. Sasser, Vice-Moderator, extended the right hand of fellowship to the representatives from those churches.

38. The following new pastors were welcomed into the Association: Rev. A. L. McGee, Rev. I. B. Jackson, Rev. A. J. Swinson, Rev. W. H. Barker, and Rev. James H. Smith.

39. The session was closed with prayer.

WEDNESDAY EVENING SESSION

40. The session opened by singing "At the Cross," "Glory to His Name," and "When I survey the Wondrous Cross." The worship period was led by Rev. C. R. Pierce, pastor of Guilford Baptist Church. He read John 20:21, and led in prayer.

41. The report on Sunday Schools was presented by L. Grady Burgiss. Upon motion to adopt the report it was spoken to by Rev. L. L. Morgan. The report was adopted.

Report of Sunday Schools of Piedmont Baptist Association

A survey of records of our Sunday school work in this Association will reveal some facts that should give us some occasion for serious reflection and vigorous planning for the future.

Our records show that 46 Sunday schools in the year 1939 reported 16,270 pupils enrolled, with a total average attendance of 8894, while the records for this year of 1942 show 53 Sunday schools reporting an enrollment of 16,320, or a gain of only 50 pupils in four years. The enrollment for the years of 1940 and 1941 shows 16,625 and 16,903 respectively. The average attendance for those years was 8,407 and 8,817, both of which are below the 1939 average of 8,894. The total average attendance for 1942 is not yet computed, but the indications are that the figures will fall below those of the other years mentioned above.

All of this means that in spite of the fact that new Sunday schools and churches are coming into being at the rate of two or three a year our total enrollment and our average attendance do not increase materially.

Two questions immediately arise: 1, Are these new churches and Sunday schools made up and carried on by people who have withdrawn from other churches? 2, Is this an indication that if new churches and Sunday schools had not been established in these four years we would have suffered a definite decline in our Sunday school work?

Perhaps more than we realize it, the condition of the Sunday school is an index to the condition of the church. To what extent this is true we cannot say accurately. But there is enough relationship between them to cause us to pause and ponder when there is an indication that our Sunday school work may be slipping.

Let us each investigate conditions in our own church and

Sunday school, as well as in the community in which we serve, and see what can be done to enlarge our work all we can by employing the most vigorous efforts, and relying upon the help of the Lord.

Respectfully submitted,

L. Grady Burgiss.

42. The report on W. M. U. work was presented by Mrs. J. Ben Eller, in the absence of Mrs. Nettie H. Hoge. Upon motion to adopt the report it was spoken to by Mrs. Eller. The report was adopted.

Report of W. M. U. of Piedmont Association

At no time in the history of our denomination, probably in the history of the world, has there been so great a call for cooperation in all Christian work.

The watchword of the Woman's Missionary Union, "Laborers together with God," suggests the supreme task of not cooperating with each other but with God in his plan for the salvation of the human race.

Statistics of dollars and numbers are evidences of growth and activity, yet are soon forgotten. The Woman's Missionary Union of the Southern Baptist Convention is cooperating in all material things, but the abiding work of this organization, so blessed by God, is its imperishable influence at home and abroad through its emphasis on the importance of prayer, the enlistment and training of the women and young people in active service, the study of the world's need for gospel, stewardship of self and substance, ministering to the suffering and destitute and the systematic training of the young people in the missionary work.

A church whose women and young people are so organized will be a spiritual missionary church.

In these days of distress and confusion, the church may well say with the apostles when Christ asked them, "Will ye also go away?" and they replied, "Lord to whom shall we go? Thou hast the words of eternal life." To *whom* and to *what* must the world in its distress turn today?

The Woman's Missionary Union is as a beacon or sentinel through prayer and service pointing to Christ, the world's greatest need.

In the Piedmont Association there are thirty-eight churches with missionary organizations, some fully organized with all the auxiliaries. They report for the year through the cooperative program, gifts amounting to $130,106.20.

Respectfully submitted,

(Mrs.) Nettie Hatcher Hoge

43. The report on the Baptist Training Union was presented by Mrs. J. Carl Bell. Upon motion to adopt the report it was spoken to by Rev. J. S. Hopkins in a stirring address. The report was adopted.

Report of the Baptist Training Union to the Piedmont Baptist Association—Year Ending Sept. 30, 1942

A survey of the work of the Training Union of the Piedmont Association for the year ending September 30, 1942, shows that some progress has been made and some honors won. The efforts of the Director, Mr. J. Carl Bell, have been praiseworthy and untiring.

During the year the Director has conducted or assisted in twelve study courses and promoted the organization of two new Baptist Training Unions. Other work has also been done along this line by other leaders in the Association.

In spite of the transportation situation, quarterly meetings have been held as usual. At one of these meetings Mrs. Charles Leonard brought the inspirational message and at another Miss Ola Lee brought a stirring message.

Again an outstanding event of the year was the meeting at the First Baptist Church, Greensboro, on the afternoon of March 14th, which was climaxed by a banquet in the Masonic Temple. During the afternoon session, the associational eliminations of the various contests of the Training Union were held. At the banquet session, 366 persons were present for a record attendance. Group singing and skits were enjoyed during the meal and the evening was brought to a close with an inspiring address by Mrs. John Lane.

The Piedmont Associational Training Union is very proud of the fact that the winners of the contests held in Greensboro went on to win out in the Region and were winners of all the state contests held at Ridgecrest. The Better Speakers Contest was won by the representative of the First Baptist Church, Greensboro. The Intermediate Sword Drill by Asheboro Street Church, Greensboro, and the Adult Readers, the Junior Memory Work Drill, and the Music

Contests by the First Baptist Church, High Point. The entire Association should be proud of these winners.

As a new year stretches ahead, plans are being made that the work of the Training Union of the Association be carried on in the best way possible, in spite of existing conditions, that Christians may be trained for service.

Respectfully submitted,

Obituaries

During the past year sixty-one members of the churches in our Association departed this life. One of our most beloved ministers in the Southern Baptist Convention fittingly said while conducting the funeral of a man who had been devoted to his home, Christ and the church: "The best day any of us will see in this world is the day we leave it, provided we are Christians. In every sense it is triumph for the Christian. One is absent from the body in order to be present with the Lord."

We know not what a day may bring forth, and certainly we cannot tell which of us may go or who will be listed with the departed a year from now. But we do know that Jesus is the Resurrection and the life, that to live is Christ and to die is gain. Our God and Father is the God and Father of the living. Whether we live or whether we die we are His in Christ Jesus, the Alpha and the Omega.

Respectfully submitted,

J. H. Smith.

MODERATOR'S REPORT

Today we pause to consider some of the accomplishments of the last year's work in our association, in our state, in the south and on our mission fields and to gather information and inspiration that shall gird us for the tasks that are upon us. From the churches in this association and organizations in the churches, I have received numerous invitations during the past year. With few exceptions, I have been able to accept these invitations. Due to war conditions, it has been harder to contact the churches during the past year than at any time since I have been your moderator.

A fine spirit of cooperation prevails among the churches in our association and with the associational mission program under the leadership of Rev. T. L. Sasser, this year should prove to be the greatest year in the history of our association. During this session you will be advised fully concerning the program for associational missions.

I received a report from Brother L. L. Carpenter, Editor and Business Manager of the Biblical Recorder, relative to the Recorder. There are some encouraging facts set forth in this report. It is stated, "The circulation of the paper since August 1942 has increased rapidly. The present circulation is 18,591 which means a net gain since August 1942 of more than 7,000.

The Biblical Recorder is a good, wholesome and attractive weekly paper and gives much information concerning the work of Baptists in North Carolina and throughout the south. It is an organ of our Baptist State Convention and ought to be in every North Carolina Baptist home. One of the great needs for our people is that they be informed, trained and enlisted in the whole program of the church and of the Kingdom of God. The Biblical Recorder can be of immense value in this respect.

Never before in the history of the world have christian men and women been challenged as they are now challenged by national and world conditions. I fear that many professed christians have commonly thought of Christ's teachings as lovely, idealistic and beautiful to hold; that we have discussed His doctrine as though we could merely accept it or not as we pleased and have segregated it into a special realm called religious as though it were an ideal dream of the world as it ought to be. This attitude has sprung from our failure to realize the alternatives that confront us; that there are other doctrines in the field that will dominate the world if His does not. With new consecration, new zeal and new courage, may we more fully devote ourselves to Christ and His cause.

Respectfully submitted,
G. H. Jones, Moderator.

6. The Moderator appointed the following as members of the Committee on Committees; Rev. H. O. Miller, Chm. Rev. J. H. Smith and Rev. J. C. Shore.

7. The report on State Missions was made by Rev. J. H. Smith, of Greensboro. Upon motion to adopt the report, the discussion of it was postponed until the report on the Cooperative Program, which followed immediately. The report was adopted.

REPORT ON STATE MISSIONS, OCTOBER 21, 1943
PIEDMONT BAPTIST ASSOCIATION

Baptist people in North Carolina have a tremendous responsibility and a glorious opportunity in regard to a million lost souls in this state. In our "Judea" about one out of every two belonging to a church belongs to a Baptist church. More than 500,000 (432,823) are enrolled in our 2,634 churches of 72 associations. If each member would accept the privilege of being a personal witness as commanded in Acts 1:8 how many days would be required to reach this million who are condemned and abiding under the wrath of God? The answer is, only one day, if each one could see two persons. But you say that 90 percent of these church members never seriously attempt to win another to Christ. How about the more than 2,000 Sunday School superintendents and the 2,107 ordained minisers in our state convention, then? If our ordained ministers could see an average of two a day, it would require about 238 days (less than a year) to reach the million. I seriously wonder how many of these who are lost-lost-lost have been approached by a minister, deacon, Sunday School superintendent, teacher or some member of a Baptist church. How much longer shall we hear them saying: "Why do you wait, dear brother; why do you tarry so long? Your Saviour has bidden you tell us of One who can save us from wrong. There is danger and death in delay."

Under the Lordship of Jesus who came to seek and save the lost, may we heartily and enthusiastically cooperate with our beloved state secretary, M. A. Huggins, in his great vision for our state to be Christian. Our three general missionaries, the 73 pastors in mission churches, associational missionaries, missionaries in our camp areas and every servant of the state convention ought to be remembered in our daily prayers. Our witnessing to the unsaved, our spiritual guidance in the life of each believer and our ministry to the sick are as essential in "ALL Judea" as the sun is to the earth. If one in our territory should be lost may it not be necessary for Him to say, "His blood will I require at your hand!"

Fort Bragg, the largest Army Post in America and largest Artillery Post in the world, and these other camps in our midst must not be neglected in this dark and crucial hour. More soldiers are being trained in this state than in any other state in the union. The men and women stationed at these strategic points need additional funds to carry out their heavenly visions. Surely we are going back to our churches and lead our people Sunday in a worthy offering for STATE Missions! With reference to special offerings for state missions and a budget for the coming year, I recommend that each pastor and each Sunday school superintendent study carefully and use the table on page 80 of the 1942 *North Carolina Baptist Annual.* (The same table is found on page 75 in *Kingdom Building in North Carolina* by M. A. Huggins.) According to the table the vision of our servants who are trying to lead us in a worthy program for Jesus, our Saviour and Lord, calls for at least $147,900.00 more than we are giving them now. We should be obedient to their vision! May our glorious privilege to witness in every area and to every person in this fair state and the spirit of the Christ in us lead us in exclaiming, "Take my life and let it be consecrated, Lord, to Thee. Here is my silver and gold, too. Use me and what I have to help make North Carolina a Christian state.

Respectfully submitted,

J. H. Smith

8. The report on the Co-operative Program and the 100 Thousand Club was made by Rev. Wade H. James, of Greensboro. Upon motion to adopt the report it was spoken to by Rev. E. L. Spivey, our new General Missionary for Central N. C. The report was adopted.

REPORT ON THE COOPERATIVE PROGRAM

The Cooperative Program is the tried, true, and increasingly successful plan of Southern Baptist for enlisting all our people in the support of all our work.

The Purpose of the Program

1. To include all denominational work in one comprehensive plan.

2. To enlist all our people in the intelligent, cheerful, systematic, and adequate support of this plan.

3. To distribute the funds to the several causes in proportion to their relative importance and needs as determined by the denomination itself.

How it Works

1. The individual member contributes through his church for both the local expenses of his church and the causes included in the Cooperative Program.

2. The church treasurer sends the co-operative funds to the state secretary-treasurer.

3. The state secretary-treasurer retains a portion to care for the expenses of his office and divides the balance into two parts: State and Southwide according to the percentages agreed upon (50-50 is considered ideal though some states do not observe this ratio now, and some states take out for certain preferred items before dividing the funds).

4. The state secretary-treasurer distributes the state portion to the state causes and sends the Southwide portion to the Executive Committee of the Southern Baptist Convention, Nashville Tennessee.

5. The Executive Committee of the Southern Baptist Convention distributes the Southwide funds to the agencies of the Southern Baptist Convention according to the instructions of the Convention. Nothing is taken out for the expense of the Executive Committee, these are born by the Sunday School Board .

How the Funds Are Divided

The state Convention determines how the state funds are divided. In our state it is as follows: Southwide objects 40 percent; Ministerial Aid 1 percent; Convention Debt for Educational Institutions 23 percent; Current Support for Colleges 14 percent; State Missions 15 percent; Hospital 5 percent; Ministers' Retirement Fund 2 percent.

The Southern Baptist Convention determines how the Southwide distributable dollar is divided. In 1944 it will be as follows: Foreign Mission Board, 50 percent; Home Mission Board, 23 1-3 percent; Relief and Annuity Board, 10 1-3 percent; Southern Baptist Theological Seminary, 4 1-5 percent; Southwestern Baptist Theological Seminary, 4 1-5 percent; Baptist Bible Institute, 4 1-5 percent; W. M. U. Training School, 8-15 percent; American Baptist Theological Seminary, 1.5 percent; New Orleans Baptist Hospital, 1.7 percent. Total 100 percent.

Conditions of Successs Our people must be informed about the Program; what it is; how it came about, how it works, what causes are included, etc. A consistent effort must be made to enlist all the people in its systematic support while also caring for the local expenses of their church. An all-year-round effort must be made to keep the people informed, to cultivate the spiritual life and indoctrinate them in the principles of our faith, including the glorious doctrine of Christian Stewardship.

The stressing time through which we are passing and the unprecedented opportunities and imperative needs of a post-war world demand that an all-out effort be made to enlist all our people in a larger support of all our work.

REPORT ON HUNDRED THOUSAND CLUB

The old Southwide debt of $6,500,000 is now (Oct. 1) only $235,000.00.

On March 12 our Foreign Mission Board got out of debt for the first time in forty years. On May 12 our Home Mission Board paid the last dollar of its $2,500,000 debt. On August 14 our Southern Baptist Hospital for the first time in its history was debt free. (While paying its debt it has also given $694,427.92 in free service and added $700,000 to its capitol improvements). On August 24 our Baptist Bible Institute paid out and is now free for the first time since it started. Our Southwestern Seminary is also now free of debt.

We now have only two other debt obligations to meet by December 31 in order to reach our goal. The Southern Seminary owes $25,000 the total of which will be paid November 1, which will leave only one more debt of $210,000.

This happy situation has been brought about by the exercise of rigid economy, by the sale of property, by some special gifts, and by the receipts of the Hundred Thousand Club every cent of which is applied upon the principal of the debts of the denomination.

We hope to be entirely free of debt by the end of the year. We, therefore, most earnestly urge:

1. That all members of the Hundred Thousand Club stay in and keep up their payments until the last dollar is paid.

2. That effort be made in all our churches and all our organizations to increase the number of members in the Hundred Thousand Club.

3. That wherever possible special offerings be taken urging our people to contribute at least one dollar a piece so as to be Club members at least one month and to have some part in ridding our denomination of its back-breaking debt.

4. That all money for Southwide debts be sent by the church treasurers to the state secretaries before December 15 to as to pay on the debt before Dec. 31.

Let us work and pray and pay that we may be entirely *DEBT-FREE IN* '43—*COUNT ON ME.*

The income through the Hundred Thousand Club this year in North Carolina will run close to $100,000 provided we do not fall off during the remainder of the year. Of this amount we keep one half in the state for debts of our own Convention and the other half goes to Southwide debts. Just give us one more year and North Carolina will be out of debt PROVIDED—and mark this well— the gifts to the Cooperative Program continue to rise and the people do not drop their Hundred Thousand Club Memberships. Let us not get the idea that it is not needed now that the Southwide debt is almost paid. We urge the people wherever possible to continue their memberships in the Hundred Thousand Club for one more year, and, the Lord willing, we shall not have to do this another year.

Respectfully submitted,

Wade H. James

9. The report on Christian Education was made by Rev. W. W. Woodcock, of Greensboro. Upon motion to adopt the report it was spoken to by Dr. M. H. Kendall, Head of Bible Department, of Mars Hill College. The report was adopted.

REPORT ON CHRISTIAN EDUCATION,

The report of the Education Commission of the Southern Baptist Convention for 1943 gives the number of Baptist Academies as nine with an enrollment of 2,126. Twenty-two Junior colleges are being maintained with 6,001 students. There are 26 Senior Colleges with an enrollment of 18,509 which is a decrease of 14 percent. The call to arms has been answered by our students from all colleges. The number of students listed above does not include the large number of service personnel being trained in many of our collges. It is gratifying to report that when the enrollment of regular students for the year is supplemented by the enrollment of the various units now in our Baptist colleges the total exceeds that of any other year in all our Baptist educational history. The opportunity that our colleges have in influencing the men and women in these units for Christian ideals and practices is unprecedented.

The enrollment in our three seminaries compares favorably with last year, the decrease in attendance being less than that of the Junior and Senior colleges.

The Baptist Student Union is bringing the Christian message to many other campuses. By its spread to South America and the Orient this part of our work has become International and the Foreign Mission Board has designated Dr. and Mrs. Edgar Hallock as student workers in Brazil.

It is recommended that our pastors and churches support the general program of Christian education and the particular projects inaugurated by the State and the Southern Baptist Convention.

Respectfully submitted,

Wilson Woodcock

10. The report on the Baptist Hospital was made by Rev. R. R. Jackson, of High Point. Upon motion to adopt the report it was spoken to by Dr. Smith Hagaman, of the Hospital. Dr. Hagaman stated in his address that our Baptist Hospital is now equal in rating to any other hospital in the entire south. The report was adopted.

THE BAPTIST HOSPITAL

The Baptist Hospital has completed a full year with its enlarged facilities. Instead of caring for 4,000 patients as formerly.

We have had 12,000 the past year—1942. It is again becoming increasingly difficult to provide for the growing numbers of sick who come for treatment—an average of **33 each day.**

Of these 12,000 patients who were treated last year 4,000 were service patients; that is, were unable to pay a hospital bill. These are the sick for whom our Mother's Day Offering is made. It is also interesting to note that 4,000 of this 12,000 patients were mothers who had, here and there in our state, 12,000 children waiting anxiously for their return. We had also about 175 ministers, returned missionaries, ministerial students and children from our orphanage for whom no charge was made.

The Hospital Training School for Nurses has 116 students in training, 51 staff and graduate nurses, with an addition of 22 nurses and Red Cross Aids, making a nursing staff of 189.

It is one of the functions of the Baptist Hospital to educate as many nurses as possible with the Christian ideal of service. These are always selected so as to represent as nearly as possible every section of our state.

Although quite a number of our medical staff are constantly going into the service of our country, we still have a staff of about 75 doctors, almost all of whom are specialists in several fields of medicine and surgery.

These two institutions—Hospital and Medical School—represent a money value to the denomination of $2,000,000.

It is with a just pride, we trust, that the American Medical Association has given the Baptist Hospital the highest rating of any hospital in the entire south, save one.

The hospital desires to express to the members of this association their appreciation for the best Mother's Day offering ever, and also to the W. M. U.'s and other church agencies this same appreciation for their generous contributions of hospital linen.

The hospital was built and has operated for these 20 years with one great fundamental purpose: that it shall be an institution through which the half million Baptists of our state may render a definite Christian Service to sick and suffering humanity who could not, in most instances, have hospital treatment otherwise. It is the purpose of the denomination and the management that it shall forever remain true to this one purpose in addition to its wide service.

Respectfully submitted,
R. R. Jackson.

11. The report on the Orphanage was made by Rev. J. S. Hopkins, of High Point. Upon motion to adopt the report it was spoken to by Dr. W. C. Reid, new Superintendent of the Kennedy Home, at Kinston. The report was adopted.

ORPHANAGE REPORT

Article 1 of the constitution says: "This institution shall be known as the Baptist Orphanage of North Carolina, Incorporated, formerly known as Thomasville Baptist Orphanage and later known as the Mills Home, according to its amended charter, and shall have for its object the support and caring for and training of dependent children of the white race."

There are two officials of the Orphanage, a general superintendent and a treasurer. Mr. I. G. Greer is the general superintendent and Mr. R. D. Covington is treasurer. Their offices are in Thomasville.

The Orphanage maintains two homes, the Mills Home in Thomasville and the Kennedy Home near Kinston. These are not two orphanages but are the homes of the North Carolina Baptist Orphanage. Each of these homes has a superintendent but neither has a separate treasurer, for the Orphanage treasurer handles all the finances of both homes. Miss Sarah E. Elmore is superintendent of the Mills Home and Rev. W. C. Reed is superintendent of the Kennedy Home. The Social Service Department, Miss Hattie Edwards, director, receives all applications for the entrance of children into the Orphanage and after investigation makes recommendation to the general superintendent, who makes the final decision. He says whether the child is to be accepted and if so into which home. If it seems best, he places the child in a boarding home or establishes a mothers' aid home.

The Orphanage cared for, during 1942, 687 in the two homes, 35 in the boarding homes, and 74 in their own homes. During the year more children were placed than ever before.

Attendance in school reached almost 99 percent, due to the general good health of the children and the almost total absence of contagious diseases.

A graded Sunday School, B. T. U., and W. M. U., both at Mills Home and Kennedy Home helps to round out the lives of the boys and girls.

General superintendent Greer says: "The greatest asset of this Orphanage are the many friends who love it. That mighty Thanksgiving offering whose echoes are still sweetly ringing in our hearts was the most heartening and uplifting thing in a financial way that has ever come to our Orphanage life. The continuation of the monthly offerings from the Sunday school climaxed by another Thanksgiving offering as good or better than the one last year will make it possible for us to meet the demands being placed upon us in these strenuous times."

Respectfully submitted,

Julian S. Hopkins

REPORT ON FOREIGN MISSIONS

In the last chapter of his First Letter to the Corinthian church Paul gave two reasons for remaining at Ephesus for a while longer:— "For a great and effectual door is opened unto me, and there are many adversaries." It was the challenge of a great opportunity, and the challenge of many difficulties. This is the twofold challenge which the Foreign Mission Board faces.

In spite of the difficulties, the past year has been one of real achievements. The last dollar of the indebtedness which has burdened the Board for many years has been paid. The financial receipts for the past year reached the high mark of $2,117,672.26, an increase of $689,032.57 over the preceding year. During the past year the Board received nearly $500,000 for World Emergency Relief. This money has been spent in bringing relief to the people in many lands, but especially in stricken China. The call has gone forth for another $500,000 for use in the immediate future, and we are sure the churches will make a liberal response to that call.

Since the organization of the Foreign Board 98 years ago, over 1200 missionaries have been appointed. We now have more than 460 active missionaries, and 80 retired, or emeritus missionaries. On account of conditions in the war zones, many of our missionaries have been called home. Forty were repatriated from China last year, and thirty-eight are now on their way home. A few are still interned in war areas. A faithful group still carries on the work in Free China, and a flourishing mission has been developed in the Hiwaiian Islands. In the mission fields outside of the war zones the work goes on in a satisfactory manner, though every land is feeling the effects of the war.

Five years ago the Board started a new publication—THE COMMISSION, a monthly missionary magazine. From the beginning it has been a publication of unusual merit, and its subscription list has grown to more than 50,000. Dr. E. C .Ruth, forfer Editor of THE BAPTIST MESSENGER of Oklahoma, has recently been elected Editor of THE COMMISSION. Under his direction the publication is already showing marks of improvement. We expect the subscription list to pass 100,000 within the next few months.

The Board has a splendid Book Department under the direction of Miss Nan Weeks. Graded study books have been prepared and others are in the making.

No one knows what the years just ahead will bring, or how the work of our Foreign Mission Board may be affected. The years following the war will be years of great missionary opportunity, as well as years of great difficulties. It looks as if God may use the mailed fist of war to open doors that have been closed to the gospel. The Board is making preparation to enter into those doors as soon as they are open, and to rebuild the work destroyed by war. This will call for large sums of money and a greatly increased missionary force. We call on our people for their prayers and wholehearted support.

Respectfully submitted,

J. Clyde Turner

22. The report on Relief and Annuity was made by Rev. D. W. Overbey. Upon motion to adopt the report it was spoken to by Rev. Wilson Woodcock. The report was adopted.

REPORT ON RELIEF AND ANNUITY BOARD

At the annual meeting of the Relief and Annuity Board in Dallas last March the Board observed its twenty-fifth anniversary. An eighty-page pamphlet prepared by the executive secretary, Dr. T. J. Watts, revealed at every turn striking evidences of Divine Favor. Note the following:

FINANCIAL GROWTH

The total assets of the Board at the end of March, 1943, stood at $6,166,766.37. In addition to this figure five and one half million more have been paid out through the years in relief and annuity benefits. Thus for every one dollar assets at the close of the first year's work, the Board has paid out in benefits fifty dollars and has in assets today $58.17.

In 1942 income was well beyond $1,383,000, while the relief and annuity benefits paid totaled $629,000. More than 1,200 aged preachers and preachers' widows received relief grants totaling $115,000. The progress of the past few years has been phenominal.

MINISTERS' RETIREMENT PLAN

More than ten thousand ministers, missionaries, denominational workers, and ministers' widows are participating in one or more of the Board's plans, while over twenty-six hundred of these are now receiving benefits from the Board and all of the others are due to receive benefits in the years that lie ahead. The Relief and Annuity Board has already become and is destined to become increasingly a strong stabilizing force in the life of our denomination. It offers a stability of economic security to every denominational worker and employee throughout the Southern Baptist Convention, asking only the cooperation of all that it may render the largest possible service.

Already more than ten thousand churches are participating and more than seven thousand preachers hold certificates of membership. The percentage of pastors enlisted in North Carolina April 30, 1943, is 49. While reports show the enthusiastic reception of the Ministers' Retirement Plan by our preachers, at the same time they show much enlistment work yet to be done. In every district association the goal should be, "Every Baptist church cooperating—and every Baptist Pastor a member."

There are still in the Southern Baptist Convention, and in every state thereof, scores and even hundreds of pastors who do not yet realize their privilege and duty in connection with the Ministers' Retirement Plan, through which plan they have been urged to aid in making provision for their old age or disability.

Some noble pastors may have hesitated lest they be understood to be making an attempt to secure something equivalent to an increase in salary. But there need not be any hesitancy here. The fact is the churches do not contribute anything that goes to the credit of any particular pastor, but into the State Reserve Fund, out of which the members of the Plan receive a part of their benefits when they retire because of old age after 65 or because of disability before 65. Many pastors will pass on without having retired in either of these ways and in such cases the money paid in by them will be returned to their widows or their families or to their estates with interest thereon. Hence any pastor can present this matter to his church and ask his people to cooperate in it for the sake of the entire ministry participating in the Plan, and so without a semblance of selfishness.

A WORD TO THE YOUNG PASTOR

The Young Pastor should remember that he will grow old if he lives long enough, and ministers who do not make provisions for old age usually suffer want. Hence the Young Pastor who is not in the Plan should enroll promptly, pay his dues with promptness along with the church or churches he serves, and then at the age of 65 or thereafter or earlier in case of total permanent disability, his provision, along with the others participating in the Plan, *will be a worthy one.*

D. W. Overby

23. Rev. W. W. Woodcock made some remarks in regard to the Baptist Bible Institute.

24. A hymn, "Revive Us Again" was sung, being led by Rev. J. C.Shore.

25. The report on Social Service was read by Rev. L. J. Hight, having been prepared by Rev. B. C. Lambe. Upon motion to adopt the report Rev. T. L. Sasser, the vice-Moderator took the chair, and the report was spoken to by Grover H. Jones. The report was adopted.

REPORT ON SOCIAL SERVICE

Any program for the promotion of social service must be related to the serious conditions now prevailing in the world. Mankind is in the midst of a dark and dangerous period. Enemies from without and from within would break down and destroy the Church and all she has been able to accomplish through the years. We are near the zero hour ,and may the people of God arouse themselves to a reassertion of their faith in God and a rededication to His program.

There is a great deal said in the Bible about our relation one to another, showing us that no man liveth to himself and no man dieth to himself. We can not live apart from others if we would, and in a large measure we are our brother's keeper.

True religion has to do with our relationship to God and man, and that relationship is not as it should be so long as we fail in our responsibilities to either. Therefore, social service is of vital concern to us, our churches and our Association. As associated churches, we are to promote that which is good and support the program of Christ with our influence, money and prayers. At the same time, we are to stand against evil in all of its deadly forms, even when it is not popular to do so. There is much that is evil in the world today. In fact it would be hard for one to overstate the real conditions that exist here in our own land. Of the many social evils that confront us we can state only a few.

In our humble opinion, desecration of the Sabbath has become a real menace. It is no longer the exception but the accepted rule. The Lord's Day has become merely another day. There remains very little of the sanctity by which God intended it to be characterized. Even Christians are guilty of using it as time to be devoted to their own pleasure and recreation rather than to the service and worship of God. The war effort has been used as a reason for this secularism to a large extent. We are in great need of a call to the correct observance of God's Day. If it loses its meaning and sacred character, Christianity will have suffered an irreparable loss.

Divorce is ever increasing numbers continue to be the arch enemy of the home. One out of every four or five marriages will eventually be terminated in the divorce court. Should not some part of our ministry be devoted to the building and maintaining of substantial Christian homes? There must be some way in which the churches can help with this great problem.

The use of alcoholic beverages still remains a problem. The production of these has been curtailed in some measure by the war, but this nefarious business usually is given precedence over other business enterprise by the authorities. Other monarchs may have to bow, but King Alcohol reigns on unmolested. Let us rise up against him in a mighty effort to destroy this great and deadly monster. There is only one safe position for us to take in dealing with alcohol and its use as a beverage. And that is war to the death.

In a report on social service it would be impossible for us to ignore the alarming situation among our youth. The latest reports from the Federal Bureau of Investigation tell us that juvenile delinquency is increasing by leaps and bounds.

Arrest of young girls on moral charges in 1942 almost doubled those of the year before, and recent reports show an increase of 78 per cent over last year. This should be cause for deep concern on the part of Christians everywhere. There are many causes for such a condition, and we are wondering if a want of real religious training in the home has not been responsible in many cases. On our youth rests the future of all our institutions, and we must do something to aid them in getting their bearings and becoming useful members of society. We urge that our Baptist people be given to prayer for guidance and wisdom in ministering to our boys and girls from pulpit and classroom that we may lead them in paths of righteousness .

Let the standard be raised by all Christians for we are in the midst of a moral let-down, and the Christian church must face her responsibility.

Respectfully submitted,

B. C. Lamb

26. The report on the W. M. U. was presented by Mrs. Nettie Hatcher Hoge, who also made some remarks on it. Upon motion to adopt the report it was spoken to by Mrs. J. Ben Eller. The report was adopted.

REPORT ON WOMAN'S WORK

Woman's place in evangelism was approved by Christ and began when Christ and the twelve disciples went forth preaching, and "showing glad tidings of the Kingdom of God" and certain women ministered unto him of their substance.

The service of ministry in the home and in the church is the given task of womanhood, and throughout the centuries the history of the church has recorded her faithful ministering spirit in the promotion of the Kingdom of God. This gift of ministry through the years has developed and materialized into the organization of women in all denominations and today is the most out-standing promoter of all missionary and benevolent causes.

In our Baptist denomination we have the Woman's M. U. which only aspires to be an auxiliary to the program of the church as a whole.

It has but one purpose and that is to stimulate a missionary spirit by enlisting women and young people in the all important ministry of private and united prayer, the necessity of studying the world's needs and God's call for stewardship of self and substance. These aims are inclusive of so much good and so far reaching in their influence that no local church can afford to ignore nor neglect having the women and young people organized into service societies. In the state of North Carolina we have 1,346

Woman's Missionary Societies, 2,729 Young People's organizations leaving 1,067 churches with no organizations.

In the Piedmont Association according to the Associational minutes, there are 55 churches with 48 reporting Woman's Societies with 91 auxiliaries.

It has long been the desire to have a society in every church and the goal appears near with only 7 more churches to organize.

The W. M. U. watchword "Laborers together with God" is an invitation to all women every where to enlist in this missions movement.

Respectfully submitted,

Mrs. Nettie Hatcher Hoge

27. The report on Obituaries was made by Rev. Geo. A. Tucker, who also made some remarks on the report.

OBITUARIES

During the past year, eighty of our association members, three deacons, and four of our soldiers departed this life, and joined hands on the other shore, our loss is their eternal gain. As Job said, "Man that is born of woman is of few days and full of trouble. Job: 14:1.

We know not what another association year will bring to pass. Under these trying days—if we are listed in with God's family it is all well, "Whereby are given unto us exceeding great and precious promises," that by these ye might be partakers of the divine nature.

REPORT ON SUNDAY SCHOOLS

It is difficult to place a proper estimate upon the work of a Sunday School in the life of a Church. As a disseminator of Bible knowledge, as an evangelistic agency, and as an interpreter of a Church to the unchurched it has no equal among our Church organizations. Multitudes get their impressions of the Church and whatever scripture knowledge they have from the Sunday School. Many of our Church members belong to this group. Such an organization, then, should not be neglected.

The task of keeping our Sunday Schools properly graded and functioning calls for eternal vigilance. Like other organizations they will not run themselves. Our associational reports for 1942 show that 27 of our Sunday Schools are not graded, while only 67 teachers were reported as holders of Sunday School diplomas. The average attendance of our Sunday School enrollment was only a little over 55%.

During the year before us let us fully cooperate with our associational leaders in a program of training. With the courses now offered by our Sunday School Board there is no excuse for uninformed and inefficient Sunday School workers. We should see to it that every Church has a season—or seasons—of Sunday School training.

We should also utilize our Sunday Schools to the fullest as soul-saving agencies. No other organization in our Church set up has an equal opportunity for this essential work. Here are found the unsaved; here, too, are the workers. Of the 794 baptisms reported last year in our Association 429 came from the Sunday Schools.

May we, then, address ourselves with renewed energy during the coming months to the great opportunities which the Sunday School presents and at the close of the associational year may we be able to say "Under God it was the best year of all."

Respectfully submitted,
J. Ben Eller

38. The B. T. U. report was presented by Miss Julia Liles. The report was adopted.

REPORT OF THE BAPTIST TRAINING UNION OF THE PIEDMONT BAPTIST ASSOCIATION

For the year Ending September 30, 1943.

The Baptist Training Union of the Piedmont Baptist Association in closing its year's work can report some accomplishments during the year.

Outstanding is the fact that a complete organization of the Training Union was instituted at Pleasant Grove Church by Mr. J. Carl Bell, Associational Director, and one at Pilot View Church by Mr. J. E. Hedrick, President of the High Point District of the Association. Other churches have been aided in the teaching of study courses by various Training Union leaders during the year. The enrollment of the Training Union has increased approximately 200.

Quarterly meetings have been held, though transportation facilities cut down the attendance of those coming from a distance. The work of Mr. J. J. Norwood with the Greensboro District and Mr. J. E. Hedrick with the High Point District has been most noteworthy.

At the twenty-third annual session of the Piedmont Associational Training Union in Greensboro on March 13, 1943, there was a record attendance. The theme of the meeting was: "Living Faith in a World at War." The afternoon meeting was held at the First Baptist Church, and the banquet at the Masonic Temple close by. Reservations for the banquet numbered 405. As usual the afternoon session was taken up with conferences, business, and contests. Following the banquet the group heard Mr. Nathan C. Brooks, Jr., then State Training Union Director.

This report would not be complete without an expression of gratitude to Mr. J. Carl Bell, Associational Director, for his untiring efforts and continued splendid work.

Respectfully submitted,
Julia M. Liles, *Secretary.*

40. Miss Mable Starnes then spoke from the topic, "Thy Will Be Done in Our Training Union.

41. The report on Home Missions was presented by Rev. T. L. Sasser, our new City and Associational Missionary. Upon motion to adopt the report it was spoken to by Dr. S. F. Dowis, of the Home Mission Board, Atlanta.

REPORT ON HOME AND ASSOCIATIONAL MISSIONS

Home Missions is the corporate term of expression by Southern Baptists as to the base of world-wide Christian conquest. We must project and sustain an ever expanding foreign mission movement. The commission to preach the gospel to all the nations is emphasized by revealing events of every passing year. Strengthening the stakes is complementary to lengthening the cords and is of increasing importance. Every year demands new emphasis on Home Missions.

The Home Mission Board of the Southern Baptist Convention steadily grows in spiritual power. New missionaries are added to the large number of faithful workers and new support comes from the increased financial gifts of the churches.

The last annual report, May, 1943, of the Board to the convention covers forty-three pages of the minutes in compact statement. The work is wide-spread and far-reaching. It shows 435 full-time missionaries working among our native peoples and among the many thousands of foreign people who live here and in Cuba and Panama. The work includes teaching, preaching, healing, helping the underprivileged and rescuing the fallen.

While this mission work has continued expanding the heavy burden of debt on the Board has in recent years been diminishing. May 12, 1943, marks the end of an epoch in Home Mission Board history. The last of the long-standing debt was paid in full and the cause of home missions was liberated to expand into the large and waiting fields of the South.

This annual report to the Piedmont Association is this year combined with a report on associational missions because the Home Mission Board has entered the Association by a new approach and support. Upon the proffer of the Board to the Association this year to enter this field the Executive Committee of the Association appointed a missions committee to nominate a missionary and with him promote the work.

The writer of this report was elected to this new position and began his work as such in the Association August first. He is supported by the Board in cooperation with the Association and gives his full time to work strictly missionary in character. Activities to date have been toward acquainting the churches and prospective workers in the mission projects with the proposed purpose and plans. The objective is to make effective Jesus' commissions to us, "For the perfecting of the saints, for the work of the ministry, for th edifying of the body of Christ; Till we all come in the unity of the faith, and of the knowledge of the Son of God, unto a perfect man, unto the measure of the stature of the fullness of Christ."

Respectfully submitted,
T. L. Sasser.

Minutes of the Piedmont W. M. U.

The annual session of Piedmont W. M. U. was presided over by Mrs. Nettie Hatcher Hoge on April 30, 1943 at Asheboro St. Baptist Church, Greensboro, N. C.

The program theme was "For Such An Hour as This." Guest speakers were Mrs. Chas. A. Leonard, past missionary to China and, now, of Hawaii; Rev. J. H. Smith, pastor of Eller Memorial; and Mrs. J. S. Farmer, State President. The afternoon meeting was in the hands of the various chairmen and officers.

At this meeting Mrs. Hoge completed her sixteenth year if faithful, loyal service as superintendent. When she asked to be relieved she was made Superintendent Emeritus. Also, Miss Ruth Scott, rounded out ten years of devoted service as Young Peoples Leader. Both were honored at a tea on June 10 and were presented gifts of love and appreciation by the association.

During the summer quarter, Mr. David Byrd, Field Worker for Royal Ambassadors was heard in many churches. His presence was very beneficial and inspiring, especially, to those boys who came in touch with him personally.

Rev. Edwin Perry was a welcome guest speaker in many churches for State Missions.

In spite of hindrance and shortages, our W. M. U. program is receiving earnest emphasis.

"Where there is **no vision** the people perish;" but, if all pastors, leaders, chairmen, and members will cooperate fully and loyally, an enlarged vision of Christ's Kingdom will spread among us.

Respectfully submitted,

Mrs. J. Ben Eller, Supt.

6. The Sunday School report given by C. S. Hodge, and adopted. The report was spoken to by C. S. Hodge.

SUNDAY SCHOOL REPORT

One year ago you elected me as Associational Sunday School Superintendent. Soon after the first of the year the new organization was set up after a lapse of two years and Quarterly meetings have been held, more than 40 Sunday Schools being represented at the Spring meeting.

The reports of the Sunday Schools this year show that 52 Schools have an enrollment of 14,654, as compared with last year when 55 Schools reported an enrollment of 15,728. The average attendance this year has been 7,335, about 50 per cent of the enrollment and just the average over the South. When we consider the thousands from our Schools in armed services, these figures compare rather favorably.

Some indication of the work of the Sunday School may be gathered from the report of baptisms from the Schools, which was about 500 this year. Another indication of work is the record of Study Course Awards According to the record in the office in Raleigh, 14 churches held study classes last year with 348 awards. First Church High Point led in number of awards with 102.

As far as we can learn, 20 Vacation Bible Schools were held, as compared with 12 last year. There were 2,248 enrolled, an average of 113.

The year 1945 promises to be one of the greatest in Baptist history. The goal of "a million souls for Christ" places added responsibility on the Sunday School, from which fully 80 per cent of the baptisms come. If the goal is to be reached in our Association, our Sunday Schools must win and baptize next year about 2,500 instead of about 500 reported this year. This stupendous task calls for the combined efforts and prayers of us all.

Respectfully submitted,
C. S Hodge, Asso. Supt.

7. The Baptist Training Union report read by Miss Thelma Patrick, and the report was adopted. Miss Mabel Starnes spoke to the report.

Dr. John McGinnis read nominations for the B. T. U. Associational officers for the year, and they were elected.

REPORT ON BAPTIST TRAINING UNION

The close of the Associational year found the Training Union of the Piedmont Association an A-1 organization.

Regular quarterly meetings were held with programs planned by the Executive Committee headed by Mr. J. Carl Bell, Director. Five new training unions have been organized.

Since November 1, 1943 study courses have been conducted in 28 churches A total of 996 awards have been issued to those completing these studies.

The twenty-fourth annual session of the Training Union was held in Greensboro on April 1, 1944. At this session 490 were in attendance at the banquet. This was the largest attendance on record. In an address following the banquet Dr. A. S. Gillespie, recently returned from China, held the group spellbound. At the conclusion a great host of the young people signified their desire to live a life of service for Christ.

The Association stood well in the Annual Training Union contests Miss Madeline Phillips of Asheboro Street Church, Greensboro, won first place in the Southside Better Speakers' Tournament. Miss Wilma Jones of the same church was winner of the State Intermediate Sword Drill. Miss Doris Craven and Mr. Robert Prince of First Church, High Point, were winners in the State Junior Memory Work Drill.

At the various Training Union weeks at Ridgecrest during the summer, there were more than 200 from this Association in attendance.

While the year just past has seen some accomplishments in the Training Union work of the Association, it is the desire of this organization that the year ahead may show worthwhile advancement in the service of the Master.

Respectfully submitted,
Julia M. Liles, Secretary

8. The Committee on Committees reported, making a motion to amend article No. 10 of the Baptist Piedmont Associational Constitution, and report was adopted.

9. The W. M. U. report read by Mrs. J. Ben Eller. Mrs. Nettie H. Hoge spoke to the report. Report adopted.

W. M. U. REPORT

The Piedmont Association is composed of the churches of Guilford and Rockingham counties and is considered one of the largest and best Associations in the State. The W. M. U. has a full quota of efficient and loyal officers. These meet in a quarterly session to pray and plan for progress and in cooperation with other like organizations over the state and southland.

The W. M U. follows the calendar year of four quarters. In

1943 Piedmont W. M. U. lacked only 2 points in its effort to attain the A-1 Standard of Excellence.

In January, we observed W. M. U. Leadership Day at Asheboro Street Church, Greensboro. Conferences on each phase of W. M. U. work were held and each society was presented with a Standard of Excellence Chart to stimulate better and more careful work. The Chairmen were introduced to the delegation. They became people instead of names. As a result, all year reports have been coming in on time and with increases along every line.

On April 20, the Annual Meeting was held at College Park Church, Greensboro. Only 23 churches sent delegates with the small attendance 115. Miss Olive Lawton, China, and Miss Kathryn Abee, Raleigh, were our guest missionary and official representative. The program was unique and planned to inform and inspire

In July, Piedmont W. M. U. sent two delegates to the Interracial Institute held at Shaw University and, also, paid the expense of sending two negro women from Greensboro. The meeting was adjudged to be of very high inspiration and a worthy "Good Neighbor Project."

In August, at Ridgecrest, delegates from Business Womens' Circles over the southland came together for a great Conference. Your superintendent and two young ladies from Greensboro attended. These came back from their mountain-top experience to the valley of service and organized the first B. W. C. Federation in the state on September 23. Their purpose is to encourage many other business women to use their talents to help promote Christ's Kingdom on Earth through the channels of W. M. U.

The Biblical Recorder prints the quarterly reports on gifts and intelligent members check their societies and compare results for themselves. The past four quarters, all gifts totaled $34747.22.

Mission Study among the societies has been given a recent boost by the simultaneous schools of missions promoted by Missionary T. L Sasser.

Stewardship awaits our most earnest efforts and unfailing support in October and November when each society should have a church Stewardship Night with young and old alike having part.

Community Missions is gaining ground in the thinking and plannings of our women. The final end of our services is to win someone to Christ. If every woman will win one other to Christ the Centennial Crusade for souls will soon become a reality. There is much work yet to be done by W. M. U. in our honored Association. Some 15 or 16 churches without active, promptly-reporting, missionary societies, offer every pastor and every loyal missionary-hearted woman a challenge in service to Christ. Only 8 of the 55 churches in Piedmont have full graded unions Many churches have too few junior organizations, and many needlessly let these organizations languish and die.

There are 39 active W. M. S. and 56 junior organizations at present. Our three A-1 societies for 1943 were High Point First Church W. M. S.; High Point Green Street Church Y. W. A and G. A. These waiting to see how many more will make the grade in '44.

Women, we are "Laborers together with God." "That the generations to come might know." Let us pledge ourselves to a more constant and more faithful endeavor to live up to our high calling in Christ Jesus

Respectfully submitted,
Mrs. J. Ben Eller, Asso. Supt.

11. The clerk called the roll of churches. 53 of the 55 churches were represented. 318 messengers were recognized.

12. The report of obituaries by I. E. Kerley was adopted.

The Association stood one minute in silent prayer in memory of the deceased.

OBITUARIES

In the churches of the Piedmont Association ninety-nine members departed this life during the past year. These included one pastor, one deacon and ten service men. These ninety and nine left the fields we trust, to live in the fold with the Great Shepherd of the sheep, to abide in the house of the Lord forever.

We can say with Paul that they, benig absent from the body, are present with the Lord. It is better for them to depart, if their trust be in Christ Jesus.

Too, the living shall not precede them in glory, for "the dead in Christ shall rise first, then we which are alive and remain shall be caught up into the clouds to meet the Lord in the air; and so shall we ever be with the Lord." (I Thessalonians 4:16-17).

Respectfully submitted,
I. E. Kerley

REPORT ON ASSOCIATIONAL MISSIONS

The churches of Piedmont Baptist Association are located in the area taking in Guilford and about half of Rockingham counties. Forty-seven of the fifty-five churches are in Guilford and eight are in Rockingham. Available dependable figures from federal, connty and city governments, and the church statistics of all local denominations yield the following:

In Guilford and half of Rockingham counties 186,719 (Federal census 1940)

Church Members in this area (counting all denominations and all races) 78,419 (42 per cent of population)

Non-Members of Church (including people who, if they are members anywhere, have not become members here) 108,300 (58 percent of population)

Members of local Baptist Churches 17,610 (22 per cent of all church members in this area)

Members of Other denominations 60,809 (78 per cent of all church members in this area)

Baptist Prospects 23,826 (22 per cent of 108,300)

Add to the Baptist prospects the unknown number who have no church preference and all others who should hear the Gospel of salvation and we have a reasonable estimate of the field of Piedmont Associational missions.

Looking at the number of church members only one marvels at the great achievement of winning and enlisting so large number. It is beyond the limits of our imagination to picture what conditions might have prevailed had there been no evangelistic fervor, no efforts, and no churches in this territory.

But there is much yet to be possessed. A study of the latest surveys reveals many hundreds of Baptists living near, or in reach of, the churches whose memberships have been left at their former places of residence. Many of them were doubtless active and useful members of their churches until they moved from their church communities. To re-enlist them is a big task and an important one.

Despite the fact that we have fifty-five churches there are still thousands of people of Baptist persuasion, inclination and preference who are unattached to any church or Sunday School. It follows that we are not as efficient as we should be or we do not have enough churches or mission stations to reach and hold the people. The solution is to strengthen what we have and establish others also. The number of laborers for the harvest must be multiplied. This is the objective and the task of Associational missions.

A summary of a year's work by the Associational missionary toward this objective follows:

Days spent on the field 342. On other fields 23.
Miles traveled 10,685
Visits to communities 295
Communities surveyed 22
Conferences on work 516
Committee meetings attended 48.
New church organization assisted in 1
Number pieces literature distributed 1500
Circular letters prepared and sent out 1790

Visits to churches 191
Letters to individuals 177
Subscriptions secured for Southern Baptist Home Missions 173
Classes taught 48
Sermons and addresses 219

Simultaneous schools of missions were held in thirty-nine churches of the Association the week of September 17-22. Nineteen foreign and nine home missionaries and two army chaplains delivered 234 addresses in the churches during the week. The number enrolled in the mission study classes in addition to the Sunday congregations who heard the missionaries was 1723.

RECOMMENDATION:—It is hereby recommended that each church of the Association have an authorized missions committee to work with the general missions committee of the Association.

Respectfully submitted,
T. L. Sasser

18. Southern Baptist Centennial report made by T. L. Sasser and adopted.

REPORT ON THE SOUTHERN BAPTIST CENTENNIAL

For several years Southern Baptists have been considering plans for a worthy observance in 1945 of their hundred years of history. In the 1944 Convention the messengers were made seriously aware of the imperative necessity of a new emphasis on evangelism. Plans were made to endeavor prayerfully and devotedly to win 1,000,000 souls to Christ in the year 1945. The centennial meeting of the Convention May 8-13 will be keyed to this objective. Our Association's co-operative part in the centennial is to support whole-heartedly the whole work of the Southern Baptist Convention which will include renewed efforts in evangelism.

The Home Mission Board was instructed by the Convention to promote the movement to win a million souls. The Board has asked and secured Dr. M. E. Dodd's leadership in this big task. The various Southern, State, and Associational boards and committees will carry forward the plans. The vital leadership and personnel to do the work are of course in the local churches. To the churches the denominational agencies are suggesting a calendar of activities for the year as follows:

Sunday, December 31, 1944. A day of contrition, confession and consecration in all the churches and services.

January, 1945. Week of Prayer in all churches for all. Month of Bible study with a view to soul-winning.

February. Planning and organization month. Evangelistic meetings in colleges. Evangelistic conferences.

March-April. City and Association-wide evangelistic crusades. Enlistment of unaffiliated Baptist members. Evangelistic conferences.

May-June. Evangelistic meetings in the churches. Promote evangelism through Sunday School and Training Union, W. M. U. and Vacation Bible School organizations.

July-August-September. Rural church meetings. Extension meetings to evangelize outlying districts.

October-November. Gleanings months. Reaching places not yet evangelized. Supplemental meetings in churches and institutions.

December. Enlistment month for all members, new and old, for the completion of the task and to prepare for the following year.

Literature carrying suggestions in detail is being prepared and will be available shortly. The general denominational committee earnestly requests the prayers of the churches for divine guidance and power, and for the scriptural co-operation in reaching the objective.

It is hereby recommended that this Association approve the general plan and affirm our purpose to co-operate in the movement by doing our full part in organizing for, and setting forward, this evangelistic work in 1945.

Respectfully submitted,
T. L. Sasser

tist Hospital, Winston-Salem.

THURSDAY AFTERNOON SESSION

24. The Association assembled at two o'clock, vice moderator, J. Ben Eller in the chair. "All Hail the Power of Jesus Name" was included in the song service conducted by C. S. Hodge, and Mrs. O. E. Lee, accompanist. D. M. Clemmons conducted the devotional, reading Luke 12:13-20, and leading the Association in prayer.

25. The following report on Christian Literature was made by L. J. Rainey, High Point, and adopted. Dr. L. L. Carpenter spoke to the report.

THE REPORT ON DENOMINATIONAL LITERATURE

"As a man thinketh in his heart, so is he." What one reads has a great deal to do with what one thinks; and what one thinks has much to do with what one is or *does*. Since this is true, our churches should not fail to encourage their members to read good Christian literature, and especially Baptist Christian literature.

We place first on the list of Baptist Christian literature the Bible, and especially the New Testament, our Baptist creed. Every individual should have his own Bible and he ought to read it prayerfully every day. He should seek the aid of the Holy Spirit to help him understand it and to live it.

Next on the list should be the Biblical Recorder. It is our State Baptist paper. It is a splendid Christian publication, and should be read by every Baptist. It should be in every home among their members. The rate is $1.20 per year per home. Other churches are offering it to their members on the Club Plan for $1.50 per year. A great many churches have done nothing to assist their people in getting this Christian paper. We recommend more reading of the Biblical Recorder by our people.

We are proud of our Baptist orphanage, but the majority of our churches do not give it the proper financial support that they should. "Charity and Children," the weekly publication of our orphanage, by informing our people, will cause them to become more interested in the Mills Home and the Kennedy Home, and all the work of our Baptist orphanage. We recommend a club of "Charity and Children" in every Sunday School.

We commend to the churches and to our people the use of the following Baptist literature:

1. The Sunday School and B. T. U. literature and many books published by our Sunday School board.

2. The mission magazines published by the W. M. U.

3. The "Home Missions" published by the Home Mission Board.

4. and, "The Commission" published by the Foreign Mission Board.

With this abundance of good material, our people need not lack for information and inspiration of good Christian literature. In fact, the church should see to it that no one perishes for lack of Christian knowledge.

Respectfully submitted,
L. J. Rainey

26. The following report on Christian Education was mdae by Miss Maxine Garner, and adopted. Mrs. R. Bruce Wilkins, Durham, spoke to the report.

REPORT ON CHRISTIAN EDUCATION

According to the latest State Convention report, Christian Education work in the churches and in the colleges has not been critically crippled by the war. In both divisions there have been, of course, changes in personnel. Every officer in the Sunday School, Training Union, and student work labors in the terrible knowledge that those who will make tomorrow's world are themselves being made by the world we are giving them today.

Seventy-one Associations had the benefit of a Sunday School leadership conference last year. More than five hundred Vacation Bible Schools were held. Seven hundred schools were planned for the present year. Indiations at the beginning of the year were that ten thousand persons will receive Sunday School training awards in 1944. Work is going forward to increase Sunday School attendance throughout the state even in this year of war.

Ten regional conventions are reported by the Training Union division. Southwide Training Union leaders participated in two training meetings in the state last year. Plans for the current year include an emphasis on spiritual growth to promote a consciousness of world brotherhood.

Baptist student work in the colleges of the state grows apace under the guidance of R. T. Howerton, Jr. Piedmont Baptists will be interested in the coming of Miss Laura Durant as student secretary to the Woman's College of the University of North Carolina. Miss Durant, a native af Alabama, comes from Atlanta, Georgia, to succeed Mrs. Laura Bateman Lawrence, now on the staff of

First Church, Raleigh. Miss Cleo Mitchell who is well remembered for her work at Woman's College and was more recently connected with Meredith College is now Mrs. R. H. Edwin Espy of 31 Washington Square West, New York City. The student department in general assists the churches and the colleges in developing leadership and commitment among young Baptists in the state.

Each of these departments merit the most lavish support that we can provide. It is recommended that each pastor urge his people to strengthen these forces for good in our midst.

Respectfully submitted,
Maxine Garner

27. The following report on State Missions, and the Co-operative Program was made by J. S. Hopkins, High Point, and adopted. The report was spoken to by M. A. Huggins.

REPORT ON STATE MISSIONS AND THE COOPERATIVE PROGRAM

Surely every informed Baptist in North Carolina rejoices over the splendid progress our Convention has made in the field of State Missions in recent years. Limited space forbids any attempt in this report to review this progress in detail. In view of this fact, only a comprehensive statement as to State Mission activities is given which includes the following: (1) General Missionaries, (2) Associational Missionaries, (3) Aid to Missionary Pastors, (4) Aid on Buildings and in the Purchase of Lots, (5) Teaching and Training as carried on by the Sunday School, Training Union and Student Union Divisions, (6) Ministry to Other Races, the Negro and the Indian, (7) Ministry to the Sick in State Institutions, (8) Promotion of Schools and Conferences for Pastors, (9) Promotion of Work in and around Military Camps, (10) Support of Allied Church League, (11) General Mission Work not included in the above.

As to the Co-operative Program, it is growing in favor with our people all the time. The increase in gifts this year is about 20 per cent over last year, and will exceed last year's total perhaps $100,000 by the end of the calendar year. Hundreds of churches are accepting increased goals for 1945. Our goal for the State is one million dollars. The goal for our Association is $104,625. This is certainly within our reach with all our churches whole-heartedly cooperating.

The Southern Baptist Convention will celebrate the one hundredth anniversary of its organization May 1945. A great program is being prepared, and a Centennial Crusade is being launched seeking to complete, celebrate, climax, and crown the century for Christ.

In promotion of this great crusade all our people are urged to give full-length cooperation. All the causes, state and southwide, are included; the distribution of funds will be according to the Cooperative Program percentages. The southwide all inclusive Centennial goal is ten million dollars which is approximately double the receipts of last year. The states will suggest corresponding goals for state causes and institutions.

To help realize those high and holy objectives we call upon all churches and people:

1. To magnify the Cooperative Program for the financial support of all our work.

2. To make the Centennial Crusade with all of its objectives, state, southwide, and world-wide a matter of constant prayer and effort.

3. To observe the special days and seasons as listed in the Calendar of Denominational Activities.

4. To put on the Every Member Canvass prayerfully, patiently, and persistently seeking to enlist all our people in the larger support of all our work.

5. To stress Christian stewardship and to enroll as tithers all who will contribute at least one-tenth of their net income to the Lord's work.

6. To take the great Centennial Thank offering on April 15 or nearest convenient Sunday for the causes included in the Cooperative Program to help in the strengthening and enlarging of our work and for worthily CROWNING A CENTURY FOR CHRIST.

Respectfully submitted,
Julian S. Hopkins

28. The report on the Baptist Hospital was read by Dr. J. Clyde Turner in the absence of Mrs. Turner, and adopted. The report was spoken to by Charles E. Parker.

THE BAPTIST HOSPITAL

The Baptist Hospital in Winston-Salem was established to meet a very definite need in the ministry of Baptists to the people of North Carolina. Its aim has ever been to furnish a Christian ministry to those who are sick in body, and especially to those who are unable to meet the expenses of such sickness. This ministry has been greatly blessed. The hospital has been enlarged, and yet, with increased facilities, it is always overcrowded and has a waiting list.

When Wake Forest Medical School was moved to Winston-Salem it became closely associated with the hospital, and, with its staff of highly trained specialists it has increased the ministry of the hospital. Dr. Lynch, in his report, says: "We now have an institution that is equipped, and provides the medical talent to care for practically any illness that may be encountered. We are happy to report the addition to the staff during the year of a brain surgeon."

The hospital is now fully approved by the American College of Surgeons and has the approval of the American Medical Association for the training of internes and advanced courses along many lines.

In June, 1943, Mr. Ray E. Brown was elected administrator, thus releasing Mr. Hagaman from routine duties that he might be able to contact the Baptist constituency in the interest of the hospital.

In 1943 more than ten thousand patients were treated. Of this number more than three thousand were service patients. It was largely to meet the need of this group that the hospital was founded, and it is still this group which appeals most keenly to the Baptist people. For the care of this group our Mother's Day offering is used. This year the goal for the offering was $150,000. Of this amount, $15,000 was designated for use of service patients, while all over this amount was to be applied to the debt on the hospital. The offering exceeded $90,000, including linens from various organizations. This is our largest offering for this work and is evidence of the appreciation of the work of the hospital.

There are 119 nurses enrolled. Or this number, 101 are "cadet nurses," that is, they receive certain expenses for their training from the government in consideration of their needed service in the present emergency. At present the home for the nurses is being enlarged.

Many are the expressions of appreciation and approval that have come from patients treated in the hospital. These have come, not only from Baptists, but from those of other denominations. We rejoice in this ministry, in the high standards our hospital has attained, and in its enlarged service. We covet for it even greater usefulness. To this end we urge your continued support and your constant prayers that it may be kept true to the purpose that brought it into being.

Respectfully submitted,
Mrs. J .Clyde Turner

29. The following report on the Orphanage was presented by Frank Paschal, and adopted. R. D. Covington, Treasurer of the Home, spoke to the report.

REPORT ON ORPHANAGE

The heart of every loyal Baptist in North Carolina swells with pride whenever the splendid record of the Baptist Orphanage of North Carolina is reviewed.

The Orphanage maintains two homes, The Mills Home in Thomasville, and The Kennedy Home near Kinston. These are not two Orphanages, but are the two homes of the Baptist Orphanage. Each of these two homes has a Superintendent, but neither has a separate treasurer, for the Orphanage treasurer handles all of the finances of both homes. Our beloved Dr. I. G. Greer is General Superintendent of the Orphanage and Mr. R. D. Covington is the efficient treasurer, and their offices are in Thomasville located on the Mills Home grounds.

The Orphanage cares for a large number of children in the two homes, several in boarding homes and in their own homes. A large number of the boys and girls are now in military service of the United States and some are giving a good account of themselves at the front, giving their last full measure of devotion and loyalty to the land and country which they love.

Many of the Sunday Schools in our Baptist Churches in North Carolina have one Sunday per month as Orphanage day and the offerings for that day are remitted direct to the Orphanage Treasurer in Thomasville. Practically all of the Churches have the special Thanksgiving offering to be applied exclusively for the Orphanage which is highly commended, and is a practice which should be followed universally by all of our Churches. Many Churches have placed the Orphanage on a percentage basis in their budget from which a remittance is made at the end of each calendar month which is also a systematic and proportionate method of making regular contributions to the Orphanage, and this practice is to be highly commended and is probably a better method than having the once a month collection.

We are exceedingly fortunate in having as executives and leaders in charge of these Homes, men and women who are not only well trained, but who are outstanding Christians. They are carrying on the work in such a splendid manner in caring for our fine boys and girls. They provide not only good training and religious instruction, but they also provide from the farms of the institution themselves and from the different farming sections of North Carolina, the best of selected foods. Splendid medical care and attention is given to every boy and girl, and the health record of the children is excellent. Charity and Children published once a week at Thomasville brings us the news of their activities

This situation challenges us, therefore, to give of our very best to this great cause, and we should make a special effort for the ensuing year to have every Baptist Church in North Carolina give regular and systematic support. In so doing, we will be carrying out the sublime words of Jesus, when he said: "Suffer little children to come unto me and forbid them not, for of such is the Kingdom."

Respectfully submitted,

Frank L. Paschal

30. The following report on Social Service was presented by Walter Crissman. Mr. Crissman spoke to his report. L. A. Martin, Lexington, also spoke to the report. A motion to amend this report to approve, and favor the program of the Allied Church Movement of this state was adopted.

REPORT ON SOCIAL SERVICE

The first two sentences of last year's report still apply. They are as follows: "Any program for the promotion of Social Service must be related to the serious condition now prevailing in the world. Mankind is in the midst of a dark and dangerous period."

What should worry and concern us is that there seems to be no Social Service program among our Churches. Therefore, this is not a report, for I can find nothing worthy of a report.

Yes, desecration of the Sabbath, divorce, broken homes, evils of alcohol, parent and juvenile delinquency, immorality among girls and married women are all still with us, and present more serious problems now than they did a year ago. Is the fact that these problems have multiplied during the past year an indictment of the Church? What has the Church done about any of them? What is the Church doing today?

Our Churches have ministered unto only the very rare cases that have been brought to them. We have programs all right, perhaps too many, but we have no program which enables us to familiarize ourselves with the conditions in the homes, iin the communities where our Churches are supposed to render service.

Less than fifty percent of the ministers or pastors make any attempt to solve these social problems in the manner taught by precept and example by the lowly Nazarene. The other fifty percent do not have enough help in the Churches they serve to put on the needed programs. Pastor clinics or schools are needed, not to teach preachers how to preach, but to point out to them how the Master met the social problems of His day, and how those same simple methods are practical and powerful today.

Too many of us, preachers and laymen alike, have come to the view: "Here is the Church, the Preacher and the messages, come and get it. It is here for you." Christ "went about doing good." He went about in the neighborhood. He walked from house to house in the community, and from community to community. He saw how they lived. He learned their individual problems and He learned their family problems. He, therefore, knew how to approach and solve the problems. He took the Gospel to them.

The time has come for local Church Missionaries—Christlike visitors—if you please. The leaders of our Sunday School Board have been preaching visitation for a number of years. Some pastors have not considered this Sunday School program for the Church at all. Some Pastors and laymen have considered this program for the Sunday School but not practical for the Church. There may be a Church here and there that has caught the vision. Many of our larger Churches need a staff of missionaries, men and women who give their full time to visiting in the communities which should be ministered unto by the particular Church. Pastors need to give more heed to a systematic method of visitation. In our cieies and in our larger Churches there is so much danger of people being overlooked. I lay particular stress upon this visitation, because I think that the day has come when the peoples' faith in the Church must be restored and I know of no way to restore that faith other than to help with the social problems, and we'll not help with these problems unless we know about them.

People do not report their social and domestic problems. They are inclined to keep these problems smothered up and to themselves. Few have been close enough to the Pastor or to any persons of our Churches to confide in them. Local Church Missionaries.

or visitors, will get closer to these people and come in contact with the various problems. These Missionaries, if the right kind, will also encourage deacons and the ladies of the Missionary Union to do more visiting, to become more acquainted with the people in the various communities. This will restore faith in the Church and this will justify that faith in the Church. And there must be more God-called local Church missionaries if our Churches establish a social service program in keeping with Christ's plan. Pleas must be made among our membership for Christians to answer God's call to full time local Church missionary service. The whole life must be laid upon the altar in this field just as much as preaching.

Just having Sunday School, Worship Services, Training Union, Missionary Union and many meetings will not minister to the needs of our communities. Christ met needs, furnished the solution to problems of those around Him. A real Social Service Program by our Churches will in no manner conflict with the Welfare Department of our Counties. It is entirely a different problem. Many of those who need assistance of one nature or another most seriously, never go to the Welfare Agencies, and never will. They will never tell their troubles or admit the presence of problems, except to someone whom they recognize as having a heartful of love and the spirit of Christ within.

Yes, the problems are with us. We say we know it, but I doubt if we really do. We could point out many of the cases which have come to light in our experiences, but we do little about these isolated cases. Our program must generate and develop a genuine interest. It is such a program for which I plead. The lightening has been striking in various places ever since we can remember, but none of us take it very seriously, untli it strikes our home. I think it is time for our Churches to launch a definite Social Service Program, and I hope it will be done during this Associational year, so that a real report can bemade one year from now.

Respectfully submitted,
Walter E. Crissman

42. The following report on Relief and Annuity was presented by H. O. Miller, and adopted.

REPORT ON MINISTERIAL RELIEF AND ANNUITY

We, your committee, beg to submit the following report on the work of the Relief and Annuity Board. The growth of this Board has been steady since it was founded in 1918. Its ministry of protection against old age and infirmity is offered to all those gainfully employed in our complex denominational life. Pastors, Missionaries, employees of state and southwide Boards, Orphanages, Hospitals, also faculties and staffs of Seminaries, and colleges are included in this protection.

During 1943 the Board collected $1,087,395.26, Benefits, Relief and Annuity during 1944 will aggregate $824,556.00. The total assets of the Board December 1943 was $6,771,184.31 June 1944 the assets were over $7,000,000.

The Board earned 4.22 per cent on its total investments for the year 1943. Its mortgage loans are amply protected by property value. It is confronted with the problem of low interest, but the finance committee is dilligently seeking to make the funds produce as much as possible, consistent with the safety of principal. The Board is actively supporting the war effort by purchasing U. S. Government Bonds. It now has $1,200,000 invested in these bonds.

The increased cotributions from the churches through the cooperative program during 1943 made it possible to give two extra checks to every one on the beneficiary roll, and no application for aid, properly attested, was denied. Receipts in this department went beyond $168,000, which was $48,000 more than the previous year. In addition to the above, the sum of $30,000 was added to the special relief fund, in anticipation of lean years in the post-war period. Twelve hundred aged workers, many of them with no other source of income, look to Southern Baptists and to the Relief fund of our Board.

Concerning the Ministers' Retirement Plan, Secretary Huggins reports this fund in good condition, there being 70 new applications between January and June of this year, bringing the total to 524 at that time. We are confident the number is much larger at this time. Most of these who are coming into the plan now are among the younger men, which adds strength to the plan. He further reports that the benefits paid on annuities, age, disability and widows, are far below the estimates made by the actuary. It is safe to say that during the last twelve months the interest on our invested funds, paid in by the churches, ministers, and the convention, has been sufficient to meet fully 50 per cent of all the benefits. This may not be true another year, as a number of the older men, who have been receiving larger salaries, will retire. At any rate we can see that this department is in excellent condition.

During the past year there were fifteen receiving Age annuity, four disability and five widows, receiving a total of $8,350.08. This was not a large sum, but it was a great comfort and help to the participants. We urge every pastor and church who have not done so to get into this worthy program as early as possible.

Respectfully submitted,
Hughey O. Miller

42. The following report on Southern Baptist Institutions was made by Ray W. Harrington and adopted.

SOUTHERN BAPTIST INSTITUTIONS

Like the experience of Israel is the situation of Southern Baptist theological education today. The training of religious workers had developed to the point that the school of the prophets had outgrown its bounds: "And the sons of the prophets said unto Elisha, Behold now, the place where we dwell with thee is too straight for us. Let us go, we pray thee, unto Jordon, and take thence every man a beam, and let us make us a place there, where we may dwell. And he answered, Go ye." (II Kings 6: 1-2.) In ancient days, the prophets "Go ye' 'was all that was needed to provide commodious accommodations for the increasing enrollment, but today the hands of all three of our theological seminaries are tied until Southern Baptists, with one united voice, speak the words which will open the doors of expanding usefulness.

BAPTIST BIBLE INSTITUTE

There are 219 enrolled in the Baptist Bible Institute in the opening of the 1944-45 session, and scores of students have been turned away, because there is no room in either dormitories or apartment buildings. That means that many of our young men and women must go on unprepared.

The Executive Committee of the Southern Baptist Convention has approved a campaign for $200.00 to build a new men's dormitory and a new library building for the Baptist Bible Institute. Already $40,000 has been secured. The buildings now used by the Institute were abandoned by Sophie Newcomb College twenty-six years ago. Money for replacement must be secured now, or an emergency will occur to embarrass all Southern Baptists.

This session of the Baptist Bible Institute finds a new arrangement of courses. The degrees offered: in the Seminary Department, Bachelor of Divinity, Master of Theology, Doctor of Theology, in the Christian Training Department, Bachelor of Religious Education, and Master of Religious Education. A wider variety of elective courses has been introduced.

Professor W. Plunkett Martin succeeds Professor E. O. Sellers, retired, as head of the Music Department. Miss Charlotte Reed has been added to music faculty. Dr. Frank P. Lide ,professor in Baptist Seminary in China is teaching on a temporary arrangement.

Southern Louisiana is being captured from the Catholic Church, and turned to Christ by the preaching and teaching of the students.

SOUTHERN BAPTIST SEMINARY

Today the Southern Baptist Seminary is the biggest strictly Theological Seminary among evangelical Christians anywhere upon the earth. This seminary has enrolled for the session 1944-45, 603 men. In addition to these men, the 125 girls in the Training School, the 20 students of the Music School, and about 225 wives of young preachers are studying in the classrooms of the Seminary.

People generally think that the Southern Baptist Seminary with its lovely campus and comparatively new buildings is in need of nothing. The fact is, it is in need of practically everything. It has only four major classrooms with a student body of approximately 900. There are only twelve faculty members to carry the excessively heavy load of teaching. One-third of the Seminary family can get into the room the Seminary is now using for its chapel services and other assemblies. At least a hundred and twenty-five married students are unable to find living quaretrs on the campus. The dining room and the kitchen are altogether inadequate to meet the needs of this enlarged student body. The lobby in the Library should be doubled in size to provide adequate room for the students.

To sum up, the Seminary needs at least one million dollars for capital improvements and it needs to increase its present endowment of $1,750,000 to $5,000,000 in order that it may be assured of a steady, dependable annual income sufficient to maintain the faculty that is sorely needed.

From the Southern Seminary have gone about 8,500 trained men to carry the gospel to the ends of the earth.

SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY

For the first semester of the current session Southwestern Seminary has enrolled 758, far beyond any previous record for the first semester. The enrollment for the summer school and the first semester of this session, without duplications, totals 979.

The needs of Southwestern: a library, costing approximately $200,000.00, including building and equipment. A health building designed to help the students build sound bodies for sound minds. A modernized kitchen with up-to-date equipment. A fund provided for the upkeep of the campus, an increased endowment, a necessity for growth and service. The endowment to date is $1,436,196.64 which is far too small. It should be $4,000,000.00.

A movement is under way to erect an Administration-Library building calling it The George W. Truett Memorial.

SOUTHERN BAPTIST HOSPITAL

During the year 1943 the Southern Baptist Hospital admitted 19,920 patients and gave them 134,791 days of service. Nine hundred and fifty-one persons were given 15,166 days of free service, at a cost to the Hospital of $90,996.84. There were 2,426 births, and 4,417 emergency room cases which were not hospitalized. A class of 46 nurses was graduated. The capital debt of $149,000.00 was paid, and $50,000 of United States certificates of indebtedness were purchased. The year was closed with all operating expenses paid and cash balance in the bank.

The hospital has given service to 35 Foreign Missionaries, and 14 Home Missionaries.

Miss Bonnie Jean Ray is hospital missionary. The students have the Young Woman's Auxiliary, Student Union, Sunday School class, and worship services are conducted in the chapel every morning.

According to figures published in the Journal of the American Medical Association for March 25th, Southern Baptist Hospital in New Orleans in 1943 admitted a larger number of patients than were admitted to any other non-government-owned hospital in the territory of the Southern Baptist Convention: and only one church-owned hospital in the United States admitted a larger number—Methodist at Indianapolis, Indiana. The hospital was fourth in number of patients admitted.

Respectfully submitted,
Ray W. Harrington

44. The following report on Home Missions was presented by A. L. McGee, and adopted.

REPORT ON HOME MISSIONS

The Home Mission Board now has 514 missionaries working in 1050 churches and mission stations in every state in the territory of the Southern Baptist Convention and in Cuba and Central America. In 1943 these missionaries preached 36,000 sermons, led more than 122,000 to make a profession of faith in Christ and received 8,200 members into the fellowship of Baptist Churches. Seventy-four missionaries have been added since January 1, 1943.

We rejoice that the debt which so burdened the Board for many years has been paid and the fredeom from debt has made possible an enlarged missionary program. The receipts of the Board in 1943 were $992,708.76 which is more than $225,000 in excess of the 1942 offerings. The Annie Armstrong Offering amounted to $290,111.82.

Missionaries of the Board are working among the Spanish, Indians, French, Italians, Negroes, Jews, Deaf, Chinese, Japanese, Mountain peoples and underprivileged groups. Workers are supported in mission churches. Good-will centers, kindergartens, rescue homes, preachers institutes, and in house to house evangelism. More than 125 missionaries are serving in Cuba and Central America. The Board has cooperated with the government by certifying 1139 Southern Baptist preachers for the chaplaincy.

The Home Mission Board is now cooperating with the respective state mission boards in the selection and support of workers for the City Mission Program and the Country Church Program. Work is now being done in thirty-one cities and rural workers are serving in this cooperative effort in six states.

Never have the Baptists of the Southland been so challenged by the task to be accomplished and by the opportunities for missionary service. The world now looks to America for Christian leadership. Southern Baptists have a peculiar responsibility in furnishing such leadership. The progress of the Kingdom throughout the world can be helped or hindered by the response of Southern Baptists. The Home Mission Board is challenged to help establish and maintain a strong spiritual front at home from which the Gospel may be effectively sent to the ends of the world.

Think of the evangelistic opportunities in the Southland! Of a population of 45,000,000, about 20,000,000 have come to the years of accountability without a profession of faith in Christ. There are 11,000,000 Negroes, 5,000,000 foreigners, nearly 1,000,000 Jews and 250,000 Indians in the territory of the Convention. The harvest truly is great — the time for reaping is at hand.

To meet this challenge, the year of 1945, which is the Centennial year of the Southern Baptist Convention, has been designated as a time for a special Southwide evangelistic campaign. Other southwide Boards and Agencies are joining the Home Mission Board to make this an all-out soul winning effort. Dr. M. E. Dodd, pastor of the First Baptist Church of Shreveport, has been chosen to lead in this great crusade for souls. Every Association will be asked to cooperate. Pastors and laymen alike are asked to consecrate themselves and dedicate their talents and resources to this great soul winning effort.

The Home Mission Board desires to thank Southern Baptists for their fine spirit of cooperation and their increased support and to ask that they continue to pray for the workers of this Board and especially for the special evangelistic effort that is being planned for our Centennial year.

Respectfully submitted,
A. L. McGee

45. The following report on Foreign Missions was presented by Mrs. R. R. Saunders, and adopted.

FOREIGN MISSION REPORT

"As the day of victory draws nearer in this tragic war, Southern Baptists face the greatest missionary needs in their history. We shall be called upon to minister to millions around the world who will be hungry for physical food and for spiritual food. Southern Baptists should have an understanding of the times to know that they ought to do in such a day of opportunity." So reads the yearly report of the Foreign Mission Board as of May 1st. 1944.

The war does not lesson but rather enlarges our missionary obligations. If we are far sighted enough to capitalize on these obligations and opportunities we may rest assured that our rewards will be in the same proportion as our efforts. We have come a long way since the first American foreign Missionary Society was formed back in 1812. Since then the battle for Christ on the far flung mission fields of the world has been not unlike the battle for freedom in the present conflict of war. We who are so far away and not realizing what hazardous undertakings confront them cannot appreciate or fairly estimate the progress we are making—the same conditions hold true in our missionary work.

Since 1937 Southern Baptists have given $1,340,820.14 for relief purposes around the world. Since Jan .1st 1943 one-half million dollars has been spent for this purpose, of which $100,000 was spent in Europe and $100,000 in China.

I might add that in 1943 the board paid up its indebtedness in full, which at one time exceeded $1,600,000 and a year later had accumulated a reserve of approximately $1,000,000. Every dollar of this, however, will be required to rebuild our missionary work in Europe and the Orient. Besides the task of rehabilitation, we are confronted with the heavy costs of getting missionaries to and from mission fields and to care for the increased expenses due to inflation.

The income for the current work of the Board for 1943 was $1,530,318.48. The total Lottie Moon offering for 1943 amounted to $761,269.79.

Southern Baptists have mission work in seventeen countries: China, Japan, Africa, Brazil, Argentina, Chile, Uruguay, Colombia, Mexico, Hungary, Italy, Rumania, Spain, Yugoslavia, Palestine, Syria, Hawaii, with plans to enter 'Paraguay when the way is open.

Southern Baptists have nearly 1000 chaplains in the army, a great many have signified their desire to return to those stricken fronts after the war as missionaries.

The COMMISSION has increased its circulation from 45,000 to 60,000 and many churches are placing it in their budget with other Sunday School and Missionary Literature.

May we at home arouse ourselves, our churches, and our denomination to the great opportunity that awaits us—stir our hearts and souls to the needs and demands of a stricken world. "When you have done it unto the least of these my brethren ,you have done it unto me."

Respectfully submitted,
Mrs. R. R. Saunders

46. The clerk read the following telegram from John Lowe.

Please urge Association receive generous offering to help send the Commission to 600 Chaplains. Request churches to take offerings for World Relief immediately.

Affectionately,
John Lowe

47. The report of the Committee to Nominate the Executive, Church Advisory, and Mission Committees was made and adopted. See page 2, 3.

48. Special music was rendered by the quartet of the host church.

49. Dr. A. S. Gillespie, returned missionary to China, brought the closing message. Theme: "World Missions."Scripture, Acts 1:8 was read in Chinese. Dr. Gillespie sang choruses in Chinese.

50. Dr. J. Clyde Turner led the closing prayer.

51. The Association adjourned from its 1943-44 Session.

PROCEEDINGS

of the

FIFTY-SECOND ANNUAL SESSION

of the

PIEDMONT BAPTIST ASSOCIATION

Held With the

FIRST BAPTIST CHURCH

Greensboro, N. C.

October 25, 1945

THURSDAY MORNING SESSION—9:30 A. M.

1. The Association was called to order at 9:30 A. M. by the Moderator, Grover H. Jones, and joined in singing, "All Hail the Power," led by C. S. Hodge, accompanied by Mrs. O. E. Lee. After reading Matthew 7:15-29, Rev. J. B. Clifton, Buchanon Baptist Church, led the invocation.

2. The Program Committee reported, and the printed program was accepted.

3. While the Vice-Moderator, J. Ben Eller, was presiding the Moderator presented his report using the Church Letter Digest.

4. The Moderator appointed the following Committee on Committees: C. S. Hodge, Chairman; Dr. John W. McGinnis, and Wilbur W. Hutchins.

5. The Report on Denominational Literature was prepared by Miss Mabel Starnes, read by Ray W. Harrington, spoken to by Dr. J. Clyde Turner, and the report was accepted.

REPORT ON DENOMINATIONAL LITERATURE

Literature is a tremendous force whether it be good or bad. It is one of the most potent factors in modern life. It is so available to everybody. It is so attractively presented. The minds of the people are exposed daily. What they read will largely make them or ruin them.

Great issues are before us. Gigantic problems confront us. A vast deluge of literature dealing with these is released daily. All kinds of points of view are being exploited. Good ideas, crazy ideas, and dangerous ideas are being presented. Many minds are being poisoned while others are being confused.

We, as Baptists need a real crusade in the dissemination of good literature. Herein lies our great opportunity as a Baptist people. We must teach people to read and to know, or we will perish. By getting into our homes our denominational papers and periodicals and establishing in our churches good libraries we will guide our people in the reading of good books and Christian literature. We have then the opportunity of turning our membership away from the vile and vicious habit of reading material that will harm and destroy. What do people read? I stopped in front of one of our news stands and glanced through the magazine section. This is what our people are reading, murder, intrigue, sex, filth, depravity. One is almost persuaded that the entire thought-life and heart-life of the American people is immoral to the extreme.

A few years ago one of our scholarly men made an extensive study of all the best sellers of recent years and here is what he wrote as his conclusion: "I have never found one single best seller of any recent year, the name of Diety referred to except in blasphemy and profanity. There is no exception to this. Why the modern books that I have read in late years make me blush for shame and weep in sorrow." Says Dr. Criswell of the First Baptist Church, Dallas. "The filth that they call literature. You would think that the nicest thing in life is the cesspool, and the garbage heap and the incinerator! Who could blind himself to the evil and dirt and insinuation that characterizes modern intelligent life."

Too long has the church overlooked our responsibility in this field. Too long have Christian leaders failed to provide for the need of Christian literature in our homes and in our churches. And, too long have we left unguarded the ports where so many evil influences enter.

Baptists are creating a wealth of good literature in books, state papers and in magazines, periodicals and tracts of our Sunday School Board. We should expose our people of all ages to the best in Christian literature. We should urge them from the pulpit, the class room, and through personal contact to subscribe to and to read faithfully our denominational papers and magazines.

I would go further in this report and urge the churches of Piedmont Association to build adequate church libraries.

A good church library of carefully selected books will inspire the readers with high ideals, that will open new fields of thought and activities. It will help the young people to discover themselves, and will challenge them to their best. Wonderful things are books. They are the only opportunity and the only means of educating the great rank and file of our people. We have built our great colleges, seminaries and universities for the education of our preachers and leaders among our laity. But not all our people are able to attend our universities and colleges; we must bring the universities to them. One of the great definitions of a university is this: "A university is a collection of books." Maybe not as effective, but the same great opportunity that our schools have in Wake Forest, Meredith, Mars Hill, and the rest, to educate our students, we have in our libraries to educate our people, if we will take advantage of it. After all, the wisdom of the ages is not found in any man's head, it is found in the books that have been left behind.

We therefore commend to the churches that we use widely in all our church programs in every organization our Baptist Literature published by our Sunday School Board; that we encourage the circulation of all W. M. U. publications and of the current mission periodicals namely, "Home Missions" and "The Commission," that we endeavor to have many more clubs for "Charity and Children," our weekly Orphanage paper; and we urge every family in our church membership to subscribe to our State Baptist paper, the "Biblical Recorder."

Second, we commend to each church the importance of having a good church library, urging that each church give its best effort to the promotion of building an adequate church library that will meet the needs of its young people and its leaders in very phase of the church work.

Respectfully submitted,

Mabel Starnes.

6. The Christian Education report was presented by Rev. J. R. Thompson, spoken to by Dr. J. A. Easily, Wake Forest College, and the report was accepted.

CHRISTIAN EDUCATION

Christian Colleges do their best work when they minister to students sent to them from the background of Christian homes and the active church. Our schools fare badly when the misguided boys and girls of weak churches and failing homes are sent to them with the hope that a miracle will be worked. Our finest young people ought to be pointed to our Baptist schools.

Christian education, in broad application, includes the teaching fostered in Christian homes, both in deed and in word. No substitute can be found to match the effectiveness of parental Bible instruction in the home. Every effort to magnify the home and make it more Christian deserves our attention. Also the whole church program, but more especially the Sunday School, the Training Union and the mission organizations have to do with Christian education as Christ's teachings and our Baptist program through these agencies reach the masses of people—both Christian and non-Christian. When teachers engage in study courses and when program planning meetings are held primarily we are aiming at Christian education. How well we are educating our Baptist people in the Scriptures and in support of a program worthy of Christ each may judge as he asks how well his home church is doing the job.

Christian education has new mediums of expression in religious broadcasts and visual aids, such as sound films and film strips.

For trained leadership for our churches and our homes we look to our Christian colleges. North Carolina has Wake Forest, Meredith, Mars Hill, Wingate, Campbell, and Gardner-Webb last school year enrolling for all sessions 3,400 students. Of these students 15 were ministerial students and 152 student volunteers. Enrollment this year is record-breaking, nearly every school reporting capacity enrollment with many students turned away. Mars Hill with 748 enrolled of which 36 are ministerial students reports about 275 turned away. Wake Forest had 761 enrolled last year. The interest in spiritual things is manifested by a voluntarily attended evening vesper service at the church recently when 150 were present. Meredith has 586 young women enrolled this year. Her $565,000 expansion program is progressing, our Association having pledged in this project. Meredith has supplied 23 Foreign missionaries, one State W. M. U. President, six of the seven Executive Secretaries of the State and many pastors' wives and splendid teachers and home builders. Last year Campbell College enrolled 333 students, and Wingate 120. Newest among our colleges is Gardner-Webb, with 143 students, and launching a building program of 13 new buildings. Teaching in these colleges are 257 faculty members, God called men and women, proven by their standing by their tasks when war jobs with big salaries were alluring.

Your seminaries, three for white and one for colored, and our W. M. U. Training School offer advanced education for ministers, missionaries, and educational workers. South Western Seminary with record enrollment had student pastors serving 446 churches. This year 58 North Carolina students are enrolled there. Southern Seminary turned away 40 married students this year because there was no place for them to live, yet they report 550 men enrolled. Two North Carolina men this year completed 25 years service on the faculty there. They are Dr. Hersey Davis, and Dr. Gaines S. Dobbins.

B. B. I. has 276 enrolled, 119 from North Carolina. Her correspondence department continues to expand.

Every one of these colleges and seminaries have enlargment programs in view. All are building. All need our help. B. B. I. asks $200,000 for new men's dormitory, Southern Seminary Alumni have $170,000 on the new $250,000 proposed chapel. The crowding of our seminaries has raised the question of the advisability of establishing another one. Ridgecrest has been mentioned as the place.

In our public schools and colleges we work in keeping with our principles of separation of church and state. In local schools Christian teachers are sought. In our colleges the B. S. U. is linking the student with the church. B. S. U. work is beginning to show results. This year 22 of the 38 new missionaries appointed in April came from our State or other than Baptist colleges. The B. S. U. which reaches Baptist students or state campuses for Christ explains the 22 who came to service as foreign missionaries from other than Baptist schools.

James R. Thompson.

7. N. C. Baptist Hospital report was presented by T. Bennison, Dr. C. C. Carpenter, Dean of Wake Forest Medical School, spoke to the report, and the report was accepted.

THE BAPTIST HOSPITAL

The North Carolina Baptist Hospital located at Winston-Salem received its first patient May 28, 1923. At that time it was a 100-bed institution. Today it has 247 beds and 55 bassinets.

The fundamental purpose of our hospital has been to render a medical service to those who were not able to pay for it.

It has demonstrated over and over again its adherence to this purpose by admitting patients from all sections of the State regardless of their financial status.

When the four year medical school of Wake Forest College was moved to the hospital campus the service of the hospital was enhanced many fold.

Our hospital now carries out the two-fold purpose of teaching and healing.

At the present time 150 of our finest girls are in training for a real service to their fellowman—that of nursing.

While they learn the techniques of nursing they are further grounded in the principles of Christ.

Out of 8,000 patients admitted last year fully 4,000 paid no doctor's fee and only a small portion of their hospital expense. Out of the 4,000 only 1,000 paid anything on their expenses.

In addition to the free service mentioned above 20,000 persons were given free diagnostic examinations.

The cost to the hospital of free services rendered during 1944 was $198,648.92.

All Baptists should know that our hospital at Winston-Salem is among the top ranking hospitals of our nation today.

While the hospital has developed physically the emphasis on the spiritual atmosphere has kept pace with the physical. The religious program is under the direction of a full-time chaplain and student secretary. This service is made possible by the generosity of Mr. C. M. Scott of High Point, N. C. The chaplain is able, through the nature of his contacts, to lead many patients to conversion and others to rededication.

North Carolina Baptists have developed in their hospital one of the greatest medical centers in our country, and at the same time one of the strongest influences for the cause of Christ that exists in any land. Its huge opportunities for serving as an agency of mercy, as a means of teaching, and as a means of spreading the influence of Christ are a challenge to the generous heart of our great denomination that its program will not be restricted for lack of finances. All of its activities are operated on the highest of standards, and hence it requires a tremendous budget. It is self-supporting with the exception of its charity work, and it is for this merciful side of its program that North Carolina Baptists this year are giving over $100,000 through the Mother's Day program.

Respectfully sumbitted,

Tennor Bennison.

8. The following report was presented by Rev. E. A. Long, and spoken to by Paul Lovengood. The report was accepted.

ORPHANAGE REPORT

The memorable year of 1945 has almost come to its close. This year has witnessed the end of one of the most horrible, the most devastating, the most destructive, and most costly wars in all the annals of history.

But God, whose wisdom is faultless, whose love is perfect, whose power is supreme and whose resources are inexhaustible, still sits upon his throne in the heavens, keeping watch over his little ones and supplying their every need.

One of the most impressive scenes in the life of our Lord, was when he took the little ones up into his arms and blessed them and said, "Suffer the little children to come unto me, and forbid them not: for of such is the kingdom of God."

In no phase of our denominational work is the guiding hand of God more clearly seen and his stamp of approval upon the work, than in the work of the orphanage.

The past year has been a good year for the orphanage, in spite of the war. No serious illness; no epidemic of contagious diseases have disturbed the peace or interfered with the work in any way.

Wars have always been tragic to homes and to childhood. During the past two years many children have been born in this country who have never seen, and who never will see their fathers. Others, through dissipation and neglect have shirked their responsibility as parents and left helpless children dependent on Christian citizens. Shall we be faithful to these children?

During the past year, in spite of the increased cost of living, we cared for approximately 700 children in the Mills Home and Kennedy Home, through Mother's Aid and in Boarding homes. In addition to this, orphanage representatives rendered splendid service to more than 300 children, by helping families work out their domestic problems, thus preventing the necessity of having to take these children into the institution.

It cost $675.00 a day to care for the large family now in the orphanage. This large sum cannot be met by a few but by the united efforts of the Baptists of North Carolina, through the once a month offering, and the Thanksgiving offering, it can very easily be done. We cannot build orphanages large enough to care for all needy children. But we can help the situation by laying greater emphasis upon the importance of building better and stronger Christian homes.

May we all give ourselves more fully and completely to the task of building more Christ-like homes. Wrecked homes are the greatest tragedies of the present generation.

Respectfully submitted,

E. A. Long.

10. The report on Social Service was presented by Rev. W. W. Woodcock, and Woodcock spoke to his report. The report was accepted.

SOCIAL SERVICE

Looking back over the Social Service reports presented to this Association during the past eighteen years we find the following problems stressed with considerable hopelessness: Liquor, divorce, labor and management, war, the radio, moving pictures, lynching, gambling, nationalism, race prejudice, the machine age, automobiles and good roads. Rather than waste the brief time allotted to this subject by repeating the lurid descriptions of these which have so ably been given in the former reports let us consider the remedies they demand.

The first remedy suggested in the former reports is evangelism. But the New Testament adds something to the task of getting people to accept Christ as Saviour. In I Corinthians 3:1-3, Paul is talking to babes in Christ, real born again people, people who have been evangelized. But he tells them in effect they have not the moral nor intellectual teeth to chew the strong meat of the Gospel. Their relations with other people are incorrect. There are divisions and strife among them, so even though they are babes in Christ the carnal nature is still in power.

In Hebrews 5:12-14, the writer is stern with the born again people who ought to be teachers but they are dwelling in the glow of their first acquaintance with Christ and have not gone forward to the full Gospel. He says, "But strong meat belongeth to those that are of full age, even those who by reason of use have their senses exercised to discern both good and evil."

Our Lord Jesus Christ was very definite about this when he gave the great commission to the churches and individuals who have been born again saying, Go . . . make disciples . . . baptize . . . and teach. Evangelism must be followed by education if the full Gospel is to be presented.

Family life, divorce, drunkeness, juvenile delinquency, and such immoral conduct are all related. In this church beginning Sunday afternoon will be held a Family Life Institute. Our churches should appoint representative members to attend and report back to the churches their impressions. The Baptist Sunday School Board sends out a program called Christian Home Week which should be observed in all the churches. The Home Mission Board publishes a tract called Home Fellowship Hour which is valuable. Allied Youth and the Allied Church League are fighting liquor and furnish inspiration and information in this area. Pre-marital clinics should be held in the churches to acquaint young people with the psychological, physical and moral privileges and obligations of family life. Let us grow some moral and intellectual teeth with which to chew the strong meat of the Gospel.

War, nationalism, race prejudice, economic greed, labor and management are causes of strife and suffering in relations outside the family. In spite of the fact that President Truman, General Marshall and others have advised us to continue compulsory military training and to continue to build war machines, it remains a fact that the peace of the world will be established only on terms laid down by the full Gospel. General MacArthur, speaking at the signing of the Japanese surrender, said of the peace, "If it is not of the Spirit it will not save the flesh." The day after the first Atomic Bomb was dropped on Japan a Professor of Chemistry said to a teacher of religion, "Now it is up to you fellows." The world is looking to the Christian Church to make peace, peace between nations peace between races, and peace between economic groups. Therefore we should grow some strong intellectual teeth to chew the strong meat of the Gospel. Jesus said, "Blessed are the peacemakers, for they shall be called the children of God." It is not making peace to repeat condemnations and criticisms of other races, nations or economic groups without knowing whether they are justified. It is making peace when we seek to understand other people and seek to convince them of our desire to do them good. Therefore our churches should conduct or support classes and conferences regarding race relations, international relations, and the differences between management and labor, with eyes open seeking the truth.

Baptists are primarily interested in individuals. We believe that the individual may approach God on his own behalf, and that he is responsible to God for his conduct. Baptists also believe that the Christian will grow in grace and the knowledge of God as he puts the Gospel into his relations with other people. Baptists believe that Christ may be revealed to the world through the words and works of individual Christians in their political activities, their daily labor and their home life. Therefore it seems self evident that individual Christians have a responsibility to God to pass beyond the sincere milk of the word to the strong meat of the Gospel and learn to apply it to every human relationship.

Wilson Woodcock.

11. State Missions and Cooperative Program was presented by Rev. W. Wilbur Hutchins, and spoken to by Rev. Earl Bradley. The report was accepted.

STATE MISSIONS AND THE COOPERATIVE PROGRAMME

The purpose of State Missions is to provide a program of activities in which each of the churches can share to the end that Christ may become regnant in North Carolina in all areas of life. In order to do this many activities, briefly stated, are listed in this report.

Aid is provided for part payment of the salaries of missionary pastors in needy and strategic places. During the year ending September of 1944, the latest figures we have available, we had sixty-five pastors who were being thus aided. They were serving 121 churches, had preached about 6,000 sermons, made around 22,000 visits, and reported 902 baptisms. Apart from the amount which these 121 churches paid on pastors' salaries and church buildings, namely $135,760, they gave to Convention causes $34,292. Incidentally, during the past calendar year, that is, 1944, we paid a little over $29,000 in salaries to these pastors.

The State Mission program provides for three general missionaries who work with the General Secretary in promoting all the projects of the mission program. They are J. C. Pipes, E. L. Spivey, and Earle L. Bradley.

With reference to the matter of church building let it be said that the Convention does not have money to help in church buildings, except in unusual situations. It does seek, however, to buy lots in growing sections of our cities and in the rural sections where a new church is being established, or an old church is desirous of moving its location in order to be near a good highway. The fund for this is admittedly inadequate. We could use to very good advantage $100,000 each year in stimulating churches to erect better buildings and better educational facilities.

In the matter of racial relationships we are attempting the practical approach of promoting work among the Indians in Robeson County, and are joining with the Negro Baptists of the State in a limited support of their work; helping them to provide for a General Secretary, and a Sunday School and Training Union Secretary.

A visitation program for the sick in the Veteran's Hospital at Oteen, and in the sanatoriums at Aberdeen and Black Mountain, is also provided. The ministry to the girls at Samarcand is carried on through the ministry of Mr. E. M. Harris. The return to the hospitals of our State of more wounded veterans of this recent war should not find Baptists negligent of their Christian responsibilities in this work of remembrance and mercy.

The Convention, through State Missions, also cooperates with many of the Associations in providing for Associational missionaries. Usually the Convention provides about $750.00 a year toward the salary and expenses, and the Association provides the rest. There are about twenty of these Associational missionaries now employed—but there ought to be about fifty.

Our State Convention also cooperates with the Home Mission Board of the Southern Convention in the work of City Missions. We now have four such centers in North Carolina: Raleigh, Greensboro, Durham, and Charlotte.

The State Mission program also seeks to work with the churches in developing a more effective approach to the opportunities for Christian Education in the local churches, which includes the work of the Sunday School, the Training Union, and the Student Union Divisions.

Of particular interest is a new and enlarged work which has been undertaken during the past summer. About one hundred of our finest young people from our colleges have been working in many of the churches and Associations during the summer. It would be difficult to overestimate the value of the work that these well trained young people have been doing in some of the churches.

Other important items which also have the financial support of our State Mission work are the work of the Allied Church League, Pastors' Schools and Conferences, and the North Carolina Radio Hour. It is perhaps true that Baptists are, at the present time, giving the bulk of support for the work of the Allied Church League, which is attempting to defeat the liquor traffic in North Carolina, and to educate the citizenship of the State to the evils of intemperance. But the amount spent by the Convention for this is pitifully small when it is remembered that not long ago Judge E. Yates Webb was authority for the statement that, last year, North Carolina people spent 20 million dollars for their churches, twenty-six million dollars for their educational system, and sixty-six millions of dollars for alcoholic beverages.

For all the activities referred to above, the State Mission account was provided, during the year 1944 with 11% of the Undesignated Cooperative Program funds, plus the special designations for State Missions. The total amount received from these two sources was $182,862.22. We believe the amount this year, 1945, will be more than $200,000. The W. M. U. has set their goal for the offerings during the month of September, just past, at $30,000.

Let it be remembered that we are still in the midst of our Centennial Crusade for Christ, perhaps one of the most comprehensive spiritual efforts ever undertaken by Baptists. The moral and spiritual results of this undertaking cannot be measured statistically, but some of the financial reports can be, and they are encouraging. Total receipts for 1944 were $76,599,420—an increase of $13,532,336 over 1943; mission receipts were $17,303,519, an increase of $3,847,879, or 28.6% over 1943. Our per capita mission gift in 1944 was $3.05, in 1933 it was only 93 cents. Receipts the first half of 1945 were approximately 30% larger than for the corresponding period in 1944. This is good, but it ought to be better and it can be. The reports just quoted are, of course, for the churches of the Southern

Baptist Convention as a whole. What about our record at home in North Carolina?

The Undesignated Cooperative Program so far this year is about 30% above the same period last year. Our total gifts, counting both designated and un-designated are up about 15%. We think the un-designated Cooperative Program funds this year will go around a million dollars. Our goal for the year 1946 is $1,250,000 for the Un-designated Cooperative Program, which means a step-up of about 25%. Based on last year's goal for the Piedmont Association, I would suggest then, that our goal be approximately $130,000, since last year's figure was $104,000. We must remind ourselves that, within the last year, or thereabouts, we have had three heavy special offerings—the Wake Forest Chapel, the Hundred Thousand Club, and the Centennial Thank Offering. In 1946 not any of this is expected to be promoted, and this means that the people ought to be encouraged to give more to the Un-designated Cooperative Program, therefore helping to reach the goal of $1,250,000. I am informed by Mr. Huggins, our State Secretary, that more and more, we are hoping to get away from the need of these special offerings, and concentrate on the Cooperative Program as the financial method of raising our funds. If the churches, in making their budgets for this next year, will attempt to increase their gifts by 25%, our financial goals for the Cooperative Program can be reached easily.

Two simple recommendations seem appropriate as a part of this report: (1) Since the Cooperative Program seems to be the most effective instrument we have for supporting the current work of our denomination, State and Southwide, we concentrate upon its use as the most effective and fruitful means of financial support for our Christian opportunities; (2) Since Stewardship lies at the basis of Christian character, and is needed to undergird all the causes of our churches and denomination, we recommend that larger and larger emphasis be laid upon Christian stewardship, and that each church, whenever possible, set aside special periods of time for emphasis upon the total stewardship of life, including its material aspects.

Respectfully submitted,
W. Wilbur Hutchins.

19. Annuity Board and Retirement Plan report presented by Rev. J. S. Hopkins. The report was accepted, and Rev. Hopkins also spoke to his report.

ANNUITY BOARD AND RETIREMENT PLAN

The Relief and Annuity Board of the Southern Baptist Convention was organized in 1918. In those days few ministers were able to save anything from their meager incomes. Relief work for the aged and disabled preachers was not organized on a convention wide scale, and the disabled brother received sympathy but little financial aid. Old age frequently meant retirement from labor and retirement with insecurity, worry, suffering, and want.

Today the Board is extending aid to more than twelve hundred aged preachers and widows.

The income of the Board in 1944 was $2,136,867.98, three times the income of the year 1939. The total assets, almost $8,000,000.00 at the close of the year, are now well beyond that figure.

During 1944 the relief and annuity benefits paid were $774,142.99, or far more than twice as much as in 1939.

In the Ministers Retirement Plan there were, at the close of 1944, 7,970 active members, while in all plans 10,836 active members. There were 11,480 cooperating churches, boards and institutions

In the North Carolina Ministers Retirement Plan we had 552 active members March 8, 1945, and 696 cooperating churches. This represent a gain of 99 members and 50 churches over the preceding year.

Every salaried employee in our entire denominational working force is eligible for membership in the Retirement Plan.

Any Baptist pastor can become a member of the Ministers Retirement Plan by paying 2, 3 or 4 per cent of his salary to the Board provided the church he is serving pay a like amount. The benefits to be derived will be proportionate to the amount paid. Our State Convention pays $18.00 per year for every active member.

Any pastor paying four per cent over a period of twenty years or more will be eligible to retire at 65 years of age and draw approximately half of his computed salary for the rest of his life. The plan also provides benefits for the pastor's widow and children in case of his death.

We would recommend and urge that all churches and pastors in our Association cooperate, if possible, with our denomination in this forward movement by becoming active members of the Ministers Retirement Plan.

Respectfully submitted,
Julian S. Hopkins.

20. The Home Missions report was presented by D. M. Clemmons, who also spoke to the report. The report was accepted.

HOME MISSION REPORT

Every resource we have in people and money, every institution and every church should be mobilized for and dedicated to the God-given task of preaching Jesus Christ and Him crucified to a lost and dying world. The strategic point of approach to this task is our Homeland. Christ must conquer in the Homeland if we expect to win victories for Him in the lands beyond the seas. Let us make the religion of Jesus Christ triumphant at home if we hope to make it triumphant abroad. We must make our own land a demonstration station, revealing what the Gospel can do for a nation which accepts it. When we show that the Gospel of Jesus Christ is solving our problems in the modern world, we shall then make the work of our missionaries vastly easier.

Let us notice the fields of labor on which our Home Mission forces are working. The missionaries of the Home Mission Board are preaching the Gospel to the Indians, the Mexicans, the Spanish-Americans, the Jews, the Italians, the French, the Cubans, the Chinese, the Russians, the under-privileged in our own crowded industrial sections and the slums of our cities, the people in the neglected mountain areas, the boys in military service, and the Negroes. We also have work in Panama and Central America, and among the Japanese in the South.

The last report of the Home Mission Board shows that there are now 489 missionaries working in 1,037 mission stations. Last year 49 missionaries were added to the forces. During the year our missionaries distributed over 60,000 Bibles, Testaments and portions of the Scripture. They gave out more than 925,000 tracts; they preached over 36,000 sermons; they led more than 12,000 people to make a profession of faith in Christ and received into the fellowship of the churches 8,200 members.

The debt, which has hampered the Board for the past fifteen years, has been paid. Relieved of this burden, the Board is now ready and is making plans to enlarge its work in all of the fields.

Let us thank the Lord for Mrs. Ida M. Bottoms and for what she has done in the work of Home Missions. She established a trust for maintaining the Home Mission work in a most difficult period in our work. Out of her generosity, she put into the treasury of the Home Mission Board, an average of $40,000 per year for the last twelve years. The income from this trust goes for work among the foreigns and aliens in the South and in Cuba. Out of this income chapels are built and missionaries are employed. In addition to the work done, this generous soul has inspired enthusiasm in many to do more for the Lord and His cause. We thank the Lord for her.

Right now we ought to thank our missionary-minded women for the noble part they play in this work. Not only do they stand by the work and pay, but they pray for its success. The Woman's Missionary Union has rendered signal service in the field of Home Missions.

The work of Home Missions is very re-assuring at this time. The star of Bethlehem shall not go down now. Nations may grow corrupt and fall to pieces, but others strong in righteousness will arise to take their place. Freedom may be painfully wounded in her temples, but her banner, torn but flying, will at last stream triumphantly over the grave of tyranny. The black night of barbarous ignorance may endanger the world, but our Eternal God will cause the day to dawn when every demon of greeed and need shall have been exercised, when love shall have universal sway and Christ shall be crowned King of Kings and Lord of Lords. Our God is marching on to victory; let us follow in His train.

Respectfully submitted,

D. M. Clemmons.

21. The Foreign Missions report was presented by Rev. R. Von King, and spoken to by Rev. Bon Olive. The report was accepted.

FOREIGN MISSION REPORT

To declare war means we are at war but does not mean the war is won. To declare peace means that a state of war has ceased to exist but does not mean that peace is won. By declaration the war is over, but in effect it will not be over for many years. We should strive as earnestly to estabilsh the principles of peace by the world-wide preaching of the Gospel as we have to win our great military victory. In the war's backwash, we face the alternative of becoming victors or victims. We face a world where multiplied millions are hungry for bread and in greater need for the Bread of Life. Old fields are re-opening and many new fields challenge us with wide-open doors.

China awaits with expectancy our return with a more adequate force of laborers, where, we quote, "Children drop by the roadside in China and die of starvation because there is not enough rice to mix with the mud they eat." Children in India wait at our mission stations to see if one more handout of wheat or bowl or soup may come. Japan, Europe, Africa, Latin America, Asia, and many of the Islands are ready harvest fields for the message of the living Christ.

Southern Baptists have now approximately 540 active missionaries under appointment, one to every 10,000 Baptists in our membership. We average about fifty cents per capita for foreign missions annually. With so few laborers and such meager giving we cannot hope to meet present world missionary needs which we face as Southern Baptists. We need at once 300 new missionaries, to say nothing of replacements. Hundreds more might easily be absorbed in needy fields in the near future. Down through the years comes God's call, fresh to the youth of our day, "Whom shall I send, and who will go for us?"

Mr. E. P. Buxton, Treasurer, reports that our income for the year 1944, exclusive of relief funds, amounts to $2,747,207, of which $950,000 came through the Lottie Moon Christmas offering.

Our present financial need is fourfold: (1) a current budget of approximately $2,500,000, (2) funds for replacing destroyed mission property and equipment not less than $2,000,000, (3) an emergency fund of not less than $2,000,000 to be used only under circumstances which will compel us to borrow money from banks if we do not have such a fund, (4) we must have money to finance the growth and development of the Baptist groups which we have helped to found in 19 countries abroad and for enlargement of such program, estimated at $3,000,000. Such a four-fold program is indeed a challenge, but still does not come up to that of which we are worthy and able to do. Funds are also needed to continue our relief work, for which $323,315.47 was received in 1944.

The Commission, E. C. Routh, Editor-in-Chief, and Miss Marjorie Moore, Managing Editor, has had a net increase of fifty per cent in circulation during the past two years. It is urgent and wise that more of our churches include The Commission in our regular list of church literature and send it into the homes of our people on the Church budget plan. Informed and inspired Baptists are Missionary Baptists.

Respectfully submitted,
R. Von King.

EVENING SESSION

30. The Association assembled at seven-fifteen o'clock with the singing of the hymn, "I Am Thine O, Lord," led by C. S. Hodge—Carry Davis, accompanist. After reading John 14:1-15, and the singing of one verse of, "Blest Be the Tie," Rev. A. H. Dunning led the invocation.

31. The following report presented by C. S. Hodge was accepted. Paul Crandall, Winston-Salem, spoke to the report.

SUNDAY SCHOOL REPORT

One of our great Baptist laymen has said that two major factors accounted for Southern Baptist progress—continued teaching of the fundamental beliefs of the New Testament and improved methods to meet the needs of the changing times in which we live. If this be true, our Sunday Schools hold the key to even greater successes in our denomination.

Another has said that, "When the world is at its worst, the church must be at its best." Surely, no other age ever called for better Bible teaching. Never was there a time when our efforts ought to be re-doubled in enlisting the unenlisted.

During the year we have held three Associational meetings, a Better-Teaching Clinic and Little Ridgecrest. Added to that 17 churches have held study courses with 325 awards.- First Church High Point again leads with 103 awards.

In the 53 churches reporting there was a Sunday School enrollment of 15,411 as compared with 14,399 last year—an increase of 1012. The average attendance was 8051 compared with 7303 last year—an increase of 748. There were 574 baptisms reported from 32 Schools, an increase of 187 over last year.

Vacation Bible Schools were reported in 27 churches, compared with 21 last year. The enrollment was 3051 and average attendance 2393 as compared with 2387 enrolled last year and 1855 attending.

Only one Sunday School, College Park, reached the Standard this year.

It would seem that these figures, every one of which is an increase over last year, would call for gratitude to God for His blessings and for renewed consecration on our part to the all-important task of winning the lost to Christ through the teaching of God's Word in our Sunday Schools.

Respectfully submitted,

C. S. Hodge, Association Supt.

32. The following report was prepared by Julia M. Liles, and presented by J. J. Norwood. The report was accepted. Rev. J. S. Hopkins spoke to the report.

THE BAPTIST TRAINING UNION

The work of the Training Union of the Piedmont Association has been under the direction of Mr. J. Carl Bell again this year. Due largely to his untiring efforts the Associational Training Union has met the Standard of Excellence and has continued to be an A-1 organization throughout the year. A recent report of the Southern Baptist Convention showed only one other Association in North Carolina to be A-1.

The three districts, Reidsville, Greensboro, and High Point, have been working under the leadership of the District Directors. Study Courses have been held in the various churches, with the officers and leaders of the Association lending help wherever possible. Mr. Bell, with some of his co-workers, has organized four new Training Unions.

Quarterly meetings have been held, as well as the Twenty-fifth Annual Spring Session on March 10th. During the afternoon period of this session at the First Baptist Church, Greensboro, the different Associational contests of the Training Union were held. The winners, however, were not able to participate in any further eliminations as all Regional and Ridgecrest meetings were cancelled upon the request of the Office of Defense Transportation. The banquet of the Twenty-fifth Session was held in the Masonic Temple and 532 were in attendance which was the largest attendance ever. Rev. W. Wilbur Hutchins who had been former State Training Union Director and who had recently come into the Association as Pastor of the First Church, High Point, brought the inspirational message.

Due to the fact that there were no meetings at Ridgecrest some churches of the Association tried to promote "Ridgecrest at Home" during the summer. Greensboro had a city-wide meeting and one was also held by the First Church, High Point. Each of these was pronounced a success and some feeling has been expressed that something of the kind might be continued in the future, even after Ridgecrest, itself, is available.

With the returning of many veterans to the communities of the Association, a great challenge is presented to each of us. Each of them should be or become a member of a Christian Church and it is the task of the Training Union to enlist and train those affiliated with the Baptist churches.

Respectfully submitted,
Julia M. Liles, Secretary.

33. The W. M. S. report was presented by Mrs. J. Ben Eller, and Mrs. Stafford Webb spoke to the report. The report was accepted.

W. M. U. REPORT

In the book of reports issued by the State Executive Committee at the opening of the year of 1945, we read figures which give the comparative strength of the sixty-eight Associations in North Carolina. Consider these figures:

Number of Churches	56
Number of Societies	126
Number of Members	2713
Number of Young People and Women	4100
Number of New Societies	13
Number of Societies Doing Community Missions	71
Number of Mission Study Classes	195
Number of Tithers	717

In striving for high grade of service we made ten points of twelve on the Standard of Excellence.

At Leadership Conferences in January W. M. U. accepted and entered heartily into southwide plans for "Consecrating the Centennial to Christ."

Piedmont officers continue to meet quarterly and press toward the goals for the Centennial Celebration in beautiful harmony. While the usual 5% increase in gifts allows the society to mark the standard, the higher goal of 20% increase is hoped for in this great year. We are reasonably sure to reach our financial goal.

We aim for twenty new societies. If the churches will feel the proper interest in their young people and commission godly leaders to train them in the needed organizations we shall also reach this aim.

About 550 new members should be enlisted and enrolled in our missionary organizations and, at least, 150 tithers should be won along with a great number of souls won to Christ.

After all of this has been done, there will still be plenty room for improvement in every phase of W. M. U. work.

Our outstanding project in Community Missions was the employment of a Negro Field Worker from the Religious Department of Shaw University. She spent two weeks in High Point and Reidsville with four weeks in Greensboro aiding the Negro churches in Vacation Bible Schools and church visitations.

Miss Mary Christian, Southwide Field Worker was our guest speaker for the Annual Meeting in April at Florida Street Church.

The Business Woman's Federation of Greensboro was organized September 28, 1944, and has properly functioned for one year. It is the aim of this organization to bring a greater missionary zeal and high inspiration to those women who are denied the privilege of the monthly W. M. U. meeting.

Piedmont W. M. U. most urgently needs a revival of consuming passion for winning, enlisting and training the great army of lost and churchless souls in our midst. Let us all address ourselves afresh to this challenging task and truly "consecrate the Centennial year of Baptist Missions to Christ."

Mrs. J. Ben Eller, Superintendent.

34. The Obituary report by D. W. Overby, read by Rev. J. M. Allred, was accepted. The Association stood in memory of the deceased, and Dr. J. Clyde Turner led the prayer.

OBITUARIES

Since our last Association 121 of our members have passed to their Heavenly home. And it is with profound reverence that we pause to pay our respects to them; for while they have departed from us they still live in our hearts and lives. We shall greatly miss them, but our loss is their eternal gain and we humbly bow to the will of our Heavenly Father.

We greatly rejoice in the great truth expressed by John the Revelator relative to the redeemed, which is as follows: "Blessed are the dead which die in the Lord henceforth: yea saith the Spirit, that they rest from their labors; and their works do follow them."

Respectfully submitted,

D. W. Overby.

35. The hymn, "My Faith Looks Up to Thee," was sung.

36. A motion was made, carried, that Fairgrove Baptist Church be dropped from the Association.

37. The following report, presented by Rev. T. L. Sasser was accepted. Rev. Sasser also spoke to his report.

ASSOCIATIONAL MISSIONS

The logical unit of corporate missionary activity is the District Association. A church being a body of baptized believers bound together by the strong tie of Christian fellowship can by the power of the Holy Spirit evangelize its local community. Each church is an authoritative source of missionary endeavor. A church can send missionaries to other communities or places like the church at Antioch sent Barnabas and Paul. The establishing of churches by the missionaries makes the association of the churches immediately vital to the orderly and efficient propagation of the Gospel of Christ.

If one local church could send out and supervise all the missions it would not be a New Testament church but a hierarchy of evil type, of which the world has had sufficient example to convince.

A New Testament church looks beyond the borders of its community. In the very looking it must unite with other scriptural churches in associational missions. Hence associational missions becomes the first and the fundamental unit of corporate missionary activity. This concept is scriptural, historic, and by no means new. It antedates missionary societies, church conventions and mission boards but does not preclude them. It underlies and produces them.

Late decades, if not generations, have tended to lessen rather than increase the emphasis on associational missions, leaving the practical performance of the work to State and Southwide agencies. Not in competition against, but in cooperation with these agencies, we should promote missions in the associational territory with increased zeal and spiritual power. This is scriptural and logical. There are signs of a renewal of emphasis. Many associations are employing associational missionaries and promoting association-wide missionary movements. They are kindling anew the fires of evangelism that the light and heat of these fires might be seen and felt to the ends of the earth.

The work in our Association is progressing steadily, if not rapidly. In the three cities of the Piedmont and in rural places the churches are sending out their workers. Missions are being established and functioning with renewed power.

I herewith offer a summary of my personal activities from October

1, 1944 to September 30, 1945 toward the objective indicated in the above paragraphs:

PROCEEDINGS

of the

FIFTY-THIRD ANNUAL SESSION

of the

PIEDMONT BAPTIST ASSOCIATION

Held With the

GREEN STREET, HILLIARD MEMORIAL, AND NORTH MAIN STREET BAPTIST CHURCHES

High Point, N. C.

October 23-24, 1946

WEDNESDAY MORNING SESSION—10:00 A. M.

1. The Piedmont Baptist Association was called to order at 10:00 A. M. by the Moderator, Grover H. Jones, and joined in singing, "What a Friend We Have in Jesus," led by S. A. Helms, accompanied by Mrs. J. S. Hopkins. After reading I Cor. 1:18, Rev. S. L. Riddle, Revolution Baptist Church, let the invocation.

2. Rev. J. S. Hopkins, Green Street Baptist Church, gave the welcome address.

3. The Program Committee reported, and the printed program, with a minor change, was accepted.

4. While the Vice-Moderator, Dr. John W. McGinnis, was presiding the Moderator presented the following report which was accepted.

REPORT OF THE MODERATOR

Again I desire to express my appreciation to the churches of the Association for the many courtesies shown me during the past year. I express also my appreciation for the fine spirit of cooperation that prevails among the churches of the Association. I believe it is safe to say that our churches are working together more as a unit now than perhaps ever before in the history of the Association.

I attribute the spirit of fine cooperation among our churches and the way they are working together largely to the fact that for the past three years we have had the full time services of Brother T. L. Sasser, our Associational Missionary. He has had more time and more opportunities to do effective work along this line than anyone else. We are fortunate to have Brother Sasser to lead in this capacity.

While our Association is comparatively small in territory, in population it is one of the largest in the State.

The work of Brother Sasser has revealed to the churches the fact that there are thousands of people in the Association who have no church affiliation and that this is one of the most fertile fields in the State for mission work.

As a result of the mission work done in the Association during the past three years, I am convinced that our Association should have not only an Associational program, but a budget to carry out that program. With such a program and budget, I am convinced that we will do more even in a financial way, for our local churches and for our denominational program.

I believe that the Church of Christ today has the greatest opportunity, that it has had perhaps in its history. Doors of opportunity are open today to the church to about eighty-five percent of the population of the earth. The big question is whether the conventional church of today will dare to catch and share the spirit and message of Christ to the ends of the earth.

I like to think of each new Associational year as a time of beginning again in our churches. As we think about what we are going to do and where we are going in our work during the new year, it is well that we should review briefly what was accomplished, so far as the figures may show, during the last Associational year.

(Here discussion was made of the digest of church letters for 1946.)

Respectfully submitted,

G. H. Jones, Moderator.

5. Dr. L. L. Carpenter, editor, spoke on the Biblical Recorder.

6. J. E. Miller, field representative of Meredith College, gave an oral report on the College.

7. The following report, presented by T. L. Sasser, Associational Missionary, was accepted. Mr. Sasser spoke to his report.

ASSOCIATIONAL MISSIONS

The local church is the primary corporate unit of scriptural missions. This is true as touching local, associational, state, south-wide, and world-wide missions. Southern Baptists as such have a far broader vision of missions than the Baptists of this nation had in the years of Judson and Rice. The vision of these men and a few others has become the visions of our denomination as a whole.

No local church can neglect its community or the distant mission fields without serious loss all the way round. Neither can the whole obligation be discharged with monetary support alone. We must not only give to missions but we must also do missions. Keeping a balance between giving and doing is difficult but it must be done. The two are complimentary. No part of Acts 1:8 is to be neglected and the whole program is to be emphasized.

There are signs of a growing sense of local missionary obligation in the churches of our Association, but many of our people have not yet lifted up their eyes and looked upon the fields which are already ripe unto harvest. Nor have they themselves entered the fields. It is a joy to observe, however, that some have and the associational field is more and more becoming a force.

Not to mention several new churches that have become affiliated with our Association, in recent years, there are now ten missionary Baptist churches in the general area of the Association that as yet have not entered our Piedmont fellowship. All these churches began as missions. Some of them were promoted by individuals and others of them were sponsored by churches. Some have been organized churches several years and others of them have been organized this year.

As a rule the church-sponsored missions become active missionary churches and identify themselves with the denomination. Some that are promoted by individuals continue as separate church and take no active part in our denominational organizations. It is therefore obvious that the best way to promote missions and to organize new churches is by the sponsorship of the churches.

Newly organized churches call attention to the mission work of the churches in the area of the Association. The people of the territory are responsive and the opportunities are large. There are still 107,000 people in Guilford and half of Rockingham counties who are not church members. Aggressive churches are winning and enlisting some of these but in comparative small numbers. Mission points with capable and qualified leadership are productive of definite spiritual profit to individuals and to the denomination. There are many adversaries to overcome but most other fields have barriers that we of the Piedmont do not have. Our responsibilities are therefore greater.

For many years denominational debts have required a large percentage of our financial offerings and our work. A debtless time has finally come and with it greatly increased offerings through the regular channels. The three bodies, Piedmont Association, The State Convention, and the Southern Baptist Convention, through which our local churches co-operate must have the full support of the churches. But I am taking occasion here to mention particularly the Association whose financial and missionary program for its local work should be greatly strengthened.

The expense account of the Association should be expanded into a budget. In all the church sponsored mission projects in recent years it has been necessary to solicit personal gifts from the givers in the churches. The work can not be done without financial sponsorship and it should be on a corporate basis.

Through the generous over and above gifts of several individuals a tent was purchased this year to be used in places where no buildings are available. Fine meetings were held under it in Greensboro, Pleasant Garden and in High Point. We shall need new seats and other equipment for it next summer.

Vacation Bible Schools have proven to be fine mission projects and it is expected that we shall have a larger number next year than heretofore. The Home Mission Board has been furnisching student missionaries to aid in this work during ten weeks of summer. It is necessary to supplement the financial aid the Board has been giving and it is hoped that the churches will provide funds to enlarge this profitable enterprise.

I herewith offer a summary of my personal activities from October 1, 1945 to September 30, 1946.

HOME MISSIONS

The primary task of the Home Mission Board is to evangelize the homeland. We must save America for Christ if we are to fulfill our highest obligations of the gospel to foreigners in foreign lands. To a large degree the Christians of our country must accept the world responsibility implied in the great commission of our Lord. For many reasons we are logically and providentially the nation that now holds the preeminet place of responsibility in a new world order. Let the Baptists of our land assume their part of the responsibility for advancing the Kingdom of God to the ends of the earth as we face says: "The strategic point of approach to this world task is the homeland. Keep the homeland evangelized and mobilized for service and our unparalleled opportunity at home and abroad. Dr. J. B. Lawrence we have the hope and assurance of a world evangelization."

The Home Mission Board has work among Spanish-speaking Americans, Indians, French, Italians, Chinese, and other language groups. The foreigners in our homeland present a foreign mission challenge at home and offer to us an indirect approach to foreign missions abroad. A Chinese responsibility at home today may mean a Chinese missionary to China in the near future if won to Christ. Work is sponsored by the Home Mission Board in 587 churches and missions and needs 327 more. It has 700 missionaries and workers and needs 389 more. We have mission centers, work among the deaf and among Negroes, Cuban missions, and work in Panama, Costa Rica, and the Canal Zone. We need more than two million dollars for mission properties and over a million dollars a year for operation. The Board is now housed in its own building at 161 Spring Street, N. W., Atlanta, Ga.

A brief summary of certain types of Home Mission work is taken from a recently published pamphlet:

"The Department of Jewish Work is helping to plan and work for the salvation of 1,000,000 Jews in the southland.

The Department of Evangelism is cooperating with churches and other denominational agencies in reaching the 20,000,000 unevangelized for Christ.

The Department of Camp Work is cooperating with our Baptist chaplains in ministering to our service men. About 91,750 were won to the Lord by our chaplains in 1945.

The Department of Schools of Missions and the Department of Missionary Education are seeking to give missionary information and stimulate mission interest among our Baptist people throughout the South.

Our Field Workers of the Home Mission Board assist the churches and denominational groups with mission programs and serve in general missionary activities."

The official monthly publication of the Board is "Southern Baptist Home Missions." The subscription rate is twenty-five cents per year to individuals or it can be sent to all families in a church on the budget plan at twenty cents per family. "Trust the Lord and tell the people."

R. Von King.

REPORT ON FOREIGN MISSIONS

In a time when the world is steeped in sin, filled with unrest and chaos, and yearns for the realization of peace, the Foreign Mission Board of the Southern Baptist Convention finds itself surrounded by many challenging problems.

The millions of unfortunate war-stricken people are still crying out for food and shelter, the doors of nations heretofore unopened to the gospel now welcome its message, the fields of established mission work are in need of reinforcements, and the demands for an ever enlarging mission program to meet these current needs, are a few of the problems now confronting the Foreign Mission Board.

Southern Baptists always have been missionary in practice and have striven to meet the demands of foreign mission enterprise. The following cold, contemporaneous and statistical facts substantiate this statement. The receipts for foreign missions in 1945 reached an all-time high figure of $3,592,000. Only two weeks ago we were made to rejoice in learning that the goal of $3,500,000 to be raised by our denomination for relief and rehabilitation for the war-stricken peoples of Europe and Asia had been reached. The Lottie Moon offering last Christmas being $1,200,000, began the gifts to foreign missions in 1946 on a higher level than that of 1945. If the proposed goal for 1946 is achieved, we are informed that the Foreign Mission Board's income for this year, will exceed the high record of 1945 by approximately $1,000,000. In addition to the annual over-all of $3,000,000 during the past year, the Board set aside from current funds approximately $2,700,000 against a total of $7,000,000. This enormous sum is needed in addition to the current annual budget to rehabilitate and enlarge the proposed missionary program.

Southern Baptists must do far more in the future than they have in the past. Dr. M. T. Rankin, Executive Secretary of the Foreign Mission Board states, "In the light of the world's urgent need, the Foreign Mission Board's present program can be seen in its tragic smallness. If the whole world was ever in need of Christ, it is now. If people were ever in need of salvation, it is now. If suffering humanity ever needed the help of five and a half million Southern Baptists, with all their great resources, it is now." While there are retirements and appointments that keep the figure in constant change, there are now a few more than 550 missionaries in active service. This means we have only one missionary for every 10,000 members in our great denomination. In view of the world's need of salvation it is unthinkable that we should send out so few foreign missionaries with the trasforming message of Christ. As soon as sufficient funds make it possible, more appointments will be made by the Board. Our gifts of only an average of seventy cents per person per year to foreign missions, does not suffice in this hour of spiritual crisis.

Therefore, Southern Baptists must pray more fervently, give more liberally, and "go" more willingly if we as a denomination by means of Foreign Missions are to fulfill the task assigned to us by our Lord and Saviour Jesus Christ.

Respectfully submitted,

W. C. Guth.

18. The W. M. U. report, presented by Mrs. Edgar T. Howell was accepted. Mrs. James R. Thompson spoke to the report.

THE W. M. U. REPORT

The following figures were published in the book of reports by the State Executive Committee for the year ending December 31, 1945:

Number of Churches	56
Number of Societies	138
Number of Members	3,013
Number of New Societies	14
Number of Societies doing Community Missions	58
Number of Tithers	1,102

In February the Greensboro Division which includes five Associations met in High Point for a successful missions study and community missions Institute.

The Associational mission study chairman was successful in her efforts to have at least one mission study class in every society during the year.

This year, the Association, as a community missions project, employed three young Negro women who have had religious training at Shaw University to work in High Point, Greensboro, and Reidsville, conducting Vacation Bible Schools and training leaders.

Realizing the value of such work one of the Negro churches in Greensboro has engaged a part time worker.

Early in the year the State Young People's Director suggested to the various Associations that a camp be planned for the Junior R. A's. and Junior G. A's. Realizing the need of supervised recreation for our Junior boys and girls, the Associational Director of young people planned and directed a successful camp with the cooperation of the churches and their leaders. Thus giving these young people both inspiration and recreation. Of the 96 attending, 3 of them accepted Christ as their personal Saviour and 4 others dedicated their lives for Christian service.

Let us pray earnestly that a world revival will begin in our community, our Association as we tell the story of salvation to the lost about us.

Respectfully submitted,

Mrs. Edgar T. Howell, Supt.

19. The State Missions and Co-operative program report, presented by W. C. Adkinson, was accepted. M. A. Huggins spoke to the report.

STATE MISSIONS AND COOPERATIVE PROGRAM

The Aim or Purpose of State Missions is a three-fold one. In the first place, those activities are promoted which develop a Christian State, that is, evangelism and training. In the winning of the lost and the teaching of those who are won, we develop a Christian citizenship. In the second place, an aggressive State Missions program is essential to the growth of the denomination and its morale. In the third place, all missions, State, Home and Foreign, all colleges and school and seminaries, and all benevolent agencies depend upon State Missions as their base of supply. For example, through State Missions, people are won for Christ, churches are established, and membership trained. As the churches grow and their membership becomes informed, they in turn support not State Missions alone, but through the Baptist Program all missions, all Christian Education, and all benevolences.

The scope and task of State Missions has constantly increased with the growth of the denomination. The original task of State Missions was to provide evangelists who created a desire for churches, and as these churches grew, came the desire for new churches and new sites for re-location, aid for pastors, colleges and schools to educate and train preachers as well as other Christian laymen. Then came the development of Sunday Schools, Training Unions, and the Baptist Student Union, hospitals and other benevolent agencies. Also there has been recognized in recent years the need for additional training for ministers already in the service. Hundreds of them have never had the privilege of attending college or seminary. To meet this need, schools for pastors running for a week to six weeks have been inaugurated.

Perhaps the newest addition to the task and scope of State Missions is the development of Visual Education and Radio. Many are just beginning to realize the value of these instruments in an effective and teaching program.

The task of State Missions is not complete while we yet have within the Southern Baptist territory as many as 10,000,000 Baptist possibilities yet unreached, and North Carolina has her share of these.

Now as to our work in more detail: Our State Missions provides for three general missionaries who assist our General Secretary in promoting all missionary projects. They are, J. C. Pipes in Western North Carolina; E. L. Spivey, in Piedmont North Carolina; and Earle L. Bradley in Eastern North Carolina.

There are 66 missionary pastors who serve in needy and strategic places that have their salaries supplemented by the State Mission program during 1945. These 66 pastors served 107 churches which in return gave for all missionary and local projects $147,390.

The church extension service continues to have numerous calls for help on church buildings. During 1945, there were thirty churches helped during the year to the extent of $35,095.54. Much of this was used to purchase lots for new churches, and for re-locations of older churches. A greater sum than this could be used to great advantage in helping the weaker churches to have more adequate equipment.

State Missions helps to carry on an active program among the different racial groups within our state, especially among the Indians and the Negroes. Last year there were more than 300 professions of faith among the Indians with 328 baptized. Part of the salaries of the Negro leaders are paid by our State Missions.

Realizing the importance of Christian Education, and having a person to represent all of our colleges, we now have a full-time director in the person of Mr. Claude F. Gaddy whose time will be given to our Baptist Schools. Last year, we gave $325,000 for our Christian Colleges in North Carolina.

Other benevolent institutions included the Baptist Hospital in Winston-Salem, and the Baptist Orphanage at Thomasville and Kinston, although the Orphanage was not supported by State Missions, we feel our closeness to it as we give liberally for its support. The Relief and Annuity Board shares with the State Mission money.

Other fields of service aided by the State Mission Program are the Rural Church and evangelism work with Rev. J. C. Canipe as director, and Visual Education and Radio with Rev. Fon H. Schofield as its director.

All these along with Christian Education in the churches, with Mr. L. L. Morgan Secretary of the Sunday School and Mr. Harvey Gibson secretary of the Training Union, and the Baptist Student Union in the Colleges are supported by our State Missions Program. Pastors in some of the college towns are aided in their ministry to our boys and girls in the colleges.

The Convention through State Missions and the Home Missions Board, provide a program of City and Associational Missions. Thus they help expand the work of the Gospel and establish and organize new churches.

The Cooperative Program works because of what it is, what it includes, and what it excludes. In 1926 the Cooperative Program was adopted and approved by all the State Conventions and now continues to be the best plan we have in dividing the missionary dollar and make it do the most good in the most places. It assures each agency of the Southern Baptist Convention a proportionate income.

The Cooperative Program includes missions, education, benevolences and it includes all the cooperative work of our denomination.

It is our understanding of a great program Christ gave to his church. It is the safest and the best method yet devised for growth of a well balanced program of service.

It excludes the clamor of one cause to present its needs before the churches to the exclusion of others. It excludes the possibility of a church being lop-sided by being interested only in certain phases of outside Kingdom work. It excludes high pressure offerings, and allows the pastor to present a plan by which one church may share in every missionary project sponsored by the Southern Baptist Convention.

Last year, ending September 30, 1945, our portion of gifts for the Cooperative Program reached $623,991.87. This was a gain of $111,247.79 over the previous year, and from all reports there will be another gain this year over last year. Much of this gain will be due to the World Relief and Re-habilitation offerings given during the year. Southern Baptists have exceeded their original goal of $3,000,000 by more than $136,000 to date, even though we in North Carolina have fallen below our goal by $50,000.

By way of recommendation, I would suggest (1) that each individual Christian will pledge to acknowledge the whole stewardship of Christ for your life. (2) That each church continue to concentrate more and more upon the Cooperative Program as we firmly believe that this is the best method yet devised to spend our mission money, and thus with the most opportunities to propagate the Gospel of Christ.

Respectfully submitted,

W. C. Adkinson.

OBITUARIES

It has pleased God in His wise providence to take out of this world 109 of our members since we last met. It is with profound reverence that we pause to pay our respects to them; for while they have departed from us they still live in our hearts and lives. Let us thank God, that he has not left us comfortless. The question asked by Job of old, "If a man die shall he live again" was answered by the Lord Jesus when He said, "I am the resurrection and the life. He that believeth in me though he were dead, yet shall he live" and "He that liveth and believeth in me shall never die."

May we be reminded that we too are strangers and pilgrims here. "Our citizenship is in heaven from whence also we look for the Saviour, the Lord Jesus Christ, Who shall change our vile body that it may be fashioned like unto his own glorious body whereby he is able to subdue all things unto Himself."

Respectfully submitted,

W. D. Turner.

WEDNESDAY EVENING SESSION—7:30 P. M.

NORTH MAIN STREET BAPTIST CHURCH

25. The Wednesday Evening Session opened with the hymn, "He Leadeth Me, O Blessed thought," led by Floy Cox, accompanied by Doris Heath.

26. After reading the 23rd Psalm, I. E. Kerley, made some remarks, and then led the invocation. Then the hymn, "Sun of My Soul, Thou Saviour Dear," was sung.

27. The Training Union report, by Miss Julia M. Liles, presented by Miss Kathlene Roddick, was accepted.

THE BAPTIST TRAINING UNION

With the close of the fiscal year, September 30, 1946, there were six new Training Unions functioning in the Piedmont Association. While at the writing of this report several churches have not been heard from, annual reports from the churches to the Association indicate that the enrollment of the Training Unions has been increased considerably during the year.

Four mass meetings have been held this past year in addition to the Twenty-sixth Annual Convention which was held in April. The evening session of this Convention was given over to a banquet at which time it was the privilege of the Association to have as guests, Dr. and Mrs. J. E. Lambdin of Nashville, Tenn. Dr. Lambdin is South-wide Director of the Training Union work of our Southern Baptist Convention and was speaker for the occasion. Associational eliminations in the Training Union contests were held during the afternoon session. The winners in these competed later in the Regional and State contests. The Young People's Choir and the two Juniors from First Church, High Point, were winners in the State contests held at Ridgecrest.

During North Carolina week and the three South-wide weeks at Ridgecrest, during the summer, many Training Union members of the various churches of the Association were in attendance.

In March of this year Greensboro District held a City-wide Study Course which was pronounced most successful with a big attendance. The Reidsville District also held a splendid City-wide Study Course in September. The High Point District elected to conduct Study Courses in the individual churches.

Again this year the Training Union of the Piedmont Association has the distinction of being one of the few organizations in the entire South to be A-1, having met the requirements of the Standard of Excellence.

Behind the program of work done in this past year have been the untiring efforts of the Associational Director, Mr. J. Carl Bell. For the new year he asks each church of the Association to adopt this slogan: "EVERY CHURCH ADOPT A CHURCH," and holds up before us these goals for the year 1946-1947:

1. At least 200 in attendance at each Associational Mass meeting.
2. 2,000 Study Course awards.
3. 100 volunteer workers for Study Courses in March, 1947.

May the end of another year find that we have surpassed these goals and that our Training Program has made us more efficent laborers in the work of the Master.

Respectfully submitted,

Julia M. Liles, Secretary.

28. J. Carl Bell directed the group meeting, and the Training Union officers were elected (See index).

29. The chorus, "Into My Heart," and the hymn, " 'Tis So Sweet to Trust in Jesus," were sung.

30. Address—"That We Come Behind On No Gift"—by James R. Thompson, Florida Street Baptist Church.

31. Adjourned until Thursday morning.

THURSDAY MORNING—9:45 A. M.

32. The morning session opened with the hymn, "Take My Life and Let it Be." Rev. W. S. Holton, Penn Memorial, conducted the devotional service.

33. The Biblical Recorder report, presented by S. L. Riddle, Revolution, was accepted. Rev. Riddle spoke to his report.

REPORT ON THE BIBLICAL RECORDER

The report on the Biblical Recorder this year is very encouraging. The circulation of the paper during the past year has shown a good increase. The present circulation is approximately 38,000 which means a net gain for the past twelve months of approximately 5,000. For this increase we are profoundly grateful to God and to the pastors and leaders of North Carolina Baptists who have supported the paper enthusiastically and have done what they could to get it into the homes of the people.

The paper has also shown good progress financially. It is now self-supporting and has been for the last year or two. However, we would not emphasize this matter too much for, after all, the important thing is to get out a good wholesome, true to the Bible, Christ-centered paper and to get it into the homes of our Baptist people, even if at times it might not be financially self-supporting.

The Recorder has three simple subscription plans: $2.00 a year for individual subscription; $1.50 a year in clubs—a minimum of at least 3 subscriptions is required for every church reporting less than 100 members and 5 subscriptions for every church reporting more than 100 members; $1.20 a year for the budget of Every-Family Plan—one subscription for each resident church family is required. We hope that pastors, superintendents, deacons, Training Union, and W. M. U. leaders will do what they can to encourage a good club in every Baptist church; or better still, to persuade the churches to inaugurate the Every-Family Plan. At the present time there are 245 churches which have the Recorder in every resident family. There are 855 churches which have Recorder clubs.

We hope our Baptist people will remember Dr. L. L. Carpenter, Editor and Business Manager along with his co-workers in prayer and offer any material or suggestions for the good of the paper. One of the great needs of our people is that they be informed, trained, and enlisted in the whole program of the church and the Kingdom of God; and we feel that the Biblical Recorder is of immense value in this great cause. We would follow the injunction of Paul and Timothy: "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

Respectfully submitted,

S. L. Riddle.

34. The report on Christian Education, presented by B. L. Gupton, Rankin, was accepted. Sankey L. Blanton, Wake Forest College, spoke to the report. A motion was made to put on a Visual Aid program for the Association, but the motion was lost.

REPORT ON CHRISTIAN EDUCATION

Christian Education is not an acquired virtue but a direct command from our Lord. In Matthew 28:19 and 20 we read, "Go ye therefore and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you."

Certainly every Baptist is proud of our schools and we should realize the challenge of the present conditions. In our two Senior Colleges and four Junior Colleges we have enrolled more than 4000 students for the present school session, but these colleges were forced to turn away hundreds of other worthy students because of the lack of room and facilities. Someone may say, "This is an abnormal time. The G. I. Bill is responsible for this condition."

True. But we must realize that this very condition is going to enable thousands of prospective fathers and mothers to appreciate the need of higher education, who will in turn wish to send their children to college. Also, in this age of specialized training, when employers demand special trained employees, higher education is a necessity. Therefore, more and more of our young people are going to want to enter college and we must provide for them.

But, let us remember that providing colleges is not all we Baptists should do about Christian Education. The home is the foundation of all Christian Education and unless a boy or girl has instilled in his or her heart a Reverence for God and lofty ideals there is not much the Christian school can do for them, more than any other school. We should do everything to establish family devotions and personal Bible Study in our homes.

Again every church should have a definitely Christian Educational program. Naturally we would expect it to incorporate such things as seeking and training personal workers, finding and developing teachers and leaders, but the writer feels that it should go even further than that, it should reach out into the recreational life of the young people. Such a program will develop such things as honesty and sportsmanship as well as bring into our churches converts and leaders. Under the sponsorship of my Sunday School I organized a baseball team this summer and from that team I have baptized five young men, got one personal worker and one R. A. leader and choir leader.

Lestly, our Association can have, and does have, a big part in the Christian Education program. We appreciate the very fine work being done by our Associational worker, Brother Sasser, also of other persons and organizations. The B. T. U. training course last spring was very successful and we hope they will be repeated, but the writer has a further suggestion to make and attached to this report will be a recommendation to the Association.

In the Army we learned the great value of Visual Education. Our soldiers were not only taught the rudimentary elements of a soldier's work, but it was put on the screen, so that he could see a practical application of what he had learned. As a result of this we were able to put on the field, in a few short months, the best trained men and most efficient army in the history of the world.

If the Association would buy one or two sound projectors and by properly grouping the churches, a training program for each one of our major organizations, Sunday School, B. T. U., and W. M. U., could be put on in every church of the Association during one year.

This would probably cost $1500 to $2000 (using part-time operators), but the returns from such a program would make it one of, if not the best, investment we ever made as a Baptist Association.

Submitted by,

(Rev.) B. L. Gupton.

REPORT ON THE NORTH CAROLINA BAPTIST HOSPITAL

Our Baptist Hospital has had another good year. In recent years its facilities to care for the sick have been greatly increased. However, the truth remains that due to lack of space the hospital cannot minister to all who want to come and who need to be admitted.

At present our hospital does far more free service than any other denominational hospital in the South. In fact it stands among the first in this work in America. Last year this service cost $167,000. This was made possible by our Mother's Day offerings and we are delighted that the Baptist Church of this Association had a worthy part in that great service.

We should ever keep in mind the fact that our Baptist Hospital was established, and is maintained, primarily to give hospital service to those unable to pay. North Carolina Baptists have invested large sums of money in this great institution and, under God, we trust they will invest much more. Therefore, we would urge those responsible for directing her policies to be vigilant in keeping her doors open to needy sufferers.

Our hospital now operates one of the best schools of Nursing in the South. It affords a great opportunity for young women to give their lives in the ministry of healing. It invites the very best from our homes and churches to go there for training.

The Department of Religion is also rendering an effective ministry. This includes among other things visits to patients, Bible and religious instruction for students, and helping to create a Christian atmosphere throughout the hospital.

The outstanding need of the hospital is the construction of the proposed South Wing. This would provide 140 new beds and other needed facilities. The cost would be near a million dollars. The advisability of permitting the hospital to construct this building, and thus incur a large debt, will be considered by the Baptist State Convention at Asheville in November. The messengers from our churches should be considering prayerfully the wisdom, or lack of wisdom, of this proposition.

J. Ben Eller.

36. The report on Social Service, presented by A. B. Conrad, High Point, was accepted. Dr. Conrad spoke to his report.

While Dr. John McGinnis was presiding. Grover H. Jones presented the following resolution which was accepted.

RESOLUTION

Whereas a large group of the citizens of the State of North Carolina have undertaken for the past five sessions of the General Assembly of the State to obtain necessary legislation for a state-wide referendum on the liquor stores of the State, and

Whereas the legislature has declined to pass the necessary legislation to submit this question to the people of the State, and

Whereas it is the feeling of the proponents of such legislation that this is a great moral question upon which all the people of the State should have a right to vote.

NOW, THEREFORE, BE IT RESOLVED BY THE PIEDMONT BAPTIST ASSOCIATION IN MEETING DULY ASSEMBLED ON THIS 24th DAY OF OCTOBER, 1946:

First; That this Association hereby requests the Baptist State Convention of North Carolina in its forth-coming meeting in November, 1946, to adopt a resolution directed to the general assembly of North Carolina memorializing the said General Assembly to enact the necessary legislation to submit the question of liquor stores in North Carolina to a state-wide referendum.

Second; That the Baptist State Convention name a committee of such number as it may determine to present such resolution to the General Assembly.

Third; That three copies of this Resolution be furnished Reverend Casper Warren, President of the Baptist State Convention, for reference by him to such committee of the Convention as he may determine.

REPORT ON SOCIAL SERVICE

The world is in general disorder. There is confusion and tumult in every land.

Former civilizations have risen to great heights, then through the enervating influence of indulgence, corruption, malfeasance, and dishonor have largely destroyed themselves. Such is the story of Babylon, Egypt, Israel, Greece and Rome and the conclusion is inescapable that if America walks in the same path it will reach the same end. God's red light signal warning is set full against us, saying, "All the nations that forget God shall be cast into hell," the hell of anarchy and moral disorder.

Briefly let us consider some of the blights upon our civilization:

The Social Evil. Immorality in all of its forms is gnawing at the vitals of our life and reaching for the heartstrings.

War. The war through which we have just passed, the most terrible in all history, threatened the suicide not only of Europe but of the world. War cheapens human life and lowers the morality of people.

Sabbath Desecration. The great majority of our people hold it is no regard, but God has written the necessity of the Sabbath in the very nature of man. Its sanctity is profaned with baseball, football, golf, questionable movies, feasting, travel and general hilarity.

Juvenile Delinquency. The spirit of the age is self-expression and personal liberty with the result that a large part of youth has thrown off all the bands of moral restraint and plunged into excess and crime. Much of the responsibility must be laid at the doors of the parents of our land.

Bad Literature. Altogether too much of current literature is cheap and degrading in its moral effect upon those who read it.

Growing Disregard for Law. Too many laws are violated openly and wilfully. Our jails are full of offenders of every sort and the crime bill of the nation is staggering.

Corrupt Politics and Venial Politicians. We have at the seat of government a multitude of voices advocating silly panaceas for our national life, seeking class favoritism, multiplying overlapping boards, squandering public funds, and in reality it all amounts to "a babel of confusion and bedlam of stupidities."

Divorce. The home is the very foundation of all well ordered society. Yet we have come to a time when divorce has become a curse not only to the home but to our civilization.

Strikes—both by employee and employer are menacing production, tying up trasportation and producing want and misery as to the needful things of life.

Liquor. The liquor business is a breeder of iniquity, crime, woe, sorrow and despair.

Growing Spirit of Worldliness in the Church. Multitudes in our churches have come down to the level of the world with the result that church has become conventional and has in large measure lost its spirit of militancy in the matter of lifting moral and spiritual standards before the gaze of men.

Respectfully submitted,

Dr. A. B. Conrad.

37. The Orphanage report, presented by G. A. Tucker, was accepted. W. C. Reed, Kinston, spoke to the report.

REPORT ON BAPTIST ORPHANAGE

The Baptist Orphanage of North Carolina opened its doors to the first small member of its vast family on November 11, 1885—nearly 61 years ago. Since that time the Orphanage has, under wise management accumulated assets worth more than a million dollars, and has made life secure and happy for thousands of needy children.

The Convention of 1928 changed the name from THE THOMASVILLE ORPHANAGE to THE HILLS HOME, in honor of its founder John H. Mills. At the Convention in 1934, however the name was changed to THE BAPTIST ORPHANAGE OF NORTH CAROLINA.

The Orphanage operates two homes—The Mills Home at Thomasville, and the Kennedy Home at Kinston. These two with the Mother's Aid Department scattered over the State constitute the system. The Orphanage receives children between the ages of two and twelve. Unlike many other institutions it does not dismiss their children at any given age. Rather, they are allowed to leave only when the Orphanage feels that they are able to face the world on their own.

From practically the founding of the institution, its main support has come from the once a month offering from our Sunday Schools. In more recent years the Thanksgiving offerings have proved helpful means by which the work has been greatly extended.

While we are proud of our Orphanage, and thankful that we are privileged to play a part in its existence, we must stop to realize that there are many worthwhile applicants for worthy consideration. Yet there is no room for them.

No matter how urgent the demands, however, the policy of the Orphanage is not to make special appeals. Special appeals for other causes may come and special appeals may go, but this constant stream of human need must go on day after day, and year after year until the purpose of Christ through His church has been fulfilled.

Growing, healthy children must eat. They need clothing and shelter, physical, educational, and spiritual guidance. This means that we must never cease to give our very best to them. And best means sacrificial giving.

Surely no sight on earth can cause the milk of human kindness to flow more quickly and abundantly, than that of little children in need.

There is no institution in our state today of which the Baptists are more justly proud nor more deeply interested in than our Orphanage.

The care of the orphan child was intrusted to us by Christ

Himself. We cannot shun this Christian responsibility and claim to be practicing "pure religion." When appeals are made to the orphanage authorities they have nowhere to go other than individuals, Sunday Schools and churches.

Respectfully submitted,

G. A. Tucker.

REPORT ON SUNDAY SCHOOLS

Statistics are revealing if they are given careful scrutiny and genuinely studied. A statistical chart of the Sunday Schools is to be found elsewhere in the minutes, and at the individual's leisure ought to be used for serious reflection. For the purpose of this report it will suffice to say that generally the Sunday School attendance is on the increase. The enrollment is up, the average attendance is better, study courses are going strong, many baptisms and new church members have come via the Sunday School, and Vacation Bible Schools have proved to be the best in years.

The figures found in the chart are encouraging, and yet, the full pitcure can never be envisioned without the use of the imagination. Behind the digits, if one has eyes to see, there are children being introduced to Jesus and His way of life; young womanhood is being inspired to live decent lives; young men are being led to dedicate their lives to the Kingdom; the character of men is being transformed and renewed; women are being persuaded to strive for a Christian family and to rear their children in the nurture of the Lord; and all are being led into a saving knowledge of Jesus through the teaching of the Bible.

Statistics can actually block our vision unless with penetrating eyes we can look beyond to see the evils which might have been and yet which have been prevented. Through our Sunday Schools ignorance and Bible illiteracy have been banished; much crime has been prevented; indecency, immorality, and sexual promiscuity have been mitigated; hatreds and prejudices have been squelched; dishonesty, greed, and injustice have been dealt a severe blow; and cynicism has undergone defeat. All this has been accomplished by the simple teaching of the Bible and Jesus and the more complex application of Him to everyday life. With keen eyes those figures become transparent enough so that we may see an enlightened constituency and redeemed attitudes that shall overlook the barriers of race, nation, and class which have kept us enemies for so long.

All of this a Christian with his God-given imagination may see because the Bible, its teachings, its principles, and its spirit is being taught. This is cause for elation. However, let us be fair in analyzing our year's work. Let us be careful that we no not cry "Peace, peace, when there is no peace." Let us not say "a grand Sunday School year" and at the same time close our eyes to our deficiencies. Can we be content with a slight increase in view of the population increase in the United States and in the Piedmont Association Area? Can we be complacent in view of the increased potential brought about by the returned service men? We are happy about our gains and spiritual results, but with renewed consecration let us press forward for a greater year in these critical times.

Respectfully submitted,

Fred L. Bell.

47. Grover H. Jones, presiding. The Relief and Annuity Board—Widows Aid Report, presented by W. W. Woodcock, was accepted.

RELIEF AND ANNUITY BOARD

The Relief and Annuity Board was organized and chartered with headquarters at Dallas, Texas, in 1918. Its total assets at the end of the first year were $100,000 contributed by the Sunday School Board of the Southern Baptist Convention and $4,545.42 received from the churches. On December 31, 1945 the assets of the Board reached the total of $9,449,256.09. By making application to the Baptist State Convention of North Carolina any church worker can be assured of a living income after retirement. The church pays four percent of the worker's salary, which payment goes to the permanent endowment of the Relief and Annuity Board. The worker pays four percent of his salary, which is kept to his individual account until such time as he retires, or becomes disabled, when it becomes a part of the capital assets of the Board. By paying one or one and a half percent of his income, the pastor may assure his widow an annuity, if he should die before reaching the retirement age.

The churches have an obligation to see that pastors do not become public charges when they are too old to work. The pastors have an obligation to themselves and their children to provide for themselves, so that they will not be a burden to the state or the community. Every pastor and church worker is urged to take advantage of the retirement plan offered jointly by the Relief and Annuity Board and the Baptist State Convention of North Carolina.

Wilson Woodcock.

REPORT ON SUNDAY SCHOOL WORK

Studying the Scriptures is essential to the progress of the Kingdom. The Sunday School has set itself to this vital task. It has long since passed the experimental stage and has a record of achievement that inspires to ever widening action.

The Sunday School Board of the Southern Baptist Convention is one of our greatest Kingdom agencies. Their publications and periodicals are worthy of diligent study by the whole Baptist constituency. In a few of our Sunday School publications other than those of Southern Baptists are used instead of our own denominational literature. We have strong convictions that this is not a wise policy and should not be done. There is little likelihood that our own literature can be currently improved upon and there is great probability that the substitution will prove spiritually and otherwise unprofitable.

The Sunday School Board gives strong support to promotional work. We mention two phases of this activity. First, Sunday School Administration. Second, Improved Bible Teaching. The Sunday Schools of our Association have this year, as usual and with increasing force, been benefitted by this service.

In many of our churches now study courses in both administration and in teaching are regularly pursued. The benefits to the Sunday School work in general become more and more apparent.

Nearly all the Sunday Schools took part in the annual program planning promoted by the Sunday School Board and State Sunday School forces the last two years. This year more extensively than last and with larger beneficent results.

In our Association we were very fortunate this year in having the State Better Bible Teaching Clinic held in High Point. Many of our Sunday School officers, teachers and other workers took advantage of the clinic, attended constantly, greatly improved their teaching ability.

Vacation Bible Schools made fine progress in our Association this year. Many more schools than ever heretofore had schools. Six student missionaries who were paid small salaries by the Home Mission Board and by the Association, as well as a number of voluntary workers, made a large spiritual contribution in this organized effort for Bible study.

We recommend that our churches promote their Sunday School work along lines in keeping with our denominational life, and that all the churches give their full co-operation in the program planning project next year.

Respectfully submitted,
W. C. Adkinson.

6. The following report, presented by T. L. Sasser, Associational Missionary, was accepted. Mr. Sasser displayed pictures of the mission work in the association.

ASSOCIATIONAL MISSIONS

Despite the fact that more than half the people who live in the territory of our Association have no church affiliation of record they, in the main, are responsive to the Gospel appeal. This means that we are strategically located in a productive mission field.

No organization of Baptists have the opportunity and the responsibility so definitely as we to teach and to preach with a view to changing this mission field into a missionary force. No denomination of believers in Jesus have the opportunity and responsibility that Baptists of our time have.

We must therefore give ourselves to limitless effort to the work of Associational Missions. The whole Baptist program of world-wide missions in a very true sense is based upon local missions—the locality being the territory of the district association.

The Co-operative Program of Southern Baptists is a comparatively new device designed to support co-operatively and proportionately the whole work of Southern Baptists. The very success of the Co-operative Program demands its modification and its enlargement. Associational missions will become an integral part of it. So far as the growth and the readiness of our Association is concerned the time is ripe for such an adjustment now. This means that associational missions should be a worthy part of every church budget and that the Association have as large budget to support its work as the conscience, conviction and vision of the people will provide. The field is limited only by the will of the local Baptists.

I hereby offer a summary of my personal activities from October 1, 1946 to September 30, 1947:

19. The following report, presented by George Richman, Conrad Memorial, was accepted. Dr. W. K. McGhee, Director of Religious Activities, Baptist Hospital, Winston-Salem, spoke to the report.

REPORT BAPTIST HOSPITAL

Each year our hospital is able to admit approximately 8,000 patients as in-patients, or bed patients. In addition, the present outpatient facilities accommodate about 20,000 who are given complete examinations and are not admitted as bed patients. Also the medical school operates a private clinic for patients able to pay a physician and this clinic examines approximately 20,000 each year. This makes a grand total of 48,000 people who depend each year upon the Baptist Hospital for relief from pain.

Of the 8,000 patients admitted as bed patients, slightly over 4,000 of these are service patients who pay no doctors fee, and who pay reduced hospital expenses. During 1947 many of these service patients paid absolutely nothing toward their hospital bill.

Let me give you a concrete experience of a mother from one of our Baptist Churches. She was hurried to our Baptist Hospital. Local doctors had done their best and said she could not live unless she got other help right away. She had been sick for a year and had just spent six weeks in another hospital. She had been able to have her five-months-old baby with her only two weeks since he was born. Her stay in our Hospital was long and expensive costing over $1,200.00 though she was a service patient and there was no charge for all the work of the doctors. But there she was cared for by highly skilled physicians using the latest drugs and the best known methods of medical care.

Her family is almost without means and is able to meet only a portion of this large bill. The churches of the Association, through our Mother's Day offerings, helped to provide for her hospital care. Because we gave on Mother's Day she was given a chance and recently went back home, and to care for her baby.

What we did for this mother we are doing in larger or smaller measure for thousands of others throughout North Carolina who are sick and have little money. The past twelve months have been the most crowded year our Baptist Hospital has ever known. Its ministry has gone to more people than ever before.

Let us continue to pray that many more will be relieved of physical suffering by the work of our Hospital, but above all that it may be a means to an end to win precious souls to Christ.

Respectfully submitted,
George E. Richman.

20. The following report by J. Carl Bell, read by Fred Bell, Assistant Pastor of College Park Baptist Church, was accepted. W. W. Hill, Liberty Baptist Church, spoke to the report.

REPORT OF TRAINING UNION

The Baptist Training Union of the Piedmont Association closes its year's work with some accomplishments for which it can justly be proud and render thanks to Almighty God.

First among these are that we are again an A-1 Standard Organization. New Unions have been fully organized in ten churches. In most of these assistance was given by an Associational officer. According to our records there are now only fifteen churches in our Association without a Training Union organization. We had at least one study course in most of the churches where there are Training Unions. These resulted in approximately 1,500 awards.

Four mass meetings have been held in addition to the Twenty-Seventh Annual Convention, which was held in Reidsville in April. The afternoon session was utilized in the Associational eliminations in Training Union tournaments. Winners in these tournaments later competed in regional tournaments. At the evening session of the Convention approximately one thousand people attended the banquet, at which time we had the privilege of hearing Dr. I. G. Greer of Mills Home.

During the North Carolina week and the three Southwide weeks, a large number of our people attended Ridgecrest.

We herewith submit some goals which we hope to reach during the coming year:

1. An active Training Union in every church.
2. At least one study course in every church.
3. Every church represented in our mass meetings.

To attain these goals it is essential that we have the prayers and co-operation of ALL our pastors and other church leaders. We seek the attainment of these goals in order that our Training Program may reach not only into every church, but into the heart of every church member, to the end that we may indeed be, "....Workmen that needeth not to be ashamed, rightly dividing the Word of Truth."

Respectfully submitted,

J. Carl Bell.

21. The following report, presented by Floy Cox, Jr., was accepted. W. C. Reed, Kinston Orphanage, spoke to the report.

REPORT OF THE BAPTIST ORPHANAGE

North Carolina Baptists have found it necessary to support orphanages and other child caring agencies by reason of the poverty, poor health, illiteracy and instability in the home as well as an obedience to the teaching of Jesus.

The Baptist Orphanage was founded with the first superintendent, J. H. Mills, in 1885. There are now two branches: Mills Home, Thomasville, Miss Sara E. Elmore, Superintendent; Kennedy Home, Kinston, W. C. Reed, Superintendent. Dr. I. G. Greer serves as General Superintendent.

The purpose of this organization is the care for orphan children, though one of the chief concerns is the wrecked home. There are over one thousand children in the orphanages of North Carolina who have both parents living.

One of the greatest services that the orphanage renders is making it possible for parents and children to help themselves, and trying to preserve and improve homes that are in danger of breaking down. Through case work last year, this service helped to make adjustment for more than four hundred children where applications had been made to enter the orphanage.

A program of boarding home care has begun during these days of high building costs. This enables good homes to be provided for children with orphanage supervision. Sixty children were thus cared for last year.

There were seven hundred children cared for during the year in Mills Home and Kennedy Home, as well as through boarding homes.

One thousand, one hundred, and seven children were rendered serice through case work.

At the time of this report, there was reported 393 children at Mills Home, 145 at Kennedy. Fifty-two in foster homes, and 26 in Mother's Aid. The cost per day for care of the children runs over $675.00.

Charity and Children is published weekly to keep friends of the orphanage informed as to its activities. There is in Thomasville a commercial print shop operated by the boys of Mills Home under the management of the Orphanage.

One asset that means much to the children is the library. Here the children are guided to better reading under the direction of a skilled librarian.

Every Baptist would see the need of a larger Thanksgiving offering should he visit any branch of the orphanage and observe the skill of the staff that is dedicated to making, from the lives they touch, strong, clean, Christian men and women out of boys and girls who would not otherwise have the opportunity.

There would be spiritual enrichment in each church that put forth great effort to make monthly gifts as well as the Thanksgiving offering worthy of the name in which they are given.

Respectfully submitted,
Floy W. Cox, Jr.

28. Rev. J. T. Ellis, McConnell Road Baptist Church, read Matthew 28:16-20, and led the invocation.

29. The following report, presented by F. L. Fraser, Immanuel Baptist Church, was accepted. Dr. E. L. Spivey spoke to the report.

STATE MISSIONS AND THE CO-OPERATIVE PROGRAM

"And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you; and, lo, I am with you always, even unto the end of the world. Amen. (Matt. 28:18-20.)

"Last words" of our loved ones and true friends, are impressive and significant. How much more so, are the pronouncements and commands of our adorable Lord! Jesus nears the end of His earthly ministry. With His flawless mind He sees clearly, the full scope of His Plan of Salvation. Under such conditions our Master speaks forth "The Great Commission." This impressive command is still our mandate.

These words constitute the over-all program for "The Big Task of Making North Carolina Christian." (Biblical Recorder, October 8, 1947).

In this, necessarily brief report, it is utterly impossible to give a detailed picture of 1) Past, impressive victories won. 2) The insistent demands for greater accomplishments, and 3) The appalling need for increased service and investment of Time, Talent and Treasure; in an accelerated program, to save from sin and train for efficient and exalted Christian Service, the greatest number of people in the shortest possible time.

What is the actual challenge? The answer is: 2,000,000 unchurched people in North Carolina.

Of the 1,500,000 church members in our State; 600,000 are members of The Baptist State Convention of North Carolina. This constitutes a probable Baptist constituency of 1,200,000 people. What an impressive challenge!

What is being done by our State Mission Agencies to meet this challenge? In answer, we cannot do better than to quote Editor L. L. Carpenter's summation of the fact, published in Biblical Recorder of October 8, 1947.

Quote:—"Thousands of our Baptist people even among some of the best informed do not realize the bigness and importance of State Missions. Some think it means raising a little money to help weak and struggling churches. Secretary Huggins says, 'The aim of State Missions is through co-operative effort, to let Christ become regnant in North Carolina. The scope of State Missions is to provide a ministry of preaching, teaching and training to those inside and outside our churches, to those of other races, and to the sick and wayward in state institutions'."

"At least ten big and important causes are supported by State Missions. In order that you may see them as a whole, we list them together as follows: 1) The rich and well-rounded work of teaching, preaching and training carried on by our Field Secretaries, E. L. Bradley, E. L. Spivey, J. C. Pipes and Secretary of Evangelism, J. C. Canipe; 2) About forty Associational Missionaries; 3) Nearly 100 Missionary Pastors. (These get only a mere pittance, an average of about $25.00 per month to supplement their salaries on needy fields); 4) Aid in buying lots and re-locating church buildings; 5) Christian Education in the churches. (The work of training and enlistment carried on by our Sunday School, Training Union and Baptist Student Union force); 6) A ministry to other races, helping especially, work among Negroes and Indians; 7) A ministry to the sick at Oteen, sanatorium at Aberdeen, sanatorium at Black Mountain and some work at Samarcand; 8) Pastor's Schools and Conferences (Summer Schools and important Preacher's Schools at Fruitland; 9) Summer Assemblies, such as the one at Fruitland and the one that will be developed next summer near Carolina Beach; 10) Program of Visual Education and Publicity and also expenses in connection with the meeting of the State Convention and the work of the General Secretary and the General Board."

God works through consecrated human and dedicated material agencies. To do the work already outlined, (And greater things than these need to be done); it will take the imposing figure of $370,000.00. However, with 600,000 Redeemed, Praying, Bible-reading, Worshipping, Informed, Tithing and Sacrificing Baptists, within the bounds of our State Convention; $500,000, (Half a Million Dollars), would be easily at the disposal of our King Jesus and His Workers. Some will say: "You cannot expect 100% performance."....Well, 50%, under God, can do the greater work. Frankly, North Carolina Baptists should not be afraid to have $1,000,000 vision and treasury to match.

This report would be incomplete were we not to mention the untiring efforts of our efficient State Secretary, Mr. M. A. Huggins, a brother whose consecration, vision, faith and work are being so signally blessed by God. May his days be many; his powers unabated, and may he continually lead us to newer heights and greater victories is our earnest and sincere prayer.

Thus, the Baptist State Convention of North Carolina, with all the other State Conventions within the boundaries of the Southern Baptist Convention; humbly trusting God for strength and wisdom and "Doing with our might what our hands find to do," and through co-operative effort; will go far to obeying and implementing the Great Commission. God help us, so to do. Amen.

Respectfully submitted,
Forrest L. Fraser.

MINISTERS RETIREMENT PLAN

For 29 years the Relief and Annuity Board has been serving the Southern Baptist Convention. During that time the Board has been invaluable in service rendered to the aged and disabled preachers of our Convention. And now, with the retirement plan of this board, a minister or full-time church worker need not live in fear of the day when he or she will be too old to carry on, for here is a fine plan for security in old age.

Nineteen hundred and forty-six was one of the most prosperous years the board has ever known and 1947 promises to be an even greater year. As of July 1, 1947 the number of certificates issued in all plans was 20,447, 10,859 of these being in the retirement plan. Since the last of 1946 eight other states have qualified for participation in the Widows Supplemental Annuity Plan, bringing the total to 14. Total assets of the Board as of June 30, 1947 were far above eleven millions of dollars. Benefits paid during the first six months of 1947 amounted to more than 574 thousand.

In North Carolina, the retirement plan is doing great service but many ministers have not yet availed themselves of this golden opportunity to be secure in old age. There are now between five and six hundred active members of the plan in the state. Forty-five members and ten widows are now receiving a check each month from the Relief and Annuity Board. There are at present about 250 members of the Widows' Supplement Plan. We note that there are only sixteen Pastors in the Piedmont Association who are members of the retirement plan. We commend this plan to you as the best insurance you can get against want in old age. A great blessing has been placed before us and we hope that more of the ministers and churches of our Association will accept this blessing by entering the Ministers Retirement Plan, and the Widows' Supplement Plan.

Respectfully submitted,
W. T. Adams.

31. Wilson Woodcock stated that the Association has a Missionary who will serve in Japan—Miss Frances Talley, a member of the College Park Baptist Church.

32. The following report, presented by B. L. Gupton, Rankin Baptist Church, was amended and accepted in part. The second part was referred to the Executive Promotion Committee.

33. The following report, presented by Mrs. W. C. Adkinson, President of W. M. U. in the Association, was accepted. Dr. L. Bun Olive, Missionary in China for twenty years, spoke to the report.

MISSIONS AT HOME AND ABROAD

In the beginning of my report, I shall make mention of some of the activities of the Piedmont Associational W. M. U. for the years 1946-1947. We have 60 churches in our Association and out of this 60 we have 45 W. M. S. and 88 Young Peoples organizations.

In January, Mrs. E. T. Howell, former superintendent, led the Association in a Leadership Conference at the First Baptist Church, Greensboro, with eighteen churches represented and seventy-two women registering. The same conference was repeated at Reidsville First Church, with eight churches represented and seventy-three women registering.

In February the Associational Mission Study Chairman planned a very successful Mission Study Institute at Florida Street Church, Greensboro, with sixteen churches represented and seventy-seven women registering.

Mrs. E. T. Howell planned and conducted a very successful Annual Associational meeting at the First Church, Reidsville, with twenty-six churches represented and one hundred forty-four registering. The theme was, "Jesus Calls Us."

Our Community Mission Chairman, Mrs. C. W. Moseley, conducted a worthy project among the colored people of Greensboro, Reidsville, and High Point. There were two trained colored workers employed to give a month in each of the three points, mentioned above, during the summer. They conducted a Daily Vacation Bible School in ecah place. The result was gratifying.

Mrs. James R. Thompson, Associational Young People's Leader, planned and supervised two three-day camps in our Association; one for the R.A.'s and one for the G.A.'s. There were seventy girls and forty boys. There were eight who dedicated their lives for foreign mission service and one boy found Jesus as his Saviour.

The superintendent planned and conducted a two-day W.M.U. Clinic in Greensboro, High Point and Reidsville, using Mrs. John Wacaster, W.M.U. Field Representative for North Carolina, to direct the conferences. In the Greensboro Clinic there were eighteen churches out of the twenty-six represented and one hundred and twenty-five women registering. High Point had nine churches out of the eleven represented with seventy-two women registering. Reidsville had all eight churches represented, with 95 women registering. Thus we had 35 W.M.U. represented with a total of 292 women registering from the 45 W.M.S. Mrs. Wacaster spent two weeks in our association, one in September and one in October. We feel that all of our churches were strengthened by her visit with us.

We are grateful for what has been assomplished the past year, yet, we want to do even greater work for our Master the year ahead.

Now we shall turn our attention to our Home Mission Work. Dr. John R. Mott, an outstanding missionary leader speaking of the impact of Home Missions upon our foreign enterprise, says: "The ultimate triumph of a pure Christianity in non-Christian lands depends absolutely upon Christianizing the impact upon those lands. Only a Christianity strong enough to dominate our social, national, and international life and relationship will finally commend itself to the peoples to whom we go."

Again, Dr. Mott says that, "The United States of America is the largest, most difficult, and most important missionary problem in the world." Therefore in light of this information and from what we already know about the vast needs of the home base for Foreign Missions, Southern Baptists already have a substantial army of God-called men and women in the field, serving throughout the Home Mission Territory.

The task of the Home Mission Board of the Southern Baptist Convention is to evangelize the homeland and mobilize the evangelized for world conquest for Christ.

We need for this task an annual budget of two and one-half or three million dollars.

The field we have to cover stretches from the Atlantic seaboard to the Golden Gate of the Pacific in the homeland, the Canal Zone, Panama and Costa Rica, and the four western provinces of Cuba.

In this vast field there are approximately 66,000,000 people, of whom 36,000,000 are wholly un-churched. In the homeland alone there are 26,000,000 people un-churched—people who do not have a chance to hear the gospel of Christ.

The different groups with which our board is working are the Spanish-speaking people of Cuba, Mexico, and Central America; also groups in the Southwestern section of our country, near the Mexican border. We have missionaries among the French-speaking people of Louisiana, and among the Italian and Chinese in some of our larger cities. Besides the missionaries among the language groups, we have missionaries among the Indians and in the desolated rural sections of the Southland. We sponsor Rescue Missions and Good Will Centers in the larger cities. We have work with the deaf and sponsor Vacation Bible Schools in isolated sections, and in mission centers.

During the past year, Southern Baptists have maintained 920 active missionaries at the home base. Two hundred and three of these were College and Seminary students, who helped during the summer. The Home Mission Board reports during the past year, 27,474 conversions with 131 new churches organized, and 361 new Mission centers opened. Thus, we see the value of the efforts put forth by the Home Mission Board. The total contributions by Southern Baptists for the Home Mission Board amounted to $1,484,682.90 for the past year. If Southern Baptists would only respond by giving the tithe, no doubt we could soon double our income for Home Missions and thus hasten the task of evangelizing the Southland.

Let us now view the work of our Foreign Mission Board. All Southern Baptists have been anxious to learn how our work in the Foreign countries withstood the impact of the most devastating war in all history. Slowly, our missionaries are returning to their posts, vacated as a result of the war. According to all reports, our missionaries are encouraged to find great living examples of Christ, still carrying on in the Master's name. True, many of the church buildings and compounds have been destroyed, and most all bear the marks of war and destruction, but the thing that counts most is not houses made of brick and mortar, but, the Spirit of the Living Christ who dwells in the hearts of the native Christians in these mission fields.

During this year alone, approximately 100 new missionaries have been appointed or approved by the Foreign Mission Board to resume the work where it was interrupted by the war. Many of the older missionaries have reached the age of retirement and cannot return. Many others have been broken in health by the extreme hardships which many had to endure while in concentration camps during the war, thus preventing their return.

It is encouraging to note that many of our young people are volunteering for definite mission service. We realize that it will take time for these young people to prepare themselves for this all-important task of being a missionary. Yet, we want to have the means to send them when they are ready to go.

The W.M.U. is taking the lead in informing our people of the needs of both the home and foreign mission fields. They are also using every effort to help supply the needs with their prayers, means, and sons and daughters. The Lottie Moon Christmas Offering, for last December, amounted to $1,381,000 according to the last reports.

From all reports, Southern Baptists have already increased their gifts for Foreign Missions this year by 11% over last year. The needs of the Foreign Mission Board are very great. Last year, a special offering of almost four million dollars was given for World Relief and Rehabilitation, which gave relief to hungry people who would have starved had it not been given. Also a portion was used to help restore church property and mission stations, damaged by the war.

Our present need in missionary personnel is to add 150 new missionaries during th next year, to bring our number up to 800. Another great need is to enlist new tithers that we may increase our missionary giving. Our Foreign Mission Board now reaches out to eighteen different countries and areas of the world. Our task, for us who remain at home, is to equip and supply these soldiers of the cross with every material and spiritual aid necessary for doing their task. Our total gifts for Foreign Missions last year, including the special offering for Relief and Rehabilitation, amounted to $7,065,133.29. Our goal as Southern Baptists is $10,000,000 for Foreign Missions. If our people would bring all of their tithes into the churches, the great task could be done.

Respectfully submitted,

Mrs. W. C. Adkinson, Supt.
Woman's Missionary Union,
Piedmont Association.

37. The following report, presented by J. Ben Eller, Asheboro Street Church, was accepted. Dr. Marc Lovelace, Professor in School of Religion at Wake Forest College, spoke to the report.

CHRISTIAN EDUCATION

We have New Testament authority for Christian Education. Jesus was the greatest of all teachers. He was called Teacher more often than preacher. The command to make disciples and baptize is no more binding than the command to teach.

There are three recognized ways of carrying out this part of the Great commission. The first is through the home. There is no adequate substitute for a Christian home. However, the home is measurably failing to do its part in Christian teaching. A second way we attempt to obey the command to teach is through the Sunday School, Training Unions, and W.M.U. organizations in our churches. But we must admit that many of our churches are playing at this task in this approach.

The third avenue through which we carry on Christian Education is through our Christian Colleges and Theological Seminaries. It is to this phase of the work that we address our thoughts at this time.

Our Southern Baptists today own and support three Theological Seminaries and one Training School. These are overcrowded with students. There is a growing need and demand for a fourth Seminary. A southwide committee is studying the advisability of such an institution and will report to the Southern Baptist Convention in May.

In North Carolina our Baptist State Convention owns and operates two senior colleges, Wake Forest and Meredith, and three junior colleges, Mars Hill, Campbell, and Gardner-Webb. Wingate Junior College is also a Baptist school. It is owned by Baptist Associations and partially supported by our State Convention. We also own Chowan College in eastern North Carolina which has been closed several years because of lack of students and money. All of our active schools are overflowing with students and many young people are being turned from their doors because there is no more room. Each school is endeavoring to raise money to meet these urgent needs. Just now the greatest Statewide emphasis is the campaign to raise enough money to move Wake Forest to Winston-Salem.

Two things should be said about our relationship to these schools. First we should keep them CHRISTIAN as well as standard schools. It is the privilege and responsibility of teachers and trustees to see to it that these schools are Christian. Otherwise they have no just claim to the support of our churches. In the second place it is our privilege and our responsibility, if these schools are Christian, to support them with our money, our prayers, and by sending to them our sons and daughters.

Respectfully submitted,
J. Ben Eller.

38. The following report, presented by J. H. Scalf, Fairmont Park, was accepted. Woodrow Bullard, Superintendent of Associational Missions of the State Convention, spoke to the report.

REPORT ON BAPTIST LITERATURE

Wherever the Bible is intelligently studied, there must be a definite and comprehensive plan—a guide for the work. This is true whether the study occurs in a Christian college, theological seminary, or in an individual church or Sunday school—whether the study is taken by individuals or by groups.

The Bible is a gigantic storehouse of all kinds of riches. Within its vastness there is the solvent for every problem, the balm for every wound, and the answer to every need the world has ever known. This great truth is the very reason why there must be a plan for its study. This is the value of Southern Baptist Literature. It carries a well-conceived, definite, comprehensive, and continuous plan for the study of the Bible.

We believe that the world today needs the Baptist message as much as it ever did. It is a message that is clearly and definitely based upon the New Testament. While the forces of darkness and error are doing all within their power to sow the field with tares we should double our efforts to see to it that every man, woman, boy and girl, within our reach shall receive the pure and unadulterated message of the Word of God.

No more doctrinely sound literature can be found anywhere than that written for our use by the spiritual leaders in our denomination. The needs of no one have been neglected, from the cradle roll to the oldest pupils in our Sunday schools. Study books on doctrine, missions, organization, and a host of other valuable subjects, have been prepared to add to the life of every group within our organization.

The Biblical Recorder, our state paper, is filled with information of every description that is invaluable to the pastor, teacher, and to all who read it. This great periodical is likened to a strong cord that ties the bundle together. It is through the information derived from this source that we learn we are a part of a great denomination.

John H. Scalf.
